Emmett Till Cold Case Investigations and Prosecution Program

FY 2022 Competitive Grant Solicitation

Overview
The U.S. Department of Justice (DOJ), Office of Justice Programs (OJP), Bureau of Justice Assistance (BJA) seeks applications for funding to state, local, and tribal law enforcement and prosecution agencies to support activities and expenses associated with the investigation and prosecution of cold case murders involving civil rights violations, as authorized by the Emmett Till Unsolved Civil Rights Crimes Reauthorization Act of 2016. This program furthers the DOJ’s mission by supporting state and local efforts to address hate crimes and to enhance the investigative skills of law enforcement and prosecution, as well as enhance the rule of law through the resolution of unsolved homicides.

This solicitation incorporates the OJP Grant Application Resource Guide by reference. The OJP Grant Application Resource Guide provides guidance to applicants on how to prepare and submit applications for funding to OJP. If this solicitation expressly modifies any provision in the OJP Grant Application Resource Guide, the applicant is to follow the guidelines in this solicitation as to that provision.

Solicitation Categories
This solicitation does not include Solicitation Categories.

Eligible Applicants:
Other

Other
- State, local, and tribal law enforcement agencies, including prosecutors’ offices.
- Tribal law enforcement must be from federally recognized Indian tribal governments that perform law enforcement functions (as determined by the Secretary of the Interior).

Applicants can partner with other agencies and nonprofit organizations with expertise to
support the investigation of these cold cases and/or expertise to leverage historical documents to inform investigations.

For purposes of this solicitation, “state” means any state of the United States, the District of Columbia, the Commonwealth of Puerto Rico, the Virgin Islands, Guam, American Samoa, and the Commonwealth of the Northern Mariana Islands.

To advance Executive Order 13929 Safe Policing for Safe Communities, the Attorney General determined that all state, local, and university or college law enforcement agencies must be certified by an approved independent credentialing body or have started the certification process, to be eligible for FY 2022 DOJ discretionary grant funding. To become certified, the law enforcement agency must meet two mandatory conditions: (1) the agency’s use-of-force policies adhere to all applicable federal, state, and local laws and (2) the agency’s use-of-force policies prohibit chokeholds except in situations where use of deadly force is allowed by law. The certification requirement also applies to law enforcement agencies receiving DOJ discretionary grant funding through a subaward. For detailed information on this certification requirement, please visit https://cops.usdoj.gov/SafePolicingEO to access the Standards for Certification on Safe Policing for Safe Communities, the Implementation Fact Sheet, and the List of Designated Independent Credentialing Bodies.

All recipients and subrecipients (including any for-profit organization) must forgo any profit or management fee.

BJA will consider applications under which two or more entities would carry out the federal award; however, only one entity may be the applicant. Any others must be proposed as subrecipients (subgrantees). For additional information on subawards, see the OJP Grant Application Resource Guide.

BJA may elect to fund applications submitted under this FY 2022 solicitation in future fiscal years, dependent on, among other considerations, the merit of the applications and the availability of appropriations.

Contact Information

For technical assistance with submitting the Application for Federal Assistance standard form (SF)-424 and a Disclosure of Lobbying Activities form (SF-LLL) in Grants.gov, contact the Grants.gov Customer Support Hotline at 800-518-4726, 606-545-5035, at Grants.gov customer support, or at support@grants.gov. The Grants.gov Support Hotline operates 24 hours a day, 7 days a week, except on federal holidays.

For technical assistance with submitting the full application in DOJ’s Justice Grants System (JustGrants), contact the JustGrants Service Desk at JustGrants.Support@usdoj.gov or at 833-872-5175. The JustGrants Service Desk operates 5 a.m. to 9 p.m. eastern time Monday - Friday and 9 a.m. to 5 p.m. Saturday, Sunday, and federal holidays.
Submission Information
Applications will be submitted to DOJ in two steps:

Beginning April 4, 2022, the Federal government will cease using the Data Universal Numbering System (DUNS) number to uniquely identify entities. At that point, entities doing business with the Federal government will use a Unique Entity Identifier (UEI) created in SAM.gov. If your entity is currently registered in SAM.gov, your UEI has already been assigned and is viewable in SAM.gov. This includes inactive registrations. If you are a new entity registering in SAM.gov, you will continue to register in SAM.gov using the DUNS number assigned by Dun and Bradstreet (D&B) until April 4, 2022. Upon completing your registration in SAM.gov, you will be assigned a UEI. For additional information, see the Unique Entity Identifier Update and the OJP Grant Application Resource Guide.

