Synopsis

Program Description Overview
The U.S. Department of Justice (DOJ), Office of Justice Programs (OJP), Bureau of Justice Assistance (BJA) seeks applications for funding.

OJP is committed to advancing work that promotes civil rights and equity, increases access to justice, supports crime victims and individuals impacted by the justice system, strengthens community safety and protects the public from crime and evolving threats, and builds trust between law enforcement and the community.

With this solicitation, BJA seeks to provide financial and technical assistance to states, state courts, local courts, units of local government, and federally recognized Indian tribal governments to plan, implement, and enhance the operations of adult treatment courts including management and service coordination for treatment court participants, fidelity to the adult treatment court model, and recovery support services. Adult treatment courts effectively integrate evidence-based substance use disorder treatment, mandatory drug testing, incentives and sanctions, and transitional services in judicially supervised criminal court settings that have jurisdiction over persons with substance use disorder treatment needs to reduce recidivism, increase access to treatment and recovery support, and prevent overdose.

This program furthers the DOJ’s mission to uphold the rule of law, to keep our country safe, and to protect civil rights.

Program Description

Program Description Overview

The U.S. Department of Justice (DOJ), Office of Justice Programs (OJP), Bureau of Justice Assistance (BJA) seeks applications for funding.

OJP is committed to advancing work that promotes civil rights and equity, increases access to justice, supports crime victims and individuals impacted by the justice system, strengthens community safety and protects the public from crime and evolving threats, and builds trust between law enforcement and the community.

With this solicitation, BJA seeks to provide financial and technical assistance to states, state courts, local courts, units of local government, and federally recognized Indian tribal governments to plan, implement, and enhance the operations of adult treatment courts including management and service coordination for treatment court participants, fidelity to the adult treatment court model, and recovery support services. Adult treatment courts effectively integrate evidence-based substance use disorder treatment, mandatory drug testing, incentives and sanctions, and transitional services in judicially supervised criminal court settings that have jurisdiction over persons with substance use disorder treatment needs to reduce recidivism, increase access to treatment and recovery support, and prevent overdose.

This program furthers the DOJ’s mission to uphold the rule of law, to keep our country safe, and to protect civil rights.

Statutory Authority

Public Law No. 90-351, Title I, Part EE (codified at 34 U.S.C. 10611 - 10619). Any awards under this solicitation would be made under statutory authority provided by the Consolidated Appropriations Act, 2024. As of the writing of this solicitation, the Department of Justice is operating under a short-term Continuing Resolution with no full-year appropriation for the Department currently enacted for FY 2024.

Specific Information

The purpose of the Adult Treatment Court (ATC) Program is to reduce the misuse of opioids, stimulants, and other substances by people involved in the criminal justice system. An ATC is an evidence-based model based on key components and best practices, which are described below. Applications will be evaluated in part on how well they comply with this model and other application requirements, as outlined in this section. Recognizing the significant increase in overdose deaths and their public health impact, BJA also encourages applicants to focus on preventing overdose and overdose deaths. In the proposal narrative, the applicant is required to describe a plan to provide access to medication-assisted treatment (MAT) in serving individuals with substance use disorders (SUDs), consistent with the requirements outlined below.

Eligible Adult Treatment Court Types

Adult drug courts (ADCs), driving while intoxicated (DWI)/driving under the influence (DUI) courts, co-occurring courts (participants diagnosed with both substance use and mental health disorders), and tribal healing to wellness courts (THWCs) are eligible. Applicants should refer to their relevant local statutes for definitions of the legal age of an “adult.” In addition, the proposed
program design must function in accordance with the requirements of the court model’s key components design, where relevant.

**Key Components**
BJA provides applicants the flexibility to identify the most appropriate court type on which to base their treatment court to accommodate the needs and available resources of their jurisdiction, so long as the chosen type conforms to All Rise (formally known as the National Association of Drug Court Professionals) key components for drug courts. These components are described in the BJA and All Rise publication, Defining Drug Courts: The Key Components, available at: [https://www.ojp.gov/pdffiles1/bja/205621.pdf](https://www.ojp.gov/pdffiles1/bja/205621.pdf).

THWCs are described at: [https://www.ncjrs.gov/pdffiles1/bja/188154.pdf](https://www.ncjrs.gov/pdffiles1/bja/188154.pdf).

**Best Practice Standards**
All Rise has identified 10 best practice standards for ATCs, which represent the most current evidence-based principles and practices. BJA strongly encourages applicants—particularly those proposing to enhance existing treatment courts—to design their proposed programs with the intention of moving toward fully incorporating these standards. For more information on the Best Practice Standards, volumes I and II, visit: [https://allrise.org/publications/adult-drug-court-best-practice-standards/](https://allrise.org/publications/adult-drug-court-best-practice-standards/). These standards represent a cumulative body of the most current evidence-based practices available to treatment courts.

According to data highlighted in the 2022 publication *Painting the Current Picture: A National Report on the Treatment Courts in the United States Highlights and Insights*, there is a need to address equity and inclusion in treatment courts. In the proposal narrative, BJA requires the applicant to describe a plan to collect and examine data on their jurisdiction’s access to and retention of treatment court participants to identify and eliminate disparities that exist for race, color, religion, national origin, sexual orientation, gender, gender identity, or disability in admission protocols or elsewhere in the ATC program. The plan may include use of the All Rise and National Center for State Courts (NCSC) Equity and Inclusion Assessment Tool ([https://allrise.org/publications/equity-and-inclusion-assessment-tool/](https://allrise.org/publications/equity-and-inclusion-assessment-tool/)) or incorporate the American University Racial and Ethnic Disparities (RED) Program Assessment Tool ([https://redtool.org](https://redtool.org)). BJA will make training and technical assistance available to grantees that plan to use either of these two assessment tools.

**Note:** The applicant must demonstrate that eligible participants promptly enter the treatment court program following a determination of their eligibility. BJA will not award an applicant whose treatment court requires an initial period of incarceration unless the period of incarceration is mandated by statute for the offense in question. In such instances, the applicant must demonstrate that the person receives evidence-based withdrawal and treatment services, if available, while incarcerated and will begin treatment services immediately, consistent with guidance reflected in the BJA and National Institute of Corrections (NIC) Guidelines for Managing Substance Withdrawal in Jails.

**Medication-assisted Treatment**
The use of U.S. Food and Drug Administration (FDA) approved medications to treat substance use disorders, in combination with counseling and behavioral therapies, is an effective,
evidence-based treatment for substance use disorders, including opioid use disorder (OUD). When ATC participants are diagnosed with an SUD, BJA requires grantees, where possible, to make all three forms of FDA-approved medications to treat substance use disorder available to the participants under the care and prescription of a physician. BJA will offer technical assistance to grantees to build or expand their capacity to provide access to medication-assisted treatment (MAT). For more information regarding BJA’s provisions on MAT, visit: https://bja.ojp.gov/sites/g/files/xyckuh186/files/media/document/adc-faq-medication-assisted-treatment.pdf.

Note: In 2022, provisional data from the Centers for Disease Control and Prevention (CDC) indicated that more than two thirds (68%) of the reported 107,081 drug overdose deaths in the United States involved synthetic opioids, principally illicitly manufactured fentanyl. Substance use and overdose deaths continue to take a devastating toll on the lives of individuals, families, and communities across the nation. To combat the morbidity and mortality of overdose and the chronic disease of SUD, including OUD, it is critical that individuals have access to evidence-based, FDA-approved treatments. Preventing overdose deaths and expanding access to evidence-based treatment, including access to medications for opioid use disorder across settings, is a priority for the Department of Justice.

