Program Description

Program Description Overview

The [U.S. Department of Justice](#) (DOJ), [Office of Justice Programs](#) (OJP), [Bureau of Justice Assistance](#) (BJA) is seeking applications for funding under the Smart Prosecution – Innovative Prosecution Solutions (IPS) Program. This program furthers the Department’s mission by assisting prosecutors to develop innovative and effective strategies to improve public safety.

OJP is committed to advancing work that promotes civil rights and equity, increases access to justice, supports crime victims and individuals impacted by the justice system, strengthens community safety and protects the public from crime and evolving threats, and builds trust between law enforcement and the community.

With this solicitation, BJA seeks to provide state, local, and tribal prosecutors with funding to reduce crime and increase public safety and trust in the criminal justice system. The program encourages prosecutors and agencies to use data in the development of their strategies and projects and to develop fair, effective, cost-effective, and innovative responses to crime within their jurisdictions.

This program furthers the DOJ’s mission to uphold the rule of law, to keep our country safe, and to protect civil rights.

Statutory Authority

Funding for this program is anticipated under the Edward Byrne Memorial Justice Assistance Grant (JAG) Program. The JAG Program authorization provides that up to 5 percent of the funds available to carry out subpart 1 of Title I, Part E of the Omnibus Crime Control and Safe Streets Act of 1968 (“Omnibus”) may be granted, among other reasons, for one or more of the purposes specified in 34 U.S.C. § 10152 upon a determination that it is necessary “to combat, address, or otherwise respond to precipitous or extraordinary increases in crime, or in a type or types of crime.” 34 U.S.C. § 10157(b)(1).

Specific Information

The IPS program encourages prosecutors’ offices to pursue and implement innovative practices that better administer justice to the communities they serve. The IPS Program also supports prosecutors’ efforts to reduce caseloads, improve the effectiveness and efficiency of their policies, processes, and procedures, and provide modern technology to better manage and track cases. From on-scene cell phone data extraction technology to drug market mapping, prosecutors’ offices around the country are pioneering new ways to combat violent crime through IPS. Previous IPS funded projects have shared common themes, including but not limited to:

- Alternatives to incarceration
- Combatting the opioid crisis
- Community engagement
- Crime analytics and intelligence
- Program evaluations
- Multidisciplinary collaboration
- Implementation of technologies to improve case outcomes and efficiencies
- Creation of specialty units such as crime strategy units and digital evidence units

Specific examples of previously funded projects can be found at <https://innovativeprosecutionsolutions.org/>.

Solicitation Goals and Objectives

Goals

The program's goal is for prosecutorial agencies to incorporate innovative or evidence-based prosecution strategies as a fundamental component of their efforts to reduce crime and ensure public safety by accomplishing the objectives below.

Objectives

- Test, establish, and/or expand programming that enhances prosecutors' ability to effectively and sustainably prevent and respond to crime, especially violent crime, which could include the hiring of new prosecutors.
- Foster innovative, effective, formalized, and consistent collaborations with external agencies, and the communities they serve, to increase public safety and trust in the criminal justice system.
- Use technology, intelligence, and data in innovative ways that enable prosecutors' offices to focus resources on the people and places associated with high concentrations of crime and to allow state and local prosecutors' offices to improve their operations to more efficiently and effectively work with communities in reducing crime.
- Enable prosecutors' offices to reduce caseloads to manageable levels by modernizing offices, hiring analytical or support staff, and updating information technology.

For information about what the applicant needs to submit regarding Goals, Objectives, and Deliverables, please see the [How to Apply section on the Application Goals, Objectives, Deliverables, and Timeline Web-Based Form](#).

Priority Areas

In order to further OJP's mission, OJP will provide priority consideration when making award decisions to the following:

1A. Applications that propose project(s) that are designed to meaningfully advance equity and remove barriers to accessing services and opportunities for communities that have been historically underserved, marginalized, adversely affected by inequality, and disproportionately impacted by crime, violence, and victimization.

To receive this consideration, the applicant must describe how the proposed project(s) will address identified inequities **and** contribute to greater access to services and opportunities for communities that have been historically underserved, marginalized, adversely affected by inequality, and disproportionately impacted by crime, violence, and victimization. Project activities under this consideration may include, but are not limited to the following: improving victim services, justice responses, prevention initiatives, reentry services and other parts of an organization's or community's efforts to advance public safety. Applicants should propose activities that address the cultural (and linguistic, if appropriate) needs of communities, outline how the proposed activities will be informed by these communities, and implement culturally responsive and inclusive outreach and engagement.