IMPORTANT: Grants.gov will transition to UEI at 11:59 p.m. eastern time (ET) on March 31, 2022. To support this transition, DOJ will update all posted Grants.gov funding opportunity packages to reflect the use of UEI.

All entities applying for DOJ funding opportunities that have a Grants.gov close date after March 31, 2022, must take one of the following actions:

1) Complete and submit the SF-424 and SF-LLL no later than March 30, 2022, at 8:00 p.m. ET.
   - If the SF-424 is not completed and submitted by this time, any information contained in the SF-424 will be lost during the transition.
   - If this occurs, applicants will need to re-enter their data in the new SF-424 form upon returning to Grants.gov on April 1, 2022.

2) Wait until April 1, 2022, to begin and submit the Grants.gov application.

Step 2: The applicant must then submit the full application including attachments in JustGrants at JustGrants.usdoj.gov

To be considered timely, the full application must be submitted in JustGrants by the JustGrants application deadline.
OJP encourages applicants to review, the “How to Apply” section in the OJP Grant Application Resource Guide and the JustGrants website for more information, resources, and training.

Program Description

Overview

OJP is committed to advancing work that promotes civil rights and racial equity, increases access to justice, supports crime victims and individuals impacted by the justice system, strengthens community safety and protects the public from crime and evolving threats, and builds trust between law enforcement and the community. The Emmett Till Cold Case Investigations and Prosecution Program supports state, local, and tribal law enforcement and prosecution agencies, working with their partners, to investigate and prosecute unsolved cold case homicides suspected to have been racially motivated or otherwise associated with civil rights violations. This includes support for victims’ families and stakeholders impacted by these cases. Funds are limited to address incidents that resulted in death that occurred no later than December 31, 1979.

Statutory Authority

Specific Information

The Emmett Till Cold Case Investigations and Prosecution Program provides support to state, local, and tribal law enforcement and prosecutors in their investigation and prosecution of cold case murders associated with civil rights violations, specifically where race or other protected rights were implicated. Funds are limited to address civil rights violations resulting in death that occurred no later than December 31, 1979.

Recognizing the impact these unsolved cases can have on the victims’ families and the communities where these homicides occurred, this program also supports efforts to assist those impacted by these crimes.

This program is part of the Emmett Till Unsolved Civil Rights Crime Act, which seeks to address murder cases, suspected to be racially motivated, that were committed before January 1, 1980. The program’s ultimate purpose is an attempt to bring closure to the victims’ families and bring those responsible to justice.

There are potentially hundreds or more cold case murders that took place during the Civil Rights Era and earlier that have yet to be solved. The Act was passed in 2007, and other Department agencies, including the Federal Bureau of Investigation (FBI), Civil Rights Division, U.S. Attorneys’ Offices, and Community Relations Service, have been working for almost 15 years to inventory and pursue cases which fit in their federal jurisdictions. They have pursued most of the actionable cases; however, many of the laws providing federal jurisdiction have now expired. In 2008, the Department of Justice opened 132 cold civil rights cases involving over 151 victims. Of the 132 cases, the Department was able to fully investigate and resolve 119 through prosecution, referral, or closure. This was a great first step on a path to fairness and justice for the victims and their families, but there are many other cases where justice has not been achieved.
There may be a number of cases that could be investigated and potentially prosecuted at the state, local, or tribal level where the murder laws do not have a statute of limitations. Thus, this funding can help address barriers in bringing these unsolved murders to justice, both in (1) the investigation and prosecution or resolution of these cases and (2) support to victims’ family members and local stakeholders impacted by these crimes. Given the age and complexity of these cases, there can be barriers to their identification, investigation, and prosecution. This can include the death of those who committed these crimes, the death of witnesses or an inability to locate them, witnesses not being able to remember the details given that has passed, and the destruction, degradation, or loss of evidence. Despite these barriers, there may be some cases that are still actionable. With the availability of new forensic tools and access to national FBI databases, this program can support efforts to use these resources and pursue these cases. In addition, the investigation and public closing of cases with acknowledgement of what occurred can bring healing to the victims’ families and other stakeholders.