In April 2022, the Department of Justice’s Civil Rights Division published guidance clarifying protections under the Americans with Disabilities Act (ADA) for individuals with OUD, including potential violations of the ADA by facilities or programs that do not allow individuals to continue taking doctor-prescribed MOUD. Recent agreements with state and county correctional facilities resolved allegations that the facilities’ refusal to permit the use of and provide MOUD violates the ADA. Similarly, a DOJ report regarding suicides and failure to provide MOUD in a county jail also helps to illustrate specific instances that were considered to be in violation of the 8th and 14th Amendment rights of institutionalized persons. These examples reflect the federal government’s position that a correctional facility’s refusal to permit incarcerated individuals to continue or initiate treatment for opioid use disorders when clinically needed may violate the ADA, the Constitution, or both.

This information is intended to educate and inform applicants and their partners in considering the following:

- The application to this solicitation.
- Ways that this and other funding opportunities could enhance applicants’ capacity to identify, screen, and assess individuals that may have SUD treatment and recovery support needs.
- Applicants’ work generally in support of the treatment and long-term recovery of individuals with an SUD.

Note: Applicants are strongly encouraged to use BJA funds to provide overdose education, make take-home naloxone available to treatment court participants, and provide access to other harm-reduction strategies consistent with the ATC model.

Controlled Substance Act
Award recipients are prohibited from using federal funds to support programs or activities that violate the Controlled Substances Act, 21 U.S.C. § 801, et seq, regardless of local or state practices or laws. Programs or activities funded under a BJA ATC award must ensure that
participants are periodically tested for the use of controlled substances, including medical marijuana. See 34 U.S.C. § 10611, et seq.

**Violent Offender Prohibition**

Under the Adult Treatment Court Discretionary Grant Program authorization, BJA funds may not be used to serve persons who are "violent offenders." This prohibition applies to programs or activities funded by the BJA award, including match funds contributed by the grantee. See 34 U.S.C. § 10613.

A person who is **presently charged** with an offense as described in 34 USC 10613(a)(1) would be **ineligible** to participate.

Disqualifying convictions are only those convictions indicated in 34 USC 10613(a)(1) that occur **after** the initiation of proceedings that led to the person’s consideration for participation in the drug court program, whereas 34 USC 10613(a)(2) only speaks to those convictions that occurred **prior** to the initiation of those proceedings.

34 U.S.C. § 10613

(a) In general

Except as provided in subsection (b), in this subchapter, the term “violent offender” means a person who—

(1) is charged with or convicted of an offense that is punishable by a term of imprisonment exceeding one year, during the course of which offense or conduct—

(A) the person carried, possessed, or used a firearm or dangerous weapon;

(B) there occurred the death of or serious bodily injury to any person; or

(C) there occurred the use of force against the person of another, without regard to whether any of the circumstances described in subparagraph (A) or (B) is an element of the offense or conduct of which or for which the person is charged or convicted; or

(2) has 1 or more prior convictions for a felony crime of violence involving the use or attempted use of force against a person with the intent to cause death or serious bodily harm.

**Note:** Not included in the violent offender definition are charges that are dropped or reduced to a nonviolent offense or charge prior to a person’s participation in the program, or convictions punishable by less than one year of incarceration.

**Note:** Grantees may use, and are encouraged to use, other funds for their treatment court programs and serve these participants using those other funds. Grantees must be able to track these expenditures to ensure the separation of funds. Documentation must be maintained to show to an auditor if necessary.

**Note:** Applicants may qualify for funding under the Byrne State Crisis Intervention Program (Byrne SCIP) which provides formula funds to implement state crisis intervention court proceedings and related programs or initiatives, including, but not limited to, extreme risk protection order programs that work to keep guns out of the hands of those who pose a threat to themselves or others, mental health courts, treatment courts, and veterans treatment courts.
Note: Applicants may request funds to support a veterans treatment court (VTC) docket and veteran-related services in all three categories of this ATC solicitation; however, funding to specifically plan, implement, and enhance a VTC is available under the BJA Veterans Treatment Court program. For more information, please visit: Veterans Treatment Court Grant Program | Overview | Bureau of Justice Assistance (ojp.gov).

Grant Categories
The FY 2024 Adult Treatment Court Site-Based Program solicitation offers the following three grant categories.

Category 1: Planning and Implementation

Competition ID: C-BJA-2024-00007-PROD
Planning and Implementation grants are available to eligible jurisdictions ready to commit to a six-month planning phase followed by an implementation phase for an evidence-based adult treatment court. The ATC must have core capacity to provide critical treatment services, case management and coordination, judicial supervision, sanctions and incentive services, and other key services such as transitional housing, relapse prevention, employment, and peer recovery support to reduce recidivism.

Note: The six-month planning phase requires grantees to participate in the BJA-sponsored, free foundational training for adult treatment courts, if they did not receive it in the past 12 months. The foundational training provides court teams with the skills necessary to build a program that integrates court and treatment functions and adheres to best practice standards. See https://allrise.org/trainings/adult-drug-court-foundational-training/ for details.

Category 2: Enhancement

Competition ID: C-BJA-2024-00008-PROD
Enhancement grants are available to eligible jurisdictions with an operational adult treatment court. Funding may be used to assist a jurisdiction to:

- Scale up its existing court program’s capacity.
- Provide access to or enhance treatment capacity or other critical support services.
- Enhance court operations.
- Expand or enhance court services.
- Build or enhance collection and use of key drug operation and outcome data.
- Improve the quality and/or intensity of services based on needs assessments.

The ATC must have core capacity to provide critical treatment services, case management and coordination, judicial supervision, sanctions and incentive services, and other key services such as transitional housing, relapse prevention, employment, and peer recovery support to reduce recidivism.

Category 3: Statewide

Competition ID: C-BJA-2024-00009-PROD
State applicants may apply for funding to improve, enhance, or expand adult treatment court services statewide. Statewide activities may include:

- Scaling up capacity for one or more local, state, or tribal ATC programs.
• Helping a local/rural jurisdiction to launch a new ATC as a grant subrecipient.
• Expanding treatment and services.
• Conducting an audit of the practice and technical assistance for adherence to the key components and best practice standards.
• Collecting data and conducting analyses to assess the practice, as well as tracking recidivism and participant outcomes.
• Delivering statewide training and technical assistance (TTA).
• Supporting a treatment court alumni network and/or peer recovery programs to serve treatment court participants.
• Supporting a statewide management information system.
• Supporting the staff needed to expand services statewide.

Note: For applicants seeking to launch a new adult treatment court and/or scale up an existing one, this program includes a subaward component, whereby the subrecipient is required to comply with all federal subaward requirements as described in the OJP Financial Guide and in 31 U.S.C. § 7502 and Title 2 C.F.R. § 200 (including, but not limited to, the sections on "Subrecipient Monitoring and Management" contained in Subpart D and the audit requirements applicable to subrecipients contained in Subpart F).

Solicitation Goals and Objectives

Goals
To provide adult treatment court agencies, their partners and criminal justice professionals with the resources needed to plan, implement, enhance, and sustain evidence-based treatment court programs for individuals with substance use disorders who are involved in the criminal justice system in order to reduce recidivism, increase access to treatment and recovery support, and prevent overdose.

Objectives
To ensure that all grantees, over the project period, have access to the BJA treatment court resources (e.g., TTA) needed to:

• Increase the number of potential participants screened (i.e., determine eligibility) and assessed (i.e., identify criminogenic risk, substance use disorder, or mental health conditions).
• Administer mandatory and random drug and alcohol testing of program participants to help monitor substance use and treatment progress.
• Provide or develop access to evidence-based substance use disorder treatment, as well as recovery support services.
• Provide or develop the capacity to access all three types of FDA-approved medications to treat substance use disorders.
• Increase graduation rates for all treatment court participants actively participating in the grant program.
• Reduce the current recidivism rate among program participants actively participating in the grant program.
• Provide judicial and community supervision, mandatory and random drug testing, substance use and mental health disorder treatment, and appropriate incentives and sanctions.
• Ensure the use of evidence-based practices and principles that incorporate the Best Practice Standards and other relevant research.
• Ensure that all individuals eligible for the treatment court program have equivalent access as measured by the collection and examination of program data.

