Program Description

Overview

OJP is committed to advancing work that promotes civil rights and racial equity, increases access to justice, supports crime victims and individuals impacted by the justice system, strengthens community safety and protects the public from crime and evolving threats, and builds trust between law enforcement and the community.

With this solicitation, BJA seeks to provide financial and technical assistance to states, state courts, local courts, units of local government, and federally recognized Indian tribal governments to plan, implement, and enhance the operations of adult treatment courts. Adult treatment courts effectively integrate evidence-based substance use disorder treatment, mandatory drug testing, incentives and sanctions, and transitional services in judicially supervised criminal court settings that have jurisdiction over persons with substance use disorder treatment needs in order to reduce recidivism, increase access to treatment and recovery support, and prevent overdose. Samples of previous, successful applicants can be found at <https://ndcrc.org/grant-writing-resources/>.

Statutory Authority: Public Law No. 90-351, Title I, Part EE (codified at 34 U.S.C. 10611 - 10619); Department of Justice Appropriations Act, 2023 (Public Law No. 117-328).

Specific Information

The purpose of the Adult Treatment Court (ATC) Discretionary Grant Program is to reduce the misuse of opioids, stimulants, and other substances by people involved in the criminal justice system. Recognizing the significant increase in overdose deaths and their public health impact, BJA also encourages applicants to focus on preventing overdose and overdose deaths. In the proposal narrative, the applicant is **required** to describe a plan to provide access to medication-assisted treatment (MAT) in serving individuals with substance use disorders.

An ATC is an evidence-based model based on key components and best practices. Applications will be assessed in part on how well they comply with the model and other application requirements, as outlined in this section.

Recent data highlighted in the [Painting the Current Picture: A National Report on the Treatment Courts in the United States Highlights and Insights](#) publication demonstrate a need to address equity and inclusion in treatment courts. In the proposal narrative, BJA **requires** the applicant to describe a plan to collect and examine access and retention data to identify and eliminate disparities that exist for race, color, religion, national origin, sexual orientation, gender, gender identity, or disability in admission protocols or elsewhere in the ATC program. The plan may include use of the National Association of Drug Court Professionals (NADCP) Equity and Inclusion Assessment Toolkit (<https://www.ndci.org/wp-content/uploads/2019/02/Equity-and-Inclusion-Toolkit.pdf>) or incorporate the American University Racial and Ethnic Disparities (RED) Program Assessment Tool ([RED Program Assessment Tool \(redtool.org\)](#)).

Note: The applicant must demonstrate that eligible participants promptly enter the treatment court program following a determination of their eligibility. BJA will not award an applicant whose treatment court requires an initial period of incarceration unless the period of incarceration is

mandated by statute for the offense in question. In such instances, the applicant must demonstrate that the person receives evidence-based withdrawal and treatment services, if available, while incarcerated and will begin treatment services immediately upon release consistent with guidance reflected in the BJA and National Institute of Corrections (NICs) forthcoming Guidelines for Managing Substance Withdrawal in Jail.

Eligible Adult Treatment Court Types

Adult drug courts (ADCs), driving while intoxicated (DWI)/driving under the influence (DUI) courts, co-occurring courts (participants diagnosed with both substance use and mental health disorders), and tribal healing to wellness courts (THWCs) are eligible. Applicants should refer to their relevant local statutes for definitions of the legal age of an “adult.” In addition, where relevant, the proposed program design must function in accordance with the requirements of the court model’s key components as discussed below.

The Key Components

BJA provides applicants the flexibility to identify the most appropriate court type on which to base their treatment court in order to accommodate the needs and available resources of their jurisdiction, so long as the chosen type conforms to NADCP’s 10 key components for drug courts. These components are described in the BJA and NADCP publication, *Defining Drug Courts: The Key Components*, available at: <https://www.ojp.gov/pdffiles1/bja/205621.pdf>.

THWCs are described at: <https://www.ncjrs.gov/pdffiles1/bja/188154.pdf>

DWI courts are described at: https://www.dwicourts.org/wp-content/uploads/Guiding_Principles_of_DWI_Court_0.pdf

Best Practice Standards

NADCP has identified 10 best practice standards for ATCs, which represent the most current evidence-based principles and practices. BJA strongly encourages applicants—particularly those proposing to enhance existing treatment courts—to design their proposed programs with the intention of moving toward fully incorporating them. For more information on NADCP’s 10 Best Practice Standards, volumes I and II, visit: <https://www.ndci.org/standards>. These standards represent a cumulative body of the most current evidence-based practices available to treatment courts.

