Synopsis

Program Description Overview

The [U.S. Department of Justice](#) (DOJ), [Office of Justice Programs](#) (OJP), [Bureau of Justice Assistance](#) (BJA) is seeking applications for funding.

OJP is committed to advancing work that promotes civil rights and equity, increases access to justice, supports crime victims and individuals impacted by the justice system, strengthens community safety, protects the public from crime and evolving threats, and builds trust between law enforcement and the community.

With this solicitation, BJA seeks to support state, local, and tribal law enforcement and prosecution agencies, and their community partners, to address hate crimes by establishing a coordinated hate crimes resource center. The purpose of the resource center is to coordinate resources and research across several BJA funded hate crimes prevention and response programs. This will create one single location for communities to access the latest promising practices, research, and implementation support from across many disciplines to address hate crimes.

This program furthers the DOJ's mission to uphold the rule of law, to keep our country safe, and to protect civil rights.

Eligibility

- Public- and State-controlled institutions of higher education
- Nonprofits having a 501(c)(3) status with the IRS, other than institutions of higher education
- Nonprofits that do not have a 501(c)(3) status with the IRS, other than institutions of higher education
- Private institutions of higher education
- For-profit organizations other than small businesses
- Small businesses

BJA will consider applications under which two or more entities (project partners) would carry out the federal award; however, only one entity may be the applicant for the solicitation. Any others must be proposed as subrecipients (subgrantees). See the [Application Resource Guide](#) for additional information on subawards.

BJA may choose to fund applications submitted under this FY 2024 solicitation in future fiscal years, dependent on, among other considerations, the merit of the applications and the availability of appropriations.

Pub. L. No. 111-84, Div. E, Sec. 4704 (codified at 34 U.S.C. 30503); Pub. L. No. 117-13, Sec. 5 (codified at 34 U.S.C. 30507); Pub. L. No. 110-344, Sec. 5 (codified at 28 U.S.C. § 509 Note); Department of Justice Appropriations Act, 2024 (Pub. L. No. 118-42, 138 Stat. 25, 149).

Specific Information

Background and Historical Significance

Hate crimes (sometimes called bias-motivated crimes) are criminal offenses motivated by some form of bias toward a victim on the basis of their perceived or actual race, color, religion, national origin, sexual orientation, gender, gender identity, or disability. Hate or bias incidents are acts of prejudice that are not crimes and do not involve violence, threats, or property damage.

Hate crimes and incidents have a devastating effect beyond the harm inflicted on any one victim. They reverberate through families, communities, and the entire nation as others fear that they too may be threatened or attacked because of what they look like, who they are, where they worship, whom they love, or whether they have a disability.

Hate crimes have a generational impact on families and entire communities. These crimes cast a long, devastating shadow both locally and nationally.

Current Prevalence and Data Resources

Hate crimes are chronically underreported to and underidentified by law enforcement. Tools such as the [U.S. Bureau of Justice Statistics' National Crime Victimization Survey \(NCVS\)](#) and the [Federal Bureau of Investigation's UCR program](#) can shed some light on trends among those hate crimes reported to law enforcement or via NCVS.

In recent years, there have been alarming spikes in hate crimes and threats of violence across the country, often fueled by online hate forums. There have been a number of attacks on houses of worship and threats against historically Black colleges and universities. Hate also

continues to drive many acts of mass violence including the Tops grocery store shooting in Buffalo, NY and the Club Q shooting in Colorado Springs, CO.

Though many jurisdictions are facing significant increases in hate crimes, [recent research from the National Institute of Justice](#) indicates that many state and local police agencies do not have adequate tools to identify, investigate, and respond to hate crimes. In that survey of law enforcement agencies, 81 percent of responding agencies reported that they do not have personnel or units dedicated to investigating hate crimes. Just over 50 percent of responding agencies have either agency-level written policy guidelines for investigating hate crimes or specialized hate crimes training delivered in the past 2 years. Furthermore, only 29 percent of responding agencies had conducted outreach to local advocacy groups on hate crimes.

Hate crimes can be more violent and involve greater victim injury as compared to other types of crime, yet they are substantially underreported. Victim reluctance to contact law enforcement may arise from perceptions of police bias, distrust of law enforcement or the criminal justice system, or barriers such as language or concerns about their immigration status. As law enforcement agencies use data to inform their strategies and allocation of resources, this underreporting can pose a unique challenge in addressing hate crimes. Law enforcement and prosecutors may also lack the appropriate understanding and training needed to identify, report, or charge these crimes or effectively investigate and prosecute these cases. Research supported by the National Institute of Justice found that only 23 percent of police agencies that responded to the survey reported any hate crime investigations in 2018.

BJA Hate Crimes Programs

Eliminating hate crimes and bias-motivated violence in communities and the country is one of DOJ's highest priorities. As with most other crimes, the vast majority of hate crimes in the United States are investigated under state law and prosecuted by local, state, and tribal authorities. In addition to other efforts underway throughout the Department, BJA is committed to supporting our state, local, and tribal law enforcement and prosecution partners, as well as community leaders, to address hate crimes in their communities through several grant programs.