**Deliverables**
For information about what the applicant needs to submit regarding Goals, Objectives, and Deliverables please see the “How to Apply” section on the Application Goals, Objectives, Deliverables, and Timeline Web-Based Form.

**Priority Areas**
In order to further OJP’s mission, OJP will provide priority consideration when making award decisions to the following:

1A. Applications that propose project(s) that are designed to meaningfully advance equity and remove barriers to accessing services and opportunities for communities that have been historically underserved, marginalized, adversely affected by inequality, and disproportionately impacted by crime, violence, and victimization.

To receive this consideration, the applicant must describe how the proposed project(s) will address identified inequities and contribute to greater access to services and opportunities for communities that have been historically underserved, marginalized, adversely affected by inequality, and disproportionately impacted by crime, violence, and victimization. Project activities under this consideration may include but are not limited to the following: improving victim services, justice responses, prevention initiatives, reentry services and other parts of an organization’s or community’s efforts to advance public safety. Applicants should propose activities that address the cultural (and linguistic, if appropriate) needs of communities, outline how the proposed activities will be informed by these communities, and implement culturally responsive and inclusive outreach and engagement.

1B. Applicants that demonstrate that their capabilities and competencies for implementing their proposed project(s) are enhanced because they (or at least one proposed subrecipient that will receive at least 40 percent of the requested award funding, as demonstrated in the Budget web-based form) are a population specific organization that serves communities that have been historically underserved, marginalized, adversely affected by inequality, and disproportionately impacted by crime, violence, and victimization.

For purposes of this solicitation, population specific organizations are nonprofit, nongovernmental, or Tribal organizations that primarily serve members of a specific underserved population and have demonstrated experience and expertise providing targeted services to members of that specific underserved population.

To receive this additional priority consideration, applicants must describe how being a population specific organization (or funding the population specific subrecipient organization(s)) will enhance their ability to implement the proposed project(s) and should also specify which historically underserved populations are intended or expected to be served or have their needs addressed under the proposed project(s).

2. BJA will give priority consideration to applications that seek to expand access to services to rural and or tribal communities. To receive this consideration, the applicant must describe how
the proposed project(s) will identify rural and/or tribal communities and expand access to services consistent with the needs of the communities as determined by those communities. Applicants should propose activities that address the cultural (and linguistic, if appropriate) needs of communities, outline how the proposed activities will be informed by these communities, and implement culturally responsive and inclusive outreach and engagement.

**Note:** Addressing these priority areas is one of many factors that OJP considers in making funding decisions. Receiving priority consideration for one or more priority areas does not guarantee an award.

**Federal Award Information**

Period of Performance Start Date: October 1, 2024

How To Apply

Application Resources
When preparing and submitting an application, the following resources may aid prospective applicants:

1. Grants.gov “How to Apply for Grants”
2. OJP “How To Apply” section in the Application Resource Guide
3. JustGrants Application Submission Training

This solicitation (notice of funding opportunity) incorporates guidance provided in the OJP Grant Application Resource Guide (Application Resource Guide), which provides additional information for applicants to prepare and submit applications to OJP for funding. If this solicitation requires something different from any guidance provided in the Application Resource Guide, the difference will be noted in this solicitation and the applicant is to follow the guidelines in this solicitation, rather than the guidance in the Application Resource Guide that is in conflict.

How To Apply

Registration
Before submitting an application, all applicants must register with the System for Award Management (SAM.gov). An applicant must renew their registration every 12 months. If an applicant does not renew their SAM.gov registration, it will expire. An expired registration can delay or prevent application submission in Grants.gov and JustGrants. Applicants are encouraged to start the SAM.gov registration process at least 30 days prior to the application deadlines. Applicants who fail to begin the registration or renewal process at least 10 business days prior to the Grants.gov deadline may not complete the process in time and will not be considered for late submission.

Submission
Applications must be submitted to DOJ electronically through a two-step process that begins in Grants.gov and is completed in JustGrants.

Step 1: After registering with SAM.gov, the applicant must submit the SF-424 and SF-LLL in Grants.gov at https://grants.gov/register by the Grants.gov deadline. To leave time to address any technical issues that may arise, an applicant should submit the SF-424 and SF-LLL as early as possible and recommended not later than 48 hours before the Grants.gov deadline. If an applicant fails to submit in Grants.gov by the deadline, they will be unable to apply in JustGrants. Applicants can confirm Grants.gov submission by verifying their application status shows as “submitted” or “agency tracking number assigned.”

Step 2: The applicant must then submit the full application, including attachments, in JustGrants at JustGrants.usdoj.gov by the JustGrants deadline.

OJP recommends that applicants submit the complete application package in JustGrants at least 48 hours prior to the JustGrants deadline. Some of the required sections of the application will be entered directly into JustGrants, and other sections will require documents to be uploaded and attached. Therefore, applicants should allow enough time before the JustGrants deadline to prepare all the requirements of the application. Applicants may save their progress
in the system and add to or change the application as needed prior to hitting the “Submit” button at the end of the application in JustGrants.

An applicant will receive emails when successfully submitting in Grants.gov and JustGrants and should maintain all emails and other confirmations received from SAM.gov, Grants.gov, and JustGrants systems.

For additional information, see the “How To Apply” section in the Application Resource Guide and the DOJ Application Submission Checklist.

National Treatment Court Resource Center (NTCRC)
NTCRC is a BJA-funded resource for the treatment court field that serves as a clearinghouse for treatment court training, technical assistance, publications, funding resources, and other practitioner-specific resources. Applicants are encouraged to visit: https://ntcrc.org/solicitations/ for useful information regarding this solicitation. In addition, BJA may require grantees to participate in the Painting the Current Picture Survey: A National Report on Treatment Courts in the United States in accordance with the following conditions of the award, “the recipient agrees to cooperate with any assessments, national evaluation efforts, or information or data collection requests, including, but not limited to, the provision of any information required for the assessment or evaluation of any activities within this project.” For more information, please visit: https://ntcrc.org/pcp/.

Submission Dates and Time
The SF-424 and the SF-LLL must be submitted in Grants.gov by 8:59 p.m. Eastern Time on May 2, 2024.

The full application must be submitted in JustGrants by 8:59 p.m. Eastern Time on May 9, 2024.

To be considered timely, the full application must be submitted in JustGrants by the JustGrants application deadline. Failure to begin the SAM.gov, Grants.gov, or JustGrants registration and application process in sufficient time (i.e., waiting until the due dates identified in this solicitation for those systems to begin the application steps) is not an acceptable reason to request a technical waiver.

Experiencing Unforeseen Technical Issues Preventing Submission of an Application (Technical Waivers)
OJP will only consider requests to submit an application after the deadline when the applicant can document that a technical issue with a government system prevented submission of the application on time.

