To advance Executive Order 13929 Safe Policing for Safe Communities, the Attorney General determined that all state, local, and university or college law enforcement agencies must be certified by an approved independent credentialing body or have started the certification process to be eligible for FY 2022 DOJ discretionary grant funding. To become certified, the law enforcement agency must meet two mandatory conditions: (1) the agency’s use-of-force policies adhere to all applicable federal, state, and local laws and (2) the agency’s use-of-force
policies prohibit chokeholds except in situations where use of deadly force is allowed by law. The certification requirement also applies to law enforcement agencies receiving DOJ discretionary grant funding through a subaward. For detailed information on this certification requirement, please visit [https://cops.usdoj.gov/SafePolicingEO](https://cops.usdoj.gov/SafePolicingEO) to access the Standards for Certification on Safe Policing for Safe Communities, the Implementation Fact Sheet, and the List of Designated Independent Credentialing Bodies.

All recipients and subrecipients (including any for-profit organization) must forgo any profit or management fee.

BJA will consider applications under which two or more entities would carry out the federal award; however, only one entity may be the applicant. Any others must be proposed as subrecipients (subgrantees). For additional information on subawards, see the [OJP Grant Application Resource Guide](https://www.ojp.gov/grants). BJA may elect to fund applications submitted under this FY 2021 solicitation in future fiscal years, dependent on, among other considerations, the merit of the applications and on the availability of appropriations.

Program Description

Overview

OJP is committed to advancing work that promotes civil rights and racial equity, increases access to justice, supports crime victims and individuals impacted by the justice system, strengthens community safety and protects the public from crime and evolving threats and builds trust between law enforcement and the community.

The Improving Reentry Education and Employment Outcomes Program is designed to improve correctional educational and employment programs that serve individuals during incarceration and throughout their period of reentry into the community. It promotes an evidence-based and data-informed approach that will provide meaningful opportunities, interrupt the cycle of unemployment, and promote reentry success for formerly incarcerated adults.

This solicitation is part of the Second Chance Act (SCA) suite of programs in FY 2022. This year a range of programs for states, local units of government, nonprofit organizations, and tribal governments are being competed, including:

- Community-based Reentry Program
- Improving Reentry Education and Employment Outcomes Program
- Improving Reentry Substance Use Disorder Treatment Outcomes Program
- Pay for Success
- Swift, Certain, and Fair Supervision and HOPE Institute
- Smart Reentry and Smart Supervision with Technical Assistance: New Tools to Facilitate Change

Not all entities are eligible for all programs. Applicants are encouraged to review each solicitation in its entirety to determine their eligibility and the goodness of fit for their proposal. Additional details on the SCA suite of programs can be found on the DOJ Grants Program Plan.

Statutory Authority

34 USC § 10741
34 USC § 60511

Specific Information

The purpose of this solicitation is to enhance corrections systems’ ability to implement and expand education and employment programs that serve individuals during incarceration and throughout their period of reentry into the community. Programs funded under this solicitation should emphasize strong partnerships with corrections, parole, probation, education, workforce development, and reentry service providers. These programs will work to reduce recidivism, promote reentry success, enhance employment prospects for incarcerated adults reentering the workforce, and improve overall public safety and public health. Programs should be focused on serving individuals during the 3-year period before release, as well as providing ongoing service provision throughout participants’ period of reentry into the community.

Eligible Category 2 applicants must commit to restrict internet access to prisoners as appropriate to ensure public safety and facility security.

Prerelease access

Participants are expected to be screened, assessed, and identified for program participation prerelease. During the post-release phase of the reentry program, participants will receive case management services and be connected to evidence-based programming designed to assist in the transition from prison or jail to the community so that it is safe and successful. Where feasible, case management services and evidence-based programming should begin during the prerelease phase.

Correctional Partner Memorandum of Agreement

Nonprofit organizations and noncorrectional government applicants must include as an attachment a memorandum of agreement or understanding (MOA or MOU) that clearly demonstrates an established, collaborative relationship between the applicant and the correctional agencies that: (1) oversee the specific facility or facilities from which the applicant proposes to recruit the target reentering population, and (2) oversee community corrections (probation and/or parole) for
the target population. The MOAs/MOUs must include the following information:

1. The roles and responsibilities for staff from both agencies involved in the program.
2. Terms of access to the correctional facility or facilities for program staff. (If applicants are unable to conduct in-reach into correctional facilities, the application should explain the reason(s) why such access is not practicable.)
3. Information on prerelease programming and interventions provided by the correctional agency to each participant.
4. The data elements and performance measures that the partnering agencies will provide — or assist the grantee in obtaining — for the purpose of measuring the impact of grant activities.
5. Describe the evidence-based programming and/or intervention for the target population.

