Program Description

Overview

OJP is committed to advancing work that promotes civil rights and racial equity, increases access to justice, supports crime victims and individuals impacted by the justice system, strengthens community safety and protects the public from crime and evolving threats, and builds trust between law enforcement and the community.

The Second Chance Act (SCA) of 2007 (Public Law 110-199), reauthorized by the First Step Act of 2018, provides a comprehensive response to assist in the transition individuals make from prison, jail, or juvenile residential facilities to their communities so that the transition is more successful and promotes public safety. SCA and reentry-focused grant funding is designed to help communities develop and implement comprehensive and collaborative strategies that address the challenges posed by reentry and recidivism reduction. "Reentry" is not a specific program but rather an ongoing process that starts from the moment an individual is initially incarcerated and continues throughout that individual's transition from incarceration and reintegration into the community.

With this solicitation, BJA seeks to implement programming and services in response to the Crisis Stabilization and Community Reentry Act of 2020. It includes two categories for funding:

1. Adult and Youth Crisis Stabilization and Community Reentry Programs—State and Local Governments
2. Adult and Youth Crisis Stabilization and Community Reentry Programs—Nonprofit Organizations and Tribal Governments

Please note that community-based nonprofit organizations, including culturally specific organizations, are eligible and encouraged to apply under Category 2 of this program in partnership with correctional agencies. Eligible applicants under Category 1 are encouraged to partner with community-based organizations, including culturally specific organizations, to achieve the goals of this program. For additional information, see the Proposal Narrative, Budget and Associated Documentation and MOUs section of this solicitation.

The Improving Adult and Youth Crisis Stabilization and Community Reentry Program is part of the Second Chance Act suite of program in FY 2023. This year, a range of programs for states, local government units, tribal governments, and nonprofit organizations are being competed, including:

- Community Reentry
- Improving Adult Reentry, Education, and Employment Outcomes
- Improving Substance Use Disorder Treatment and Recovery Outcomes for Adults in Reentry
- Pay for Success
- Smart Supervision
- Swift, Certain, and Fair Supervision and HOPE Institute

Additionally, the Comprehensive Opioid, Stimulant, and Substance Abuse Site-Based Program, the Residential Substance Abuse Treatment Program for State Prisoners, and the Justice and Mental Health Collaboration Program are three other BJA programs that support the provision of behavioral health treatment and services to individuals during and after incarceration.

Not all entities are eligible for all programs. Applicants are encouraged to review each solicitation in its entirety to determine their eligibility, if it fits their proposal, and if taking advantage of another funding opportunity could further enhance a comprehensive approach to supporting individuals with substance use and other co-occurring disorders treatment and recovery support needs that have come in contact with the justice system. Additional details on the SCA suite and other BJA programs can be found on the [DOJ Grants Program Plan](#).

Statutory Authority

Pub. L. No. 90-351, Title I, Part OO (codified at 34 U.S.C. 10751-10755)

Specific Information

The Crisis Stabilization and Community Reentry Program supports state, local, and tribal governments, as well as community-based nonprofit organizations and eligible behavioral health providers, to coordinate and provide comprehensive treatment, recovery, and other supportive reentry services to people experiencing mental health, substance use, or co-occurring disorders who are currently involved in the criminal justice system or were formerly involved. Programs funded under this solicitation must make sure that individuals are screened, assessed, and identified for program participation and clinical services during pretrial detention or as early as possible upon incarceration and prior to release. Following release from incarceration or pretrial detention, participants should receive discharge planning and wraparound services based on the results of their screening and assessment that support continuity of care and long-term recovery in the community. These services may include benefit coordination, case management, evidence-based programming, peer support, enrollment in healthcare coverage, relapse prevention, suicide prevention, homelessness prevention, and clinically indicated medications. Services must focus on care coordination and collaboration.

The collaboratively designed series of treatment, recovery, and transitional services must make sure that individuals are set up for success before their transition, so that the transition from a prison, jail, or juvenile detention facility to the community is safe and successful. A comprehensive and collaborative crisis stabilization and community reentry program should include benefit and care coordination among government stakeholders, community-based organizations, behavioral health providers such as community mental health centers and certified community behavioral health clinics, and youth assessment centers. Programming must include recovery support services including trauma informed care, access to clinically indicated medication while in an incarcerated setting or developmentally appropriate services for youth cases, and continuity of care during reentry into the community based on the results of the screening and assessment. Working in collaboration with a BJA-sponsored technical assistance provider, successful applicants are expected to modify their administrative and clinical processes to include best practices and evidence-based interventions such as appropriate treatment and recovery supports, building coordinated partnerships among jurisdictional stakeholders, and training on program implementation, crisis response, treatment adherence, and continuity of recovery in the community.

