Program Description

Overview

OJP is committed to advancing work that promotes civil rights and racial equity, increases access to justice, supports crime victims and individuals impacted by the justice system, strengthens community safety and protects the public from crime and evolving threats, and builds trust between law enforcement and the community.

The Second Chance Act (SCA) of 2007 (Public Law 110-199), reauthorized by the First Step Act of 2018, provides a comprehensive response to assist in the transition individuals make from prison, jail, or juvenile residential facilities to their communities so that the transition is more successful and promotes public safety. SCA's reentry-focused grant funding is designed to help communities develop and implement comprehensive and collaborative strategies that address the challenges posed by reentry and recidivism reduction. "Reentry" is not a specific program but rather an ongoing process that starts from the moment an individual is initially incarcerated and continues throughout that individual's transition from incarceration and reintegration into the community.

With this solicitation, BJA seeks to improve educational and employment programs that serve individuals during incarceration and throughout their period of reentry into the community. The Second Chance Act Improving Reentry Education and Employment Outcomes Program promotes an evidence-based and data-informed approach that will provide meaningful opportunities, interrupt the cycle of unemployment, improve economic mobility, and promote reentry success for formerly incarcerated adults.

The Improving Reentry Education and Employment Outcomes Program is part of the Second Chance Act suite of program in FY 2023. This year, a range of programs for states, local government units, tribal governments, and nonprofit organizations are being competed, including:

- Community Reentry
- Improving Adult and Juvenile Crisis Stabilization and Community Reentry
- Improving Substance Use Disorder Treatment and Recovery Outcomes for Adults in Reentry
- Pay for Success
- Smart Supervision
- Swift, Certain, and Fair Supervision and HOPE Institute

Not all entities are eligible for all programs. Applicants are encouraged to review each solicitation in its entirety to determine their eligibility, if it fits their proposal, and if taking advantage of another funding opportunity could further enhance a comprehensive approach to supporting individuals with substance use and other co-occurring disorders treatment and recovery support needs that have come in contact with the justice system. Additional details on the SCA suite and other BJA programs can be found on the DOJ Grants Program Plan.

Statutory Authority

Specific Information

This program supports corrections systems' and nonprofit organizations' abilities to implement and expand education and employment programs that serve individuals during incarceration and throughout their period of reentry into the community. These programs will work to reduce recidivism, promote reentry success, and enhance employment and economic mobility prospects for incarcerated adults reentering the workforce. Programs should be focused on serving individuals during the 3-year period before their release as well as providing ongoing services throughout their reentry into the community.
Applicants are encouraged to consider a broad range of key stakeholders at the local and state levels who have an interest in reentry, education, and employment and to consider what broader workforce, employment, and education initiatives are already underway in the applicant’s municipality, state, or region. For example, a state or region may have an initiative underway to build a jobs funnel or skills pipeline in a specific field, such as advanced manufacturing or green energy, in which formerly incarcerated workers may make up a small part. Similarly, a state may be pursuing a multi-agency effort to increase the number of adults with postsecondary credentials, which could include incarcerated learners. In addition to criminal justice stakeholders, it is important to engage early with the local workforce board, employers, faith-based institutions, community-based organizations, and chambers of commerce who are thinking about talent pipelines. State offices of higher education, community colleges, and other higher education institutions also make excellent partners in this work. By sharing information with these stakeholders, the applicant can connect to broader reentry-related efforts regarding education and employment.

Programs funded under this solicitation should exhibit strong partnerships between corrections, community supervision (e.g., parole and probation), educational institutions, workforce development entities, reentry service providers, and others.

**Prerelease access**

Participants must be screened, assessed, and identified for program participation prerelease. During the post-release phase of the education/employment program, participants must receive case management services and be connected to evidence-based programming designed to assist in their transition from prison or jail to the community. Where feasible, case management services and evidence-based programming should begin during the prerelease phase.