Medication-assisted treatment

The use of FDA-approved medications to treat substance use disorders, in combination with counseling and behavioral therapies, is an effective, evidence-based treatment for substance use disorders (SUDs), including opioid use disorder. When ATC participants are diagnosed with an SUD, BJA **requires** grantees, where possible, to make all forms of FDA-approved medications to treat substance use disorder available to the participants under the care and prescription of a physician. BJA will offer technical assistance to grantees to build or expand their capacity to provide access to medication-assisted treatment (MAT). For more information regarding BJA’s provisions on MAT, visit:

<https://bja.ojp.gov/sites/g/files/xyckuh186/files/media/document/ad-c-faq-medication-assisted-treatment.pdf>.

Note:

Initially declared a public health emergency in October 2017, the opioid crisis remains a significant public health emergency. This crisis continues to take a devastating toll on the lives of individuals, families, and communities across the nation. In recent years, the increase in synthetic opioids in the nation's drug supply has only served to exacerbate and expand the reach of this devastation with over 100,000 drug overdose deaths in 2021, an increase of almost 15 percent from the prior year. Centers for Disease Control and Prevention data also show that overdose deaths disproportionately impact Black and American Indian/Alaska Native people.

To combat the morbidity and mortality of overdose and the chronic disease of opioid use disorder (OUD), it is critical that individuals with OUD have access to evidence-based, FDA-approved treatments. The Biden–Harris Administration has made addressing the overdose epidemic a priority, including increasing access to evidence-based treatment—namely, medications for opioid use disorder (MOUD) —across all settings.

In April 2022, the Department of Justice's Civil Rights Division published [guidance](#) further clarifying protections under the Americans with Disabilities Act (ADA) for individuals with OUD, including potential violations of the ADA by facilities or programs that do not allow individuals to be able to continue taking doctor-prescribed MOUD. Recent agreements with [state and county correctional facilities](#) resolved [allegations](#) that the entities' refusal to permit the use of and provide MOUD violates the ADA. Similarly, a DOJ [findings report](#) regarding suicides and failure to provide MOUD in a county jail also helps to illustrate specific instances that were considered to violate the 8th and 14th Amendment rights of institutionalized persons. Both the guidance and enforcement matters reflect the federal government's position that a correctional facility's refusal to permit incarcerated individuals to continue or initiate treatment for opioid use disorders when clinically needed may violate the ADA, the Constitution, or both.

This information is intended to educate and inform you and your partners in considering your application to this solicitation; ways that this and other funding opportunities could help to further enhance your capacity to identify, screen, and assess individuals that may have substance use disorder treatment and recovery support needs; and your work generally in support of the treatment and long-term recovery of individuals with substance use disorder.

Note: Applicants are strongly encouraged to use BJA funds to provide overdose education, make take-home naloxone available to treatment court participants, and provide access to other harm-reduction strategies consistent with the ATC model.

Controlled Substance Act

Award recipients are prohibited from using federal funds to support programs or activities that violate the Controlled Substances Act, 21 U.S.C. § 801, et seq, regardless of local or state practices or laws. Programs or activities funded under a BJA ATC award must ensure that participants are tested periodically for the use of controlled substances, including medical marijuana. See: [34 U.S.C. § 10611, et seq.](#)

Violent Offender Prohibition

Under the Adult Drug Court Discretionary Grant Program authorization, BJA funds may not be used to serve persons who are "violent offenders." See: [34 U.S.C. § 10613](#). This prohibition

applies to programs or activities funded by the BJA award, including match funds contributed by the grantees. A violent offender is a person who is **presently charged** with or **previously convicted** of an offense that is punishable by a term of imprisonment **exceeding 1 year** and which involves:

Carrying, possessing, or using a firearm or dangerous weapon

The death of or serious bodily injury to any person

Use of force against the person of another

Note: Not included in the violent offender definition is a person whose **charges are dropped or reduced** to a nonviolent offense or charge, a conviction punishable by **less than 1 year in incarceration**, and/or a prior felony arrest even if the offense involved the threat or use of force or illegal use, possession, or carrying of a firearm or dangerous weapon.