If an applicant misses a deadline due to unforeseen technical issues with SAM.gov, Grants.gov, or JustGrants, the applicant may request a waiver to submit an application after the deadline. However, the waiver request will not be considered unless it includes documentation of attempts to receive technical assistance to resolve the issue prior to the application deadline. A tracking number is the most typical documentation and is generated when the applicant contacts the applicable service desks to report technical difficulties. Tracking numbers are generated automatically when an applicant emails the applicable service desks, and for this reason, long call wait times for support do not relieve the applicant of the responsibility of getting a tracking number.
An applicant experiencing technical difficulties must contact the associated service desk indicated below to report the technical issue and receive a tracking number:

- SAM.gov: contact the [SAM.gov Help Desk (Federal Service Desk)](https://www.sam.gov), Monday–Friday from 8:00 a.m. to 8:00 p.m. ET at 866-606-8220.
- Grants.gov: contact the [Grants.gov Customer Support Hotline](https://www.grants.gov), 24 hours a day, 7 days a week, except on federal holidays, at 800-518-4726, 606-545-5035, or support@grants.gov.
- JustGrants: contact the JustGrants Service Desk at JustGrants.Support@usdoj.gov or 833-872-5175, Monday–Friday from 7:00 a.m. to 9:00 p.m. ET and Saturday, Sunday, and federal holidays from 9:00 a.m. to 5:00 p.m. ET.

If an applicant has technical issues with SAM.gov or Grants.gov, the applicant must contact the OJP Response Center at grants@ncjrs.gov within 24 hours of the Grants.gov deadline to request approval to submit after the deadline.

If an applicant has technical issues with JustGrants that prevent application submission by the deadline, the applicant must contact the OJP Response Center at grants@ncjrs.gov within 24 hours of the JustGrants deadline to request approval to submit after the deadline.

Waiver requests sent to the OJP Response Center must:

- describe the technical difficulties experienced (provide screenshots if applicable);
- include a timeline of the applicant’s submission efforts (e.g., date and time the error occurred, date and time of actions taken to resolve the issue and resubmit, and date and time support representatives responded);
- include an attachment of the complete grant application and all the required documentation and materials;
- include the applicant’s Unique Entity Identifier (UEI); and
- include any SAM.gov, Grants.gov, and JustGrants Service Desk tracking numbers documenting the technical issue.

OJP will review each waiver request and the required supporting documentation and notify the applicant whether the request for late submission has been approved or denied. An applicant that does not provide documentation of a technical issue (including all information listed above), or that does not submit a waiver request within the required time period, will be denied.

For more details on the waiver process, OJP encourages applicants to review the “Experiencing Unforeseen Technical Issues” section in the [Application Resource Guide](https://www.grants.gov).

**Application and Submission Information**

**Content of Application Submission and Available Surveys**

The following application elements **must** be included in the application to meet the basic minimum requirements to advance to peer review and receive consideration for funding:

- SF-424 and SF-LLL (in Grants.gov)
- Proposal Abstract (in JustGrants)
- Proposal Narrative (in JustGrants)
- Budget Web-Based Form, which includes the budget details and the budget narrative (in JustGrants)
If OJP determines that an application does not include these elements, it will not proceed to peer review and will not receive any further consideration.

Content of the SF-424 in Grants.gov
The SF-424 must be submitted in Grants.gov. It is a required standard form used as a cover sheet for submission of pre-applications, applications, and related information. See the Application Resource Guide for additional information on completing the SF-424.

In Section 8F of the SF-424, please include the name and contact information of the individual who will complete the application in JustGrants. JustGrants will use this information (email address) to assign the application to this user in JustGrants.

Intergovernmental Review: This funding opportunity is not subject to Executive Order (E.O.) 12372. In completing the SF-424, an applicant should answer question 19 by selecting “Program is not covered by E.O. 12372.”

Content of the JustGrants Application Submission

Entity and User Verification (First Time Applicant)
For first time JustGrants applicants, once the application is received from Grants.gov, DOJ will send an email (from DIAMD-NoReply@usdoj.gov) to the individual listed in Section 8F of the SF-424 with instructions on how to create a JustGrants account. This email should arrive within 24 hours after this individual receives confirmation from Grants.gov of their SF-424 and SF-LLL submissions. Register the Entity Administrator (the person who manages who can access JustGrants on behalf of the applicant), the Application Submitter, and Authorized Representative for the applicant with JustGrants as early as possible and (recommended) not later than 48–72 hours before the JustGrants deadline. Once registered in JustGrants, the Application Submitter will receive a link in an email to complete the rest of the application in JustGrants. Find additional information on JustGrants Application Submission in the Application Resource Guide.

Standard Applicant Information
The “Standard Applicant Information” section of the JustGrants application is pre-populated with the SF-424 data submitted in Grants.gov. The applicant will need to review the Standard Applicant Information in JustGrants and make edits as needed. Within this section, the applicant will need to add ZIP codes for areas affected by the project; confirm their Authorized Representative; and verify and confirm the organization’s unique entity identifier, legal name, and address.

Proposal Abstract
A Proposal Abstract (no more than 400 words) summarizing the proposed project—including its purpose, primary activities, expected outcomes, the service area, intended beneficiaries, and subrecipients (if known)—must be completed in the JustGrants web-based form. This abstract should be in paragraph form without bullets or tables, written in the third person, and exclude
personally identifiable information. Abstracts will be made publicly available on the OJP and USASpending.gov websites if the project is awarded. See the Application Resource Guide for an example of a proposal abstract.

Abstracts must also clearly describe the following for each court:

- Category of funding requested: Category 1: Planning and Implementation, Category 2: Enhancement, Category 3: Statewide.
- Type of adult treatment court(s) for which funds are requested: ADC, Co-occurring, DWI/DUI court, or THWC.
- The total federal amount requested for the duration of the grant period (48 months). This total amount should be the same amount listed on the SF-424 form and in the required budget attachment. (Note: The total amount of federal funds being requested should not exceed the category's grant maximum.)

  If requesting to fund activities for any of the four court types in combination with a VTC docket or to include veteran-related services, include the amount of funding requested for the ATC and the VTC (e.g., ATC: $600,000 and VTC: $400,000).

- Whether the court is pre- or post-adjudication.
- The total number of participants proposed to receive services with these grant funds over the life of the grant. Identify the minimum, maximum, and average length of program participation.
- The target population and whether the jurisdiction has access to all types of MAT services.
- Which of the Best Practice Standards will be addressed and indicate the page numbers where each item is discussed in the proposal narrative.

Data Requested With Application

The following application elements should be submitted in the web-based forms in JustGrants.

Financial Management and System of Internal Controls Questionnaire (including Applicant Disclosure of High-Risk Status)

The Financial Management and System of Internal Controls Questionnaire helps OJP assess the financial management and internal control systems, and the associated potential risks of an applicant as part of the pre-award risk assessment process. Every OJP applicant (other than an individual applying in their personal capacity, not representing an applicant organization) is required to complete the web-based Questionnaire form in JustGrants. See the Application Resource Guide: Financial Management and System of Internal Controls Questionnaire (including Applicant Disclosure of High-Risk Status) for additional guidance on how to complete the questionnaire.

Brief Applicant Entity Questionnaire

The Office of Justice Programs (OJP) is collecting the following information to help assess its efforts to attract a broader range of applicants. These questions apply to the applicant entity and its work and scope only, and not to the specific project(s) being proposed within the application. Responses to the questions will not be considered in the application review process. The questions included in the questionnaire are available in the Standard Forms & Instructions: Brief Applicant Entity Questionnaire.
**Proposal Narrative**

The Proposal Narrative should be submitted as an attachment in JustGrants. The attached document should be double-spaced, using a standard 12-point size font; have no less than 1-inch margins; and should not exceed 20 numbered pages. If the Proposal Narrative fails to comply with these length restrictions, OJP may consider such noncompliance in peer review and in final award decisions. The applicant may include tables, charts, and graphs as part of the proposal narrative, but they must be in a legible font no smaller than 12-point. These items will count toward the page limit unless included as a separate attachment.

The Proposal Narrative must include the following sections:

a. **Description of the Issue**

**Category 1, 2, and 3**

*Note:* For each category, the applicant must provide verified sources for the data that support the description of the issue (i.e., U.S. Census or other federal, state, and local data).