Initially declared a public health emergency in October 2017, the opioid crisis remains a significant public health emergency. This crisis continues to take a devastating toll on the lives of individuals, families and communities across the nation. In recent years, the increase in synthetic opioids in the nation's drug supply has only served to exacerbate and expand the reach of this devastation with over 100,000 drug overdose deaths in 2021, an increase of almost 15% from the prior year. Centers for Disease Control and Prevention data also show that overdose deaths disproportionately impact Black and American Indian/Alaska Native people.

To combat the morbidity and mortality of overdose and the chronic disease of opioid use disorder

(OUD) it is critical that individuals with OUD have access to evidence-based, FDA-approved treatments. The Biden-Harris Administration has made addressing the overdose epidemic a priority, including increasing access to evidence-based treatment—namely, medications for opioid use disorder (MOUD)—across all settings.

In April 2022, the Department of Justice's Civil Rights Division published [guidance](#) further clarifying protections under the Americans with Disabilities Act (ADA) for individuals with OUD, including potential violations of the ADA by facilities or programs that do not allow individuals to be able to continue taking doctor-prescribed MOUD. Recent agreements with [state and county correctional facilities](#) resolved [allegations](#) that the entities' refusal to permit the use of and provide MOUD violates the ADA. Similarly, a DOJ [findings report](#) regarding suicides and failure to provide MOUD in a county jail also helps to illustrate specific instances that were considered to violate the 8th and 14th amendment rights of institutionalized persons. Both the guidance and enforcement matters reflect the federal government's position that a correctional facility's refusal to permit incarcerated individuals to continue or initiate treatment for opioid use disorders when clinically needed may violate the ADA, the Constitution, or both.

This information is intended to educate and inform you and your partners in considering your application to this solicitation; ways that this and other funding opportunities could help to further enhance your capacity to identify, screen, and assess individuals that may have substance use disorder treatment and recovery support needs; and your work generally in support of the treatment and long-term recovery of individuals with substance use disorder.

Goals, Objectives, and Deliverables

Goals

Provide clinical and recovery support services that support treatment, suicide prevention, and continuity of recovery in the community for people with mental health, substance use, or co-occurring disorders upon their release from a correctional facility.

Objectives

An applicant should address all the objectives that are relevant to their proposed program/project in the Goals, Objectives, Deliverables and Timeline web-based form.

Provide training and education for criminal and juvenile justice agencies, mental health and substance use agencies, and community-based behavioral health providers on interventions that support:

- Best practice diversion models
- Crisis response services
- Engagement in recovery, treatment, and other support services
- Access to medication while incarcerated and continuity of care during reentry into the community

Confirmation of memoranda of understanding/agreements (MOUs/MOAs) and a description of partnerships with one or more correctional agencies, if the correctional agency is not the lead applicant.

Make sure that individuals with serious mental illness are given timely access to appropriate recovery supports that may include peer support services, medication management (including long-acting injectable medications where clinically appropriate), case management, and psycho-social therapies.

Deliverables

An action plan informed by and based on data developed with input from BJA and the assigned technical assistance provider and submitted within 6 months of receiving final budget approval.

A final report at the end of the project period.

The Goals, Objectives, and Deliverables are directly related to the performance measures that show the completed work's results, as discussed in the "Application and Submission Information" section.

Evidence-Based Programs or Practices

OJP strongly encourages the use of data and evidence in policymaking and program development for criminal justice, juvenile justice, and crime victim services. For additional information and resources on evidence-based programs or practices, see the [OJP Grant Application Resource Guide](#).

Information Regarding Potential Evaluation of Programs and Activities

OJP may conduct or support an evaluation of the projects and activities funded under this solicitation. For additional information and applicable documentation to be included in the application, see the [OJP Grant Application Resource Guide](#) section entitled "Information Regarding Potential Evaluation of Programs and Activities."