Law enforcement, prosecution, and community leaders from across the country are stepping up to lead their communities in addressing hate crimes. Grantees under BJA's [Matthew Shepard and James Byrd, Jr. Hate Crimes Program](#) are using funding to improve investigations, better identify and report hate crimes, partner with community organizations, conduct outreach and education campaigns, and more. In complementary efforts, several agencies have taken on the critical work of redressing past injustices through BJA's [Emmett Till Cold Case Investigations Program](#). BJA also invests in the unique power of community and civil rights organizations in eliminating hate crimes through the [Community-based Approaches to Prevent and Address Hate Crimes Program](#).

Each of these programs speaks to a unique aspect of preventing or responding to hate and is supported by tailored Training and Technical Assistance (TTA) teams which focus on supporting grantees in the implementation of their programs. Each program will continue to be supported by individual TTA teams. These teams develop individualized support for program grantees, provide cohort or program level webinars and trainings, develop and facilitate participation in regional or national conferences, and develop program-specific online tools to assist grantees and highlight their work. BJA seeks to support and complement the existing TTA by coordinating

resources and materials across these programs into one central resource center available to state, local, and tribal justice agencies and their community partners nationwide.

The coordinated resource center is designed to identify, expand on, elevate, and share best practices, research, model policies, trainings, webinars and more to a national audience on preventing and responding to hate crimes.

The federal government also has an important role to play in addressing hate crimes through collaboration with state, local, and tribal partners. The Department's Hate Crimes Enforcement and Prevention Initiative is charged with coordinating DOJ's efforts to eradicate hate crimes, in part by facilitating training, outreach, and education to law enforcement agencies and the public at the federal, state, local, and tribal levels. This work is collaborative and includes DOJ's Civil Rights Division, the Community Relations Service, U.S. Attorneys' Offices, the Federal Bureau of Investigation, the Office of Community Oriented Policing Services, and other program offices in OJP such as the Office for Victims of Crime and the National Institute of Justice. For more information on the work of these agencies and opportunities to build on this work, see www.justice.gov/hatecrimes. The hate crimes resource center developed under this solicitation will elevate and complement the work throughout DOJ to prevent and address hate crimes.

Solicitation Goals and Objectives

Goals

The goal of this solicitation is to equip state, local, and tribal justice agencies and their community partners with the resources necessary to apply a comprehensive approach to preventing and addressing hate crimes in their communities.

Objectives

The objective of this program is to increase the number of jurisdictions and communities that can effectively prevent, identify, investigate, prosecute, and facilitate healing from hate crimes.

Deliverables

Upon the successful implementation of this program, BJA will deliver an accessible, coordinated one-stop-shop resource center and suite of resources for state, local, and tribal governments and their community partners for best practices, research, training, and professional development related to hate crime.

For information about what the applicant needs to submit regarding Goals, Objectives, and Deliverables, please see the [How to Apply section on the Application Goals, Objectives, Deliverables, and Timeline Web-Based Form](#).

Priority Areas

In order to further OJP's mission, OJP will provide priority consideration when making award decisions to the following:

1. Applicants that demonstrate that their capabilities and competencies for implementing their proposed project(s) are enhanced because they (or at least one proposed subrecipient that will receive **at least 40 percent** of the requested award funding, as demonstrated in the Budget web-based form) are a *population specific organization* that serves communities that have been historically underserved, marginalized, adversely affected by inequality, and disproportionately impacted by crime, violence, and victimization.

For purposes of this solicitation, population specific organizations are nonprofit, nongovernmental, or Tribal organizations that primarily serve members of a specific underserved population and have demonstrated experience and expertise providing targeted services to members of that specific underserved population.

To receive this additional priority consideration, applicants must describe how being a population specific organization (or funding the population specific subrecipient organization(s)) will enhance their ability to implement the proposed project(s) and should also specify which historically underserved populations are intended or expected to be served or have their needs addressed under the proposed project(s).

Note: Addressing these priority areas is one of many factors that OJP considers in making funding decisions. Receiving priority consideration for one or more priority areas does not guarantee an award.

OJP may, in certain cases, provide additional funding in future years to awards made under this funding opportunity through continuation awards. OJP will consider, among other factors, OJP's strategic priorities, a recipient's overall management of the award, and the progress of the work funded under the award, when making continuation award decisions.

Availability of Funds

This funding opportunity, and awards under this funding opportunity, are subject to the availability of funding and to any changes or additional requirements that may be imposed by the agency or by law. In addition, nothing in this solicitation is intended to, and does not, create any right or benefit, substantive or procedural, enforceable at law or in equity by any party against the United States, its departments, agencies, or entities, its officers, employees, or agents, or any other person.

Eligibility Information

For eligibility information, [see the Synopsis section](#).

How To Apply

Application Resources

When preparing and submitting an application, the following resources may aid prospective applicants:

1. Grants.gov [“How to Apply for Grants”](#)
2. OJP [“How To Apply”](#) section in the [Application Resource Guide](#)
3. JustGrants [Application Submission Training](#)

This solicitation (notice of funding opportunity) incorporates guidance provided in the [OJP Grant Application Resource Guide](#) (Application Resource Guide), which provides additional information for applicants to prepare and submit applications to OJP for funding. **If this solicitation requires something different from any guidance provided in the [Application Resource Guide](#), the difference will be noted in this solicitation and the applicant is to follow the guidelines in this solicitation, rather than the guidance in the [Application Resource Guide](#) that is in conflict.**

How To Apply

Registration

Before submitting an application, all applicants must register with the System for Award Management (SAM.gov). An applicant must renew their registration every 12 months. If an applicant does not renew their SAM.gov registration, it will expire. An expired registration can delay or prevent application submission in Grants.gov and JustGrants. Applicants are encouraged to start the SAM.gov registration process at least 30 days prior to the application deadlines. Applicants who fail to begin the registration or renewal process at least 10 business days prior to the Grants.gov deadline may not complete the process in time and will not be considered for late submission.