For all applicable categories, the applicant should:

- Explain their inability to fund the program adequately without federal assistance.
- Indicate whether their jurisdiction is leveraging any other federal funding sources (e.g., Second Chance Act; Comprehensive Opioid, Stimulant and Substance Use Program; Coordinated Tribal Assistance Solicitation; Justice Reinvestment Initiative; or Edward Byrne Memorial Justice Assistance Grant Program) to support the treatment court.
- Indicate whether their jurisdiction has an active treatment court grant with BJA, the Substance Abuse and Mental Health Services Administration, or the Office of Juvenile Justice and Delinquency Prevention (include the grant number).
- Explain the problems with the current court’s response to cases involving SUDs; identify how and to what extent the proposed program will address the current arrest volume; and describe how the current number of treatment slots meets the needs of anticipated referrals.
- Describe the current resources available and the gaps the applicant seeks to address with grant funding, particularly those that impact the collection of key program, recidivism, and treatment-related outcome data to assess the efficacy of the adult treatment court.
- Define the proposed target population, including the criminogenic risk levels (high, medium, low), SUD treatment and recovery needs, and the average jail or prison sentence that potential participants face, if any.
- Describe how applicant will prioritize court resources and services for individuals with high criminogenic risk and treatment needs, including persons with repeat criminal justice involvement and SUDs.
- Provide the target number of people for whom services will be provided under this program during the grant period (48 months). Explain how this target number was derived.
- Describe any current planning or coordination with related projects that shows the jurisdiction is preparing to plan and implement an adult treatment court.
- Illustrate the nature and scope of SUDs in the jurisdictions to be targeted. Include data on race, ethnicity, age, gender, arrest volume (i.e., specifics of the general arrestee population, including the percentage that would be screened for treatment court and...
what percentage of those would be admitted into treatment court), and crime patterns for adult defendants.

- Provide information about the extent to which the proposed program will use evidence-based treatment practices and/or services.

In addition, **Category 3 Statewide Applicants** should provide the following:

- The state’s current role and strategy to support existing and build new adult treatment courts or other problem-solving approaches in courts.
- The extent to which the state and these courts meet the needs of the eligible population, whether they are operating at capacity, and the nonbudgetary reasons if they are not operating at capacity. Describe the issue or need.
• How applicant plans to enhance the capacity of treatment courts to use data and research; implement with fidelity to the ATC model, best practice standards, and 10 key components; and track program outcomes.
• State data and any evaluation findings that demonstrate the state treatment court program’s impact on the community and individuals involved in the criminal justice system.
• Other enhancements being proposed to support ATCs in the state.
• Areas where the state needs to enhance the capacity of treatment courts and practitioners statewide. Needs may be different based on the geographical location of the treatment court program (i.e., urban, suburban, or rural). If planning to implement or enhance TTA statewide, provide the target number of treatment courts for which TTA services will be provided. BJA will evaluate the grantee against this target number, so please include the data source used to determine the target number.

For **Category 3 Statewide Applicants** seeking to launch a new adult treatment court and/or scale up an existing one, provide the following information for each court:

• Proposed target population, including criminogenic risk levels (high, medium, low), substance use disorder treatment needs, and the average jail or prison sentence that potential participants face, if any. Provide the target number of people for whom services will be provided under this program during the grant award period (48 months).

• Current efforts that document the jurisdiction is ready to plan and implement an adult treatment court. Indicate whether the treatment court team to be funded has received training on the treatment court model.
• Documentation of the commitment of state and local jurisdictions to prioritizing court resources and services for individuals with high criminogenic risk and treatment needs, including persons with repeat criminal justice involvement and substance use disorders.
• How applicant will map and develop more resources to support the program and how those services would be monitored for quality and effectiveness.
• Local data and how applicant will assess and use any evaluation findings that demonstrate the program’s impact with regard to participant recidivism and functional outcomes.
• Gaps and/or locations that have more significant needs or limited capacity and services.

b. **Project Design and Implementation**

For this section, the applicant should address the following items and then address the specific category requirements that follow.

• State the name, location, and address where the proposed treatment court program is or will be operating.
• Define the type of adult treatment court(s) for which funds are requested.
• Describe applicant’s plan to ensure that all individuals eligible for the treatment court program will have equivalent access to the program. This should include protocols for collecting and examining data on access to and retention in the program.
• Describe the plan to provide treatment and services to address SUD and co-occurring SUD and mental health disorder needs. Affirm whether the jurisdiction has access to all types of MAT services. This should include how participant treatment will be funded and the range of treatment modalities that will be provided.
• Explain how the treatment provider(s) will be selected and how the treatment court will monitor the provider(s). This monitoring should ensure the treatment is effective.
• Identify the evidence base for the substance use and other treatment intervention(s) to be used and how responsive interventions are to the needs of the specific target population(s). If the evidence is limited or nonexistent for the target population, provide other information to support the intervention selection.
• Demonstrate that the treatment court program(s) for which funds are being sought will not deny access to the program to any eligible participant because of their use of FDA-approved medications for the treatment of a substance use disorder as discussed under “Medication-assisted Treatment.”
• Describe how applicant will use funding to incorporate the evidence-based program principles included in the All Rise 10 Best Practice Standards, and to specify which standard(s) will be addressed, how the standard(s) will be implemented, and the page numbers where each item is discussed in the proposal narrative.
• Illustrate how the treatment court will identify, assess, and prioritize participation and services for high-risk/high-needs persons, including persons with repeat criminal justice involvement and substance use disorders. Identify the validated assessment tool that will be used and explain why this tool was selected.
• Discuss applicant’s commitment to admit and provide evidence-based interventions to participants with opioid, stimulant, and other substance use disorders, including strategies for early assessment and entry into treatment to prevent overdose. Describe the strategies that will be used during this phase to assess the risk of overdose, the need for critical access to treatment services, and how to prevent overdose.
• Demonstrate that eligible treatment court participants promptly enter the treatment court program following a determination of their eligibility. The applicant must also explain how participants will receive treatment services while incarcerated, if available, and how they will begin treatment services immediately upon release.
• Describe how applicant will ensure the following requirement is met: That, while the ATC program’s authorizing statute requires participants to pay for treatment and restitution, it does not allow a fee to be imposed on a participant that would interfere with their rehabilitation. In the application, indicate how participants will be notified of the fee and include provisions for determining how these costs would not interfere with their rehabilitation or graduation.
• Explain the community reintegration or continued care strategy, detailing the services to assist program graduates as they reintegrate into the community. The applicant should emphasize client access to drug-free or transitional housing, including recovery housing. If applicable, the applicant is encouraged to consider and describe how their state’s

- Describe applicant’s sustainability plan, detailing how the adult treatment court operations will be maintained after federal assistance ends. The sustainability plan should describe how current collaborations and evaluations will be used to leverage ongoing resources. BJA encourages the applicant to ensure sustainability by coordinating with local, state, and other federal resources such as the Edward Byrne Memorial Justice Assistance Grant (JAG) Program, which has purpose areas to support court services and substance use disorder treatment.

- Discuss how activities of the Byrne State Crisis Intervention Program will be coordinated with the proposed activities in this application, if relevant.

- Demonstrate how the proposal conforms to the framework of the state treatment court strategy, if one exists.

For statewide applicants seeking to provide subawards to help launch a new adult treatment court and/or scale up an existing adult treatment court attach the written policies and procedures in place for administering subawards.