Goals, Objectives, Deliverables, and Timeline

Goals, Objectives, and Deliverables: In the sections below, state the long-term, overarching goal(s) of the program and list the project objectives. Objectives are the specific outcomes to be accomplished in order to reach the stated goal(s). OJP Priority Areas

The Department of Justice is committed to advancing work that promotes civil rights and racial equity, increases access to justice, supports crime victims and individuals impacted by the justice system, strengthens community safety and protects the public from crime and evolving threats, and builds trust between law enforcement and the community.

1. Priority Considerations Supporting Executive Order 13985, Advancing Racial Equity and Support for Underserved Communities Through the Federal Government

Consistent with this Executive Order, the term “underserved community” refers to a population sharing a particular characteristic, as well as a geographic community, that has been systematically denied a full opportunity to participate in aspects of economic, social, and civic life or whose members have been historically underserved, marginalized, and adversely affected by inequality. Such communities include, among others, Black people, Hispanics and Latino/a/e people, Native American and other Indigenous peoples of North America (including Alaska Natives, Eskimos, and Aleuts), Asian Americans, Native Hawaiians, and Pacific Islanders.

In support of Executive Order 13985, OJP will:

A. Give priority consideration to applications that include project(s) that will promote racial equity and the removal of barriers to access and opportunity for communities that have been historically underserved, marginalized, and adversely affected by inequality, when making award decisions.

To receive this consideration, the applicant must describe how the proposed project(s) will address potential inequities and barriers to equal opportunity, and/or contribute to greater access to services for underserved and historically marginalized populations.

B. Give priority consideration to applicants that can demonstrate that their capabilities and competencies for implementing their proposed project(s) are enhanced because the applicant (or at least one proposed subrecipient that will receive at least 30 percent of the requested award funding, as demonstrated in the budget worksheet and budget
narrative) identifies as a culturally specific organization. To receive this additional priority consideration, applicants must describe how being a culturally specific organization (or funding the culturally specific subrecipient organization(s)) will enhance their ability to implement the proposed project(s) and should also specify which culturally specific populations are intended or expected to be served or to have their needs addressed under the proposed project(s).

Culturally specific organizations are defined for purposes of this solicitation as private nonprofit or tribal organizations whose primary purpose as a whole is to provide culturally specific services to, among others, Black people, Hispanics and Latino/a/e people, Native American and other Indigenous peoples of North America (including Alaska Natives, Eskimos, and Aleuts), Asian Americans, Native Hawaiians, and/or Pacific Islanders.

2. Category 2 applicants can receive priority consideration for applications that:

   a. Provide assessment of local demand for employees in the geographic areas to which incarcerated individuals are likely to return, as well as job-training grants that look at the local labor/job markets in communities where individuals leaving incarceration are returning.
   
   b. Conduct individualized reentry career planning upon the start of incarceration or post-release employment planning for each individual served under the grant.
   
   c. Demonstrate connections to employers within the local community; and
   
   d. Track and monitor employment outcomes.

Note: Addressing these priority areas is one of many factors that OJP considers in making funding decisions. Receiving priority consideration for one or more priority areas is not a guarantee of an award.

Memoranda of Understanding (MOUs) and Other Supportive Documents

Nonprofit organizations and noncorrectional government applicants must include as an attachment a memorandum of agreement or understanding (MOA or MOU) that clearly demonstrates an established, collaborative relationship between the applicant and the correctional agencies that: (1) oversee the specific facility or facilities from which the applicant proposes to recruit the target reentering population, and (2) oversee community corrections (probation and/or parole) for the target population. The MOAs/MOUs must include the following information:

1. The roles and responsibilities for staff from both agencies involved in the program.
2. Terms of access to the correctional facility or facilities for program staff. (If applicants are unable to conduct in-reach into correctional facilities, the application should explain the reason(s) why such access is not practicable.)
3. Information on prerelease programming and interventions provided by the correctional agency to each participant.
4. The data elements and performance measures that the partnering agencies will provide — or assist the grantee in obtaining — for the purpose of measuring the impact of grant activities.
5. Describe the evidence-based programming and/or intervention for the target population.

Additional Application Components

Applicants will attach the additional requested documentation in JustGrants.

A DOJ High Risk Grantee is an award recipient that has received a DOJ High Risk designation based on a documented history of unsatisfactory performance, financial instability, management system or other internal control deficiencies, or noncompliance with award terms and conditions on prior awards, or is otherwise not responsible. See the OJP Grant Application Resource Guide for additional information.

How to Apply

Step 2: The applicant must then submit the full application, including attachments, in JustGrants in JustGrants.usdoj.gov.

For additional information, see the “How to Apply” section in the OJP Grant Application Resource Guide and the DOJ Application Submission Checklist.

Submission Dates and Time

The SF-424 and the SF-LLL must be submitted in Grants.gov by 8:59PM EST June 7, 2022.

The full application must be submitted in JustGrants by 8:59PM EST June 13, 2022.

OJP urges applicants to submit their Grants.gov and JustGrants submissions prior to the due dates to allow sufficient time to correct errors and resubmit by the submission deadlines if a rejection notification is received. To be considered timely, the full application must be submitted in JustGrants by the JustGrants application deadline.

