### Statutory Authority

Pub. L. No. 90-351, Title I, Sec. 506(b) (codified at 34 U.S.C. 10157(b)) The Edward Byrne Memorial Justice Assistance Grant (JAG) Program authorization provides that up to 5 percent of the funds available to carry out subpart 1 of Title I, Part E of the Omnibus Crime Control and Safe Streets Act of 1968 may be granted, among other reasons, for one or more of the purposes specified in 34 U.S.C. § 10152 upon a determination that it is necessary “to combat, address, or otherwise respond to precipitous or extraordinary increases in crime, or in a type or types of crime.” 34 U.S.C. § 10157(b)(1).

## Specific Information

National PSP's mission is to increase collaboration and build capacity among intra- and interagency law enforcement, prosecutorial, and community partners to enhance public safety. PSP is designed to promote interagency coordination by leveraging specialized law enforcement expertise with dedicated prosecutorial resources to promote public and community safety. An important component of each PSP site's three-year engagement is the development of a PSP Violence Reduction Strategic Plan. The plan serves as a key component in building and sustaining violence reduction efforts. The strategic plan includes measurable goals, objectives, and desired outcomes for PSP. It also includes an implementation strategy and a plan to monitor and evaluate progress. Additionally, PSP offers a variety of assessments that aid in the development of the strategic plan at participating sites to provide a baseline understanding of challenges and areas for growth within the participating departments and agencies. The following are recommended baseline assessments that PSP sites may engage in based on the needs of their agency and jurisdiction:

- Crime analysis capacity assessment works to identify analytical gaps and training and technical assistance (TTA) resources for personnel to enhance capacities to conduct analyses and implement data-driven operations.
- Detective function assessment aims to review and assess criminal case management and detective functions.
- Grants assessment assists with the development of a method to enhance private, state, and federal funding using a grant strategy planning process.
- Homicide investigations and prosecution assessment aims to identify strengths and gaps in homicide investigation processes to assist local efforts to reduce violent crime, conduct high quality investigations, and produce successful prosecutions.
- Nonfatal shooting (NFS) and gun violence reduction assessment provides evidence-based recommendations to enhance the quality of NFS investigations and reduce gun violence.
- Technology assessment seeks to provide insight in planning and implementing future technology-driven justice initiatives focused on an agency's technical resources and abilities.
- Victim services assessment is structured to determine critical victim service area needs and assess the community-level capacity to effectively respond to crime victims.
- Violence analysis assessment seeks to understand the scope and nature of violence in the site to assist with the design of a comprehensive response to violence, including prevention, intervention, and suppression strategies.
- Prosecution assessment helps identify strengths and gaps in violent crime prosecutions and assess capacities to prosecute violent crime using federal and state law.

## Goals, Objectives, and Deliverables

### Goals

The program's goal is to assist PSP sites who are entering their third year and/or have completed their three engagements with PSP with resources to implement recommendations that facilitate the sites' strategic plans to reduce violence, as well as support personnel and technological enhancements that support the cities' strategic plan and assessment recommendations and enhance their capacities to combat violent crime, increasing their

potential to be sustained over time.

### **Objectives**

- Enhance current programs and/or establish new programs that address the goals of the site's strategic plan and assessment recommendations.
- Establish and/or expand programming that enhances the local jurisdiction's ability to effectively and sustainably prevent and respond to crime, especially violent crime; the programming could include the hiring of new law enforcement agency and prosecutorial personnel.
- Invest in technology to support the analysis of intelligence and data in innovative ways that enable site prosecutorial and local law enforcement agencies to identify case leads, identify violent criminal activity, and focus resources on the people and places associated with high concentrations of crime.
- Invest in civilian subject matter experts and personnel such as crime analysts or investigative analysts to support violent crime reduction.

### **Deliverables**

- Implementation of a site's strategic plan and assessment recommendations to improve their ability to prevent, reduce, and respond to crime fairly, effectively, and sustainably.
- Written policies or procedures that demonstrate operational changes originated by the project.
- Regular coordination and reporting with current PSP TTA providers on the implementation of strategies that support the strategic plan and/or assessment funded under the project.

The Goals, Objectives, and Deliverables are directly related to the performance measures that show the completed work's results, as discussed in the "Application and Submission Information" section.