To assist law enforcement and prosecutors in pursuing these cases, BJA recently selected a team of training and technical assistance (TTA) providers to assist grantees in implementing the program as well as support the field at large. BJA’s overall TTA will include individualized, efficient, and consistent delivery in order to help grantees accomplish their goals by the end of the project period. BJA and the TTA partners will assess needs and develop training, targeted technical assistance, and tools for the field. This will include ongoing coaching, as well as support for peer-to-peer dialogue and training, knowledge diffusion products, grantee learning communities, dissemination of best practices and lessons learned, and a listserv.

To increase their chances for success, applicants are encouraged to employ unique partnerships with researchers, historians, forensic scientists, and community partners to complete this work. These partnerships can further collaborate with subject matter experts in nonprofit organizations, reconciliation commissions, law school clinics, and academic programs in order to access information on civil rights crimes and reconciliation efforts. Applicants should also consider formally partnering with a researcher.

As part of this award, grantees must document their plans to ensure they have a set of diverse staff, partners, and/or subject matter experts who reflect a mix of experiences and perspectives to effectively reach the communities and practitioners that they will serve.

**Goals, Objectives, Deliverables, and Timeline**

**Goals**
To bring justice and reconciliation for the hundreds of cold case murder victims associated with civil rights violations through the identification, investigation, prosecution, and resolution of these cases. In addition, to bring justice and support to families and stakeholders impacted by these murders.

**Objectives**
- Enhance the capacity of state, local, and tribal law enforcement and prosecutors and
their partners to identify, investigate, and prosecute these cases.

- Enhance collaboration between federal, state, and local law enforcement and prosecution agencies in their investigation and prosecution of unsolved civil rights cold case murders.
- Increase the number of state, local, and tribal investigations and prosecutions of civil rights cold case murders.
- Bring justice, reconciliation, and support to families and stakeholders impacted by these murders, thereby building trust.
- Use information gained, training, and tools to assist the field to identify, investigate, and prosecute additional cases as well as support victims’ families and stakeholders.

**Deliverables**

Deliverables will include:

- An inventory of potential cases.
- Creation of an action plan during the first 6 months to build a strong and focused strategy. The action plan must be submitted and approved by BJA prior to implementation. BJA, the training and technical assistance providers, and the grantee will use this action plan to guide and track the project objectives’ progress.
- Successful implementation of the action plan, working collaboratively with BJA staff and the TTA partners, resulting in the prosecution and resolution of cases.
- Enhanced partnerships with federal, state, tribal, or local organizations.
- Documentation of what was learned, including a final report. This information will be publicly shared to assist the field.

The Goals, Objectives, and Deliverables are directly related to the performance measures that show the completed work’s results, as discussed in the Application and Submission Information section.

**Evidence-Based Programs or Practices**

OJP strongly encourages the use of data and evidence in policymaking and program development for criminal justice, juvenile justice, and crime victim services. For additional information and resources on evidence-based programs or practices, see the OJP Grant Application Resource Guide.

**Information Regarding Potential Evaluation of Programs and Activities**

OJP may conduct or support an evaluation of the programs and activities funded under this solicitation. For additional information, see the OJP Grant Application Resource Guide section entitled “Information Regarding Potential Evaluation of Programs and Activities.”

**OJP Priority Areas**

The Department of Justice is committed to advancing work that promotes civil rights and racial equity, increases access to justice, supports crime victims and individuals impacted by the justice system, strengthens community safety and protects the public from crime and evolving threats, and builds trust between law enforcement and the community.
Priority Consideration Supporting Executive Order 13985, Advancing Racial Equity and Support for Underserved Communities Through the Federal Government

Consistent with this Executive Order, the term “underserved community” refers to a population sharing a particular characteristic, as well as a geographic community, that has been systematically denied a full opportunity to participate in aspects of economic, social, and civic life or whose members have been historically underserved, marginalized, and adversely affected by inequality. Such communities include, among others, Black people, Hispanics and Latino/a/e people, Native American and other Indigenous peoples of North America (including Alaska Natives, Eskimos, and Aleuts), Asian Americans, Native Hawaiians, and Pacific Islanders.