1B. Applicants that demonstrate that their capabilities and competencies for implementing their proposed project(s) are enhanced because they (or at least one proposed subrecipient that will

receive **at least 40 percent** of the requested award funding, as demonstrated in the Budget web-based form) are a *population specific organization* that serves communities that have been historically underserved, marginalized, adversely affected by inequality, and disproportionately impacted by crime, violence, and victimization.

For purposes of this solicitation, population specific organizations are nonprofit, nongovernmental, or Tribal organizations that primarily serve members of a specific underserved population and have demonstrated experience and expertise providing targeted services to members of that specific underserved population.

To receive this additional priority consideration, applicants must describe how being a population specific organization (or funding the population specific subrecipient organization(s)) will enhance their ability to implement the proposed project(s), and should also specify which historically underserved populations are intended or expected to be served or have their needs addressed under the proposed project(s).

Note: Addressing these priority areas is one of many factors that OJP considers in making funding decisions. Receiving priority consideration for one or more priority areas does not guarantee an award.

Continuation Funding Intent

OJP may, in certain cases, provide additional funding in future years to awards made under this funding opportunity through continuation awards. How To Apply

Application Resources

When preparing and submitting an application, the following resources may aid prospective applicants:

1. Grants.gov [“How to Apply for Grants”](#)
2. OJP [“How To Apply”](#) section in the [Application Resource Guide](#)
3. JustGrants [Application Submission Training](#)

This solicitation (notice of funding opportunity) incorporates guidance provided in the [OJP Grant Application Resource Guide](#) (Application Resource Guide), which provides additional information for applicants to prepare and submit applications to OJP for funding. **If this solicitation requires something different from any guidance provided in the [Application Resource Guide](#), the difference will be noted in this solicitation and the applicant is to follow the guidelines in this solicitation, rather than the guidance in the [Application Resource Guide](#) that is in conflict.**

How To Apply

Registration

Before submitting an application, all applicants must register with the System for Award Management (SAM.gov). An applicant must renew their registration every 12 months. If an applicant does not renew their SAM.gov registration, it will expire. An expired registration can delay or prevent application submission in Grants.gov and JustGrants. Applicants are encouraged to start the SAM.gov registration process at least 30 days prior to the application deadlines. Applicants who fail to begin the registration or renewal process at least 10 business days prior to the Grants.gov deadline may not complete the process in time and will not be considered for late submission.

Submission

Applications must be submitted to DOJ electronically through a two-step process that begins in Grants.gov and is completed in JustGrants.

Step 1: After registering with SAM.gov, the applicant must submit the **SF-424** and **SF-LLL** in Grants.gov at <https://grants.gov/register> by the Grants.gov deadline. **To leave time to address any technical issues that may arise, an applicant should submit the SF-424 and SF-LLL as early as possible and recommended not later than 48 hours before the Grants.gov deadline.** If an applicant fails to submit in Grants.gov by the deadline, they will be unable to apply in JustGrants. Applicants can confirm Grants.gov submission by verifying their application status shows as “submitted” or “agency tracking number assigned.”

Step 2: The applicant must then submit the **full application**, including attachments, in JustGrants at [JustGrants.usdoj.gov](https://justgrants.usdoj.gov) by the JustGrants deadline.

OJP recommends that applicants submit the complete application package in JustGrants at least 48 hours prior to the JustGrants deadline. Some of the required sections of the application will be entered directly into JustGrants, and other sections will require documents to be uploaded and attached. Therefore, applicants should allow enough time before the JustGrants deadline to prepare all the requirements of the application. Applicants may save their progress

in the system and add to or change the application as needed prior to hitting the “Submit” button at the end of the application in JustGrants.

An applicant will receive emails when successfully submitting in Grants.gov and JustGrants and should maintain all emails and other confirmations received from SAM.gov, Grants.gov, and JustGrants systems.

For additional information, see the “How To Apply” section in the [Application Resource Guide](#) and the [DOJ Application Submission Checklist](#).

Submission Dates and Time

The **SF-424 and the SF-LLL** must be submitted in Grants.gov by April 29, 2024 8:59 PM ET.

The **full application** must be submitted in JustGrants by May 06, 2024 8:59 PM ET.

To be considered timely, the **full application** must be submitted in JustGrants by the JustGrants application deadline. Failure to begin the SAM.gov, Grants.gov, or JustGrants registration and application process in sufficient time (i.e., waiting until the due dates identified in this solicitation for those systems to begin the application steps) is not an acceptable reason to request a technical waiver.