Note: **Grantees may use, and are encouraged to use, other funds for their treatment court programs and serve these participants using those other funds.** Grantees must be able to track these expenditures to ensure the separation of funds. Documentation must be maintained to show to an auditor if necessary.

National Drug Court Resource Center (NDCRC)

NDCRC is a BJA-funded resource for the treatment court field that serves as a clearinghouse for treatment court training, technical assistance, publications, funding resources, and other practitioner-specific resources. Applicants are encouraged to visit: <https://ndcrc.org/solicitations/> for useful information regarding this solicitation.

The FY 2023 ATC Discretionary Grant Program solicitation offers the following three grant categories:

CATEGORY 1 PLANNING AND IMPLEMENTATION: Competition ID: C-BJA-2023-00008-PROD

Planning and Implementation grants are available to eligible jurisdictions ready to commit to a 6-month planning phase followed by an implementation phase for an evidence-based adult treatment court. The ATC must have core capacity to provide critical treatment services, case management and coordination, judicial supervision, sanctions and incentive services, and other key services such as transitional housing, relapse prevention, employment, and peer recovery support to reduce recidivism.

Note: The 6-month planning phase requires grantees to participate in the BJA-sponsored, free foundational training for adult drug courts, if they did not receive it in the past 12 months. This foundational training provides court teams with the skills necessary to build a program that integrates court and treatment functions and adheres to best practice standards. See: <https://www.ndci.org/resource/training/foundational-training/> for details.

CATEGORY 2 ENHANCEMENT: Competition ID: C-BJA-2023-00009-PROD

Enhancement grants are available to eligible jurisdictions with an operational adult treatment court. Funding may be used to assist a jurisdiction to scale up its existing court program's capacity; provide access to or enhance treatment capacity or other critical support services; enhance court operations; expand or enhance court services; build or enhance collection and

use of key drug operation and outcome data; or improve the quality and/or intensity of services based on needs assessments.

Note: It is recommended that an eligible entity (i.e., unit of local government or county) applying to Category 1 or Category 2 on behalf of an adult treatment court attach a fiscal agent memorandum of understanding (MOU). See Additional Application Components in the Proposal Narrative discussion.

CATEGORY 3 STATEWIDE: Competition ID: C-BJA-2023-00010-PROD

State applicants may apply for funding to improve, enhance, or expand adult treatment court services statewide. Statewide activities may include:

Scaling up an ATC program's capacity.

Helping a local/rural jurisdiction to launch a new ATC as a grant subrecipient.

Expanding treatment and services.

Conducting an audit of the practice and the technical assistance for adherence to the key components and best practices.

Data collection and analysis to assess the practice and track recidivism and participant outcomes.

Delivering training and technical assistance (TTA).

Supporting a treatment court alumni network and/or peer recovery programs to serve treatment court participants.

Supporting the staff needed to expand services statewide.

Note: For applicants seeking to launch a new adult treatment court and/or scale up an existing one, this program includes a subaward component, whereby the subrecipient is required to comply with all federal subaward requirements as described in [31 U.S.C. § 7502](#) and in [Title 2 C.F.R. § 200](#) (including, but not limited to, the sections on "Subrecipient Monitoring and Management" contained in Subpart D and audit requirements applicable to subrecipients contained in Subpart F) and the OJP Financial Guide.

Note: Applicants may request funds to support a veterans treatment court (VTC) docket and veteran-related services in all three categories of this ATC solicitation; however, funding to specifically plan, implement, and enhance a VTC is available under the BJA Veterans Treatment Court Discretionary Grant program. For more information, please visit: [Veterans Treatment Court Grant Program | Overview | Bureau of Justice Assistance \(ojp.gov\)](#).

Goals, Objectives, Deliverables

Goals

To provide adult treatment courts and professionals in the criminal justice system with the resources needed to plan, implement, enhance, and sustain evidence-based treatment court programs for individuals with nonviolent charges and convictions as specified above with substance use disorders who are involved in the criminal justice system.

To accomplish this goal, BJA recognizes that sites may need assistance to evaluate their needs, identify the target population, ensure equity and inclusion in programming, track program implementation, and to map critical resources in the community. To that end, BJA encourages the exploration of partnerships with research experts to facilitate these evaluation and assessment activities.

Objectives

An applicant should address all the objectives listed below in the Goals, Objectives, Deliverables, and Timeline web-based form.

Ensure treatment court practitioners have the tools to effectively provide judicial and community supervision, mandatory and random drug testing, substance use and mental health disorder treatment, and appropriate incentives and sanctions.