**Resources on the Mandated Pell Reinstatement for Incarcerated Students**

- **Prison Education Program:**
  

- **Final regulations (10/28/22):**
  

**Correctional Partner Memorandum of Agreement**

Nonprofit organizations and noncorrectional government applicants must include, as an attachment, a memorandum of agreement or understanding (MOA or MOU) that clearly demonstrates an established, collaborative relationship between the applicant and the correctional agency that (1) oversees the specific facility or facilities from which the applicant proposes to recruit the target reentering population and (2) oversees community corrections (probation and/or parole) for the target population. The MOAs/MOUs must include the following information:

1. The roles and responsibilities for staff from both agencies involved in the program.
2. Terms of access to the correctional facility or facilities for program staff. (If applicants are unable to conduct in-reach into correctional facilities, the application should explain the reason(s) why such access is not practicable.)
3. Information on prerelease programming and interventions provided by the correctional agency to each participant.
4. The data elements and performance measures that the partnering agencies will provide — or assist the grantee in obtaining — for the purpose of measuring the impact of grant activities.

5. Description of the evidence-based programming and/or intervention for the target population.

For additional information and applicable documentation to be included in the application, see the OJP Grant Application Resource Guide section entitled “Information Regarding Potential Evaluation of Programs and Activities.”

**Priority Areas**

The Department of Justice is committed to advancing work that promotes civil rights and racial equity, increases access to justice, supports crime victims and individuals impacted by the justice system, strengthens community safety and protects the public from crime and evolving threats, and builds trust between law enforcement and the community.
1. Priority Considerations Supporting Executive Order 13985, Advancing Racial Equity and Support for Underserved Communities Through the Federal Government

In support of this Executive Order, OJP will provide priority consideration when making award decisions to the following:

A. Applications that propose project(s) that are designed to promote racial equity and the removal of barriers to access and opportunity for communities that have been historically underserved, marginalized, and adversely affected by inequality.

To receive this consideration, the applicant must describe how the proposed project(s) will address potential racial inequities and contribute to greater access to services and opportunities for communities that have been historically underserved, marginalized, and adversely affected by inequality, and identify how the project design and implementation will specifically incorporate the input or participation of those communities and populations disproportionately impacted by crime, violence, and the criminal justice system overall. Examples addressing this requirement include, but are not limited to, the following: budgeted project planning and/or implementation meetings with community stakeholders representing historically underserved and marginalized communities; outreach and/or public awareness campaigns specifically tailored to historically underserved and marginalized communities to encourage participation in the proposed project(s); budgeted incorporation of members representing historically underserved and marginalized communities in program evaluation, surveys, or other means of project feedback; and partnership with organizations that primarily serve communities that have been historically underserved, marginalized, and adversely affected by inequality.

B. Applicants that demonstrate that their capabilities and competencies for implementing their proposed project(s) are enhanced because they (or at least one proposed subrecipient that will receive at least 40% of the requested award funding, as demonstrated in the Budget Web-Based Form) identify as a culturally specific organization.

To receive this additional priority consideration, applicants must describe how being a culturally specific organization (or funding the culturally specific subrecipient organization(s)) will enhance their ability to implement the proposed project(s) and should also specify which populations are intended or expected to be served or to have their needs addressed under the proposed project(s).

Culturally specific organizations are defined for the purposes of this solicitation as private nonprofit or tribal organizations whose primary purpose as a whole is to provide culturally specific services to racial and ethnic groups, including, among others, Black people, Hispanic and Latino people, Native American and other Indigenous peoples of North America (including Alaska Native, Eskimo, and Aleut), Asian Americans, Native Hawaiians, and/or Pacific Islanders.

2. Category 2 applicants can receive priority consideration for applications that:

   a. Provide an assessment of local demand for employees in the geographic areas to which incarcerated individuals are likely to return as well as provide job-training grants that look at the local labor/job markets in communities where individuals leaving incarceration are returning.

   b. Conduct individualized reentry career planning upon the start of incarceration or post-release employment planning for each individual served under the grant.

   c. Demonstrate connections to employers within the local community.

   d. Track and monitor employment outcomes.

Note: Addressing these priority areas is one of many factors that OJP considers in making funding decisions. Receiving priority consideration for one or more priority areas does not guarantee an award.