Priority Areas

The Department of Justice is committed to advancing work that promotes civil rights and racial equity, increases access to justice, supports crime victims and individuals impacted by the justice system, strengthens community safety and protects the public from crime and evolving threats, and builds trust between law enforcement and the community.

1. Priority Considerations Supporting Executive Order 13985, *Advancing Racial Equity and Support for Underserved Communities Through the Federal Government*

In support of this [Executive Order](#), OJP will provide priority consideration when making award decisions to the following:

A. Applications that propose project(s) that are designed to promote racial equity and the removal of barriers to access and opportunity for communities that have been historically underserved, marginalized, and adversely affected by inequality.

To receive this consideration, the applicant must describe how the proposed project(s) will address potential racial inequities and contribute to greater access to services and opportunities for communities that have been historically underserved, marginalized, and adversely affected by inequality, and identify how the project design and implementation will specifically incorporate the input or participation of those communities and populations disproportionately impacted by crime, violence, and the criminal justice system overall. Examples addressing this requirement include, but are not limited to, the following: budgeted project planning and/or implementation meetings with community stakeholders representing historically underserved and marginalized communities; outreach and/or public awareness campaigns specifically tailored to historically underserved and marginalized communities to encourage participation in the proposed project(s); budgeted incorporation of members representing historically underserved and marginalized communities in program evaluation, surveys, or other means of project feedback; and partnership

with organizations that primarily serve communities that have been historically underserved, marginalized, and adversely affected by inequality.

B. Applicants that demonstrate that their capabilities and competencies for implementing their proposed project(s) are enhanced because they (or at least one proposed subrecipient that will receive **at least 40%** of the requested award funding, as demonstrated in the Budget Web-Based Form) identify as a *culturally specific organization*.

To receive this additional priority consideration, applicants must describe how being a culturally specific organization (or funding the culturally specific subrecipient organization(s)) will enhance their ability to implement the proposed project(s) and should also specify which populations are intended or expected to be served or to have their needs addressed under the proposed project (s).

Culturally specific organizations are defined for the purposes of this solicitation as private nonprofit or tribal organizations whose primary purpose as a whole is to provide culturally specific services to racial and ethnic groups, including, among others, Black people, Hispanic and Latino people, Native American and other Indigenous peoples of North America (including Alaska Native, Eskimo, and Aleut), Asian Americans, Native Hawaiians, and/or Pacific Islanders.

2. Additional statutory priority considerations

As articulated in the Crisis Stabilization and Community Reentry Act of 2020, priority consideration will be given to applications that make sure program participants receive care continuously and without breaks in service through a Community Care Provider Program and adopt policies that focus on programming, strategies, and educational components for reducing recidivism and probation violations.

For the purposes of this priority, continuous care shall involve the coordination of the correctional facility treatment program with qualified community behavioral health providers and other recovery supports, pretrial release programs, parole supervision programs, halfway house programs, and participation in peer recovery group programs, which may help in ongoing recovery after the individual is released from the correctional facility.

For the purposes of this priority, Community Care Provider Program means a community mental health center or certified community behavioral health clinic that directly provides to an individual, or assists in connecting an individual to the provision of, appropriate community-based treatment, medication management, and other recovery support services when the individual leaves a correctional facility at the end of a sentence or on parole.

To receive priority consideration under any of the areas listed earlier, applicants must specify, in the proposal narrative, how they will address the priority.

Note: Addressing these priority areas is one of many factors that OJP considers in making funding decisions. Receiving priority consideration for one or more priority areas does not guarantee an award.

If the applicant is seeking priority consideration, the applicant must provide the following information:

- Which priority consideration is being sought: 1(A), 1(B), 2, or a combination of two or more of these priorities.

- For applicants seeking priority consideration 1(B), who is the proposed subawardee to receive the funding and the amount of funds proposed.

Proposal Narrative

The Proposal Narrative should be submitted as an attachment in JustGrants. The attached document should be double-spaced, using a standard 12-point font; have no less than 1-inch margins; and should not exceed 20 numbered pages. Pages should be numbered and submitted as an attachment. If the Proposal Narrative fails to comply with these length restrictions, BJA may consider such noncompliance in peer review and in final award decision.

