

Technical Assistance (TA) Opportunity to Improve Post-Conviction Risk and Needs Assessment

National Guidelines for Post-Conviction Risk and Needs Assessment

There are valid and growing concerns about accuracy, fairness, transparency, and communication in the use of risk and needs assessment—and criminal justice agencies have not been given the guidance they need to communicate the strengths and limitations of risk and needs assessment.

[Advancing Fairness and Transparency: National Guidelines for Post-Conviction Risk and Needs Assessment](#) provides criminal justice agencies with the clear, concrete guidance they need to prioritize accuracy, fairness, transparency, and effective communication in the use of risk and needs assessment.
