If your entity is currently registered in SAM.gov, your UEI has already been assigned and is viewable in SAM.gov. This includes inactive registrations. For additional information, see the [Unique Entity Identifier Update](#) and the [OJP Grant Application Resource Guide](#).

Step 2: Applicants must then submit the **full application**, including attachments, in JustGrants at JustGrants.usdoj.gov. To be considered timely, the full application must be submitted in JustGrants by the JustGrants application deadline. Program Description

Overview

OJP is committed to advancing work that promotes civil rights and racial equity, increases access to justice, supports crime victims and individuals impacted by the justice system, strengthens community safety and protects the public from crime and evolving threats, and builds trust between law enforcement and the community. The Second Chance Act (SCA) of 2007 (Pub. L. 110-199), reauthorized by the First Step Act of 2018, provides a comprehensive response to assist in the transition individuals make from prison, jail, or juvenile residential facilities to their communities so that the transition is more successful and promotes public safety.

SCA grant funding is designed to help communities develop and implement comprehensive and collaborative strategies that address the challenges posed by reentry and recidivism reduction. "Reentry" is not a specific program, but rather an ongoing process that starts from the moment an individual is initially incarcerated and continues throughout that individual's transition from incarceration and reintegration into the community.

This solicitation is part of the SCA suite of programs in FY 2022. This year a range of programs for states, local units of government, nonprofit organizations, and tribal governments are being competed, including:

- Community-based Reentry Program
- Improving Reentry Education and Employment Outcomes Program
- Improving Reentry Substance Use Disorder Treatment Outcomes Program
- Pay for Success
- Swift, Certain, and Fair Supervision and HOPE Institute
- Smart Reentry and Smart Supervision with Technical Assistance: New Tools to Facilitate Change

Not all entities are eligible for all programs. Applicants are encouraged to review each solicitation in its entirety to determine their eligibility and the goodness of fit for their proposal. Additional details on the SCA suite of programs can be found on the [DOJ Grants Program Plan](#).

Statutory Authority

34 U.S.C. § 60531

Specific Information

The SCA Community-based Reentry Program supports organizations and tribal governments providing comprehensive reentry services to individuals who have been incarcerated. Prior to release from incarceration, individuals will be screened, assessed, and identified for program participation. Following release from incarceration, participants will receive case management services and be connected to evidence-based programming designed to ensure that the transition from prison or jail to the community is safe and successful.

BJA is seeking applications to implement or expand reentry programs that demonstrate strong partnerships with corrections, parole, probation, other reentry service providers, and stakeholders. These partnerships should develop comprehensive case management plans that directly address criminogenic risk and needs, as determined by validated criminogenic risk assessments, and include delivery or facilitation of services.

Grants made under this program may be used for:

1. Mentoring adults during incarceration, through transition back to the community, and post-release.
2. Transitional services to assist in the reintegration of individuals who have been incarcerated back into the community, including:
 - Educational, literacy, and vocational services.
 - The Transitional Jobs Strategy: The Transitional Jobs Strategy includes employer and industry engagement integrated with best practices in reentry, innovative skill-building training, and approaches such as contextual learning and bridge programs.
 - Substance use disorder treatment and services.
 - Coordinated supervision and services for program participants, including physical health care, comprehensive housing, and mental health care.
 - Family services.

- Validated assessment tools to assess the risk factors of returning citizens.
 - Assistance in securing safe and affordable housing.
3. Training regarding incarcerated individuals and victims' issues, which may include but are not limited to trainings that support staff in delivering interventions that have evidence of effectiveness, providing robust support services and documented referrals, and replicating promising models that integrate coordination and collaboration across systems.

Prerelease Access

Participants are expected to be screened, assessed, and identified for program participation prerelease. During the post-release phase of the reentry program, participants will receive case management services and be connected to evidence-based programming designed to assist in the transition from prison or jail to the community so that it is safe and successful. Where feasible, applicants should build prerelease access into the proposed programming plan, including case management services and evidence-based interventions.

Goals, Objectives, Deliverables, and Timeline

Goals

- Strengthen communities by improving outcomes for individuals who have been incarcerated and reducing recidivism.

Objectives

- Develop comprehensive case management plans that directly address criminogenic risks and needs, as identified by validated criminogenic risk assessments, and deliver or facilitate services in a manner consistent with participants' learning styles and abilities.
- Demonstrate increased collaboration between community- and faith-based organizations and corrections, community supervision, law enforcement, and other local reentry stakeholders.

Deliverables:

- An action plan to be developed with input from BJA and the assigned technical assistance provider and submitted within 6 months of receiving final budget approval.
- A final report at the end of the project period.