The Proposal Narrative must include the following sections:

a. Description of the Issue

Describe the mental health and substance use disorder challenges that people currently involved in the criminal justice system or formerly involved face while incarcerated and upon returning to the community in accessing treatment and other recovery support services that the applicant proposes to serve. Indicate the jurisdiction or tribal community to be served.

Summarize the basic components of the state, local, or tribal treatment and recovery support services and reentry efforts currently in use.

Describe the existing series of transitional and clinical services (pre- and post-release) available to individuals in the target population.

Clearly specify and describe the validated assessment tool or tools used by the correctional agency, the community corrections agency, and/or the applicant to determine the risk level and

identify the criminogenic, and mental health and substance use disorder needs of the individuals to be referred to the program. Specify when the assessment and reassessment occur and by which agencies.

b. Project Design and Implementation

Describe the plan to provide transitional support, clinical, and reentry services to individuals returning from incarceration during the program period. Provide:

Confirmation of memorandums of understanding/agreements (MOUs/MOAs) and a description of partnerships with one or more correctional agencies, if the correctional agency is not the lead applicant.

The processes the applicant will use to identify and recruit potential participants and match services to their identified reentry and clinical needs, including:

The prerelease (if applicable) and post-release services that will be available to assist in the reintegration of formerly incarcerated individuals, whether provided by the applicant or a partner organization, including how case management and other evidence-based services will be integrated with connection to clinical care and recovery services and supports.

The process for matching pre-release (if applicable) and post-release services based on collaborative comprehensive case planning, including criminogenic risk and needs identified through the validated assessment, as well as substance use and mental health disorders.

A description of the target population, including the eligibility requirements, the number proposed to be served, and the justification and demonstration that this is a manageable number.

A description of how and by whom individuals will be referred to and accepted into grant program funded services.

A description of the plan for strengthening or developing crisis response services delivered by hotlines, mobile crisis teams, crisis stabilization and triage centers, peer support specialists, public safety officers, community-based behavioral health providers, and other stakeholders, including by providing technical support for interventions that promote long-term recovery.

A description of, and supporting documentation and letters of support for, engaging criminal and juvenile justice agencies, mental health agencies and community-based behavioral health providers, peer support networks, preliminary qualified representatives of the target population, family members of incarcerated individuals, and community residents and stakeholders in program design, program implementation, and training on crisis response services, including connection to recovery services and supports.

If the applicant is seeking priority consideration for Priority 1(A), it should address in this section how the proposed project(s) will promote racial equity and the removal of barriers to access and opportunity for communities that have been historically underserved, marginalized, and adversely affected by inequality, and identify how the project design and implementation will specifically incorporate the input or participation of these communities. Likewise, if the applicant is seeking statutory priority consideration, it should specifically address how this priority will be met (see section on statutory priority consideration).

c. Capabilities and Competencies

Describe the organizational structure, capabilities, and competencies of the applicant and other key partners, including how the organization is positioned to provide transitional and clinical services throughout the entire reentry process from pre-release (if applicable) to post-release community support.

Describe the management structure and staffing of the project, identifying the agency responsible for the program and the grant coordinator. BJA strongly encourages applicants to hire a full-time coordinator with a documented history of working with formerly incarcerated individuals. The management and organizational structure described should match the staff needs necessary to accomplish the tasks outlined in the program implementation plan.

For nonprofit applicants, discuss the history of collaboration with correctional agency partners. The applicant should demonstrate its ability to develop and maintain a collaborative partnership with institutional and/or community corrections agencies, access to participants within facilities prior to release, and partnership with institutional and/or community corrections agencies to share data for performance measurement purposes will be key factors in assessing the strength of the application. For correctional agency applicants, explain the history of partnering with community-based organizations to connect incarcerated individuals with services before and after release.

Describe increased collaboration between community- and faith-based organizations and corrections, community supervision, law enforcement, organizations delivering crisis services, and other local reentry stakeholders and impacted communities, including individuals with direct involvement in the justice system and crisis services, and their families.

Describe the process for assessing the program's effectiveness through the collection, reporting of the required performance measures, and final report. Discuss how the program will be sustained after federal funding ends.

Note: An applicant is **not** required to submit performance data with the application. Rather, performance measure information is included as a notification that award recipients will be required to submit performance data as part of each award's reporting requirements. Some measures are presented as examples, while others are the exact measures that every recipient will be expected to address.