Experiencing Unforeseen Technical Issues Preventing Submission of an Application (Technical Waivers)

OJP will only consider requests to submit an application after the deadline when the applicant can document that a technical issue with a government system prevented submission of the application on time.

If an applicant misses a deadline due to unforeseen technical issues with SAM.gov, Grants.gov, or JustGrants, the applicant may request a waiver to submit an application after the deadline. However, the waiver request will not be considered unless it includes documentation of attempts to receive technical assistance to resolve the issue prior to the application deadline. A tracking number is the most typical documentation and is generated when the applicant contacts the applicable service desks to report technical difficulties. Tracking numbers are generated automatically when an applicant emails the applicable service desks, and for this reason, long call wait times for support do not relieve the applicant of the responsibility of getting a tracking number.

An applicant experiencing technical difficulties must contact the associated service desk indicated below to report the technical issue and receive a tracking number:

- SAM.gov: contact the [SAM.gov Help Desk \(Federal Service Desk\)](#), Monday–Friday from 8:00 a.m. to 8:00 p.m. ET at 866-606-8220.
- Grants.gov: contact the [Grants.gov Customer Support Hotline](#), 24 hours a day, 7 days a week, except on federal holidays, at 800-518-4726, 606-545-5035, or support@grants.gov.
- JustGrants: contact the JustGrants Service Desk at JustGrants.Support@usdoj.gov or 833-872-5175, Monday–Friday from 7:00 a.m. to 9:00 p.m. ET and Saturday, Sunday, and federal holidays from 9:00 a.m. to 5:00 p.m. ET.

If an applicant has technical issues with SAM.gov or Grants.gov, the applicant must contact the OJP Response Center at grants@ncjrs.gov within **24 hours of the Grants.gov deadline** to request approval to submit after the deadline.

If an applicant has technical issues with JustGrants that prevent application submission by the deadline, the applicant must contact the OJP Response Center at grants@ncjrs.gov within **24 hours of the JustGrants deadline** to request approval to submit after the deadline.

Waiver requests sent to the OJP Response Center must—

- describe the technical difficulties experienced (provide screenshots if applicable);
- include a timeline of the applicant’s submission efforts (e.g., date and time the error occurred, date and time of actions taken to resolve the issue and resubmit; and date and time support representatives responded);
- include an attachment of the complete grant application and all the required documentation and materials;
- include the applicant’s Unique Entity Identifier (UEI); and
- include any SAM.gov, Grants.gov, and JustGrants Service Desk tracking numbers documenting the technical issue.

OJP will review each waiver request and the required supporting documentation and notify the applicant whether the request for late submission has been approved or denied. An applicant that does not provide documentation of a technical issue (including all information listed above), or that does not submit a waiver request within the required time period, will be denied.

For more details on the waiver process, OJP encourages applicants to review the “Experiencing Unforeseen Technical Issues” section in the [Application Resource Guide](#).

Application and Submission Information

Content of Application Submission and Available Surveys

The following application elements **must** be included in the application to meet the basic minimum requirements to advance to peer review and receive consideration for funding:

- SF-424 and SF-LLL (in Grants.gov)
- Proposal Abstract (in JustGrants)
- Proposal Narrative (in JustGrants)
- Budget Web-Based Form, which includes the budget details and the budget narrative (in JustGrants)

If OJP determines that an application does not include these elements, it will not proceed to peer review and will not receive any further consideration.

Content of the SF-424 in Grants.gov

The SF-424 must be submitted in Grants.gov. It is a required standard form used as a cover sheet for submission of pre-applications, applications, and related information. See the [Application Resource Guide](#) for additional information on completing the SF-424.

In Section 8F of the SF-424, please include the name and contact information of the individual **who will complete the application in JustGrants**. JustGrants will use this information (*email address*) to assign the application to this user in JustGrants.

Intergovernmental Review: This funding opportunity **is not** subject to [Executive Order \(E.O.\) 12372](#). In completing the SF-424, an applicant should answer question 19 by selecting “Program is not covered by E.O. 12372.”