A small business, in addition to obtaining the SAM.gov registration, should obtain an Employer Identification Number (EIN) from the Internal Revenue Service. The person applying for an award will submit the EIN value as the Tax Identification Number (TIN). The applicant should not submit their social security numbers. For additional information, including the steps to obtain an EIN: <https://www.irs.gov/businesses/small-businesses-self-employed/apply-for-an-employer-identification-number-ein-online>.

Submission

Applications must be submitted to DOJ electronically through a two-step process that begins in Grants.gov and is completed in JustGrants.

Step 1: After registering with SAM.gov, the applicant must submit the **SF-424** and **SF-LLL** in Grants.gov at <https://grants.gov/register> by the Grants.gov deadline. **To leave time to address any technical issues that may arise, an applicant should submit the SF-424 and SF-LLL as early as possible and recommended not later than 48 hours before the Grants.gov deadline.** If an applicant fails to submit in Grants.gov by the deadline, they will be unable to apply in JustGrants. Applicants can confirm Grants.gov submission by verifying their application status shows as “submitted” or “agency tracking number assigned.”

Step 2: The applicant must then submit the **full application**, including attachments, in JustGrants at JustGrants.usdoj.gov by the JustGrants deadline.

OJP recommends that applicants submit the complete application package in JustGrants at least 48 hours prior to the JustGrants deadline. Some of the required sections of the application will be entered directly into JustGrants, and other sections will require documents to be uploaded and attached. Therefore, applicants should allow enough time before the JustGrants deadline to prepare all the requirements of the application. Applicants may save their progress in the system and add to or change the application as needed prior to hitting the “Submit” button at the end of the application in JustGrants.

An applicant will receive emails when successfully submitting in Grants.gov and JustGrants and should maintain all emails and other confirmations received from SAM.gov, Grants.gov, and JustGrants systems.

For additional information, see the “How To Apply” section in the [Application Resource Guide](#) and the [DOJ Application Submission Checklist](#).

Submission Dates and Time

The **SF-424 and the SF-LLL** must be submitted in Grants.gov by July 08, 2024 8:59 PM ET

The **full application** must be submitted in JustGrants by July 15, 2024 8:59 PM ET

To be considered timely, the **full application** must be submitted in JustGrants by the JustGrants application deadline. Failure to begin the SAM.gov, Grants.gov, or JustGrants registration and application process in sufficient time (i.e., waiting until the due dates identified in this solicitation for those systems to begin the application steps) is not an acceptable reason to request a technical waiver.

Experiencing Unforeseen Technical Issues Preventing Submission of an Application (Technical Waivers)

OJP will only consider requests to submit an application after the deadline when the applicant can document that a technical issue with a government system prevented submission of the application on time.

If an applicant misses a deadline due to unforeseen technical issues with SAM.gov, Grants.gov, or JustGrants, the applicant may request a waiver to submit an application after the deadline. However, the waiver request will not be considered unless it includes documentation of attempts to receive technical assistance to resolve the issue prior to the application deadline. A tracking number is the most typical documentation and is generated when the applicant contacts the applicable service desks to report technical difficulties. Tracking numbers are generated automatically when an applicant emails the applicable service desks, and for this reason, long call wait times for support do not relieve the applicant of the responsibility of getting a tracking number.

An applicant experiencing technical difficulties must contact the associated service desk indicated below to report the technical issue and receive a tracking number:

- SAM.gov: contact the [SAM.gov Help Desk \(Federal Service Desk\)](#), Monday–Friday from 8:00 a.m. to 8:00 p.m. ET at 866-606-8220.

- Grants.gov: contact the [Grants.gov Customer Support Hotline](#), 24 hours a day, 7 days a week, except on federal holidays, at 800-518-4726, 606-545-5035, or support@grants.gov.
- JustGrants: contact the JustGrants Service Desk at JustGrants.Support@usdoj.gov or 833-872-5175, Monday–Friday from 7:00 a.m. to 9:00 p.m. ET and Saturday, Sunday, and federal holidays from 9:00 a.m. to 5:00 p.m. ET.

If an applicant has technical issues with SAM.gov or Grants.gov, the applicant must contact the OJP Response Center at grants@ncjrs.gov within **24 hours of the Grants.gov deadline** to request approval to submit after the deadline.

If an applicant has technical issues with JustGrants that prevent application submission by the deadline, the applicant must contact the OJP Response Center at grants@ncjrs.gov within **24 hours of the JustGrants deadline** to request approval to submit after the deadline.

Waiver requests sent to the OJP Response Center must—

- describe the technical difficulties experienced (provide screenshots if applicable);
- include a timeline of the applicant’s submission efforts (e.g., date and time the error occurred, date and time of actions taken to resolve the issue and resubmit; and date and time support representatives responded);
- include an attachment of the complete grant application and all the required documentation and materials;
- include the applicant’s Unique Entity Identifier (UEI); and
- include any SAM.gov, Grants.gov, and JustGrants Service Desk tracking numbers documenting the technical issue.