### **Evidence-Based Programs or Practices**

OJP strongly encourages the use of data and evidence in policymaking and program development for criminal justice, juvenile justice, and crime victim services. For additional information and resources on evidence-based programs or practices, see the [OJP Grant Application Resource Guide](#).

### **Information Regarding Potential Evaluation of Programs and Activities**

OJP may conduct or support an evaluation of the projects and activities funded under this solicitation. For additional information and applicable documentation to be included in the application, see the [OJP Grant Application Resource Guide](#) section entitled "Information Regarding Potential Evaluation of Programs and Activities."

### **Priority Areas**

The Department of Justice is committed to advancing work that promotes civil rights and racial equity, increases access to justice, supports crime victims and individuals impacted by the justice system, strengthens community safety and protects the public from crime and evolving

threats, and builds trust between law enforcement and the community.

1. Priority Considerations Supporting Executive Order 13985, *Advancing Racial Equity and Support for Underserved Communities Through the Federal Government*

In support of this Executive Order, OJP will provide priority consideration when making award decisions to the following:

A. Applications that propose project(s) that are designed to promote racial equity and the removal of barriers to access and opportunity for communities that have been historically underserved, marginalized, and adversely affected by inequality.

To receive this consideration, the applicant must describe how the proposed project(s) will address potential racial inequities and contribute to greater access to services and opportunities for communities that have been historically underserved, marginalized, and adversely affected by inequality, and identify how the project design and implementation will specifically incorporate the input or participation of those communities and populations disproportionately impacted by crime, violence, and the criminal justice system overall. Examples addressing this requirement include, but are not limited to, the following: budgeted project planning and/or implementation meetings with community stakeholders representing historically underserved and marginalized communities; outreach and/or public awareness campaigns specifically tailored to historically underserved and marginalized communities to encourage participation in the proposed project(s); budgeted incorporation of members representing historically underserved and marginalized communities in program evaluation, surveys, or other means of project feedback; and partnership with organizations that primarily serve communities that have been historically underserved, marginalized, and adversely affected by inequality.

B. Applicants that demonstrate that their capabilities and competencies for implementing their proposed project(s) are enhanced because they (or at least one proposed subrecipient that will receive **at least 40%** of the requested award funding, as demonstrated in the Budget Web-Based Form) identify as a *culturally specific organization*.

To receive this additional priority consideration, applicants must describe how being a culturally specific organization (or funding the culturally specific subrecipient organization(s)) will enhance their ability to implement the proposed project(s) and should also specify which populations are intended or expected to be served or to have their needs addressed under the proposed project (s).

Culturally specific organizations are defined for the purposes of this solicitation as private nonprofit or tribal organizations whose primary purpose as a whole is to provide culturally specific services to racial and ethnic groups, including, among others, Black people, Hispanic and Latino people, Native American and other Indigenous peoples of North America (including Alaska Native, Eskimo, and Aleut), Asian Americans, Native Hawaiians, and/or Pacific Islanders.

2. Priority Considerations Supporting Executive Order 14074, *Advancing Effective, Accountable Policing and Criminal Justice Practices to Enhance Public Trust and Public Safety*

Executive Order 14074, Advancing Effective, Accountable Policing and Criminal Justice Practices to Enhance Public Trust and Public Safety requires the Attorney General, through discretionary grantmaking and training and technical assistance, to encourage and support State, Tribal, local, and territorial governments and law enforcement agencies to adopt the policies, best practices, and guidelines addressed in the executive order, including, but not limited to: (i) investigating deaths in custody; (ii) recruiting and retaining diverse and service-oriented law enforcement professionals; (iii) collecting and reporting use of force and misconduct data; (iv) improving community and law enforcement dialogue; (v) responding to individuals in mental health crisis or with disabilities; (vi) the proper and responsible use of technology; (vii) restrictions on unannounced entries and certain restraints; (viii) addressing implicit bias; (ix) restricting the use of militarized equipment; (x) broader criminal justice reform; and, (xi) officer wellness and mental health.

As such guidance is developed in accordance with the executive order, and where the guidance is applicable to the specific solicitation, DOJ will identify specific opportunities for training and technical assistance and priority consideration for applications that demonstrate or seek to support the policies of the Executive Order.