Content of the JustGrants Application Submission

Entity and User Verification (First Time Applicant)

For first time JustGrants applicants, once the application is received from Grants.gov, DOJ will send an email (from DIAMD-NoReply@usdoj.gov) to the individual listed in Section 8F of the SF-424 with instructions on how to create a JustGrants account. This email should arrive within 24 hours after this individual receives confirmation from Grants.gov of their SF-424 and SF-LLL submissions. Register the Entity Administrator (the person who manages who can access JustGrants on behalf of the applicant), the Application Submitter, and Authorized Representative for the applicant with JustGrants as early as possible and (recommended) not later than 48-72 hours before the JustGrants deadline. Once registered in JustGrants, the Application Submitter will receive a link in an email to complete the rest of the application in JustGrants. Find additional information on JustGrants Application Submission in the [Application Resource Guide](#).

Standard Applicant Information

The “Standard Applicant Information” section of the JustGrants application is pre-populated with the SF-424 data submitted in Grants.gov. The applicant will need to review the Standard Applicant Information in JustGrants and make edits as needed. Within this section, the applicant will need to add ZIP codes for areas affected by the project; confirm their Authorized Representative; and verify and confirm the organization’s unique entity identifier, legal name, and address.

Proposal Abstract

A Proposal Abstract (no more than 400 words) summarizing the proposed project—including its purpose, primary activities, expected outcomes, the service area, intended beneficiaries, and subrecipients (if known)—must be completed in the JustGrants web-based form. This abstract should be in paragraph form without bullets or tables, written in the third person, and exclude personally identifiable information. Abstracts will be made publicly available on the OJP and USASpending.gov websites if the project is awarded. See the [Application Resource Guide](#) for an [example](#) of a proposal abstract.

Data Requested With Application

The following application elements should be submitted in the web-based forms in JustGrants.

Financial Management and System of Internal Controls Questionnaire (including applicant disclosure of high-risk status)

The Financial Management and System of Internal Controls Questionnaire helps OJP assess the financial management and internal control systems, and the associated potential risks of an applicant as part of the pre-award risk assessment process. Every OJP applicant (other than an individual applying in their personal capacity, not representing an applicant organization) is required to complete the web-based Questionnaire form in JustGrants. See the [Application Resource Guide: Financial Management and System of Internal Controls Questionnaire \(including Applicant Disclosure of High Risk Status\)](#) for additional guidance on how to complete the questionnaire.

Brief Applicant Entity Questionnaire

The Office of Justice Programs (OJP) is collecting the following information to help assess its efforts to attract a broader range of applicants. These questions apply to the applicant entity and its work and scope only, and not to the specific project(s) being proposed within the application. Responses to the questions will not be considered in the application review process. The questions included in the questionnaire are available in the [Standard Forms & Instructions: Brief Applicant Entity Questionnaire](#).

Proposal Narrative

The Proposal Narrative should be submitted as an attachment in JustGrants. The attached document should be double-spaced, using a standard 12-point size font; have no less than 1-inch margins; and should not exceed 12 numbered pages. If the Proposal Narrative fails to comply with these length restrictions, OJP may consider such noncompliance in peer review and in final award decisions. Applicants may include tables, chart, and graphs in a legible font smaller than 12-point but they will still be considered part of the page limit. Please note grantees will be required to submit a final report evaluating the project or strategy so that should be included as part of the proposed narrative.

The Proposal Narrative must include the following sections:

- a. Description of the Issue
Describe why this project/these proposed activities are necessary (significance/value) or how it addresses a need.
- b. Project Design and Implementation
Describe the strategy to address the needs identified in the Description of the Issue/Statement of the Problem. List the activities and describe how they relate to the stated objectives. Activities are the specific actions to be undertaken to fulfill the program's objectives and reach the program's goal(s). Provide a detailed description of the method(s) to be used to carry out each activity. Provide a timetable indicating roughly when the activities or program milestones are to be accomplished.

If an applicant is seeking consideration under Priority 1A, it should explain in this section how the proposed project(s) will meaningfully address identified inequities **and** contribute to greater access to services and opportunities for communities that have been historically underserved, marginalized, adversely affected by inequality, and disproportionately impacted by crime, violence, and victimization. The applicant should also identify how the project design and implementation will specifically incorporate the input and/or participation of these communities.
- c. Capabilities and Competencies
Describe the capabilities and competencies required to accomplish the goals and objectives of the project.

If the applicant is seeking priority consideration under Priority 1B, it should: (1) describe within this section how being a population specific organization (or funding a population specific subrecipient organization at a minimum of 40% of the project budget) will enhance its capabilities and competencies to implement the proposed project; (2) specify which populations are intended or expected to be served, have their needs addressed, and/or be affected by the proposed project; and (3) include information to confirm that the population specific organization is specifically designed to serve

communities that have been historically underserved, marginalized, adversely affected by inequality, and disproportionately impacted by crime, violence, and victimization (examples of such information include, but are not limited to, the website address, charter, mission statement, or operating principles of the population specific organization).