Describe the process for assessing the program’s effectiveness through the collection and reporting of the required performance metrics data.

Note: An applicant is not required to submit performance data with the application. Rather, performance measure information is included as a notification that award recipients will be required to submit performance data as part of each award’s reporting requirements. Some measures are presented as examples, while others are the exact measures that every recipient will be expected to address.

OJP will require each award recipient to submit regular performance data that show the completed work’s results. The performance data directly relate to the goals, objectives, and deliverables identified in the “Goals, Objectives, and Deliverables” discussion. Applicants can visit OJP’s performance measurement page at www.ojp.gov/performance for an overview of performance measurement activities at OJP.

A list of performance measure questions for this program can be found at https://bja.ojp.gov/funding/performance-measures/SCA-Improving-Education-Employment-Measures.pdf

BJA will require award recipients to submit performance measure data and performance reports in JustGrants. BJA will provide further guidance on the post-award submission process, if the applicant is selected for award.

Note on Project Evaluations
An applicant that proposes to use award funds through this solicitation to conduct project evaluations must follow the guidance in the “Note on Project Evaluations” section in the OJP Grant Application Resource Guide.

Goal, Objective and Deliverables
The applicant will submit the project’s goals, objectives, deliverables and timeline in the JustGrants web-based form. The applicant will also enter the projected fiscal year and quarter that each objective and deliverable will be completed. Please refer to the Application Submission Job Aid for step-by-step directions.

Goals. The applicant should describe the project’s intent to change, reduce, or eliminate the problem noted in the previous section and outline the project’s goals.

Program Objectives. The applicant should explain how the program will accomplish its goals. Objectives are specific, quantifiable statements of the project’s desired results. They should be measurable and clearly linked to the goal.

Deliverables. Project deliverables refer to outputs—tangible or intangible—that are submitted within the scope of a project.

Budget and Associated Documentation
Budget Worksheet and Budget Narrative (Web-based Form)
The applicant will complete the JustGrants web-based budget form. For additional information, see the OJP Grant Application Resource Guide and the Complete the Application in JustGrants – Budget training.

If the applicant is seeking priority consideration under Priority 1(B) based on the identification of at least one proposed subrecipient as a culturally specific organization, the proposed funding for the subrecipient in the web-based budget form must reflect a minimum of 40% of award funding. The budget narrative must also describe how the activities that will be funded with the (minimum) 40% of award funding provided to the subrecipient specifically relate to the priority consideration requested and described in the Capabilities and Competencies section of the application.

How to Apply

Registration: Before submitting an application, all applicants must register with the System for Award Management (SAM). You must renew and validate your registration every 12 months. If you do not renew your SAM registration, it will expire. An expired registration can delay or prevent application submission in Grants.gov and JustGrants. Registration and renewal can take up to 10 business days to complete.

Submission: Applications must be submitted to DOJ electronically through a two-step process via Grants.gov and JustGrants.

Step 1: After registering with SAM, the applicant must submit the SF-424 and SF-LLL in Grants.gov at https://www.grants.gov/web/grants/register.html by the Grants.gov deadline. Submit the SF-424 and SF-LLL as early as possible, but no later than 48 hours before the Grants.gov deadline. If an applicant fails to submit in Grants.gov, they will be unable to apply in JustGrants.

Step 2: The applicant must then submit the full application, including attachments, in JustGrants at JustGrants.usdoj.gov by the JustGrants deadline.

Within 24 hours after receipt of confirmation emails from Grants.gov, the individual in Section 8F of the SF-424 will receive an email from DIAMD-NoReply@usdoj.gov with instructions on how to create a JustGrants account. Register the Entity Administrator and the Application Submitter with JustGrants as early as possible but no later than 48-72 hours before the JustGrants deadline. Once registered in JustGrants, the Application Submitter will receive an emailed link to complete the rest of the application in JustGrants. The Entity Administrator also will need to log into JustGrants to review and invite the applicant’s Authorized Representative(s) before an application can be submitted.