For the purposes of this solicitation, OJP and COPS will provide priority consideration for the following items, for which DOJ has already issued policies, guidance, and/or best practices:

1. Participation in the collection and reporting to DOJ of data on law enforcement use of force and deaths in custody;
2. Participation in the collection and reporting to DOJ of data on officer suicides and officers killed and assaulted;
3. Restrictions on unannounced entries and neck/carotid restraints; and,
4. Restrictions on the possession and use of militarized equipment.

To receive this consideration, the applicant must describe how they currently support one or more of the identified policy areas or how the proposed project(s) will address one or more of the identified policy areas.

Note: Addressing these priority areas is one of many factors that OJP considers in making funding decisions. Receiving priority consideration for one or more priority areas does not guarantee an award.

## **Letters of Support**

Applicants should include, for each named partner entity, a signed Letter of Support that confirms the partner’s agreement to support the project through commitments of staff time, space, services, or other project needs. Applications submitted from two or more entities are encouraged to submit signed Letters of Support that provide a detailed description of how the agencies will work together to meet project requirements.

Each Letter of Support should include the following: (1) names of the organizations involved in the agreement, (2) scope of the direct service(s) and other work to be performed under the agreement, and (3) duration of the agreement. Letters of Support should be signed and then submitted as one separate attachment to the application.

### **Research and Evaluation Independence and Integrity Statement**

If an application proposes research (including research and development) and/or evaluation, the applicant must demonstrate research/evaluation independence and integrity, including appropriate safeguards, before it may receive award funds. The applicant will upload documentation of its research and evaluation independence and integrity as an attachment in JustGrants. For additional information, see the [OJP Grant Application Resource Guide](#).

### **Disclosures and Assurances**

The applicant will address the following disclosures and assurances.

#### **Disclosure of Lobbying Activities**

Complete and submit the SF-LLL in Grants.gov. Once the applicant submits in Grants.gov, this information will pre-pend into JustGrants. See the [OJP Grant Application Resource Guide](#) for additional information.

#### **DOJ Certified Standard Assurances**

Review and accept the DOJ Certified Standard Assurances in JustGrants. See the [OJP Grant Application Resource Guide](#) for additional information.

#### **Applicant Disclosure of Duplication in Cost Items**

Complete the JustGrants web-based Applicant Disclosure of Duplication in Cost Items form. See the [OJP Grant Application Resource Guide](#) for additional information.

#### **DOJ Certifications Regarding Lobbying; Debarment, Suspension and Other Responsibility Matters; Drug-Free Workplace Requirements; Law Enforcement and Community Policing**

Review and accept the DOJ Certified Certifications Regarding Lobbying; Debarment, Suspension and Other Responsibility Matters; Drug-Free Workplace Requirements; Law Enforcement and Community Policing. See the [OJP Grant Application Resource Guide](#) for additional information.

#### **Applicant Disclosure and Justification - DOJ High Risk Grantees**

If applicable, submit the DOJ High Risk Disclosure and Justification as an attachment in JustGrants. A DOJ High Risk Grantee is an award recipient that has received a DOJ High Risk designation based on a documented history of unsatisfactory performance; financial instability; management system or other internal control deficiencies; noncompliance with award terms and conditions on prior awards or is otherwise not responsible. See the [OJP Grant Application Resource Guide](#) for additional information.

## How to Apply

**Registration:** Before submitting an application, all applicants must register with the System for Award Management (SAM). You must renew and validate your registration every 12 months. If you do not renew your SAM registration, it will expire. An expired registration can delay or prevent application submission in Grants.gov and JustGrants. Registration and renewal can take up to 10 business days to complete.

**Submission:** Applications must be submitted to DOJ electronically through a two-step process via Grants.gov and JustGrants.

**Step 1:** After registering with SAM, the applicant must submit the **SF-424** and **SF-LLL** in Grants.gov at <https://www.grants.gov/web/grants/register.html> by the Grants.gov deadline. **Submit the SF-424 and SF-LLL as early as possible, but no later than 48 hours before the Grants.gov deadline.** If an applicant fails to submit in Grants.gov, they will be unable to apply in JustGrants.

**Step 2:** The applicant must then submit the **full application**, including attachments, in JustGrants at [JustGrants.usdoj.gov](https://www.justgrants.usdoj.gov) by the JustGrants deadline.