- d. Plan for Collecting the Data Required for This Solicitation’s Performance Measures Describe the process for measuring project performance. Identify who will collect the data; who is responsible for performance measurements; and how the information will be used to guide and evaluate the project’s impact. Describe the process to accurately report data.

Note: An applicant is **not** required to submit performance data with the application. Rather, performance measure information is included to provide notice that award recipients will be required to submit performance data as part of each award’s reporting requirements.

OJP will require each award recipient to submit regular performance data that show the completed work’s results. The performance data directly relate to the solicitation goals and objectives identified in the “[Goals and Objectives](#)” section.

Applicants can visit [OJP’s performance measurement page](#) at www.ojp.gov/performance for more information on performance measurement activities.

A list of performance measure questions for this program can be found [here](#). Some measures are presented as examples, while others are the exact measures that every recipient will be expected to address.

BJA will require award recipients to submit performance measure data and performance reports in JustGrants. BJA will provide further guidance on the post-award submission process, if the applicant is selected for award.

[Note on Project Evaluations](#)

An applicant that proposes to use award funds through this solicitation to conduct project evaluations must follow the guidance in the “[Note on Project Evaluations](#)” section in the [Application Resource Guide](#).

[Application Goals, Objectives, Deliverables, and Timeline Web-Based Form](#)

The applicant will submit the project’s goals, objectives, deliverables and timeline in the JustGrants web-based form. This is a summary of the goals, objectives, deliverables, and timeline that relate to the proposal narrative. The applicant will also enter the projected fiscal year and quarter that each objective and deliverable will be completed. Please refer to the [Application Submission Job Aid](#) for step-by-step directions.

- **Goals:** The applicant should describe the project’s intent to change, reduce, or eliminate the problem noted in the proposal narrative.
- **Program Objectives and Timeline:** The applicant should include objectives to accomplish its goals. Objectives are specific, measurable actions to reach the project’s desired results. The included timelines should be clearly linked to the goal.
- **Deliverables and Timeline:** Project deliverables refer to outputs—tangible (for example, a report or a website) or intangible (for example, greater feelings of safety reported by

the community)—that are documented and submitted within the scope of a project. Deliverables include timelines.

Please note, that what you propose in this section should directly relate to the program description. Specifically, how the implement innovative practices being proposed will assist with better administer justice to the communities' prosecutors serve.

Deliverables Expected by Successful Applicants

Successful applicants should include specific information on:

- Implementation of a project that modernizes prosecutors' offices or modifies their policies and practices in order to improve their ability to fairly, effectively, and sustainably prevent and respond to crime.
- Written policies or procedures that demonstrate operational changes originated by the project.
- How the project or strategy will be evaluated and who will be responsible for a final report that will provide feedback on the results of the project which will be made publicly available on the IPS website.

The goals, objectives, and deliverables are directly related to the performance measures that show the completed work's results, as discussed in the "Application and Submission Information" section.

Program objectives and deliverables should be included in one timeline.

Budget and Associated Documentation

A budget description should be included that describes how the items being proposed support the overall implementation of the project.

Funding Restrictions

All recipients and subrecipients (including any for-profit organization) must forgo any profit or management fee.

Budget Detail and Narrative Web-Based Form

The applicant will complete the JustGrants web-based budget form, which includes both detailed calculations and budget narrative sections.

For additional information about how to prepare a budget for federal funding, see the "[Application Resource Guide](#)" section on [Budget Preparation and Submission Information](#) and the technical steps to complete the budget form in JustGrants in the [Complete the Application in JustGrants: Budget](#) training.

If the applicant is seeking priority consideration under Priority 1A and has proposed activities to incorporate the input and participation of communities that have been historically underserved, marginalized, adversely affected by inequality, and disproportionately impacted by crime, violence and victimization, financial support for the identified activities and participation must be reflected in the web-based budget form.

If the applicant is seeking priority consideration under Priority 1B based on the identification of a proposed subrecipient as a population specific organization, the proposed funding for the subrecipient must **reflect a minimum of 40 percent of the total award funding** within the web-based budget form. The budget narrative must also describe how the **activities that will**

be funded with the (minimum) 40 percent of award funding provided to the subrecipient **specifically relate to the proposed project** that will meaningfully address identified inequities and contribute to greater access to services and opportunities for communities that have been historically underserved, marginalized, adversely affected by inequality, and disproportionately impacted by crime, violence, and victimization.