The Goals, Objectives, and Deliverables are directly related to the performance measures that show the completed work's results, as discussed in the "Application and Submission Information" section.

Evidence-Based Programs or Practices

OJP strongly emphasizes the use of data and evidence in policymaking and program development in criminal justice, juvenile justice, and crime victim services. For additional information and resources on evidence-based programs or practices, see the [OJP Grant Application Resource Guide](#).

Information Regarding Potential Evaluation of Programs and Activities

OJP may conduct or support an evaluation of the programs and activities funded under this solicitation. For additional information, see the [OJP Grant Application Resource Guide](#) section entitled "Information Regarding Potential Evaluation of Programs and Activities."

OJP Priority Areas

The Department of Justice is committed to advancing work that promotes civil rights and racial equity, increases access to justice, supports crime victims and individuals impacted by the justice system, strengthens community safety and protects the public from crime and evolving threats, and builds trust between law enforcement and the community.

Priority Considerations Supporting Executive Order 13985, Advancing Racial Equity and Support for Underserved Communities Through the Federal Government

Consistent with this Executive Order, the term “underserved community” refers to a population sharing a particular characteristic, as well as a geographic community, that has been systematically denied a full opportunity to participate in aspects of economic, social, and civic life or whose members have been historically underserved, marginalized, and adversely affected by inequality. Such communities include, among others, Black people, Hispanics and Latino/a/e people, Native American and other Indigenous peoples of North America (including Alaska Natives, Eskimos, and Aleuts), Asian Americans, Native Hawaiians, and Pacific Islanders.

In support of Executive Order 13985, OJP will:

- Give priority consideration to applications that include project(s) that will promote racial equity and the removal of barriers to access and opportunity for communities that have been historically underserved, marginalized, and adversely affected by inequality, when making award decisions.

To receive this consideration, the applicant must describe how the proposed project(s) will address potential inequities and barriers to equal opportunity, and/or contribute to greater access to services for underserved and historically marginalized populations.

- Give priority consideration to applicants that can demonstrate that their capabilities and competencies for implementing their proposed project(s) are enhanced because the applicant (or at least one proposed subrecipient that will receive at least 30 percent of the requested award funding, as demonstrated in the Budget Worksheet and Budget Narrative) identifies as a culturally specific organization. To receive this additional priority consideration, applicants must describe how being a culturally specific organization (or funding the culturally specific subrecipient organization(s)) will enhance their ability to implement the proposed project(s) and should also specify which culturally specific populations are intended or expected to be served or to have their needs addressed under the proposed project(s).

Culturally specific organizations are defined for purposes of this solicitation as private nonprofit or tribal organizations whose primary purpose as a whole is to provide culturally specific services to, among others, Black people, Hispanics and Latino/a/e people, Native American and other Indigenous peoples of North America (including Alaska Natives, Eskimos, and Aleuts), Asian Americans, Native Hawaiians, and/or Pacific Islanders.

Program-Specific Priority Considerations:

As articulated in the Second Chance Act, priority consideration will be given to applications that:

- Include a plan to implement activities that have been demonstrated effective in facilitating the successful reentry of individuals who have been incarcerated.
- Provide for an independent evaluation that includes, to the maximum extent feasible, random assignment of program participants to program delivery and control groups.
- To receive priority consideration under either area, applicants must specify, in the proposal narrative, how the applicant will address the priority.

Note: Addressing these priority areas is one of many factors that OJP considers in making funding decisions. Receiving priority consideration for one or more priority areas is not a guarantee of an award.

Proposal Abstract

A proposal abstract (no more than 400 words) summarizing the proposed project, including primary activities, products and deliverables, the service area, and who will benefit from the proposed project, will be completed in the JustGrants web-based form. Proposal abstracts should be:

- Written for a general public audience.
- Submitted as a separate attachment with “Proposal Abstract” as part of its file name.
- Single-spaced, using a standard 12-point Times New Roman font with 1-inch margins.

If the applicant is seeking priority consideration, applicant **must** provide the following information:

- Which priority consideration is being sought: 1(A), 1(B), or both.
- What page(s) in the proposal narrative provide documentation of the applicant’s plan to respond to the priority consideration.
- For applicants seeking priority consideration 1(B), who is the proposed subawardee to receive the funding and the amount of funds proposed.

This abstract should be written in the third person and will be made publicly available on the OJP website if the project is awarded.