Utilize evidence-based practices and principles that incorporate NADCP's 10 Best Practice Standards and other relevant research.

Build and maximize capacity to ensure all potential participants are identified and assessed for risk and need using a validated risk and clinical assessment tool to determine their eligibility.

Ensure that all individuals eligible for the treatment court program have equivalent access as measured by the collection and examination of program data.

Enhance the provision of recovery support services, including transitional recovery housing assistance and peer and family support, to support ongoing recovery.

Ensure treatment court participants have access to all types of FDA-approved medications to treatment substance use disorders, and include training on overdose prevention.

Enhance collaboration between states and local and/or tribal jurisdictions to support the operations and enhancements of adult treatment court activities.

Deliverables

Category 1: Document that the grantee has planned and implemented a new ATC program that adheres to the requirements of this solicitation, including NADCP's 10 Best Practice Standards and consistent with NADCP's 10 key components for drug courts.

Category 2: Document that the grantee has enhanced and/or expanded the operations of the ATC, consistent with the requirements of this solicitation, including NADCP's 10 Best Practice Standards and 10 key components for drug courts.

Category 3: Document that the grantee has enhanced and/or expanded the state's capacity to coordinate activities and increase services that support the needs of ATCs in the state, consistent with the requirements of this solicitation, including NADCP's 10 Best Practice Standards and 10 key components for drug courts.

The goals, objectives, and deliverables are directly related to the performance measures that show the completed work's results, as discussed in the "Application and Submission Information" section.

Often applicants want to know if their proposals meet the ATC Discretionary Grant Program's goals, objectives, and deliverables. Please note that BJA is open to a wide variety of approaches, so there is no one answer, and BJA supports innovative endeavors that eventually can stand on their own after federal assistance ends.

Evidence-Based Programs or Practices

OJP strongly encourages the use of data and evidence in policymaking and program development for criminal justice, juvenile justice, and crime victim services. For additional information and resources on evidence-based programs or practices, see the [OJP Grant Application Resource Guide](#).

Information Regarding Potential Evaluation of Programs and Activities

OJP may conduct or support an evaluation of the projects and activities funded under this solicitation. For additional information and applicable documentation to be included in the application, see the [OJP Grant Application Resource Guide](#) section entitled "Information Regarding Potential Evaluation of Programs and Activities."

Priority Areas

The Department of Justice is committed to advancing work that promotes civil rights and racial equity, increases access to justice, supports crime victims and individuals impacted by the justice system, strengthens community safety and protects the public from crime and evolving threats, and builds trust between law enforcement and the community.

1. Priority Considerations Supporting Executive Order 13985, *Advancing Racial Equity and Support for Underserved Communities Through the Federal Government*

In support of this [Executive Order](#), OJP will provide priority consideration when making award decisions to the following:

A. Applications that propose project(s) that are designed to promote racial equity and the removal of barriers to access and opportunity for communities that have been historically underserved, marginalized, and adversely affected by inequality.

To receive this consideration, the applicant must describe how the proposed project(s) will address potential racial inequities and contribute to greater access to services and opportunities for communities that have been historically underserved, marginalized, and adversely affected by inequality, and identify how the project design and implementation will specifically incorporate the input or participation of those communities and populations disproportionately impacted by crime, violence, and the criminal justice system overall. Examples addressing this requirement include, but are not limited to, the following: budgeted project planning and/or implementation meetings with community stakeholders representing historically underserved and marginalized communities; outreach and/or public awareness campaigns specifically tailored to historically underserved and marginalized communities to encourage participation in the proposed project(s); budgeted incorporation of members representing historically underserved and marginalized communities in program evaluation, surveys, or other means of project feedback; and partnership with organizations that primarily serve communities that have been historically underserved, marginalized, and adversely affected by inequality.

B. Applicants that demonstrate that their capabilities and competencies for implementing their proposed project(s) are enhanced because they (or at least one proposed subrecipient that will receive **at least 40%** of the requested award funding, as demonstrated in the Budget Web-Based Form) identify as a *culturally specific organization*.

To receive this additional priority consideration, applicants must describe how being a culturally specific organization (or funding the culturally specific subrecipient organization(s)) will enhance their ability to implement the proposed project(s) and should also specify which populations are intended or expected to be served or to have their needs addressed under the proposed project(s).