[Prior Approval, Planning, and Reporting of Conference/Meeting/Training Costs](#)

OJP strongly encourages every applicant that proposes to use award funds for any conference-, meeting-, or training-related activity (or similar event) to review carefully—before submitting an application—the [Application Resource Guide](#) for information on prior approval, planning, and reporting of conference/meeting/training costs.

[Costs Associated With Language Assistance \(if applicable\)](#)

If an applicant proposes a program or activity that would deliver services or benefits to individuals, the costs of taking reasonable steps to provide meaningful access to those services or benefits for individuals with limited English proficiency may be allowable. See the [Application Resource Guide](#) for information on costs associated with language assistance.

[Unmanned Aircraft Systems](#)

The use of BJA grant funds for unmanned aircraft systems (UAS), including unmanned aircraft vehicles (UAV), and all accompanying accessories to support UAS or UAV, is unallowable.

[Budget/Financial Attachments](#)

[Indirect Cost Rate Agreement](#)

Indirect costs are costs of an organization that are not readily assignable to a particular project but are necessary to the operation of the organization and the performance of the project. Examples of costs usually treated as indirect include those incurred for facility operation and maintenance, depreciation, and administrative salaries. The requirements for the development and submission of indirect cost proposals and cost allocation plans are listed in Appendices III – VII of 2 C.F.R. Part 200. A non-federal applicant should follow the guidelines applicable to its type of organization. If applicable, an applicant with a current federally-approved indirect cost rate agreement will upload it as an attachment in JustGrants. See the [DOJ Financial Guide](#) for additional information on [Indirect Cost Rate Agreement](#).

[Consultant Rate](#)

Costs for consultant services require prior approval from OJP. If the proposed project expects to fund consultant services, compensation for individual consultant services is to be reasonable and consistent with that paid for similar services in the marketplace. See the [DOJ Grants Financial Guide](#) for information on the consultant rates, which require prior approval from OJP.

[Limitation on Use of Award Funds for Employee Compensation for Awards Over \\$250,000; Waiver](#)

If an applicant proposes to hire employees with Federal award funds, for any award of more than \$250,000 made under a funding opportunity, an award recipient may not use federal funds to pay total cash compensation (salary plus cash bonuses) to any employee of the recipient at a rate that exceeds 110 percent of the maximum annual salary payable to a member of the federal government's Senior Executive Service (SES) at an agency with a Certified SES Performance Appraisal System for that year. See the [Application Resource Guide](#) for information on the "Limitation on Use of Award Funds for Employee Compensation for Awards over \$250,000; Waiver."

Disclosure of Process Related to Executive Compensation

This notice of funding opportunity expressly modifies the Application Resource Guide by not incorporating its “Disclosure of Process Related to Executive Compensation” provisions. Applicants to this funding opportunity are not required to provide this disclosure.

Additional Application Components

The applicant will attach the additional requested documentation in JustGrants.

Curriculum Vitae or Resumes (if applicable)

Provide resumes of key personnel who will work on the proposed project.

Tribal Authorizing Resolution (if applicable)

An application in response to this solicitation may require inclusion of tribal authorizing documentation as an attachment. If applicable, the applicant will upload the tribal authorizing documentation as an attachment in JustGrants. See the [Application Resource Guide](#) for information on tribal authorizing resolutions.

Letters of Support (if applicable)

Applicants should include, for each named supporting entity, a signed letter of support that outlines the supporting entity’s reasons for supporting for the project. Applications submitted from two or more entities are encouraged to submit signed letters of support that provide a detailed description of why the proposed project should receive federal funding.

Each letter of support may include the following: (1) a description of the relationship between the applicant entity and the supporting entity; (2) a description of the need and what benefits would be gained from the project; (3) a description of the applicant’s capacity to complete the proposed project. Letters of support should be signed and then submitted as one separate attachment to the application in JustGrants.

Research and Evaluation Independence and Integrity Statement (if applicable)

If an application proposes research (including research and development) and/or evaluation, the applicant must demonstrate research/evaluation independence and integrity, including appropriate safeguards, before it may receive award funds. The applicant will upload documentation of its research and evaluation independence and integrity as an attachment in JustGrants. For additional information, see the [Application Resource Guide](#).