In support of Executive Order 13985, OJP will:

Give priority consideration to applicants that can demonstrate that their capabilities and competencies for implementing their proposed project(s) are enhanced because the applicant (or at least one proposed subrecipient that will receive at least 30% of the requested award funding, as demonstrated in the Budget Worksheet and Budget Narrative) identifies as a culturally specific organization. To receive this priority consideration, applicants must describe how being a culturally specific organization (or funding the culturally specific subrecipient organization(s)) will enhance their ability to implement the proposed project(s) and should also specify which culturally specific populations are intended or expected to be served or have their needs addressed under the proposed project(s).

Culturally specific organizations are defined for purposes of this solicitation as private nonprofit or tribal organizations whose primary purpose as a whole is to provide culturally specific services to, among others, Black people, Hispanics and Latino/a/e people, Native American and other Indigenous peoples of North America (including Alaska Natives, Eskimos, and Aleuts), Asian Americans, Native Hawaiians, and/or Pacific Islanders.

Note: Addressing these priority areas is one of many factors that OJP considers in making funding decisions. Receiving priority consideration for one or more priority areas is not a guarantee of an award.

Continuation Funding Intent

BJA may, in certain cases, provide additional funding in future years to awards made under this solicitation, through continuation awards. OJP will consider, among other factors, OJP’s strategic priorities, a recipient’s overall management of the award, and the award-funded work’s progress, when making continuation award decisions.

Availability of Funds

This solicitation, and awards (if any are made) under this solicitation, are subject to the availability of appropriated funds and to any modifications or additional requirements that may be imposed by the agency or by law. In addition, nothing in this solicitation is intended to, and does not, create any right or benefit, substantive or procedural, enforceable at law or in equity by any party against the United States, its departments, agencies, or entities, its officers, employees, or agents, or any other person.

Types of Awards

BJA expects to make awards under this solicitation as grants. See the “Administrative, National Policy, and Other Legal Requirements” section of the OJP Grant Application Resource Guide for a brief discussion of important statutes, regulations, and award conditions that apply to many (or in some cases, all) OJP grants.

Financial Management and System of Internal Controls

Award recipients and subrecipients (including recipients or subrecipients that are pass-through entities) must, as described in the Part 200 Uniform Requirements as set out at 2 C.F.R. 200.303, comply with standards for financial and program management. See the OJP Grant Application Resource Guide for additional information.

Budget Information

The use of BJA grant funds for unmanned aircraft systems (UAS), including unmanned aircraft vehicles (UAV), and all accompanying accessories to support such UAS or UAV, is unallowable.

No more than 20 percent of total grant funds may be used for research/evaluation.

All DNA analyses conducted as a result of this program must be performed by a laboratory (government-owned or fee-for-service) that is accredited and currently undergoes external audits not less than once every 2 years (with the exception of forensic genealogy testing). These audits must demonstrate that the laboratory maintains compliance with the DNA Quality Assurance Standards established by the director of the FBI. Sites must use laboratories that can test evidence in an expeditious manner so as to meet the program’s goals during the grant period. If funds will be used for DNA testing of evidentiary materials,
any resulting **eligible** DNA profiles must be uploaded to the Combined DNA Index System (CODIS, the national DNA database operated by the FBI) by a government DNA lab with access to CODIS. No profiles generated with this funding may be entered into any other nongovernmental DNA database without prior express written approval from BJA (exceptions include forensic genealogy). In addition, funds may not be used to purchase DNA equipment and supplies when the resulting DNA profiles from such technology are not acceptable for entry into CODIS.

Award recipients utilizing funds for forensic genealogy testing must adhere to the United States Department of Justice Interim Policy Forensic Genealogical DNA Analysis and Searching available at: United States Department of Justice Interim Policy: Forensic Genetic Genealogical DNA Analysis and Searching.