How to Apply

Registration: Before submitting an application, all applicants must register with the System for Award Management (SAM). You must renew and validate your registration every 12 months. If you do not renew your SAM registration, it will expire. An expired registration can delay or prevent application submission in Grants.gov and JustGrants. Registration and renewal can take up to 10 business days to complete.

Submission: Applications must be submitted to DOJ electronically through a two-step process via Grants.gov and JustGrants.

Step 1: After registering with SAM, the applicant must submit the **SF-424** and **SF-LLL** in Grants.gov at <https://www.grants.gov/web/grants/register.html> by the Grants.gov deadline. **Submit the SF-424 and SF-LLL as early as possible, but no later than 48 hours before the Grants.gov deadline.** If an applicant fails to submit in Grants.gov, they will be unable to apply in JustGrants.

Step 2: The applicant must then submit the **full application**, including attachments, in JustGrants at [JustGrants.usdoj.gov](https://www.justgrants.usdoj.gov) by the JustGrants deadline.

Within 24 hours after receipt of confirmation emails from Grants.gov, the individual in Section 8F of the SF-424 will receive an email from DIAMD-NoReply@usdoj.gov with instructions on how to create a JustGrants account. Register the Entity Administrator and the Application Submitter with JustGrants as early as possible but no later than 48-72 hours before the JustGrants deadline. Once registered in JustGrants, the Application Submitter will receive an emailed link to complete the rest of the application in JustGrants. The Entity Administrator also will need to log into JustGrants to review and invite the applicant's Authorized Representative(s) before an application can be submitted.

Submit the complete application package in JustGrants at least 24 – 48 hours prior to the JustGrants deadline. Some of the application components will be entered directly into JustGrants, and others will require uploading attached documents. Therefore, applicants will need to allow ample time before the JustGrants deadline to prepare each component. Applicants may save their progress in the system and revise the application as needed prior to hitting the Submit button at the end of the application in JustGrants.

For additional information, see the “How to Apply” section in the [OJP Grant Application Resource Guide](#) and the [DOJ Application Submission Checklist](#).

Submission Dates and Time

The **SF-424** and the **SF-LLL** must be submitted in Grants.gov by March 21, 2023 8:59 PM ET

The **full application** must be submitted in JustGrants by March 28, 2023 8:59 PM ET

OJP urges applicants to submit their Grants.gov and JustGrants submissions prior to the due dates with sufficient time to correct any errors and resubmit by the submission deadlines if a rejection notification is received. To be considered timely, the **full application** must be submitted in JustGrants by the JustGrants application deadline. Failure to begin the SAM.gov, Grants.gov, or JustGrants registration process in sufficient time (i.e., waiting until the date identified in this solicitation) is not an acceptable reason for late submission.

Experiencing Unforeseen Technical Issues Preventing Submission of an Application

OJP will only consider requests to submit an application after the deadline when the applicant can document that a technical issue with a government system prevented application submission. If an applicant misses a deadline due to unforeseen technical issues with SAM.gov, Grants.gov, or JustGrants, the applicant may request a waiver to submit an application after the deadline. However, the waiver request will not be considered unless it includes a tracking number generated when the applicant contacts the applicable service desks to report technical difficulties. Tracking numbers are generated automatically when an applicant emails the applicable service desks; and for this reason applicants are encouraged to email the appropriate service desk, even if they also intend to call the service desk for phone support. Experiencing wait times for phone support does not relieve the applicant of the responsibility of getting a tracking number.

An applicant experiencing technical difficulties must contact the associated service desk indicated below to report the technical issue and receive a tracking number:

- SAM.gov - contact the [SAM Help Desk \(Federal Service Desk\)](#), Monday – Friday from 8 a.m. to 8 p.m. ET at 866-606-8220.
- Grants.gov - contact the [Grants.gov Customer Support Hotline](#), 24 hours a day, 7 days a week, except on federal holidays, at 800-518-4726, 606-545-5035, or support@grants.gov.
- JustGrants - contact the JustGrants Service Desk at JustGrants.Support@usdoj.gov or 833-872-5175, Monday – Friday from 7 a.m. to 9 p.m. ET and Saturday, Sunday, and Federal holidays from 9 a.m. to 5 p.m. ET.