Disclosures and Assurances

The applicant will address the following disclosures and assurances.

Disclosure of Lobbying Activities

The SF-LLL attachment that was completed and submitted in Grants.gov is attached to this section.

Applicant Disclosure of Duplication in Cost Items

To ensure funding coordination across grant making agencies, and to avoid unnecessary or inappropriate duplication among grant awards, the applicant will disclose if it has any pending applications for federal funding, including pending applications for subawards of federal funds. Complete the JustGrants web-based Applicant Disclosure of Duplication in Cost Items form. See the [Application Resource Guide](#) for additional information.

DOJ Certified Standard Assurances

Review and accept the DOJ Certified Standard Assurances in JustGrants. See the [Application Resource Guide](#) for additional information.

DOJ Certifications Regarding Lobbying; Debarment, Suspension and Other Responsibility Matters; Drug-Free Workplace Requirements; Law Enforcement and Community Policing

Review and accept in JustGrants the DOJ Certifications Regarding Lobbying; Debarment, Suspension and Other Responsibility Matters; Drug-Free Workplace Requirements; Law Enforcement and Community Policing. See the [Application Resource Guide](#) for additional information.

Applicant Disclosure and Justification – DOJ High-Risk Grantees

If applicable, submit the DOJ High-Risk Disclosure and Justification as an attachment in JustGrants. A DOJ High-Risk Grantee is an award recipient that has received a DOJ High-Risk designation based on a documented history of unsatisfactory performance; financial instability; management system or other internal control deficiencies; noncompliance with award terms and conditions on prior awards or is otherwise not responsible. See the [Application Resource Guide](#) for additional information.

Application Review Information

Review Criteria

Basic Minimum Review Criteria

OJP screens applications to ensure they meet the basic minimum requirements prior to conducting the peer review. Although specific requirements may vary, the following are requirements for all OJP solicitations:

- The application must be submitted by an eligible type of applicant.
- The application must request funding within any stated programmatic funding limits or boundaries.
- The application must be responsive to the scope of the solicitation.
- The application must include all items necessary to meet the basic minimum requirements.

Merit Review Criteria

Applications that meet the basic minimum requirements will be evaluated by peer reviewers on how the proposed project/program addresses the following criteria:

- Statement of the Problem/Description of the Issue (20%): evaluate the applicant's understanding of the program/issue to be addressed.
- Project Design and Implementation (30%): evaluate the strength of the proposal, including information provided in the goals, objectives, timelines, and deliverables web-based form.
- Capabilities and Competencies (15%): evaluate the applicant's administrative and technical capacity to successfully accomplish the goals and objectives.
- Plan for Collecting the Data Required for this Solicitation's Performance Measures (15%): evaluate the applicant's understanding of the performance data reporting requirements and the plan for collecting the required data.
- Budget (20%): evaluate for completeness, cost effectiveness, and allowability (e.g., reasonable, allocable, and necessary for project activities).

Other Review Criteria/Factors

Other important considerations for OJP include geographic diversity, strategic priorities (specifically including, but not limited to, those priority areas already mentioned, if applicable), available funding, past performance, and the extent to which the Budget web-based form accurately explains project costs that are reasonable, necessary, and otherwise allowable under federal law and applicable federal cost principles. Costs are allowable when they are reasonable, allocable to, and necessary for the performance of the federal award, and when they comply with the funding statute and agency requirements (to include the conditions of the award), including the cost principles set out in the [Uniform Requirements 2 C.F.R. Part 200, Subpart E](#).

Risk Criteria/Factors

Pursuant to the Part 200 Uniform Requirements, before award decisions are made, OJP also reviews information related to the degree of risk posed by the applicant. Among other things to help assess whether an applicant with one or more prior federal awards has a satisfactory record of performance, integrity, and business ethics, OJP checks whether the applicant is listed in SAM.gov as excluded from receiving a federal award.

In addition, if OJP anticipates that an award will exceed \$250,000 in federal funds, OJP also must review and consider any information about the applicant that appears in the non-public segment of the integrity and performance system accessible through SAM.gov.

Important note on Responsibility/Qualification Data (formerly FAPIIS): An applicant may review and comment on any information about its organization that currently appears in SAM.gov and was entered by a federal awarding agency. OJP will consider such comments by the applicant, in addition to the other information in SAM.gov, in its assessment of the risk posed by the applicant.