Culturally specific organizations are defined for the purposes of this solicitation as private nonprofit or tribal organizations whose primary purpose as a whole is to provide culturally specific services to racial and ethnic groups, including, among others, Black people, Hispanic and Latino people, Native American and other Indigenous peoples of North America (including Alaska Native, Eskimo, and Aleut), Asian Americans, Native Hawaiians, and/or Pacific Islanders.

Note: Addressing these priority areas is one of many factors that OJP considers in making funding decisions. Receiving priority consideration for one or more priority areas does not guarantee an award.

Availability of Funds

This solicitation, and awards under this solicitation, are subject to the availability of appropriated funds and to any modifications or additional requirements that may be imposed by the agency or by law. In addition, nothing in this solicitation is intended to, and does not, create any right or benefit, substantive or procedural, enforceable at law or in equity by any party against the United States, its departments, agencies, or entities, its officers, employees, or agents, or any other person.

Type of Award

BJA expects to make awards under this solicitation as grants. Financial Management and System Controls

Award recipients and subrecipients (including recipients or subrecipients that are pass-through entities) must, as described in the Part 200 Uniform Requirements as set out at 2 C.F.R. 200.303, comply with standards for financial and program management. See the [OJP Grant Application Resource Guide](#) for additional information.

Budget Information

The budget must explicitly describe how the proposed budget items directly apply to the program design and how they will assist the applicant in meeting the program objectives.

In addition to unallowable costs identified in the [DOJ Grants Financial Guide](#), award funds may not be used for the following:

- Prizes, rewards, entertainment, trinkets, or any other monetary incentives
- Client stipends
- Gift cards
- Vehicle purchases
- Food and beverages

Applicants should estimate the costs of travel and accommodations for up to three (Categories 1 and 2) or eight (Category 3) team members to attend up to two conferences and/or trainings each year. The applicant may select and include in the application the trainings and/or conferences, although BJA will approve their selections after the award is made. Note that BJA can also make recommendations on relevant training events and conferences. All expenses must be reasonable, allowable, and necessary to the project. The estimates must provide a breakdown of all costs and adhere to the federal per diem. For federal per diem rates, see: <https://www.gsa.gov/travel/plan-book/per-diem-rates>.

The applicant should identify within their budget which items, services, etc., will/would be covered by matching sources and explain what type of match will be provided. See below for details.

The use of BJA grant funds for unmanned aircraft systems (UAS), including unmanned aircraft vehicles (UAV) and/or any accompanying accessories to support UAS or UAV devices/systems, is unallowable.

Cost Sharing or Matching Requirement

This solicitation requires a 25 percent **cash or in-kind match based on the total project's cost**. Federal funds awarded under this solicitation may not cover more than 75 percent of the total costs of the project being funded. An applicant must identify the source of the 25 percent non-federal portion of the total project costs and how they will use match funds. If an award recipient's proposed match *exceeds* the required match amount, and OJP approves the budget, the total match amount in the approved budget becomes mandatory and subject to audit. ("Match" funds may be used only for purposes that would be allowable for the federal funds.) Recipients must satisfy this match requirement with cash or in-kind match.

How to Calculate Match

How to Calculate Match					
Step 1	Federal Request Amount	÷	% of Federal Share	=	Total Project Cost
Step 2	Total Project Cost	-	Federal Request Amount	=	Minimum Required Match
Match Requirement – 75/25 (Federal Request/Non-Federal Share) Federal Request Amount = \$850,000					
Step 1	\$850,000	÷	75% Federal Share	=	\$1,133,334 (rounded up)
Step 2	\$1,113,334	-	\$850,000	=	\$283,334 (total minimum match required)

See the [OJP Grant Application Resource Guide](#) for additional information on this match requirement. For step-by-step instructions for entering match amounts in the budget, see the [Budget Summary Match Guide](#).

Pre-agreement Costs (also known as Pre-award Costs)

See the [OJP Grant Application Resource Guide](#) for information on pre-agreement costs (also known as pre-award costs).

Limitation on Use of Award Funds for Employee Compensation; Waiver

See the [OJP Grant Application Resource Guide](#) for information on the Limitation on Use of Award Funds for Employee Compensation; Waiver.

Prior Approval, Planning, and Reporting of Conference/Meeting/Training Costs

See the [OJP Grant Application Resource Guide](#) for information on Prior Approval, Planning, and Reporting of Conference/Meeting/Training Costs.