If an applicant has technical issues with SAM.gov or Grants.gov, the applicant must contact the OJP Response Center at grants@ncjrs.gov within **24 hours of the Grants.gov deadline** to request approval to submit after the deadline.

If an applicant has technical issues with JustGrants that prevent application submission by the deadline, the applicant must contact the OJP Response Center at grants@ncjrs.gov within 24 hours of the JustGrants deadline to request approval to submit after the deadline.

Waiver requests sent to the OJP Response Center must -

- describe the technical difficulties experienced,
- include a timeline of the applicant's submission efforts (e.g., date and time the error occurred, date and time of actions taken to resolve the issue and resubmit; and date and time support representatives responded),
- include an attachment of the complete grant application and all the required documentation and materials,
- include the applicant's Unique Entity Identifier (UEI), and
- include any SAM.gov, Grants.gov, and JustGrants Service Desk tracking numbers documenting the technical issue.

OJP will review each waiver request and the required supporting documentation and notify the applicant whether the request for late submission has been approved or denied. An applicant who does not provide documentation of a technical issue or who does not submit a waiver request within the required time period will be denied.

For more details on the waiver process, OJP encourages applicants to review the "Experiencing Unforeseen Technical Issues" section in the [OJP Grant Application Resource Guide](#).

Application Review Information

Review Criteria

Merit Review Criteria

Applications that meet the basic minimum requirements will be evaluated by peer reviewers on how the proposed project/program addresses the following criteria:

1. Statement of the Problem/Description of the Issue (15%) - evaluate the applicant's understanding of the program/issue to be addressed.
2. Project Design and Implementation (35%)- evaluate the adequacy of the proposal, including the goals, objectives, timelines, milestones, and deliverables.
3. Capabilities and Competencies (25%) - evaluate the applicant's administrative and technical capacity to successfully accomplish the goals and objectives.
4. Plan for Collecting the Data Required for this Solicitation's Performance Measures (15%) - evaluate the applicant's understanding of the performance data reporting requirements and the plan for collecting the required data.
5. Budget (10%) - evaluate for completeness, cost effectiveness, and allowability (e.g., reasonable, allocable, and necessary for project activities).

Other Review Criteria/Factors

Other important considerations for [insert PO] include geographic diversity, strategic priorities (specifically including, but not limited to, those priority areas already mentioned, if applicable), available funding, past performance, [insert any additional programmatic review criteria that will be used to make funding decisions], and the extent to which the Budget Web-Based form accurately explains project costs that are reasonable, necessary, and otherwise allowable under federal law and applicable federal cost principles.

Review Process

Applications submitted under this solicitation that meet the basic minimum requirements will be evaluated for technical merit by a peer review panel(s) in accordance with OJP peer review policy and procedures using the review criteria listed above.

OJP screens applications to ensure they meet the basic minimum requirements prior to conducting the peer review. Although specific requirements may vary, the following are common requirements applicable to all OJP solicitations:

- The application must be submitted by an eligible type of applicant.
- The application must request funding within programmatic funding constraints (if applicable).
- The application must be responsive to the scope of the solicitation.
- The application must include all items necessary to meet the basic minimum requirements.

Pursuant to the Part 200 Uniform Requirements, before award decisions are made, OJP also reviews information related to the degree of risk posed by the applicant entity. Among other things to help assess whether an applicant with one or more prior federal awards has a satisfactory record of performance, integrity, and business ethics, OJP checks whether the

applicant entity is listed in SAM as excluded from receiving a federal award.

In addition, if OJP anticipates that an award will exceed \$250,000 in federal funds, OJP also must review and consider any information about the applicant entity that appears in the non-public segment of the integrity and performance system accessible through SAM (currently, the Federal Awardee Performance and Integrity Information System, FAPIIS).

Important Note on FAPIIS: An applicant may review and comment on any information about its organization that currently appears in FAPIIS and was entered by a federal awarding agency. OJP will consider such comments by the applicant, in addition to the other information in FAPIIS, in its assessment of the risk posed by the applicant entity.

Absent explicit statutory authorization or written delegation of authority to the contrary, all final award decisions will be made by the Assistant Attorney General, who may consider not only peer review ratings and BJA recommendations, but also other factors as indicated in this section.