OJP will review each waiver request and the required supporting documentation and notify the applicant whether the request for late submission has been approved or denied. An applicant that does not provide documentation of a technical issue (including all information listed above), or that does not submit a waiver request within the required time period, will be denied.

For more details on the waiver process, OJP encourages applicants to review the “Experiencing Unforeseen Technical Issues” section in the [Application Resource Guide](#).

Application and Submission Information

Content of Application Submission and Available Surveys

The following application elements **must** be included in the application to meet the basic minimum requirements to advance to peer review and receive consideration for funding:

- SF-424 and SF-LLL (in Grants.gov)
- Proposal Abstract (in JustGrants)
- Proposal Narrative (in JustGrants)
- Budget Web-Based Form, which includes the budget details and the budget narrative (in JustGrants)

If OJP determines that an application does not include these elements, it will not proceed to peer review and will not receive any further consideration.

Content of the SF-424 in Grants.gov

The SF-424 must be submitted in Grants.gov. It is a required standard form used as a cover sheet for submission of pre-applications, applications, and related information. See the [Application Resource Guide](#) for additional information on completing the SF-424.

In Section 8F of the SF-424, please include the name and contact information of the individual **who will complete the application in JustGrants**. JustGrants will use this information (*email address*) to assign the application to this user in JustGrants.

Intergovernmental Review: This funding opportunity **is not** subject to [Executive Order \(E.O.\) 12372](#). In completing the SF-424, an applicant should answer question 19 by selecting “Program is not covered by E.O. 12372.”

Content of the JustGrants Application Submission

Entity and User Verification (First Time Applicant)

For first time JustGrants applicants, once the application is received from Grants.gov, DOJ will send an email (from DIAMD-NoReply@usdoj.gov) to the individual listed in Section 8F of the SF-424 with instructions on how to create a JustGrants account. This email should arrive within 24 hours after this individual receives confirmation from Grants.gov of their SF-424 and SF-LLL submissions. Register the Entity Administrator (the person who manages who can access JustGrants on behalf of the applicant), the Application Submitter, and Authorized Representative for the applicant with JustGrants as early as possible and (recommended) not later than 48-72 hours before the JustGrants deadline. Once registered in JustGrants, the Application Submitter will receive a link in an email to complete the rest of the application in JustGrants. Find additional information on JustGrants Application Submission in the [Application Resource Guide](#).

Standard Applicant Information

The “Standard Applicant Information” section of the JustGrants application is pre-populated with the SF-424 data submitted in Grants.gov. The applicant will need to review the Standard Applicant Information in JustGrants and make edits as needed. Within this section, the applicant will need to add ZIP codes for areas affected by the project; confirm their Authorized Representative; and verify and confirm the organization’s unique entity identifier, legal name, and address.

Proposal Abstract

A Proposal Abstract (no more than 400 words) summarizing the proposed project—including its purpose, primary activities, expected outcomes, the service area, intended beneficiaries, and subrecipients (if known)—must be completed in the JustGrants web-based form. This abstract should be in paragraph form without bullets or tables, written in the third person, and exclude personally identifiable information. Abstracts will be made publicly available on the OJP and USASpending.gov websites if the project is awarded. See the [Application Resource Guide](#) for an [example](#) of a proposal abstract.

Data Requested With Application

The following application elements should be submitted in the web-based forms in JustGrants.

[Financial Management and System of Internal Controls Questionnaire \(including Applicant Disclosure of High Risk Status\)](#)

The Financial Management and System of Internal Controls Questionnaire helps OJP assess the financial management and internal control systems, and the associated potential risks of an applicant as part of the pre-award risk assessment process. Every OJP applicant (other than an individual applying in their personal capacity, not representing an applicant organization) is required to complete the web-based Questionnaire form in JustGrants. See the [Application Resource Guide: Financial Management and System of Internal Controls Questionnaire \(including Applicant Disclosure of High Risk Status\)](#) for additional guidance on how to complete the questionnaire.

[Brief Applicant Entity Questionnaire](#)

The Office of Justice Programs (OJP) is collecting the following information to help assess its efforts to attract a broader range of applicants. These questions apply to the applicant entity and its work and scope only, and not to the specific project(s) being proposed within the application. Responses to the questions will not be considered in the application review process. The questions included in the questionnaire are available in the [Standard Forms & Instructions: Brief Applicant Entity Questionnaire](#).

[Proposal Narrative](#)

The Proposal Narrative should be submitted as an attachment in JustGrants. The attached document should be double-spaced, using a standard 12-point size font; have no less than 1-inch margins; and should not exceed 20 numbered pages. If the Proposal Narrative fails to comply with these length restrictions, OJP may consider such noncompliance in peer review and in final award decisions. Applicants may include charts, tables, and other graphics in the program narrative. These graphics will not be counted against the maximum number of pages, nor will font size requirements apply to these graphics.

The Proposal Narrative must include the following sections:

a. Description of the Issue

Discuss the state of hate crimes in the United States and the impact that hate crimes and incidents have on communities. Be sure to capture the challenges of addressing historical hate-driven incidents.

Describe the challenges facing state, local, tribal, and community organizations in addressing hate crimes.

Discuss existing resources to assist these stakeholders and identify the gaps in accessibility, content, and evidence.

Describe why the proposed project is necessary to respond to the needs of these stakeholders.

b. Project Design and Implementation

Describe the tool(s) that will be developed to address the gaps in existing resources. What format will the applicant use to develop the resource center and what functionality will be included with the resource center?