Costs Associated with Language Assistance (if applicable)

See the [OJP Grant Application Resource Guide](#) for information on Costs Associated with Language Assistance.

Costs Associated with Recovery Support Services (if applicable)

Applicants are encouraged to provide recovery support services, which include transitional or recovery housing and peer recovery support services to encourage and support enrollment of new participants and to support the stabilization of active participants in their treatment court programs. Applicants may use up to 40 percent of the total budget for these services and are encouraged to consider strategies to ensure access to FDA-approved MAT, consistent housing, and peer and family support to include childcare. For more information on recovery support

services, visit: [https://ndcrc.org/wp-content/uploads/2022/01/Examples and Definitions of Recovery Support Services.pdf](https://ndcrc.org/wp-content/uploads/2022/01/Examples_and_Definitions_of_Recovery_Support_Services.pdf).

For guidance on recovery housing, please see the [U.S. Department of Housing and Urban Development's Policy Brief](#). Per the Substance Abuse and Mental Health Services Administration, transitional housing typically involves a temporary residence for up to 24 months with wraparound services to help people stabilize their lives.

Transportation services may also be included in the budget. These services may be provided to individuals who are engaged with the courts and have community corrections appointments or treatment- and/or recovery support-related appointments and activities or require other necessary services to support their treatment and recovery but have no means of obtaining transportation to them. Forms of transportation services may include public transportation, ride services, or a licensed and insured driver who is affiliated with an eligible program provider. If such costs are included, the applicant must certify that they are nonredeemable, nontransferable, and that their use by participants is auditable. The applicant must have written policies for determining eligibility, tracking distribution, and ensuring that passes are only used for transportation related to the program's activities.

b. Project Design and Implementation

For this section, the applicant should address the following items and then address the specific category requirements below.

If the applicant is seeking priority consideration for Priority 1(A), it should address in this section how the proposed project(s) will promote racial equity and the removal of barriers to access and opportunity for communities that have been historically underserved, marginalized, and adversely affected by inequality, and identify how the project design and implementation will specifically incorporate the input or participation of these communities.

Demonstrate that the treatment court programs for which funds are being sought will not deny any eligible participant access to the program because of their use of FDA-approved medications for the treatment of a substance use disorder as discussed under "Medication-assisted treatment."

Describe the plan to provide treatment and services to address substance use disorders and co-occurring SUD and mental health disorder needs. This should include how participant treatment will be funded and the range of treatment modalities that will be provided.

Describe how the treatment provider(s) will be selected and address how the treatment court will monitor the provider(s). This monitoring should ensure the treatment is effective.

Describe the evidence base for the substance use and other treatment intervention(s) to be used and how responsive they are to the needs of the target population.

Describe which, if any, evidence-based principles and practices included in NADCP's 10 Best Practice Standards will be implemented as discussed under "Best Practices Standards."

Describe how the treatment court will identify, assess, and prioritize participation and services for high risk/high needs persons. Identify the validated assessment tool that will be used and provide information on why it was selected.

Discuss the applicant's commitment to admit and provide evidence-based interventions to participants with opioid, stimulant, and other substance use disorders, including strategies for early assessment and entry into treatment to prevent overdose. The applicant must also explain that people receive treatment services while incarcerated, if available, and will begin treatment services immediately upon release.

Describe a plan that demonstrates how all individuals eligible for the treatment court program will have equivalent access to the program. This should include protocols for collecting and examining access and retention data.

The ATC Discretionary Grant Program's authorizing statute requires participants to pay for treatment and restitution; however, it does not allow imposing a fee on a participant that would interfere with their rehabilitation. In the application, indicate how participants will be notified of the fee and include provisions for determining how these costs would not interfere with their rehabilitation or graduation.

Provide a community reintegration or continued care strategy detailing services to assist program graduates as they reintegrate into the community. The applicant should emphasize client access to drug-free or transitional housing, including recovery housing. If applicable, the applicant is encouraged to consider and describe how their state's planned Medicaid expansion, waivers, and other amendments as allowed under the Patient Protection and Affordable Care Act, will increase future program capacity or sustainability.

Provide a sustainability plan detailing how the adult treatment court operations will be maintained after federal assistance ends. The sustainability plan should describe how current collaborations and evaluations will be used to leverage ongoing resources. BJA encourages the applicant to ensure sustainability by coordinating with local, state, and other federal resources such as the [Edward Byrne Memorial Justice Assistance Grant \(JAG\) Program](#) which has purpose areas to support court services and substance use disorder treatment.