Proposal Narrative

The proposal narrative should be submitted as an attachment in JustGrants. The attached document should be double-spaced, using a standard 12-point font; have no less than 1-inch margins; and should not exceed 20 pages. Pages should be numbered and submitted as an attachment. If the proposal narrative fails to comply with these length restrictions, BJA may consider such noncompliance in peer review and final award decision.

The following sections must be included as part of the proposal narrative:

Description of the Issue

- Describe the problems that formerly incarcerated individuals in the target population face when returning to the community that the applicant proposes to serve. Indicate the jurisdiction or tribal community to be served.
- Summarize the basic components of the state, local, or tribal reentry efforts as currently practiced.
- Describe the existing continuum or menu of services (pre- and post-release) available to individuals in the target population.
- Clearly specify and describe the validated assessment tool or tools used by the correctional agency, the community corrections agency, and/or the applicant to determine the risk level and identify the criminogenic needs of the individuals to be referred to the program. Specify when assessment and reassessment take place and by which agencies.

Project Design and Implementation

- Describe in detail how either or both **program-specific priority considerations** —(2A) plan to implement activities that have been demonstrated effective in facilitating the successful reentry of individuals who have been incarcerated, and (2B) conduct independent evaluation that includes, to the maximum extent feasible, random assignment of formerly incarcerated individuals to program delivery and control groups — have been met.
- Describe the plan to provide transitional reentry services to individuals returning from incarceration during the program period. Provide:
 - Confirmation of MOUs/MOAs and description of partnerships with one or more correctional agencies.
 - The processes the applicant will use to identify and recruit potential participants and match services to their identified needs, including:
 - The prerelease (if applicable) and post-release services that will be available to assist in the reintegration of formerly incarcerated individuals, whether provided by the applicant or a partner organization, including how cognitive-based programming is or will be integrated.
 - The process for matching prerelease (if applicable) and post-release services based on risk and needs identified through the validated assessment.
 - Description of the target population, including eligibility requirements, the number proposed to be served, and justification and demonstration that this is an attainable number.
 - If applicable, description of the partnership with an evaluator. Identification, definition, and justification of baseline recidivism rate. Description of the plan to collect and share data and outcome measures.
 - Description of additional partnerships and plans for collaboration and regular communication.
- State the intended ratio between case managers and participants. Describe any training curriculum components and methods of delivery.
- If a program currently exists, describe the current costs and recidivism of participants. If no program currently exists, detail how the program plan will be based on research on recidivism reduction.
- Describe how the program proposed in this application will interface with the existing reentry process. For government agencies serving as the lead applicant, provide the baseline recidivism rate and the year it was conducted.

If the applicant is seeking priority consideration for Priority 1(A), it should address in this section how the proposed project (s) will promote racial equity and/or the removal of barriers to access and opportunity, and/or contribute to greater access to services, for communities that have been historically underserved, marginalized, and adversely affected by inequality.

Capabilities and Competencies

- Describe the organizational structure, capabilities, and competencies of the applicant and other key partners,
- including how the organization is positioned to provide transitional services throughout the entire reentry process from prerelease (if applicable) to post-release community support.
- Describe the management structure and staffing of the project, identifying the agency responsible for the program and the grant coordinator. BJA strongly encourages applicants to hire a full-time coordinator with a documented history of working with formerly incarcerated individuals. The management and organizational structure described should match the staff needs necessary to accomplish the tasks outlined in the program implementation plan. Discuss the history of collaboration with correctional agency partners. The extent to which the applicant is able to
- demonstrate a collaborative partnership with institutional and/or community corrections agencies, access to participants within facilities prior to release, and partnership with institutional and/or community corrections agencies to share data for performance measurement purposes will be key factors in assessing the strength of the application.

If the applicant is seeking priority consideration under Priority 1(B), it should describe within this section how being a culturally specific organization (or funding a culturally specific subrecipient organization at a minimum of 30 percent of the

project budget) will enhance its ability to implement the proposed project(s) and should also specify which culturally specific populations are intended or expected to be served or have their needs addressed under the proposed project(s).

Plan for Collecting the Data Required for this Solicitation's Performance Measures

Describe the plan to track program outcomes for at least 12 months following release of program participants from incarceration. The plan should include identification of objectives for program development, implementation, and

- outcomes.
Describe how performance will be documented, monitored, and evaluated — identifying the impact of each strategy once implemented, as well as the data and information that will be collected and by whom.
- Describe the process for assessing the program's effectiveness through the collection and reporting of the required performance metrics data. Discuss how the program will be sustained after federal funding ends.

Note: Applicants are **not** required to submit performance data with the application. Rather, performance measure information is included as an alert that successful applicants will be required to submit performance data as part of each award's reporting requirements.