Discuss how the program will work with the TTA providers supporting each of the existing programs to elevate their work and translate the materials to support a broader audience.

Describe how the program will braid together resources to serve a broad range of stakeholders. The resource center should present one cohesive and comprehensive set of resources that support community leaders, justice agencies, and more in complementary ways.

Provide concrete examples of how research materials will be incorporated into the resource center. All research products should be translated into implementation-focused resources. All research-focused resources should properly cite the original research and should be presented in a format that is accessible to all stakeholders.

Applicants should consider the most effective and efficient ways for reaching the field in proposing approaches to the work. Applications should include a plan for language access and 508 compliance for all materials incorporated into the resource center.

All applications should indicate what, if any, events (trainings, conferences, etc.) are proposed to support the resource center. The applicant should indicate how existing TTA providers will be incorporated into planning and content development.

c. Capabilities and Competencies

Describe in detail experience in working with all stakeholder groups including justice agencies, community organizations, victim service organizations, and communities at risk of being targeted for hate crimes. Include any specific information on language access capabilities, support for those with disabilities, cultural competency with those groups to be targeted or other skills or competencies directly relevant to serving these groups.

Discuss any previous collaboration that will help to achieve the objectives. Explain existing or proposed partnership agreements. Applications should include letters of support, letters of intent, or Memoranda of Understandings (MOUs) to support proposed partnerships.

Describe how effective communication and coordination among the existing TTA providers will be implemented throughout the program period.

Describe the project partners and their respective roles, if applicable.

Describe how the applicant and its partners will ensure they have a set of diverse staff, partners, and/or subject matter experts who reflect a mix of experiences and perspectives to effectively reach the communities and practitioners that they will serve.

If the applicant is seeking priority consideration under Priority 1, it should: (1) describe within this section how being a population specific organization (or funding a population specific subrecipient organization at a minimum of 40% of the project budget) will enhance its capabilities and competencies to implement the proposed project; (2) specify which populations are intended or expected to be served, have their needs addressed, and/or be affected by the proposed project; and (3) include information to confirm that the population specific organization is specifically designed to serve

communities that have been historically underserved, marginalized, adversely affected by inequality, and disproportionately impacted by crime, violence, and victimization (examples of such information include, but are not limited to, the website address, charter, mission statement, or operating principles of the population specific organization).

- d. Plan for Collecting the Data Required for This Solicitation's Performance Measures
Applicants should describe what success may look like and how success may be measured or conveyed to a broader audience.

Applicants may choose to determine measures of success during the project period and should describe the process for engaging partners and collaboratively identifying these measures.

All applicants should indicate their willingness and ability to collect and report performance and outcome data through BJA's reporting tools (no personally identifiable information will be collected). Applicants are expected to report on behalf of any subawardees.

Applicants should describe the process for measuring the project's performance. This should include identifying how information will be collected, who is responsible for reporting this information, and how the information will be used to guide or make adjustments to the program.

Note: An applicant is **not** required to submit performance data with the application. Rather, performance measure information is included to provide notice that award recipients will be required to submit performance data as part of each award's reporting requirements.

OJP will require each award recipient to submit regular performance data that show the completed work's results. The performance data directly relate to the solicitation goals and objectives identified in the "[Goals and Objectives](#)" section.

Applicants can visit [OJP's performance measurement page](#) at www.ojp.gov/performance for more information on performance measurement activities.

BJA will require award recipients to submit performance measure data in the Training and Technical Assistance (TTA) Reporting Portal and separately submit a semi-annual performance report in the Justice Grants System (JustGrants). BJA will provide further guidance on the post-award submission process, if the applicant is selected for award. A list of performance measure questions for this program can be found in the [BJA TTA Performance Measures Questionnaire](#).

Note on Project Evaluations

An applicant that proposes to use award funds through this solicitation to conduct project evaluations must follow the guidance in the "[Note on Project Evaluations](#)" section in the [Application Resource Guide](#).

Application Goals, Objectives, Deliverables, and Timeline Web-Based Form

The applicant will submit the project's goals, objectives, deliverables and timeline in the JustGrants web-based form. This is a summary of the goals, objectives, deliverables, and

timeline that relate to the proposal narrative. The applicant will also enter the projected fiscal year and quarter that each objective and deliverable will be completed. Please refer to the [Application Submission Job Aid](#) for step-by-step directions.

- **Goals:** The applicant should describe the project's intent to change, reduce, or eliminate the problem noted in the proposal narrative.
- **Program Objectives and Timeline:** The applicant should include objectives to accomplish its goals. Objectives are specific, measurable actions to reach the project's desired results. The included timelines should be clearly linked to the goal.
- **Deliverables and Timeline:** Project deliverables refer to outputs—tangible (for example, a report or a website) or intangible (for example, greater feelings of safety reported by the community)—that are documented and submitted within the scope of a project. Deliverables include proposed timelines.

[Deliverables Expected by Successful Applicants](#)

The selected provider will engage the field and build capacity to understand and address hate crimes. Specifically, as part of this work, the successful applicant will develop a coordinated hate crimes resource center. The hate crimes resource center will serve as a one-stop-shop for state, local, and tribal justice agencies and their community partners. The resource center should include resources to help each of these stakeholder groups plan for hate crimes prevention and intervention; increase hate crimes reporting and identification; increase capacity for investigations and prosecution; and establish strategies for community healing and resolution.

