Program Description

Overview

OJP is committed to advancing work that promotes civil rights and racial equity, increases access to justice, supports crime victims and individuals impacted by the justice system, strengthens community safety and protects the public from crime and evolving threats, and builds trust between law enforcement and the community.

The Byrne State Crisis Intervention Program (Byrne SCIP) provides funding for the creation and/or implementation of extreme risk protection order (ERPO) programs, state crisis intervention court proceedings, and related gun violence reduction programs/initiatives.

Background

On June 25, 2022, President Biden signed the Bipartisan Safer Communities Act of 2022 into law to reduce gun violence and save lives, and to make progress toward keeping guns out of dangerous hands. In signing the bill into law, the President noted that this historic act “invests in antiviolence programs that work — that work directly with the people who are most likely to commit these crimes or become victims of gun crimes.”

An extreme risk protection order (ERPO) is a common-sense, effective measure to empower family members, health care providers, school officials, or law enforcement officers to petition a court to temporarily prevent a person from accessing firearms if they are found to be a danger to themselves or others (see the June 7, 2022, Statement of Administration Policy). In 2021, the Department of Justice released model legislation to help states create their own extreme risk protection order systems and provide for such intervention before warning signs turn into tragedy. The Bipartisan Safer Communities Act also seeks to ensure that extreme risk protection order laws — commonly referred to as “red flag laws” — and programs are implemented in accordance with the Constitution and provide for adequate due process protections. Programs must ensure the accused has the right to an in-person hearing, the right to know opposing evidence, and the right to be represented by counsel at no expense to the government.

Statutory Authority

violence reduction programs/initiatives. The Board must include, but is not limited to, representatives from law enforcement, the community, courts, prosecution, behavioral health providers, victim services, and legal counsel. Applicants must describe the advisory board, its membership, and governance structure for the purpose of this grant award.

State Crisis Intervention Program Plan and Budget Approval

Authorization of Subawards
All subawards must be expressly authorized by BJA post award via GAM before funds can be obligated for subawards.

Evaluation, Data Collection, and Required Cooperation
Recipients will be required to cooperate with BJA and its training and technical assistance provider to ensure that projects funded under this program are designed to protect the constitutional rights of individuals. Recipients will also be required to cooperate with the statutorily required evaluation activities as part of the terms and conditions of the award. Applicants may budget and allocate grant funding to meet specific research and programmatic requirements under this award regarding:

1. The effectiveness of the crisis intervention program or ERPO initiative in preventing violence and suicide
2. Measures that have been taken to safeguard the constitutional rights of an individual subject to a crisis intervention program or ERPO initiative.

Specifically, the use of grant funds to engage with a research partner to meet the evaluation, data collection, and required cooperation requirements is allowable and encouraged.

Mandatory Requirements for Extreme Risk Protection Order Programs
ERPO programs must include, at a minimum:

1. Pre-deprivation and post-deprivation due process rights that prevent any violation or infringement of the Constitution of the United States, including, but not limited to, the Bill of Rights and the substantive or procedural due process rights guaranteed under the Fifth and Fourteenth Amendments to the Constitution of the United States, as applied to the states and as interpreted by state courts and United States courts (including the Supreme Court of the United States).
   - Such programs must include, at the appropriate phase, to prevent any violation of constitutional rights, and at minimum notice, the right to an in-person hearing, an unbiased adjudicator, the right to know opposing evidence, the right to present evidence, and the right to confront adverse witnesses.

2. The right to be represented by counsel at no expense to the government.

3. Pre-deprivation and post-deprivation heightened evidentiary standards and proof which mean not less than the protections afforded to a similarly situated litigant in Federal court or promulgated by the state’s evidentiary body, and sufficient to ensure the full protections of the Constitution of the United States, including, but not limited to, the Bill of Rights and the substantive and procedural due process rights guaranteed under the Fifth and Fourteenth Amendments to the Constitution of the United States, as applied to the states and as interpreted by state courts and United States courts (including the Supreme Court of the United States).
   - The heightened evidentiary standards and proof under such programs must, at all appropriate phases, prevent any violation of any constitutional right, and at minimum, prevent reliance upon evidence that is unsworn or unaffirmed, irrelevant, based on inadmissible hearsay, unreliable, vague, speculative, and lacking a foundation.

4. Penalties for abuse of the program.

Limitations on the Use of Byrne SCIP Funds
Limitation on direct administrative costs – Funds may not be used for direct administrative costs that exceed 10
percent of the total award amount.

Matching Funds – Absent specific federal statutory authority to do so, Byrne SCIP award funds may not be used to match other federal awards.

Prohibition of supplanting – Funds may not be used to supplant state or local funds but must be used to increase the amounts of such funds that would, in the absence of federal funds, be made available.

Lobbying – In general, as a matter of federal law, funds may not be used, either directly or indirectly, to support the enactment, repeal, modification, or adoption of any law, regulation, or policy, at any level of government. See 18 U.S.C. 1913. Recipients and subrecipients must comply with the provisions in 2 C.F.R. § 200.450 (Lobbying) and 18 U.S.C. 1913 as appropriate. Also, see Chapter 2.1 of this DOJ Grants Financial Guide for more specifics about restrictions on lobbying. Should any question arise as to whether a particular use of award funds would or might fall within the scope of these prohibitions, the recipient is to contact BJA for guidance, and may not proceed without the express prior written approval of BJA.

