Solicitations and Funding

Veterans Treatment Court Program
The Veterans Treatment Court Program supports state, local, and tribal efforts to plan and implement or enhance the operations of veterans treatment courts. These courts effectively integrate evidence-based substance use disorder treatment, mandatory drug testing, incentives and sanctions, and recovery support services in judicially supervised court settings that have jurisdiction over veterans involved in the justice system who have substance use disorders, including a history of violence and post-traumatic stress disorder as a result of their military service. Funding can also support efforts at the state level to assess, collect data, evaluate, training and build or enhance local or tribal VTCs, or to increase the identification and access to services for those underserved. For more information, visit: https://bja.ojp.gov/program/veterans-treatment-court-program/overview. Also check out the VTC Risk Assessment Questionnaire here: https://bja.ojp.gov/doc/veterans-treatment-court-questionnaire.pdf

Byrne State Crisis Intervention Formula Program
Byrne State Crisis Intervention Program (Byrne SCIP) provides formula funds to implement state crisis intervention court proceedings and related programs or initiatives, including, but not limited to, extreme risk protection order programs that work to keep guns out of the hands of those who pose a threat to themselves or others, mental health courts, drug courts, and veterans treatment courts. Learn more here: https://bja.ojp.gov/program/byrne-scip/overview

Comprehensive Opioid, Stimulant and Substance Use Program
The Comprehensive Opioid, Stimulant and Substance Use Program (COSSUP) aims to reduce the impact of opioids, stimulants, and other substances on individuals and communities by supporting comprehensive, collaborative initiatives. COSSUP funding provides necessary resources that allow communities to respond to illicit substance use and misuse to reduce overdose deaths, promote public safety, and support access to treatment and recovery services in the criminal justice system. COSSUP supports units of state, local, and tribal governments to plan, develop, and implement comprehensive efforts that identify, respond to, treat, and support those impacted by illicit opioids, stimulants, and other drugs. Allowable uses of funds include: front end diversion; overdose response; overdose mapping; data collection and research; overdose fatality review; jail-based programming; access to treatment and peer recovery services; drug take back and disposal; court and prosecution diversion; child welfare; and harm reduction efforts. The program also promotes cross-system planning and coordination to deliver a broad range of evidence-based, culturally relevant interventions. More information can be found at: https://bja.ojp.gov/program/cossup/about

Justice and Mental Health Collaboration Program
The Justice and Mental Health Collaboration Program (JMHC) supports innovative cross-system collaboration to improve responses to and outcomes for individuals with mental health disorders (MHDs) or co-occurring mental health and substance use disorders who are in the justice system or reentering the community. JMHC also
supports courts, prosecutors, and community supervision with training, technical assistance, and tools for the early identification of people with MHDs who may need behavioral health system interventions. Together with the Connect and Protect: Law Enforcement Behavioral Health Program, JMHCP promotes cross-discipline training for justice and treatment professionals, and facilitates communication, collaboration, and the delivery of support services for people with behavioral health needs. To be eligible, states, tribes, and local governments must partner with their mental health authority. BJA provides technical assistance to grantees and the field at large. The Justice and Mental Health Collaboration Program Website provides information, resources, and successful examples of JMHCP programs at: https://jmhcp.org/. To learn more about the program, visit: https://bja.ojp.gov/program/justice-and-mental-health-collaboration-program-jmhcp/overview

National Training and Technical Assistance Center

The Bureau of Justice Assistance National Training and Technical Assistance Center (BJA NTTAC) facilitates the delivery of training and technical assistance (TTA) to the criminal justice community. By providing rapid, expert, coordinated, and data driven TTA, the BJA NTTAC team supports practitioners in their efforts to reduce crime, recidivism, and unnecessary confinement, making communities safer. Utilizing a vast provider network, the BJA NTTAC team connects state, local, and tribal justice agencies with subject matter experts to address their communities’ specific public safety needs. Learn more at: https://bjatta.bja.ojp.gov/

Technical and Training Assistance and Other Supports

Comprehensive Opioid, Stimulant, and Substance Use Program (COSSUP) Training and Technical Assistance

The COSSUP TTA Program provides TTA to states, units of local government, and Indian tribal governments with the tools they need to effectively implement the goals set forth by the COSSUP program. COSSUP TTA offers a wide array of resources, such as: peer-to-peer learning opportunities; speakers and subject matter experts for conferences and workshops to educate stakeholders and build capacity; and strategic and cross-system planning to identify community resources, establish priorities, and develop a road map to achieving goals. Learn more here: https://www.cossup.org/Program/TTA

ABOUT BJA

BJA helps America’s state, local, and tribal jurisdictions reduce and prevent crime, lower recidivism, and promote a fair and safe criminal justice system. BJA provides a wide range of resources—including grants, funding, and training and technical assistance—to law enforcement, courts and corrections agencies, treatment providers, reentry practitioners, justice information sharing professionals, and community-based partners to address chronic and emerging criminal justice challenges nationwide. To learn more about BJA, visit bja.ojp.gov or follow us on Facebook (www.facebook.com/DOJBJA) and Twitter (@DOJBJA). BJA is a component of the Department of Justice’s Office of Justice Programs.