The proposed resource center should incorporate materials and resources developed under each of the BJA grant programs listed in this solicitation as well as original materials designed to interpret research, fill gaps, and facilitate implementation. The resource center should also be designed to combine materials across stakeholder groups to support comprehensive approaches to address hate crimes.

BJA's overall training and knowledge transfer expectations include:

1. Need-driven, research- and evidence-based, efficient, and consistent delivery of services in order to expand knowledge and capacity of the criminal justice field. To accomplish this, the provider will be required to:
 - a) Assess, with BJA and program TTA providers, the needs of the defined audience and develop strategies to expand awareness and build skills and knowledge.
 - b) Create work plans based on the goals outlined in its funded application. The work plan should be presented to BJA staff and include tools such as spreadsheets or online dashboards to track execution of key tasks.
2. Anticipate, quickly identify, and address challenges that arise during delivery. When challenges arise, engage in strategies like case conferencing to harness the collective knowledge of staff and partners.
Sufficient technical skill sets and experience to effectively complete the tasks under the award, including:
 - a) A bench of vetted local and national subject experts (practitioners, academics) whose expertise and experience may additionally be accessed as needed.

- b) The ability to support the field nationally in the areas of cold case civil rights homicide cases, prosecution and investigation of hate crimes, hate crimes reporting, and community-based approaches for prevention and response to hate crimes and incidents.
 - c) A set of diverse staff, trainers and/or subject matter experts that reflect a mix of experiences and perspective to be able to effectively reach the communities and practitioners that they will serve.
 3. With BJA's approval, the awardee will assign these experts and report on and monitor the services provided. The roles of the subject experts will vary across engagements, so the awardee must develop protocols to define the scope of the role of the subject experts, when needed (e.g., trainer, development of a product, participating in webinars). The awardee must provide written reports to BJA on the TTA provided and the status of ongoing activities.
 4. The awardee must participate in ongoing collaboration and coordination. It should emphasize and actively engage in cross-organizational coordination, including:
 - a) Coordination with the TTA providers supporting each of the BJA hate crimes grantees. The awardee must be both aware of and in touch with other key, overlapping initiatives and TTA providers in the subject matter in which it is providing assistance.
 - b) Coordination through BJA with federal partners. The awardee must serve as a coordinator with federal partners and support strategies related to hate crimes.
 - c) Coordination across interest groups. The awardee must develop regular meetings (e.g., quarterly stakeholder meetings, annual advisory board meetings) to allow for ongoing dialogue among relevant partners, including, at a minimum, federal partners, public/private partnerships, and special interest groups (e.g., peer support community), if relevant.
 5. The awardee must serve as a thought leader and information clearinghouse for relevant research and best practices. All products must be 508 compliant. It must (select those that are relevant):
 - a. Create knowledge diffusion products (e.g., fact sheets, webinars) and disseminate them through BJA's networks.
 - b. Disseminate best practices and lessons learned by attending and presenting at national, state, local, tribal, or other conferences and events related to award activities where officials and other stakeholders can learn about successful strategies.
 6. The awardee must proactively build field knowledge and capacity in the area of hate crimes. This includes coordinating and supporting a presence at national meetings and conferences via workshops, panel presentations, and briefings. It must also review trends from requests and needs assessments, propose to and work with BJA on tailoring the strategy to meet emerging needs and trends. Program objectives and deliverables should be included in one timeline.

Budget and Associated Documentation

Applicants should consider the most effective and efficient ways for reaching the field in proposing approaches to the work.

Funding Restrictions

All recipients and subrecipients (including any for-profit organization) must forgo any profit or management fee.

Budget Detail and Narrative Web-Based Form

The applicant will complete the JustGrants web-based budget form, which includes both detailed calculations and budget narrative sections.

For additional information about how to prepare a budget for federal funding, see the “[Application Resource Guide](#)” section on [Budget Preparation and Submission Information](#) and the technical steps to complete the budget form in JustGrants in the [Complete the Application in JustGrants: Budget](#) training.

If the applicant is seeking priority consideration under Priority 1 based on the identification of a proposed subrecipient as a population specific organization, the proposed funding for the subrecipient must **reflect a minimum of 40 percent of the total award funding** within the web-based budget form. The budget narrative must also describe how the **activities that will be funded** with the (minimum) 40 percent of award funding provided to the subrecipient **specifically relate to the proposed project** that will meaningfully address identified inequities and contribute to greater access to services and opportunities for communities that have been historically underserved, marginalized, adversely affected by inequality, and disproportionately impacted by crime, violence, and victimization.

Prior Approval, Planning, and Reporting of Conference/Meeting/Training Costs

OJP strongly encourages every applicant that proposes to use award funds for any conference-, meeting-, or training-related activity (or similar event) to review carefully—before submitting an application—the [Application Resource Guide](#) for information on prior approval, planning, and reporting of conference/meeting/training costs.

Costs Associated With Language Assistance (if applicable)

If an applicant proposes a program or activity that would deliver services or benefits to individuals, the costs of taking reasonable steps to provide meaningful access to those services or benefits for individuals with limited English proficiency may be allowable. See the [Application Resource Guide](#) for information on costs associated with language assistance.

Unmanned Aircraft Systems

The use of BJA grant funds for unmanned aircraft systems (UAS), including unmanned aircraft vehicles (UAV), and all accompanying accessories to support UAS or UAV, is unallowable.