Within 24 hours after receipt of confirmation emails from Grants.gov, the individual in Section 8F of the SF-424 will receive an email from [DIAMD-NoReply@usdoj.gov](mailto:DIAMD-NoReply@usdoj.gov) with instructions on how to create a JustGrants account. Register the Entity Administrator and the Application Submitter with JustGrants as early as possible but no later than 48-72 hours before the JustGrants deadline. Once registered in JustGrants, the Application Submitter will receive an emailed link to complete the rest of the application in JustGrants. The Entity Administrator also will need to log into JustGrants to review and invite the applicant's Authorized Representative(s) before an application can be submitted.

Submit the complete application package in JustGrants at least 24 – 48 hours prior to the JustGrants deadline. Some of the application components will be entered directly into JustGrants, and others will require uploading attached documents. Therefore, applicants will need to allow ample time before the JustGrants deadline to prepare each component. Applicants may save their progress in the system and revise the application as needed prior to hitting the Submit button at the end of the application in JustGrants.

For additional information, see the “How to Apply” section in the [OJP Grant Application Resource Guide](#) and the [DOJ Application Submission Checklist](#).

## Submission Dates and Time

The **SF-424** and the **SF-LLL** must be submitted in Grants.gov by June 05, 2023 8:59 PM ET

The **full application** must be submitted in JustGrants by June 12, 2023 8:59 PM ET

OJP urges applicants to submit their Grants.gov and JustGrants submissions prior to the due dates with sufficient time to correct any errors and resubmit by the submission deadlines if a rejection notification is received. To be considered timely, the **full application** must be submitted in JustGrants by the JustGrants application deadline. Failure to begin the SAM.gov,

Grants.gov, or JustGrants registration process in sufficient time (i.e., waiting until the date identified in this solicitation) is not an acceptable reason for late submission.

### **Experiencing Unforeseen Technical Issues Preventing Submission of an Application**

OJP will only consider requests to submit an application after the deadline when the applicant can document that a technical issue with a government system prevented application submission.

If an applicant misses a deadline due to unforeseen technical issues with SAM.gov, Grants.gov, or JustGrants, the applicant may request a waiver to submit an application after the deadline. However, the waiver request will not be considered unless it includes a tracking number generated when the applicant contacts the applicable service desks to report technical difficulties. Tracking numbers are generated automatically when an applicant emails the applicable service desks; and for this reason applicants are encouraged to email the appropriate service desk, even if they also intend to call the service desk for phone support. Experiencing wait times for phone support does not relieve the applicant of the responsibility of getting a tracking number.

An applicant experiencing technical difficulties must contact the associated service desk indicated below to report the technical issue and receive a tracking number:

- SAM.gov - contact the SAM Help Desk (Federal Service Desk), Monday – Friday from 8 a.m. to 8 p.m. ET at 866-606-8220.
- Grants.gov - contact the Grants.gov Customer Support Hotline, 24 hours a day, 7 days a week, except on federal holidays, at 800-518-4726, 606-545-5035, or support@grants.gov.
- JustGrants - contact the JustGrants Service Desk at JustGrants.Support@usdoj.gov or 833-872-5175, Monday – Friday from 7 a.m. to 9 p.m. ET and Saturday, Sunday, and Federal holidays from 9 a.m. to 5 p.m. ET.

If an applicant has technical issues with SAM.gov or Grants.gov, the applicant must contact the OJP Response Center at grants@ncjrs.gov within **24 hours of the Grants.gov deadline** to request approval to submit after the deadline.

If an applicant has technical issues with JustGrants that prevent application submission by the deadline, the applicant must contact the OJP Response Center at grants@ncjrs.gov within 24 hours of the JustGrants deadline to request approval to submit after the deadline.

Waiver requests sent to the OJP Response Center must -

- describe the technical difficulties experienced,
- include a timeline of the applicant's submission efforts (e.g., date and time the error occurred, date and time of actions taken to resolve the issue and resubmit; and date and time support representatives responded),
- include an attachment of the complete grant application and all the required documentation and materials,
- include the applicant's Unique Entity Identifier (UEI), and
- include any SAM.gov, Grants.gov, and JustGrants Service Desk tracking numbers

documenting the technical issue.