Finally, in accordance with Section IX, grantees utilizing funds for this purpose must collect and report the following metrics to BJA:

- The type of crime investigated
- Whether forensic genetic genealogical DNA analysis (FGG)/forensic genetic genealogical DNA analysis and searching (FGGS) was conducted on a forensic sample or a reference sample
- The type of forensic sample subjected to FGG and a description of the total amount, condition, and concentration of that sample (e.g., single source, mixed profile, degradation status, etc.)
- Whether FGG analysis resulted in a searchable profile
- The identity of the vendor laboratory used to conduct FGG and the genetic genealogy service(s) used to search the FGG profile
- Whether the investigation resulted in an arrest that was based, in part, on the use of FGGS
- The total amount of federal funding used to conduct FGG/FGGS in each case

Note that requirements may slightly change in accordance with future iterations of the FGGS policy. Grant award recipients will be updated should changes occur that impact practices and/or performance metrics.

All DNA analyses conducted and profiles generated during the testing portion of this program must be maintained pursuant to all applicable federal privacy requirements, including those described in 34 U.S.C. § 12592(b)(3).

Applicants should budget for travel for at least two team members to attend an in-person, 2-day grantee meeting as part of their project, and assume that the trip will be in a location that requires air travel of at least $500 per person. For estimates of costs for hotel and lodging, please see the U.S. General Services Administration (GSA) website for determining allowable per diem travel costs at https://www.gsa.gov/travel/plan-book/per-diem-rates.

If the proposal narrative fails to comply with these length restrictions, BJA may consider such noncompliance in peer review and in final award decision. The following sections must be included as part of the proposal narrative:

Description of the Issue
Describe the history, nature, and extent of pending cold case homicides involving violations of civil rights overall and prior to January 1, 1980. Include summary information and data on specific incidents, efforts to identify potential cases, witnesses, and suspects.

Describe current efforts to identify, investigate, and prosecute these cases. Describe the
challenges, including lack of resources, that the applicant faces in planning and implementing efforts to address these unsolved murders. What access does the applicant have to case files and data to support the work, and what are the existing laws to pursue cases? How have they related to federal efforts to address these cases?

**Program Design**
Describe how the applicant will respond to the issue defined, including activities to identify cases and develop an action plan, and how it will investigate, prosecute, and resolve cases meriting exploration. Describe how the applicant and its partners will implement the proposed action plan, including gathering and analyzing information, and implementing efforts by staff and partners to inventory, track, investigate, and prosecute these cases.

Describe how the applicant will work to enhance witness cooperation and address the challenges of pursuing these investigations, including working with victims’ family members and other stakeholders.

Attach a project timeline that outlines when activities or program milestones are to be accomplished.

The funds requested in the budget must be clearly connected to and support the program design and be reasonable in cost.

**Capabilities and Competencies**
Discuss the expertise of the applicant and its partners to effectively conduct the investigation of cold case murders potentially associated with civil rights violations. Describe the applicant’s plans to ensure they have a set of diverse staff, partners, and/or subject matter experts who reflect a mix of experiences and perspectives to effectively reach the communities and practitioners that they will serve.

Describe the applicant’s management structure and outline its ability to conduct the individual activities. Describe the organization’s and staff’s experience as well as any partner’s experience. The management and organizational structure described should match the staffing needed to accomplish the tasks outlined in the Program Design section. Detailed information in the position descriptions and letters of interest will inform the assignment of points relative to this criterion.

Identify each partner agency that has demonstrated commitment to this effort. Discuss any previous collaboration that occurred that will help to achieve the objectives. Explain existing partnership agreements. Attach a memorandum of understanding (MOU) and/or letter of support from each key team member, outlining their commitment to the project.

Describe how effective communication and coordination among the team members will be implemented throughout the program period.