Budget/Financial Attachments

Pre-Agreement (Pre-Award) Costs (if applicable)

Pre-agreement costs are defined as costs requiring approval incurred by the applicant prior to the start date of the period of performance of the federal award. OJP does not typically approve pre-agreement costs. If a successful applicant, in anticipation of the Federal award, but before the start date of the period of performance, incurs costs which are necessary for efficient and timely performance of the funded project, those costs may not be charged to the award. See the “Costs Requiring Prior Approval” section in the [DOJ Grants Financial Guide Post-Award Requirements](#) for more information.

Indirect Cost Rate Agreement (if applicable)

Indirect costs are costs of an organization that are not readily assignable to a particular project, but are necessary to the operation of the organization and the performance of the project. Examples of costs usually treated as indirect include those incurred for facility operation and maintenance, depreciation, and administrative salaries. The requirements for the development and submission of indirect cost proposals and cost allocation plans are listed in Appendices III–VII of 2 C.F.R. Part 200. A non-federal applicant should follow the guidelines applicable to its type of organization. If applicable, an applicant with a current federally approved indirect cost rate agreement will upload it as an attachment in JustGrants. See the [DOJ Financial Guide](#) for additional information on [Indirect Cost Rate Agreement](#).

Consultant Rate (if applicable)

Costs for consultant services require prior approval from OJP. If the proposed project expects to fund consultant services, compensation for individual consultant services is to be reasonable and consistent with that paid for similar services in the marketplace. See the [DOJ Grants Financial Guide](#) for information on the consultant rates, which require prior approval from OJP.

Limitation on Use of Award Funds for Employee Compensation for Awards Over \$250,000; Waiver (if applicable)

If an applicant proposes to hire employees with Federal award funds, for any award of more than \$250,000 made under a funding opportunity, an award recipient may not use federal funds to pay total cash compensation (salary plus cash bonuses) to any employee of the recipient at a rate that exceeds 110 percent of the maximum annual salary payable to a member of the federal government’s Senior Executive Service (SES) at an agency with a Certified SES Performance Appraisal System for that year. See the [Application Resource Guide](#) for information on the “Limitation on Use of Award Funds for Employee Compensation for Awards over \$250,000; Waiver.”

Disclosure of Process Related to Executive Compensation (if applicable)

This notice of funding opportunity expressly modifies the Application Resource Guide by not incorporating its “Disclosure of Process Related to Executive Compensation” provisions. Applicants to this funding opportunity are not required to provide this disclosure.

Additional Application Components

The applicant will attach the additional requested documentation in JustGrants.

Curriculum Vitae or Resumes (if applicable)

Provide resumes of key personnel who will work on the proposed project.

Tribal Authorizing Resolution (if applicable)

An application in response to this solicitation may require inclusion of tribal authorizing documentation as an attachment. If applicable, the applicant will upload the tribal authorizing documentation as an attachment in JustGrants. See the [Application Resource Guide](#) for information on tribal authorizing resolutions.

Letters of Support (if applicable)

Applicants should include, for each named supporting entity, a signed letter of support that outlines the supporting entity’s reasons for supporting for the project. Applications submitted from two or more entities are encouraged to submit signed letters of support that provide a detailed description of why the proposed project should receive federal funding.

Each letter of support may include the following: (1) a description of the relationship between the applicant entity and the supporting entity; (2) a description of the need and what benefits would be gained from the project; (3) a description of the applicant's capacity to complete the proposed project. Letters of support should be signed and then submitted as one separate attachment to the application in JustGrants.

[Research and Evaluation Independence and Integrity Statement \(if applicable\)](#)

If an application proposes research (including research and development) and/or evaluation, the applicant must demonstrate research/evaluation independence and integrity, including appropriate safeguards, before it may receive award funds. The applicant will upload documentation of its research and evaluation independence and integrity as an attachment in JustGrants. For additional information, see the [Application Resource Guide](#).

Disclosures and Assurances

The applicant will address the following disclosures and assurances.

[Disclosure of Lobbying Activities](#)

The SF-LLL attachment that was completed and submitted in Grants.gov is attached to this section.

[Applicant Disclosure of Duplication in Cost Items](#)

To ensure funding coordination across grant making agencies, and to avoid unnecessary or inappropriate duplication among grant awards, the applicant will disclose if it has any pending applications for federal funding, including pending applications for subawards of federal funds. Complete the JustGrants web-based Applicant Disclosure of Duplication in Cost Items form. See the [Application Resource Guide](#) for additional information.

[DOJ Certified Standard Assurances](#)

Review and accept the DOJ Certified Standard Assurances in JustGrants. See the [Application Resource Guide](#) for additional information.

[DOJ Certifications Regarding Lobbying; Debarment, Suspension and Other Responsibility Matters; Drug-Free Workplace Requirements; Law Enforcement and Community Policing](#) Review and accept in JustGrants the DOJ Certifications Regarding Lobbying; Debarment, Suspension and Other Responsibility Matters; Drug-Free Workplace Requirements; Law Enforcement and Community Policing. See the [Application Resource Guide](#) for additional information.

[Applicant Disclosure and Justification – DOJ High-Risk Grantees](#)

If applicable, submit the DOJ High-Risk Disclosure and Justification as an attachment in JustGrants. A DOJ High-Risk Grantee is an award recipient that has received a DOJ High-Risk designation based on a documented history of unsatisfactory performance; financial instability; management system or other internal control deficiencies; noncompliance with award terms and conditions on prior awards or is otherwise not responsible. See the [Application Resource Guide](#) for additional information.