Discuss how activities anticipated for the [Byrne State Crisis Intervention](#) program will be coordinated with the proposed activities in this application.

How to Apply, Submission Date and Time and Add Sections

How to Apply

Registration: Before submitting an application, all applicants must register with the System for Award Management (SAM). You must renew and validate your registration every 12 months. If you do not renew your SAM registration, it will expire. An expired registration can delay or prevent application submission in Grants.gov and JustGrants. Registration and renewal can take up to 10 business days to complete.

Submission: Applications must be submitted to DOJ electronically through a two-step process via Grants.gov and JustGrants.

Step 1: After registering with SAM, the applicant must submit the **SF-424** and **SF-LLL** in Grants.gov at <https://www.grants.gov/web/grants/register.html> by the Grants.gov deadline. **Submit the SF-424 and SF-LLL as early as possible, but no later than 48 hours before the Grants.gov deadline.** If an applicant fails to submit in Grants.gov, they will be unable to apply in JustGrants.

Step 2: The applicant must then submit the **full application**, including attachments, in JustGrants at [JustGrants.usdoj.gov](https://www.justgrants.usdoj.gov) by the JustGrants deadline.

Within 24 hours after receipt of confirmation emails from Grants.gov, the individual in Section 8F of the SF-424 will receive an email from DIAMD-NoReply@usdoj.gov with instructions on how to create a JustGrants account. Register the Entity Administrator and the Application Submitter with JustGrants as early as possible but no later than 48-72 hours before the JustGrants deadline. Once registered in JustGrants, the Application Submitter will receive an emailed link to complete the rest of the application in JustGrants. The Entity Administrator also will need to log into JustGrants to review and invite the applicant's Authorized Representative(s) before an application can be submitted.

Submit the complete application package in JustGrants at least 24 – 48 hours prior to the JustGrants deadline. Some of the application components will be entered directly into JustGrants, and others will require uploading attached documents. Therefore, applicants will need to allow ample time before the JustGrants deadline to prepare each component. Applicants may save their progress in the system and revise the application as needed prior to hitting the Submit button at the end of the application in JustGrants.

For additional information, see the “How to Apply” section in the [OJP Grant Application Resource Guide](#) and the [DOJ Application Submission Checklist](#).

Submission Dates and Time

The **SF-424** and the **SF-LLL** must be submitted in Grants.gov by 8:59 p.m. eastern time on April 11, 2023. The **full application** must be submitted in JustGrants by 8:59 p.m. eastern time on April 18, 2023.

OJP urges applicants to submit their Grants.gov and JustGrants submissions prior to the due dates with sufficient time to correct any errors and resubmit by the submission deadlines if a rejection notification is received. To be considered timely, the **full application** must be submitted in JustGrants by the JustGrants application deadline. Failure to begin the SAM.gov, Grants.gov, or JustGrants registration process in sufficient time (i.e., waiting until the date identified in this solicitation) is not an acceptable reason for late submission.

Experiencing Unforeseen Technical Issues Preventing Submission of an Application

OJP will only consider requests to submit an application after the deadline when the applicant can document that a technical issue with a government system prevented application submission.

If an applicant misses a deadline due to unforeseen technical issues with SAM.gov, Grants.gov, or JustGrants, the applicant may request a waiver to submit an application after the deadline. However, the waiver request will not be considered unless it includes a tracking number

generated when the applicant contacts the applicable service desks to report technical difficulties. Tracking numbers are generated automatically when an applicant emails the applicable service desks; and for this reason applicants are encouraged to email the appropriate service desk, even if they also intend to call the service desk for phone support. Experiencing wait times for phone support does not relieve the applicant of the responsibility of getting a tracking number.

An applicant experiencing technical difficulties must contact the associated service desk indicated below to report the technical issue and receive a tracking number:

- SAM.gov - contact the [SAM Help Desk \(Federal Service Desk\)](#), Monday – Friday from 8 a.m. to 8 p.m. ET at 866-606-8220.
- Grants.gov - contact the [Grants.gov Customer Support Hotline](#), 24 hours a day, 7 days a week, except on federal holidays, at 800-518-4726, 606-545-5035, or support@grants.gov.
- JustGrants - contact the JustGrants Service Desk at JustGrants.Support@usdoj.gov or 833-872-5175, Monday – Friday from 7 a.m. to 9 p.m. ET and Saturday, Sunday, and Federal holidays from 9 a.m. to 5 p.m. ET.