If the applicant is seeking priority consideration under Priority 1B, it should: (1) describe within this section how being a population specific organization (or funding a population specific subrecipient organization at a minimum of 40% of the project budget) will enhance its capabilities and competencies to implement the proposed project; (2) specify which populations are intended or expected to be served, have their needs addressed, and/or be affected by the proposed project; and (3) include information to confirm that the population specific organization is specifically designed to serve communities that have been historically underserved, marginalized, adversely affected by inequality, and disproportionately impacted by crime, violence, and victimization (examples of such
information include, but are not limited to, the website address, charter, mission statement, or operating principles of the population specific organization).

d. Plan for Collecting the Data Required for This Solicitation’s Performance Measures

The applicant must describe its current ability to collect and analyze client-level demographic, performance, and outcome data and to conduct regular assessments of program service delivery and performance. All applicants must indicate their willingness and ability to report the data through BJA’s Performance Measurement Tool (PMT) as well as identify the person responsible for collecting the data. Statewide applicants are expected to report on behalf of their subrecipients. In addition, grantees are expected to map community resources to support their programs, conduct or support evaluation of the programs, and assess equity and inclusion in their programs.

Categories 1 and 2

- Describe the steps the treatment court will take to develop a performance management and evaluation plan. The plan should include strategies to collect, review, and use data to improve program performance, and it should discuss how the treatment court will work with an evaluator when appropriate.
- Explain the program’s screening tool and referral process to ensure that participants screened and referred to the court mirror the jurisdiction’s SUD arrestee percentages.
- Define the process and who will be responsible for the biannual report on the actual number of participants served using grant funds as compared to the target number of participants to be served. The timeline plan must reflect when and how the jurisdiction plans to reach the targeted capacity as measured on a quarterly basis.

Category 3: Statewide Applicants

- Provide a plan detailing how the enhancement activities will be managed and evaluated.
- Designate who will be responsible for the biannual reporting of the number and type(s) of state-based TTA services.
- Describe efforts at the state level to collect and share key efficacy evaluation data on the state’s treatment courts to support reducing recidivism rates and improving outcomes for participants.

**Note:** An applicant is not required to submit performance data with the application. Rather, performance measure information is included as a notification that award recipients will be required to submit performance data as part of each award’s reporting requirements.

OJP will require each award recipient to submit regular performance data that show the completed work’s results. The performance data directly relate to the solicitation goals and objectives identified in the “Goals and Objectives” section. Applicants can visit OJP’s performance measurement page at www.ojp.gov/performance for more information on performance measurement activities.

A list of performance measure questions for this program can be found [here](www.ojp.gov/performance). Some measures are presented as examples, while others are the exact measures that every recipient will be expected to address.
BJA will require award recipients to submit performance measure data in the Performance Measurement Tool (PMT) and separately submit a semi-annual performance report in JustGrants. BJA will provide further guidance on the post-award submission process if the applicant is selected for award.

**Note:** For applicants seeking to launch a new adult treatment court and/or scale up an existing adult treatment court, the application must describe how the applicant will collect, store, assess, and report performance data from subrecipients.

**Note on Project Evaluations**

An applicant that proposes to use award funds through this solicitation to conduct project evaluations must follow the guidance in the “Note on Project Evaluations” section in the Application Resource Guide.

**Application Goals, Objectives, Deliverables, and Timeline Web-Based Form**

The applicant will submit the project's goals, objectives, deliverables, and timeline in the JustGrants web-based form. This is a summary of the goals, objectives, deliverables, and timeline that relate to the proposal narrative. The applicant will also enter the projected fiscal year and quarter that each objective and deliverable will be completed. Please refer to the Application Submission Job Aid for step-by-step directions.

- **Goals:** The applicant should describe the project's intent to change, reduce, or eliminate the problem noted in the proposal narrative.
- **Program Objectives and Timeline:** The applicant should include objectives to accomplish its goals. Objectives are specific, measurable actions to reach the project's desired results. The included timelines that should be clearly linked to the goal.
- **Deliverables and Timeline:** Project deliverables refer to outputs—tangible (for example, a report or a website) or intangible (for example, greater feelings of safety reported by the community)—that are documented and submitted within the scope of a project. Deliverables include timelines.

**Deliverables Expected by Successful Applicants**

Applicants will document their successful implementation by reporting outcomes in the PMT reports, semi-annual reports, and a final report. Specific program objectives and deliverables should be included in one timeline. Specifically, the grantees will document the following:

- Category 1: Planned and implemented a new ATC program that adheres to the requirements of this solicitation, including All Rise Adult Drug Court Best Practice Standards, and is consistent with key components for drug courts.
- Category 2: Enhanced and/or expanded the operations of the ATC, consistent with the requirements of this solicitation, including All Rise Adult Drug Court Best Practice Standards, and with key components for drug courts.
- Category 3: Enhanced and/or expanded the state's capacity to coordinate activities and increase services that support the needs of ATCs in the state, consistent with the requirements of this solicitation, including All Rise Adult Drug Court Best Practice Standards, and with key components for drug courts.
**Budget and Associated Documentation**
Budget narratives should demonstrate cost effectiveness in relation to potential alternatives and the objectives of the program. The total amount being requested must be identified on the SF424 and proposal abstract.

**Funding Restrictions**
The budget must explicitly describe how the proposed budget items directly apply to the program design and how they will assist the applicant in meeting the program objectives. In addition to unallowable costs identified in the DOJ Grants Financial Guide, award funds may not be used for the following: prizes, rewards, entertainment, trinkets, or any other monetary incentives, including client stipends, gift cards, vehicle purchases, or food and beverages.

All recipients and subrecipients (including any for-profit organization) must forgo any profit or management fee.

**Budget Detail and Narrative Web-Based Form**
The applicant will complete the JustGrants web-based budget form, which includes both detailed calculations and budget narrative sections.

For additional information about how to prepare a budget for federal funding, see the "Application Resource Guide" section on Budget Preparation and Submission Information and the technical steps to complete the budget form in JustGrants in the Complete the Application in JustGrants: Budget training.

If the applicant is seeking priority consideration under Priority 1A and has proposed activities to incorporate the input and participation of communities that have been historically underserved, marginalized, adversely affected by inequality, and disproportionately impacted by crime, violence, and victimization, financial support for the identified activities and participation must be reflected in the web-based budget form.

If the applicant is seeking priority consideration under Priority 1B based on the identification of a proposed subrecipient as a population specific organization, the proposed funding for the subrecipient must reflect a minimum of 40 percent of the total award funding within the web-based budget form. The budget narrative must also describe how the activities that will be funded with the (minimum) 40 percent of award funding provided to the subrecipient specifically relate to the proposed project that will meaningfully address identified inequities and contribute to greater access to services and opportunities for communities that have been historically underserved, marginalized, adversely affected by inequality, and disproportionately impacted by crime, violence, and victimization.

If the applicant is seeking priority consideration under Priority 2 to expand access to services to rural and/or tribal communities, financial support for the identify activities and services must be reflected in the web-based budget form.

**Prior Approval, Planning, and Reporting of Conference/Meeting/Training Costs**
OJP strongly encourages every applicant that proposes to use award funds for any conference-, meeting-, or training-related activity (or similar event) to review carefully—before submitting an application—the Application Resource Guide for information on prior approval, planning, and reporting of conference/meeting/training costs.
Applicants should estimate the costs of travel and accommodations for up to three (Categories 1 and 2) or eight (Category 3) team members to attend up to two conferences and/or trainings each year. The applicant may select and include in the application the trainings and/or conferences, although BJA will approve their selections after the award is made. Note that BJA can also make recommendations on relevant training events and conferences. All expenses must be reasonable, allowable, and necessary to the project. The estimates must provide a breakdown of all costs and adhere to the federal per diem. For federal per diem rates, see: https://www.gsa.gov/travel/plan-book/per-diem-rates.

Costs Associated With Language Assistance (if applicable)
If an applicant proposes a program or activity that would deliver services or benefits to individuals, the costs of taking reasonable steps to provide meaningful access to those services or benefits for individuals with limited English proficiency may be allowable. See the Application Resource Guide for information on costs associated with language assistance.