Submit the complete application package in JustGrants at least 24 – 48 hours prior to the JustGrants deadline. Some of the application components will be entered directly into JustGrants, and others will require uploading attached documents. Therefore, applicants will need to allow ample time before the JustGrants deadline to prepare each component. Applicants may save their progress in the system and revise the application as needed prior to hitting the Submit button at the end of the application in JustGrants.

For additional information, see the “How to Apply” section in the OJP Grant Application Resource Guide and the DOJ Application Submission Checklist.

Submission Dates and Time
The SF-424 and the SF-LLL must be submitted in Grants.gov by March 28, 2023 8:59 PM ET

The full application must be submitted in JustGrants by April 04, 2023 8:59 PM ET

OJP urges applicants to submit their Grants.gov and JustGrants submissions prior to the due dates with sufficient time to correct any errors and resubmit by the submission deadlines if a rejection notification is received. To be considered timely, the full application must be submitted in JustGrants by the JustGrants application deadline. Failure to begin the SAM.gov, Grants.gov, or JustGrants registration process in sufficient time (i.e., waiting until the date identified in this solicitation) is not an acceptable reason for late submission.

Experiencing Unforeseen Technical Issues Preventing Submission of an Application

OJP will only consider requests to submit an application after the deadline when the applicant can document that a technical issue with a government system prevented application submission.

If an applicant misses a deadline due to unforeseen technical issues with SAM.gov, Grants.gov, or JustGrants, the applicant may request a waiver to submit an application after the deadline. However, the waiver request will not be considered unless it includes a tracking number generated when the applicant contacts the applicable service desks to report technical difficulties. Tracking numbers are generated automatically when an applicant emails the applicable service desks; and for this reason applicants are encouraged to email the appropriate service desk, even if they also intend to call the service desk for phone support. Experiencing wait times for phone support does not relieve the applicant of the responsibility of getting a tracking number.

An applicant experiencing technical difficulties must contact the associated service desk indicated below to report the technical issue and receive a tracking number:

- SAM.gov - contact the SAM Help Desk (Federal Service Desk), Monday – Friday from 8 a.m. to 8 p.m. ET at 866-606-8220;
- Grants.gov - contact the Grants.gov Customer Support Hotline, 24 hours a day, 7 days a week, except on federal holidays, at 800-518-4726, 606-545-5035, or support@grants.gov;
- JustGrants - contact the JustGrants Service Desk at JustGrants.Support@usdoj.gov or 833-872-5175, Monday – Friday from 7 a.m. to 9 p.m. ET and Saturday, Sunday, and Federal holidays from 9 a.m. to 5 p.m. ET.

If an applicant has technical issues with SAM.gov or Grants.gov, the applicant must contact the OJP Response Center at grants@ncjrs.gov within 24 hours of the Grants.gov deadline to request approval to submit after the deadline.

If an applicant has technical issues with JustGrants that prevent application submission by the deadline, the applicant must contact the OJP Response Center at grants@ncjrs.gov within 24 hours of the JustGrants deadline to request approval to submit after the deadline.

Waiver requests sent to the OJP Response Center must -

- describe the technical difficulties experienced,
- include a timeline of the applicant's submission efforts (e.g., date and time the error occurred, date and time of actions taken to resolve the issue and resubmit; and date and time support representatives responded),
- include an attachment of the complete grant application and all the required documentation and materials,
- include the applicant's Unique Entity Identifier (UEI), and
- include any SAM.gov, Grants.gov, and JustGrants Service Desk tracking numbers documenting the technical issue.

OJP will review each waiver request and the required supporting documentation and notify the applicant.
whether the request for late submission has been approved or denied. An applicant who does not provide documentation of a technical issue or who does not submit a waiver request within the required time period will be denied.

For more details on the waiver process, OJP encourages applicants to review the “Experiencing Unforeseen Technical Issues” section in the OJP Grant Application Resource Guide.