OJP will require each successful applicant to submit regular performance data that demonstrate the results of the work carried out under the award. The performance data directly relate to the goals, objectives, and deliverables identified in the "Goals, Objectives, and Deliverables" discussion. Applicants can visit OJP's performance measurement page at www.ojp.gov/performance for an overview of performance measurement activities at OJP.

A list of performance measure questions for this program can be found at <https://bja.ojp.gov/sites/g/files/xyckuh186/files/media/document/SCA-Community-Measures.pdf>

BJA will require award recipients to submit performance measure data and separately submit a semi-annual performance report in JustGrants. BJA will provide further guidance on the post-award submission process, if selected for award.

BJA will require award recipients to submit performance measure data and performance reports in JustGrants. BJA will provide further guidance on the post-award submission process, if selected for award.

Note on Project Evaluations

An applicant that proposes to use award funds through this solicitation to conduct project evaluations must follow the guidance in the "Note on Project Evaluations" section in the [OJP Grant Application Resource Guide](#).

Goals, Objectives, Deliverables, and Timeline

Applicants will submit the program's goals, objectives, deliverables, and timelines in the JustGrants Web-based form. See the [OJP Grant Application Resource Guide](#) for additional information.

Budget and Associated Documentation

Budget Worksheet and Budget Narrative (Web-based Form)

The applicant will complete the JustGrants web-based budget form. See the [OJP Grant Application Resource Guide](#) for additional information.

If the applicant is seeking priority consideration under Priority 1(B) based on the identification of at least one proposed subrecipient as a culturally specific organization, the proposed funding for the subrecipient in the web-based budget form **must be a minimum of 30 percent of award funding.**

The budget narrative must also describe how the activities that will be funded with the (minimum) 30 percent of award funding provided to the subrecipient **specifically relate to the priority consideration requested under Priority 1(B)** and described in the Capabilities and Competencies section of the application.

Indirect Cost Rate Agreement (if applicable)

Applicants will submit their indirect cost rate agreement by uploading the agreement as an attachment in JustGrants. See the [OJP Grant Application Resource Guide](#) for additional information.

Financial Management Questionnaire (including applicant disclosure of high-risk status)

The applicant will download the questionnaire, complete it, and submit it by uploading it as an attachment in JustGrants. See the [OJP Grant Application Resource Guide](#) for additional information and the link to the questionnaire.

Disclosure of Process Related to Executive Compensation

If applicable, the applicant will submit a description of the process used to determine executive compensation by uploading the document as an attachment in JustGrants. See the "Application Attachments" section of the [OJP Grant Application Resource Guide](#) for information.

Memoranda of Understanding (MOUs) and Other Supportive Documents

Correctional Partner Memorandum of Agreement

The MOAs/MOUs must include the following information:

1. The roles and responsibilities for staff from both agencies involved in the program.

How to Apply

Step 1: The applicant will submit the **SF-424** and **SF-LLL** in Grants.gov at <https://www.grants.gov/web/grants/register.html>.

Step 2: The applicant will then submit the **full application**, including attachments, in JustGrants at [JustGrants.usdoj.gov](https://www.justgrants.usdoj.gov).

For additional information, see the "How to Apply" section in the [OJP Grant Application Resource Guide](#) and the [DOJ Application Submission Checklist](#).

Submission Dates and Time

The **SF-424** and the **SF-LLL** must be submitted in Grants.gov by May 19, 2022 8:59pm EST.

The **full application** must be submitted in JustGrants by May 23, 2022 8:59pm EST.

OJP urges applicants to submit their Grants.gov and JustGrants submissions prior to the due dates to allow sufficient time to correct errors and resubmit by the submission deadlines if a rejection notification is received. To be considered timely, the **full application** must be submitted in JustGrants by the JustGrants application deadline.

Experiencing Unforeseen Technical Issues

An applicant that experiences unforeseen SAM.gov, Grants.gov, or JustGrants technical issues beyond its control that prevents application submission by the deadline, must demonstrate all efforts in requesting technical support in order to submit an application by the deadline. Technical support is available via phone and email to the applicable SAM.gov, Grants.gov, or JustGrants support centers or service desks in which an applicant received a ticket number for resolution. If an applicant misses a deadline due to unforeseen technical difficulties, the applicant may request a waiver to submit an application after the deadline. *Note: If an applicant does not submit all the required Grants.gov forms by the Grants.gov deadline, the applicant will not be able to proceed to the JustGrants portion of the application process.*

An applicant experiencing technical difficulties with the following systems must contact the associated support desk

indicated below to report the technical issue and receive a tracking number:

- Grants.gov — Contact the [Grants.gov Customer Support Hotline](#).
- SAM.gov — Contact the [SAM Help Desk \(Federal Service Desk\)](#).
- JustGrants — Contact the JustGrants Support Desk at JustGrants.Support@usdoj.gov or 833-872-5175.