Unmanned Aircraft Systems
The use of BJA grant funds for unmanned aircraft systems (UAS), including unmanned aircraft vehicles (UAV), and all accompanying accessories to support UAS or UAV, is unallowable.

Non-Federal Costs (match and program income)
This solicitation requires a 25 percent **cash or in-kind match of the total project’s cost.** Federal funds awarded under this solicitation may not cover more than 75 percent of the total costs of the project being funded. An applicant must identify the source of the 25 percent non-federal portion of the total project costs and how they will use match funds. If an award recipient’s proposed match *exceeds* the required match amount, according to the formula below, and OJP approves the budget, the total match amount in the approved budget becomes part of the project budget and subject to audit. “Match” funds may be used only for purposes that would be allowable for the Federal funds. This means neither Federal funds nor matching funds may be used for costs considered inappropriate by the awarding agency (e.g., lobbying, land acquisition, fundraising). Recipients must satisfy this match requirement with cash or in-kind match. “In-kind” match may be in the form of services, supplies, real property, and equipment.

(e.g., fiscal hardship). A match waiver request must be submitted as a separate attachment to the application through JustGrants.

Budget/Financial Attachments
Pre-Agreement (Pre-Award) Costs (if applicable)
Pre-agreement costs are defined as costs requiring approval incurred by the applicant prior to the start date of the period of performance of the federal award. OJP does not typically approve pre-agreement costs. If a successful applicant, in anticipation of the Federal award but before the start date of the period of performance, incurs costs which are necessary for efficient and timely performance of the funded project, those costs may not be charged to the award. See the “Costs Requiring Prior Approval” section in the DOJ Grants Financial Guide Post-Award Requirements for more information.

Indirect Cost Rate Agreement (if applicable)
Indirect costs are costs of an organization that are not readily assignable to a particular project but are necessary to the operation of the organization and the performance of the project. Examples of costs usually treated as indirect include those incurred for facility operation and maintenance, depreciation, and administrative salaries. The requirements for the development and submission of indirect cost proposals and cost allocation plans are listed in Appendices III – VII of 2 C.F.R. Part 200. A non-federal applicant should follow the guidelines applicable to its type of organization. If applicable, an applicant with a current federally approved indirect cost rate agreement will upload it as an attachment in JustGrants. See the DOJ Financial Guide for additional information on Indirect Cost Rate Agreement.

Consultant Rate (if applicable)
Costs for consultant services require prior approval from OJP. If the proposed project expects to fund consultant services, compensation for individual consultant services is to be reasonable and consistent with that paid for similar services in the marketplace. See the DOJ Grants Financial Guide for information on the consultant rates, which require prior approval from OJP.

Limitation on Use of Award Funds for Employee Compensation for Awards Over $250,000; Waiver (if applicable)
If an applicant proposes to hire employees with Federal award funds, for any award of more than $250,000 made under a funding opportunity, an award recipient may not use federal funds to pay total cash compensation (salary plus cash bonuses) to any employee of the recipient at a rate that exceeds 110 percent of the maximum annual salary payable to a member of the federal government’s Senior Executive Service (SES) at an agency with a Certified SES Performance Appraisal System for that year. See the Application Resource Guide for information on the “Limitation on Use of Award Funds for Employee Compensation for Awards over $250,000; Waiver.”

Disclosure of Process Related to Executive Compensation (if applicable)
An applicant that is a nonprofit organization may be required to make certain disclosures relating to the processes it uses to determine the compensation of its officers, directors, trustees, and key employees. If applicable, the applicant will upload a description of the process used to determine executive compensation as an attachment in JustGrants. See the “Application Attachments” section of the Application Resource Guide for information.

Additional Application Components
The applicant will attach the additional requested documentation in JustGrants.
Curriculum Vitae or Resumes (Recommended)
Provide resumes of key personnel who will work on the proposed project.

Tribal Authorizing Resolution (if applicable)
An application in response to this solicitation may require inclusion of tribal authorizing documentation as an attachment. If applicable, the applicant will upload the tribal authorizing documentation as an attachment in JustGrants. See the Application Resource Guide for information on tribal authorizing resolutions.

Letters of Support (Recommended)
Applicants should include, for each named supporting entity, a signed letter of support that outlines the supporting entity’s reasons for supporting the project. Applications submitted from two or more entities are encouraged to submit signed letters of support that provide a detailed description of why the proposed project should receive federal funding.

Each letter of support may include the following: (1) a description of the relationship between the applicant entity and the supporting entity, (2) a description of the need and what benefits would be gained from the project, and (3) a description of the applicant’s capacity to complete the proposed project. Letters of support should be signed and submitted as one separate attachment to the application in JustGrants.

Research and Evaluation Independence and Integrity Statement (Recommended)
If an application proposes research (including research and development) and/or evaluation, the applicant must demonstrate research/evaluation independence and integrity, including appropriate safeguards, before it may receive award funds. The applicant will upload documentation of its research and evaluation independence and integrity as an attachment in JustGrants. For additional information, see the Application Resource Guide.

Timeline Web-based Form (Required)
A timeline is required and must outline when the objectives will be met during the program period. It must summarize the major activities, responsible parties, and expected completion dates for the principal tasks required to plan and/or implement and manage the treatment court program. Applicants must indicate the number of program participants to be served each quarter to demonstrate how they will reach the target number of participants to be served before the end of the grant period.

State Substance Abuse Agency Director or Designee Letter (Recommended)
Nontribal applicants are encouraged to include a letter from the State Substance Abuse (SSA) director or designated representative in support of the application and include confirmation that the proposal conforms to the framework of the state strategy of substance abuse treatment. Applicants will submit the letter by uploading it as an attachment in JustGrants. A listing of SSAs can be found on the Substance Abuse and Mental Health Services Administration’s website at: https://www.samhsa.gov/sites/default/files/ssa-directory.pdf.

Memorandum of Understanding Signed by Key Treatment Court Team Members or by a Designated Agency Representative (Recommended)
Attach an MOU signed by either the key drug court team members or by a designated agency representative with the general responsibilities and expectations for coordination agreed upon by each member. Key drug court team members include a judge, prosecutor, defense attorney, treatment provider, researcher/evaluator, management information specialist, community
supervision representative, and treatment court coordinator. Applicants will submit the MOU by uploading the document as an attachment in JustGrants.

**Fiscal Agent Memorandum of Understanding Signed by Applicant and Treatment Court Administrator (Required)**

An entity (i.e., unit of local government or county) applying for funding on behalf of an adult treatment court must attach a Fiscal Agent MOU that describes how it will coordinate directly with the treatment court for which funding is being sought and reflects the agreement that it will serve as the fiscal agent. The MOU must address the overall objectives of the treatment court program as well as show support for efforts to adhere to the evidence-based program principles included in Best Practice Standards and the Key Components of Drug Courts. Note: The treatment court administrator is a member of the court program and has authority to make decisions on behalf of the court. Applicants will submit the MOU by uploading it as an attachment in JustGrants.

**Chief Justice, State Court Administrator, or Designee Letter (Recommended)**

Nontribal applicants are encouraged to include a letter from the chief justice of the state’s highest court, the state court administrator, or a designee (e.g., the state treatment or problem-solving court coordinator) describing how the proposed application would enhance statewide efforts related to treatment courts and/or is part of the state’s treatment court strategy. The letter should be addressed to the BJA Director. Applicants will submit the letter by uploading it as an attachment in JustGrants.