Formula
Consistent with the Bipartisan Safer Communities Supplemental Appropriations Act, 2022, Byrne SCIP funds will be “…awarded pursuant to the formula allocation (adjusted in proportion to the relative amounts statutorily designated therefor) that was used in the fiscal year prior to the year for which funds are provided for the Edward Byrne Memorial Justice Assistance Grant Program….” Therefore, allocations for FY 2022-2023 Byrne SCIP are based on the FY 2021 and FY 2022 Edward Byrne Memorial Justice Assistance Grant (JAG) Program.

All funds will be awarded to the states to implement their programs. States can retain the full 60 percent share with no variable pass-through requirement.

Local Pass-through Requirement
Where applicable, states must pass through a 40 percent portion to local governments. (For the purpose of Byrne SCIP, a “unit of local government” is a city, county, township, town, or certain federally recognized American Indian tribes.) States have discretion on how the funds are passed through to units of local government, as informed by their Crisis Intervention Advisory Board. This pass-through is mandatory and not eligible for a waiver. This could include, but is not limited to, an organizational unit of government such as a prosecutor’s office, public defender’s office, law enforcement agency, public health agency, or court system.

Less than $10,000 Pass-through Requirement
Some units of local government were not eligible to receive a direct JAG award fund due to their small size in FY 2021 and FY 2022. (These small-sized units of local government are referred to as “less-than-$10,000 jurisdictions.”) However, under Byrne SCIP, states must provide additional funds to state courts that provide criminal justice and civil justice services for the “less-than-$10,000 jurisdictions” within the state and/or subaward the funds to such jurisdictions.

The less than $10,000 pass-through requirement is eligible for a waiver to the extent that (1) the state-administered project will directly benefit a unit of local government, and (2) one unit (or more) of local government voluntarily agrees and acknowledges in an appropriate written certification that the specified amount of state-administered funds would directly benefit the unit of local government in question and agrees that funding the project at the state level is in the best interest of the local government unit. To request a waiver of the less than $10,000 pass-through requirement, a recipient must, post-award:

1. Using OJP’s JustGrants system, submit a “Programmatic Costs” Grant Award Modification (GAM), marked “Other” and with “Byrne SCIP – Pass-Through Waiver” typed in the available text box.
2. Attach to the GAM a letter, on the letterhead of the recipient jurisdiction and signed by the recipient’s “authorized representative” for the Byrne SCIP award in question, that:
   - Provides a summary of the project(s) and stipulates the project(s) will directly benefit one or more units of local government.
   - Lists one or more units of local government that agrees funding of the project is in the best interest of the local government unit.

An applicant requesting a waiver to submit a late application must document their request for technical assistance in an email to the OJP Response Center at grants@ncjrs.gov within 24 hours after the application deadline to request approval to submit its application after the deadline. If an applicant has technical issues with Grants.gov, the applicant must contact OJP Response Center within 24 hours of the Grants.gov deadline to request approval to submit after the deadline. Waiver requests to submit after the submission deadline must:

- Describe the technical difficulties experienced.
- Include a timeline of the applicant's submission efforts (e.g., what date and time did the error occur, what date and time was action taken to resolve the issue and resubmit; and what date and time did support representatives respond).
- Include an attachment(s) of the complete grant application and all required documentation and material.
- Include the applicant's Unique Entity Identifier (UEI) and any applicable SAM.gov tracking number(s), Grants.gov Help Desk, and JustGrants Support Desk Ticket Numbers.

OJP will review each request for late submission and required supporting documentation and notify the applicant whether the request has been approved or denied. For more details on the waiver process, OJP encourages applicants to review the “Experiencing Unforeseen Technical Issues” section in the OJP Grant Application Resource Guide.

**Application Review Information**

**Review Process**

OJP reviews the application to make sure that the information presented is reasonable, understandable, measurable, achievable, and consistent with the solicitation. See the OJP Grant Application Resource Guide for information on the application review process for this solicitation.

Pursuant to the Part 200 Uniform Requirements, before award decisions are made, OJP also reviews information related to the degree of risk posed by the applicant. Among other things to help assess whether an applicant with one or more prior federal awards has a satisfactory record with respect to performance, integrity, and business ethics, OJP checks whether the applicant is listed in SAM as excluded from receiving a federal award. In addition, if OJP anticipates that an award will exceed $250,000 in federal funds, OJP also must review and consider any information about the applicant that appears in the non-public segment of the integrity and performance system accessible through SAM (currently, the Federal Awardee Performance and Integrity Information System, FAPIIS).

**Important note on FAPIIS:** An applicant, at its option, may review and comment on any information about itself that currently appears in FAPIIS and was entered by a federal awarding agency. OJP will consider such comments by the applicant, in addition to the other information in FAPIIS, in its assessment of the risk posed by the applicant.

Absent explicit statutory authorization or written delegation of authority to the contrary, the Assistant Attorney General will make all final award decisions.