OJP will review each waiver request and the required supporting documentation and notify the applicant whether the request for late submission has been approved or denied. An applicant that does not provide documentation of a technical issue or that does not submit a waiver request within the required time period will be denied.

For more details on the waiver process, OJP encourages applicants to review the “Experiencing Unforeseen Technical Issues” section in the [OJP Grant Application Resource Guide](#).

## Application Review Information

### Review Criteria

#### Merit Review Criteria

Applications that meet the basic minimum requirements will be evaluated by peer reviewers on how the proposed project/program addresses the following criteria:

1. Statement of the Problem/Description of the Issue (20%) - evaluate the applicant's understanding of the program/issue to be addressed.
2. Project Design and Implementation (30%)- evaluate the adequacy of the proposal, including the goals, objectives, timelines, milestones, and deliverables.
3. Capabilities and Competencies (15%) - evaluate the applicant's administrative and technical capacity to successfully accomplish the goals and objectives.
4. Plan for Collecting the Data Required for this Solicitation's Performance Measures (15%) - evaluate the applicant's understanding of the performance data reporting requirements and the plan for collecting the required data.
5. Budget (20%) - evaluate for completeness, cost effectiveness, and allowability (e.g., reasonable, allocable, and necessary for project activities).

#### Other Review Criteria/Factors

Other important considerations for BJA include geographic diversity, strategic priorities (specifically including, but not limited to, those priority areas already mentioned, if applicable), available funding, past performance, and the extent to which the Budget Web-Based form accurately explains project costs that are reasonable, necessary, and otherwise allowable under federal law and applicable federal cost principles.

#### Review Process

Applications submitted under this solicitation that meet the basic minimum requirements will be evaluated for technical merit by a peer review panel(s) in accordance with OJP peer review policy and procedures using the review criteria listed above.

OJP screens applications to ensure they meet the basic minimum requirements prior to conducting the peer review. Although specific requirements may vary, the following are common requirements applicable to all OJP solicitations:

- The application must be submitted by an eligible type of applicant.
- The application must request funding within programmatic funding constraints (if applicable).
- The application must be responsive to the scope of the solicitation.
- The application must include all items necessary to meet the basic minimum requirements.

Pursuant to the Part 200 Uniform Requirements, before award decisions are made, OJP also reviews information related to the degree of risk posed by the applicant entity. Among other things to help assess whether an applicant with one or more prior federal awards has a satisfactory record of performance, integrity, and business ethics, OJP checks whether the applicant entity is listed in SAM as excluded from receiving a federal award.

In addition, if OJP anticipates that an award will exceed \$250,000 in federal funds, OJP also must review and consider any information about the applicant entity that appears in the non-public segment of the integrity and performance system accessible through SAM (currently, the Federal Awardee Performance and Integrity Information System, FAPIIS).

**Important Note on FAPIIS:** An applicant may review and comment on any information about its organization that currently appears in FAPIIS and was entered by a federal awarding agency. OJP will consider such comments by the applicant, in addition to the other information in FAPIIS, in its assessment of the risk posed by the applicant entity.

Absent explicit statutory authorization or written delegation of authority to the contrary, all final award decisions will be made by the Assistant Attorney General, who may consider not only peer review ratings and BJA recommendations, but also other factors as indicated in this section.

#### Standard Solicitation Resources

OJP Grant Application Resource Guide provides guidance to assist OJP grant applicants in preparing and submitting applications for OJP funding.

DOJ Grants Financial Guide serves as the primary reference manual to assist award recipients in fulfilling their fiduciary responsibility to safeguard grant funds and to ensure funds are used for the purposes for which they were awarded. It compiles a variety of laws, rules and regulations that affect the financial and administrative management of DOJ awards. This guide serves as a starting point for all award recipients and subrecipients of DOJ grants and cooperative agreements in ensuring the effective day-to-day management of awards.

JustGrants Resources Website is an entryway into information about JustGrants and the grants management system itself. Through this portal both award recipients and applicants can access training resource and user support options, find frequently asked questions and sign-up for the JustGrants Update e-newsletter.

JustGrants Application Submission Training Page offers helpful information and resources on the application process. This training page includes e-learning videos, reference guides, checklists and other resources to help applicants complete an application.

Virtual Q&A Sessions are advertised here and provide opportunities for users to receive topic-specific training, direct technical assistance and support on JustGrants system functionality.