**Statewide Applicants Managing Subawards (Required)**

- A detailed description of the formal selection process, including information on the applicant’s process for requesting proposals (e.g., posting a notice on its website, invitations via email or traditional mail, advertisements); reaching out to stakeholders, including webinars; receiving applications and processing them; conducting programmatic and financial reviews of the applications; evaluating and scoring applications, including the criteria used; and award notification.

- A description for monitoring subrecipients that, at a minimum, must include a plan for (a) reviewing financial and performance reports submitted by the subrecipients; (b) following up to ensure subrecipients act to address deficiencies found through audits, onsite reviews, and other means; and (c) issuing a management decision based on the audit findings that pertain to the subaward.

See the Application Resource Guide for additional information.

Application Review Information

Review Criteria

Basic Minimum Review Criteria
OJP screens applications to ensure they meet the basic minimum requirements prior to conducting the peer review. Although specific requirements may vary, the following are requirements for all OJP solicitations:

- The application must be submitted by an eligible type of applicant.
- The application must be responsive to the scope of the solicitation.
- The application must include all items necessary to meet the basic minimum requirements.

Merit Review Criteria
Applications that meet the basic minimum requirements will be evaluated by peer reviewers on how the proposed project/program addresses the following criteria:

- Description of the Issue (20%): evaluate the applicant’s understanding of the issue to be addressed.
- Project Design and Implementation (40%): evaluate the strength of the proposal, including information provided in the goals, objectives, timelines, and deliverables web-based form.
- Capabilities and Competencies (20%): evaluate the applicant’s administrative and technical capacity to successfully accomplish the goals and objectives.
- Plan for Collecting the Data Required for this Solicitation’s Performance Measures (15%): evaluate the applicant’s understanding of the performance data reporting requirements and the plan for collecting the required data.
• Budget (5%): evaluate for completeness, cost effectiveness, and allowability (e.g., reasonable, allocable, and necessary for project activities).

Other Review Criteria/Factors
Other important considerations for OJP include geographic diversity, strategic priorities (specifically including, but not limited to, those priority areas already mentioned, if applicable), available funding, past performance, pre-award risk rating, and the extent to which the Budget web-based form accurately explains project costs that are reasonable, necessary, and otherwise allowable under federal law and applicable federal cost principles. Costs are allowable when they are reasonable, allocable to, and necessary for the performance of the federal award, and when they comply with the funding statute and agency requirements (to include the conditions of the award), including the cost principles set out in the Uniform Requirements 2 C.F.R. Part 200, Subpart E.

Risk Criteria/Factors
Pursuant to the Part 200 Uniform Requirements, before award decisions are made, OJP also reviews information related to the degree of risk posed by the applicant. Among other things to help assess whether an applicant with one or more prior federal awards has a satisfactory record of performance, integrity, and business ethics, OJP checks whether the applicant is listed in SAM.gov as excluded from receiving a federal award.

In addition, if OJP anticipates that an award will exceed $250,000 in federal funds, OJP also must review and consider any information about the applicant that appears in the non-public segment of the integrity and performance system accessible through SAM.gov.

Important note on Responsibility/Qualification Data (formerly FAPIIS): An applicant may review and comment on any information about its organization that currently appears in SAM.gov and was entered by a federal awarding agency. OJP will consider such comments by the applicant, in addition to the other information in SAM.gov, in its assessment of the risk posed by the applicant.

Review Process
Applications submitted under this solicitation that meet the basic minimum requirements will be evaluated for technical merit by a peer review panel(s) in accordance with OJP peer review policy and procedures using the review criteria listed above. Absent explicit statutory authorization or written delegation of authority to the contrary, all final award decisions will be made by the Assistant Attorney General, who may consider not only peer review ratings and BJA recommendations, but also other factors as indicated in this section.

Federal Award Administration Information
Federal Award Notices
Generally, award notifications are made by the end of the current Federal fiscal year, September 30. See the Application Resource Guide for information on award notifications and instructions.

Evidence-Based Programs or Practices
OJP strongly encourages the use of data and evidence in policymaking and program development for criminal justice, juvenile justice, and crime victim services. For additional information and resources on evidence-based programs or practices (programs or practices that have been evaluated as effective), see the Application Resource Guide.
Information Regarding Potential Evaluation of Programs and Activities
OJP may conduct or support an evaluation of the projects and activities funded under this solicitation. For additional information on what should be included in the application, see the Application Resource Guide section entitled “Information Regarding Potential Evaluation of Programs and Activities.”

Administrative, National Policy, and Other Legal Requirements
If selected for funding, in addition to implementing the funded project consistent with the OJP-approved application, the recipient must comply with all award conditions and all applicable requirements of federal statutes and regulations, including the applicable requirements referred to in the assurances and certifications executed in connection with award acceptance. For additional information on these legal requirements, see the “Administrative, National Policy, and Other Legal Requirements” section in the Application Resource Guide.

Civil Rights Compliance
If a successful applicant accepts funding from OJP—as a recipient of OJP funding—that award recipient must comply with certain federal civil rights laws that prohibit it from discriminating on the basis of race, color, national origin, sex, religion, or disability in how the recipient delivers its program’s services or benefits and in its employment practices. The civil rights laws that may be applicable to the award include Title VI of the Civil Rights Act of 1964 (Title VI), the nondiscrimination provisions of the Omnibus Crime Control and Safe Streets Act of 1968 (Safe Streets Act), and Section 504 of the Rehabilitation Act of 1973. These and other federal civil rights laws are discussed in greater detail here: Overview of Legal Requirements Generally Applicable to OJP Grants and Cooperative Agreements - FY 2024 Awards under the “Civil Rights Requirements” section, and additional resources are available from the OJP Office for Civil Rights.

Part of complying with civil rights laws that prohibit national origin discrimination includes recipients taking reasonable steps to ensure that people who are limited in their English proficiency (LEP) because of their national origin have meaningful access to a recipient’s program and activity. An LEP person is one whose first language is not English and who has a limited ability to read, write, speak, or understand English. To help recipients meet this obligation to serve LEP persons, DOJ has published a number of resources, including a language access assessment and planning tool, which are available at https://www.lep.gov/language-access-planning. Additional resources are available at https://www.ojp.gov/program/civil-rights-office/limited-english-proficient-lep. If the award recipient proposes a program or activity that would deliver services or benefits to LEP individuals, the recipient may use grant funds to support the costs of taking reasonable steps (e.g., interpretation or translation services) to provide meaningful access. Similarly, recipients are responsible for ensuring that their programs and activities are readily accessible to qualified individuals with disabilities. Applicants for OJP funding must allocate grant funds or explain how other available resources will be used to ensure meaningful and full access to their programs. For example, grant funds can be used to support American Sign Language (ASL) interpreter services for deaf or hard of hearing individuals or the purchase of adaptive equipment for individuals with mobility or cognitive disabilities. For resources, see http://www.ADA.gov or contact OJP.
Financial Management and System of Internal Controls
Award recipients and subrecipients (including recipients or subrecipients that are pass-through entities) must, as described in the Part 200 Uniform Requirements as set out at 2 C.F.R. 200.303, comply with standards for financial and program management. See the Application Resource Guide for additional information.

Information Technology Security Clauses
An application in response to this solicitation may require inclusion of information related to information technology security. See the Application Resource Guide for more information.

General Information About Post-Federal Award Reporting Requirements
In addition to the deliverables described in the “Program Description” section, all award recipients under this solicitation will be required to submit certain reports and data.

Required Reports: Award recipients must submit quarterly financial reports, quarterly, performance reports, final financial and performance reports, and, if applicable, an annual audit report in accordance with the Part 200 Uniform Requirements or specific award conditions. Future awards and fund drawdowns may be withheld if reports are delinquent (in appropriate cases, OJP may require additional reports).

See the Application Resource Guide for additional information on specific post-award reporting requirements, including performance measure data.