Review Process

Applications submitted under this solicitation that meet the basic minimum requirements will be evaluated for technical merit by a peer review panel(s) in accordance with OJP peer review policy and procedures using the review criteria listed above. Absent explicit statutory authorization or written delegation of authority to the contrary, all final award decisions will be made by the Assistant Attorney General, who may consider not only peer review ratings and BJA recommendations, but also other factors as indicated in this section.

Federal Award Administration Information

Federal Award Notices

Generally, award notifications are made by the end of the current Federal fiscal year, September 30. See the [Application Resource Guide](#) for information on award notifications and instructions.

Evidence-Based Programs or Practices

OJP strongly encourages the use of data and evidence in policymaking and program development for criminal justice, juvenile justice, and crime victim services. For additional information and resources on evidence-based programs or practices (programs or practices that have been evaluated as effective), see the [Application Resource Guide](#).

Information Regarding Potential Evaluation of Programs and Activities

OJP may conduct or support an evaluation of the projects and activities funded under this solicitation. For additional information on what should be included in the application, see the [Application Resource Guide](#) section entitled “Information Regarding Potential Evaluation of Programs and Activities.”

Administrative, National Policy, and Other Legal Requirements

If selected for funding, in addition to implementing the funded project consistent with the OJP-approved application, the recipient must comply with all award conditions and all applicable requirements of federal statutes and regulations, including the applicable requirements referred to in the assurances and certifications executed in connection with award acceptance. For additional information on these legal requirements, see the “Administrative, National Policy, and Other Legal Requirements” section in the [Application Resource Guide](#).

Civil Rights Compliance

If a successful applicant accepts funding from OJP—as a recipient of OJP funding—that award recipient must comply with certain federal civil rights laws that prohibit it from discriminating on the basis of race, color, national origin, sex, religion, or disability in how the recipient delivers its program’s services or benefits and in its employment practices. The civil rights laws that may be applicable to the award include Title VI of the Civil Rights Act of 1964 (Title VI), the nondiscrimination provisions of the Omnibus Crime Control and Safe Streets Act of 1968 (Safe Streets Act), and Section 504 of the Rehabilitation Act of 1973. These and other federal civil rights laws are discussed in greater detail here: [Overview of Legal Requirements Generally Applicable to OJP Grants and Cooperative Agreements - FY 2024 Awards](#) under the “Civil Rights Requirements” section, and additional resources are available from the [OJP Office for Civil Rights](#).

Part of complying with civil rights laws that prohibit national origin discrimination includes recipients taking reasonable steps to ensure that people who are limited in their English proficiency (LEP) because of their national origin have meaningful access to a recipient’s program and activity. An LEP person is one whose first language is not English and who has a limited ability to read, write, speak, or understand English. To help recipients meet this obligation to serve LEP persons, DOJ has published a number of resources, including a language access assessment and planning tool, which are available at <https://www.lep.gov/language-access-planning>. Additional resources are available at <https://www.ojp.gov/program/civil-rights-office/limited-english-proficient-lep>. If the award recipient proposes a program or activity that would deliver services or benefits to LEP individuals, the recipient may use grant funds to support the costs of taking reasonable steps (e.g., interpretation or translation services) to provide meaningful access. Similarly, recipients are responsible for ensuring that their programs and activities are readily accessible to qualified individuals with disabilities. Applicants for OJP funding must allocate grant funds or explain how other available resources will be used to ensure meaningful and full access to their programs. For example, grant funds can be used to support American Sign Language (ASL) interpreter services for deaf or hard of hearing individuals or the purchase of adaptive equipment for individuals with mobility or cognitive disabilities. For resources, see <http://www.ADA.gov> or contact OJP.

Financial Management and System of Internal Controls

Award recipients and subrecipients (including recipients or subrecipients that are pass-through entities) must, as described in the Part 200 Uniform Requirements as set out at 2 C.F.R. 200.303, comply with standards for financial and program management. See the [Application Resource Guide](#) for additional information.

Information Technology Security Clauses

An application in response to this solicitation may require inclusion of information related to information technology security. See the [Application Resource Guide](#) for more information.

General Information About Post-Federal Award Reporting Requirements

In addition to the deliverables described in the "[Program Description](#)" section, all award recipients under this solicitation will be required to submit certain reports and data.

Required reports. Award recipients must submit quarterly financial reports, semi-annual performance reports, final financial and performance reports, and, if applicable, an annual audit report in accordance with the Part 200 Uniform Requirements or specific award conditions. Future awards and fund drawdowns may be withheld if reports are delinquent (in appropriate cases, OJP may require additional reports).