For applications involving a research component, describe the qualifications of the research partner and their prior experience with action research. Describe the roles and responsibilities of the research partner in the project and how the applicant will ensure that
the research partner will have access to relevant data, personnel for interviews, and the ability to monitor operations that are relevant to the project’s evaluation. Researchers should be experienced in several different data collection methodologies, and in both quantitative and qualitative research methods. It is preferable that they have several years of evaluation research experience and have experience with oral and written presentations of research results. Research partners should be able to conduct scientifically rigorous evaluations and be well versed in evaluation methods.

If the applicant is seeking priority consideration, it should describe within this section how being a culturally specific organization (or funding a culturally specific subrecipient organization at a minimum of 30% of the project budget) will enhance its ability to implement the proposed project(s) and should also specify which culturally specific populations are intended or expected to be served or have their needs addressed under the proposed project(s).

**Plan for Collecting the Data**
For each objective, identify the criteria that will determine how and if it has been successfully met. Identify specific measurable outcome(s) and the data sources that will be used to determine whether or not the outcome was successful.

All applicants must indicate their willingness and ability to collect and report performance and outcome data through BJA’s reporting tools (no personally identifiable information will be collected). Applicants are expected to report on behalf of any subawardees.

Describe the process for measuring project performance. Identify who will collect the data, who is responsible for performance measurement, and how the information will be used to guide and assess the project.

Note: Applicant are not required to submit performance data with the application. Rather, performance measure information is included as an alert that successful applicants will be required to submit performance data as part of each award’s reporting requirements.

**Application Review Information**

**Review Criteria**

Applications that meet the basic minimum requirements will be evaluated by peer reviewers on how the proposed project/program addresses the following criteria:

1. Description of the Issue (25%) - evaluate the applicant’s understanding of the program/issue to be addressed.
2. Project Design and Implementation (30%) - evaluate the adequacy of the proposal, including the goals, objectives, timelines, milestones, and deliverables.
3. Capabilities and Competencies (30%) - evaluate administrative and technical capacity of the applicant to successfully accomplish the goals and objectives.
4. Plan for Collecting the Data Required for this Solicitation’s Performance Measures (5%) - evaluate the applicant’s understanding of the performance data reporting requirements and the plan for collecting the required data.
5. Budget (10%) - evaluate for completeness, cost effectiveness, and allowability (e.g., reasonable, allocable, and necessary for project activities).

Other Review Criteria/Factors
Other important considerations for BJA include geographic diversity, strategic priorities (specifically including, but not limited to, those priority areas already mentioned), available funding, past performance, and the extent to which the Budget Worksheet and Budget Narrative (web-based form) accurately explain project costs that are reasonable, necessary, and otherwise allowable under federal law and applicable federal cost principles.

Review Process
Applications submitted under this solicitation that meet the basic minimum requirements, will be evaluated for technical merit by a peer review panel(s) in accordance with OJP peer review policy and procedures using the review criteria listed above.

OJP screens applications to ensure they meet the basic minimum requirements prior to conducting the peer review. Although specific requirements may vary, the following are common requirements applicable to all OJP solicitations:

- The application must be submitted by an eligible type of applicant.
- The application must request funding within programmatic funding constraints (if applicable).
- The application must be responsive to the scope of the solicitation.
- The application must include all items necessary to meet the basic minimum requirements.

Pursuant to the Part 200 Uniform Requirements, before award decisions are made, OJP also reviews information related to the degree of risk posed by the applicant. Among other things to help assess whether an applicant with one or more prior federal awards has a satisfactory record with respect to performance, integrity, and business ethics, OJP checks whether the applicant is listed in SAM as excluded from receiving a federal award.

In addition, if OJP anticipates that an award will exceed $250,000 in federal funds, OJP also must review and consider any information about the applicant that appears in the non-public segment of the integrity and performance system accessible through SAM (currently, the Federal Awardee Performance and Integrity Information System, FAPIIS).

Important note on FAPIIS: An applicant may review and comment on any information about itself that currently appears in FAPIIS and was entered by a federal awarding agency. OJP will consider such comments by the applicant, in addition to the other information in FAPIIS, in its assessment of the risk posed by the applicant.

Absent explicit statutory authorization or written delegation of authority to the contrary, all final award decisions will be made by the Assistant Attorney General, who may consider not only peer review ratings and BJA's recommendations, but also other factors as indicated in this section.