Application Review Information

Review Criteria

Merit Review Criteria

Applications that meet the basic minimum requirements will be evaluated by peer reviewers on how the proposed project/program addresses the following criteria:

1. Statement of the Problem/Description of the Issue (15%) - evaluate the applicant’s understanding of the program/issue to be addressed.
2. Project Design and Implementation (35%) - evaluate the adequacy of the proposal, including the goals, objectives, timelines, milestones, and deliverables.
3. Capabilities and Competencies (30%) - evaluate the applicant’s administrative and technical capacity to successfully accomplish the goals and objectives.
4. Plan for Collecting the Data Required for this Solicitation’s Performance Measures (10%) - evaluate the applicant’s understanding of the performance data reporting requirements and the plan for collecting the required data.
5. Budget (10%) - evaluate for completeness, cost effectiveness, and allowability (e.g., reasonable, allocable, and necessary for project activities).

Other Review Criteria/Factors

Other important considerations for BJA include geographic diversity, strategic priorities (specifically including, but not limited to, those priority areas already mentioned, if applicable), available funding, past performance, and the extent to which the Budget Web-Based form accurately explains project costs that are reasonable, necessary, and otherwise allowable under federal law and applicable federal cost principles.

Review Process

Applications submitted under this solicitation that meet the basic minimum requirements will be evaluated for technical merit by a peer review panel(s) in accordance with OJP peer review policy and procedures using the review criteria listed above.

OJP screens applications to ensure they meet the basic minimum requirements prior to conducting the peer review. Although specific requirements may vary, the following are common requirements applicable to all OJP solicitations:

- The application must be submitted by an eligible type of applicant.
- The application must request funding within programmatic funding constraints (if applicable).
- The application must be responsive to the scope of the solicitation.
- The application must include all items necessary to meet the basic minimum requirements.

Pursuant to the Part 200 Uniform Requirements, before award decisions are made, OJP also reviews information related to the degree of risk posed by the applicant entity. Among other things to help assess whether an applicant with one or more prior federal awards has a satisfactory record of performance, integrity, and business ethics, OJP checks whether the applicant entity is listed in SAM as excluded from receiving a federal award.
In addition, if OJP anticipates that an award will exceed $250,000 in federal funds, OJP also must review and consider any information about the applicant entity that appears in the non-public segment of the integrity and performance system accessible through SAM (currently, the Federal Awardee Performance and Integrity Information System, FAPIIS).

**Important Note on FAPIIS:** An applicant may review and comment on any information about its organization that currently appears in FAPIIS and was entered by a federal awarding agency. OJP will consider such comments by the applicant, in addition to the other information in FAPIIS, in its assessment of the risk posed by the applicant entity.

Absent explicit statutory authorization or written delegation of authority to the contrary, all final award decisions will be made by the Assistant Attorney General, who may consider not only peer review ratings and BJA recommendations, but also other factors as indicated in this section.

**Federal Award Administration Information**

**Federal Award Notices**

Generally, award notifications are made by the end of the current Federal fiscal year, September 30th. See the OJP Grant Application Resource Guide for information on award notifications and instructions.

For additional information on these legal requirements, see the “Administrative, National Policy, and Other Legal Requirements” section in the OJP Grant Application Resource Guide.

**Information Technology (IT) Security Clauses**

An application in response to this solicitation may require inclusion of information related to information technology security. See the OJP Grant Application Resource Guide for more information.

Standard Solicitation Resources
OJP Grant Application Resource Guide provides guidance to assist OJP grant applicants in preparing and submitting applications for OJP funding.

DOJ Grants Financial Guide serves as the primary reference manual to assist award recipients in fulfilling their fiduciary responsibility to safeguard grant funds and to ensure funds are used for the purposes for which they were awarded. It compiles a variety of laws, rules and regulations that affect the financial and administrative management of DOJ awards. This guide serves as a starting point for all award recipients and subrecipients of DOJ grants and cooperative agreements in ensuring the effective day-to-day management of awards.

JustGrants Resources Website is an entryway into information about JustGrants and the grants
management system itself. Through this portal both award recipients and applicants can access training resource and user support options, find frequently asked questions and sign-up for the JustGrants Update e-newsletter.

JustGrants Application Submission Training Page offers helpful information and resources on the application process. This training page includes e-learning videos, reference guides, checklists and other resources to help applicants complete an application.