An applicant requesting a waiver to submit a late application must document their request for technical assistance in an email to the OJP Response Center at grants@ncjrs.gov **within 24 hours after the application deadline** to request approval to submit their application after the deadline. If an applicant has technical issues with Grants.gov, the applicant must contact the Grants.gov Customer Support Hotline within 24 hours of the Grants.gov deadline to request approval to submit after the deadline. However, waiver requests will not be reviewed until after the JustGrants deadline to allow time for all waivers to be submitted. Waiver requests to submit after the submission deadline must:

- Describe the technical difficulties experienced.
- Include a timeline of the applicant's submission efforts (e.g., what date and time did the error occur, what date and time was action taken to resolve the issue and resubmit; and what date and time did support representatives respond).
- Include an attachment(s) of the complete grant application and all required documentation and material.
- Include the applicant's DUNS number (or Unique Entity Identifier if applying after April 4, 2022), any applicable SAM.gov tracking number(s), Grants.gov Help Desk, and JustGrants Support Desk Ticket Numbers.

OJP will review each request for late submission and required supporting documentation and notify the applicant whether the request has been approved or denied. For more details on the waiver process, OJP encourages applicants to review the "Experiencing Unforeseen Technical Issues" section in the [OJP Grant Application Resource Guide](#).

Application Review Information

Review Criteria

Merit Review Criteria

Applications that meet basic minimum requirements will be evaluated by peer reviewers on how the proposed project/program addresses the following criteria:

1. Description of the Issue (25 percent) — Evaluate the applicant's understanding of the program/issue to be addressed.
2. Project Design and Implementation (30 percent) — Evaluate the adequacy of the proposal, including the goals, objectives, timelines, milestones, and deliverables.
3. Capabilities and Competencies (20 percent) — Evaluate the administrative and technical capacity of the applicant to successfully accomplish the goals and objectives.
4. Plan for Collecting the Data Required for this Solicitation's Performance Measures (15 percent) — Evaluate the applicant's understanding of the performance data reporting requirements and the plan for collecting the required data.
5. Budget (10 percent) — Evaluate for completeness, cost effectiveness, and allowability (e.g., reasonable, allocable, and necessary for project activities).

Other Review Criteria/Factors

Other important considerations for BJA include geographic diversity, strategic priorities (specifically including, but not limited to, those mentioned above relating to priority areas), available funding, past performance, and the extent to which the budget worksheet and budget narrative (web-based form) accurately explain project costs that are reasonable, necessary, and otherwise allowable under federal law and applicable federal cost principles.

Review Process

Applications submitted under this solicitation that meet basic minimum requirements will be evaluated for technical merit by a peer review panel(s) in accordance with OJP peer review policy and procedures using the review criteria listed above.

OJP screens applications to ensure they meet the basic minimum requirements prior to conducting the peer review. Although specific requirements may vary, the following are common requirements applicable to all OJP solicitations:

- The application must be submitted by an eligible type of applicant.
- The application must request funding within programmatic funding constraints (if applicable).
- The application must be responsive to the scope of the solicitation.
- The application must include all items necessary to meet the basic minimum requirements.

Pursuant to the Part 200 Uniform Requirements, before award decisions are made, OJP also reviews information related to the degree of risk posed by the applicant. Among other things to help assess whether an applicant with one or more prior federal awards has a satisfactory record with respect to performance, integrity, and business ethics, OJP checks whether the applicant is listed in SAM as excluded from receiving a federal award.

In addition, if OJP anticipates that an award will exceed \$250,000 in federal funds, OJP also must review and consider any information about the applicant that appears in the non-public segment of the integrity and performance system accessible through SAM (currently, the Federal Awardee Performance and Integrity Information System, FAPIIS).

Important note on FAPIIS: An applicant may review and comment on any information about itself that currently appears in FAPIIS and was entered by a federal awarding agency. OJP will consider such comments by the applicant, in addition to the other information in FAPIIS, in its assessment of the risk posed by the applicant.

Absent explicit statutory authorization or written delegation of authority to the contrary, all final award decisions will be made by the Assistant Attorney General, who may consider not only peer review ratings and BJA recommendations, but also other factors as indicated in this section.