If an applicant has technical issues with SAM.gov or Grants.gov, the applicant must contact the OJP Response Center at grants@ncjrs.gov within **24 hours of the Grants.gov deadline** to request approval to submit after the deadline.

If an applicant has technical issues with JustGrants that prevent application submission by the deadline, the applicant must contact the OJP Response Center at grants@ncjrs.gov within **24 hours of the JustGrants deadline** to request approval to submit after the deadline.

Waiver requests sent to the OJP Response Center must -
describe the technical difficulties experienced,

include a timeline of the applicant's submission efforts (e.g., date and time the error occurred, date and time of actions taken to resolve the issue and resubmit; and date and time support representatives responded),

include an attachment of the complete grant application and all the required documentation and materials,

include the applicant's Unique Entity Identifier (UEI), and

include any SAM.gov, Grants.gov, and JustGrants Service Desk tracking numbers documenting the technical issue.

OJP will review each waiver request and the required supporting documentation and notify the applicant whether the request for late submission has been approved or denied. An applicant who does not provide documentation of a technical issue or who does not submit a waiver request within the required time period will be denied.

For more details on the waiver process, OJP encourages applicants to review the "Experiencing Unforeseen Technical Issues" section in the [OJP Grant Application Resource Guide](#).

Application Review Information

Review Criteria

Merit Review Criteria

Applications that meet the basic minimum requirements will be evaluated by peer reviewers on how the proposed project/program addresses the following criteria:

Description of the Issue (20%) - evaluate the applicant's understanding of the program/issue to be addressed.

Project Design and Implementation (40%) - evaluate the adequacy of the proposal, including the goals, objectives, timelines, milestones, and deliverables.

Capabilities and Competencies (20%) - evaluate the applicant's administrative and technical capacity of the applicant to successfully accomplish the goals and objectives.

Plan for Collecting the Data Required for this Solicitation's Performance Measures (15%) - evaluate the applicant's understanding of the performance data reporting requirements and the plan for collecting the required data.

Budget (5%) - evaluate for completeness, cost effectiveness, and allowability (e.g., reasonable, allocable, and necessary for project activities).

Other Review Criteria/Factors

Other important considerations for BJA include geographic diversity, strategic priorities (specifically including, but not limited to, those priority areas already mentioned, if applicable), available funding, past performance, pre-award risk rating, and the extent to which the Budget Web-Based Form accurately explains project costs that are reasonable, necessary, and otherwise allowable under federal law and applicable federal cost principles.

Review Process

Applications submitted under this solicitation that meet the basic minimum requirements will be evaluated for technical merit by a peer review panel(s) in accordance with OJP peer review policy and procedures using the review criteria listed above.

OJP screens applications to ensure they meet the basic minimum requirements prior to conducting the peer review. Although specific requirements may vary, the following are common requirements applicable to all OJP solicitations:

The application must be submitted by an eligible type of applicant.

The application must request funding within programmatic funding constraints (if applicable).

The application must be responsive to the scope of the solicitation.

The application must include all items necessary to meet the basic minimum requirements.

Pursuant to the Part 200 Uniform Requirements, before award decisions are made, OJP also reviews information related to the degree of risk posed by the applicant entity. Among other

things to help assess whether an applicant with one or more prior federal awards has a satisfactory record of performance, integrity, and business ethics, OJP checks whether the applicant entity is listed in SAM as excluded from receiving a federal award.

In addition, if OJP anticipates that an award will exceed \$250,000 in federal funds, OJP also must review and consider any information about the applicant entity that appears in the non-public segment of the integrity and performance system accessible through SAM (currently, the Federal Awardee Performance and Integrity Information System, FAPIIS).

Important Note on FAPIIS: An applicant may review and comment on any information about its organization that currently appears in FAPIIS and was entered by a federal awarding agency. OJP will consider such comments by the applicant, in addition to the other information in FAPIIS, in its assessment of the risk posed by the applicant entity.

Absent explicit statutory authorization or written delegation of authority to the contrary, all final award decisions will be made by the Assistant Attorney General, who may consider not only peer review ratings and BJA recommendations, but also other factors as indicated in this section.