Experiencing Unforeseen Technical Issues

An applicant that experiences unforeseen SAM.gov, Grants.gov, or JustGrants technical issues beyond its control that prevents application submission by the deadline must demonstrate all efforts in requesting technical support in order to submit an application by the deadline. Technical support is available via phone and email to the applicable SAM.gov, Grants.gov, or JustGrants support centers or service desks in which an applicant received a ticket number for resolution. If an applicant misses a deadline due to unforeseen technical difficulties, the applicant may request a waiver to submit an application after the deadline. Note: If an applicant does not submit all the required Grants.gov forms by the Grants.gov deadline, the applicant will not be able to proceed to the JustGrants portion of the application process.

An applicant experiencing technical difficulties with the following systems must contact the associated support desk indicated below to report the technical issue and receive a tracking number:

- SAM.gov — Contact the SAM Help Desk (Federal Service Desk).
- JustGrants — Contact the JustGrants Support Desk at JustGrants.Support@usdoj.gov or 833–872–5175.

An applicant requesting a waiver to submit a late application must document their request for technical assistance in an email to the OJP Response Center at grants@ncjrs.gov within 24 hours after the application deadline to request approval to submit their application after the deadline. If an applicant has technical issues with Grants.gov, the applicant must contact the OJP Response Center within 24 hours of the Grants.gov deadline to request approval to submit after the deadline. Waiver requests to submit after the submission deadline must:

- Describe the technical difficulties experienced.
- Include a timeline of the applicant's submission efforts (e.g., what date and time did the error occur, what date and time was action taken to resolve the issue and resubmit; and what date and time did support representatives respond).
- Include an attachment(s) of the complete grant application and all required documentation and material.
- Include the applicant's Unique Entity Identifier (UEI), and any applicable SAM.gov tracking number(s), Grants.gov Help Desk, and JustGrants Support Desk Ticket Numbers.
OJP will review each request for late submission and required supporting documentation and notify the applicant whether the request has been approved or denied. For more details on the waiver process, OJP encourages applicants to review the “Experiencing Unforeseen Technical Issues” section in the OJP Grant Application Resource Guide.

Application Review Information

Review Criteria

a. Merit Review Criteria

Applications that meet the basic minimum requirements will be evaluated by peer reviewers on how the proposed project/program addresses the following criteria:

1. Description of the Issue (15%) — Evaluate the applicant's understanding of the program/issue to be addressed.

2. Project Design and Implementation (35%) — Evaluate the adequacy of the proposal, including the goals, objectives, timelines, milestones, and deliverables.

3. Capabilities and Competencies (30%) — Evaluate the administrative and technical capacity of the applicant to successfully accomplish the goals and objectives.

4. Plan for Collecting the Data Required for this Solicitation’s Performance Measures (10%) — Evaluate the applicant's understanding of the performance data reporting requirements and the plan for collecting the required data.

5. Budget (10%) — Evaluate for completeness, cost effectiveness, and allowability (e.g., reasonable, allocable, and necessary for project activities).

b. Other Review Criteria/Factors

Other important considerations for BJA include geographic diversity, strategic priorities (specifically including, but not limited to, those priority areas already mentioned), available funding, past performance, and the extent to which the budget worksheet and budget narrative (web-based form) accurately explain project costs that are reasonable, necessary, and otherwise allowable under federal law and applicable federal cost principles.

Review Process

Applications submitted under this solicitation that meet the basic minimum requirements, will be evaluated for technical merit by a peer review panel(s) in accordance with OJP peer review policy and procedures using the review criteria listed above.

OJP screens applications to ensure they meet the basic minimum requirements prior to conducting the peer review. Although specific requirements may vary, the following are common requirements applicable to all OJP solicitations:

- The application must be submitted by an eligible type of applicant.
- The application must request funding within programmatic funding constraints (if applicable).
- The application must be responsive to the scope of the solicitation.
The application must include all items necessary to meet the basic minimum requirements.

Pursuant to the Part 200 Uniform Requirements, before award decisions are made, OJP also reviews information related to the degree of risk posed by the applicant. Among other things to help assess whether an applicant with one or more prior federal awards has a satisfactory record with respect to performance, integrity, and business ethics, OJP checks whether the applicant is listed in SAM as excluded from receiving a federal award.

In addition, if OJP anticipates that an award will exceed $250,000 in federal funds, OJP also must review and consider any information about the applicant that appears in the non-public segment of the integrity and performance system accessible through SAM (currently, the Federal Awardee Performance and Integrity Information System, FAPIIS).

Important note on FAPIIS: An applicant may review and comment on any information about itself that currently appears in FAPIIS and was entered by a federal awarding agency. OJP will consider such comments by the applicant, in addition to the other information in FAPIIS, in its assessment of the risk posed by the applicant.

Absent explicit statutory authorization or written delegation of authority to the contrary, all final award decisions will be made by the Assistant Attorney General, who may consider not only peer review ratings and BJA recommendations, but also other factors as indicated in this section.