Application Review Information

Review Criteria

Basic Minimum Review Criteria

OJP screens applications to ensure they meet the basic minimum requirements prior to conducting the peer review. Although specific requirements may vary, the following are requirements for all OJP solicitations:

- The application must be submitted by an eligible type of applicant.
- The application must request funding within any stated programmatic funding limits or boundaries.
- The application must be responsive to the scope of the solicitation.
- The application must include all items necessary to meet the basic minimum requirements.

Merit Review Criteria

Applications that meet the basic minimum requirements will be evaluated by peer reviewers on how the proposed project/program addresses the following criteria:

- Statement of the Problem/Description of the Issue (15%): evaluate the applicant's understanding of the program/issue to be addressed.
- Project Design and Implementation (35%): evaluate the strength of the proposal, including information provided in the goals, objectives, timelines, and deliverables web-based form.
- Capabilities and Competencies (35%): evaluate the applicant's administrative and technical capacity to successfully accomplish the goals and objectives.
- Plan for Collecting the Data Required for this Solicitation's Performance Measures (5%): evaluate the applicant's understanding of the performance data reporting requirements and the plan for collecting the required data.
- Budget (10%): evaluate for completeness, cost effectiveness, and allowability (e.g., reasonable, allocable, and necessary for project activities).

Other Review Criteria/Factors

Other important considerations for OJP include geographic diversity, strategic priorities (specifically including, but not limited to, those priority areas already mentioned, if applicable), available funding, past performance, and the extent to which the Budget web-based form accurately explains project costs that are reasonable, necessary, and otherwise allowable under federal law and applicable federal cost principles. Costs are allowable when they are reasonable, allocable to, and necessary for the performance of the federal award, and when they comply with the funding statute and agency requirements (to include the conditions of the award), including the cost principles set out in the [Uniform Requirements 2 C.F.R. Part 200, Subpart E](#).

Risk Criteria/Factors

Pursuant to the Part 200 Uniform Requirements, before award decisions are made, OJP also reviews information related to the degree of risk posed by the applicant. Among other things to help assess whether an applicant with one or more prior federal awards has a satisfactory record of performance, integrity, and business ethics, OJP checks whether the applicant is listed in SAM.gov as excluded from receiving a federal award.

In addition, if OJP anticipates that an award will exceed \$250,000 in federal funds, OJP also must review and consider any information about the applicant that appears in the non-public segment of the integrity and performance system accessible through SAM.gov.

Important note on Responsibility/Qualification Data (formerly FAPIIS): An applicant may review and comment on any information about its organization that currently appears in FAPIIS and was entered by a federal awarding agency. OJP will consider such comments by the applicant, in addition to the other information in SAM.gov, in its assessment of the risk posed by the applicant.

Review Process

Applications submitted under this solicitation that meet the basic minimum requirements will be evaluated for technical merit by a peer review panel(s) in accordance with OJP peer review policy and procedures using the review criteria listed above. Absent explicit statutory authorization or written delegation of authority to the contrary, all final award decisions will be made by the Assistant Attorney General, who may consider not only peer review ratings and BJA recommendations, but also other factors as indicated in this section.

Federal Award Administration Information

Federal Award Notices

Generally, award notifications are made by the end of the current Federal fiscal year, September 30. See the [Application Resource Guide](#) for information on award notifications and instructions.

Evidence-Based Programs or Practices

OJP strongly encourages the use of data and evidence in policymaking and program development for criminal justice, juvenile justice, and crime victim services. For additional information and resources on evidence-based programs or practices (programs or practices that have been evaluated as effective), see the [Application Resource Guide](#).

Information Regarding Potential Evaluation of Programs and Activities

OJP may conduct or support an evaluation of the projects and activities funded under this solicitation. For additional information on what should be included in the application, see the [Application Resource Guide](#) section entitled “Information Regarding Potential Evaluation of Programs and Activities.”

Administrative, National Policy, and Other Legal Requirements

If selected for funding, in addition to implementing the funded project consistent with the OJP-approved application, the recipient must comply with all award conditions and all applicable requirements of federal statutes and regulations, including the applicable requirements referred to in the assurances and certifications executed in connection with award acceptance. For additional information on these legal requirements, see the “Administrative, National Policy, and Other Legal Requirements” section in the [Application Resource Guide](#).

Civil Rights Compliance

If a successful applicant accepts funding from OJP—as a recipient of OJP funding—that award recipient must comply with certain federal civil rights laws that prohibit it from discriminating on the basis of race, color, national origin, sex, religion, or disability in how the recipient delivers its program’s services or benefits and in its employment practices. The civil rights laws that may be

applicable to the award include Title VI of the Civil Rights Act of 1964 (Title VI), the nondiscrimination provisions of the Omnibus Crime Control and Safe Streets Act of 1968 (Safe Streets Act), and Section 504 of the Rehabilitation Act of 1973. These and other federal civil rights laws are discussed in greater detail here: [“Overview of Legal Requirements Generally Applicable to OJP Grants and Cooperative Agreements – FY 2024 Awards”](#) under the “Civil Rights Requirements” section, and additional resources are available from the [OJP Office for Civil Rights](#).

Part of complying with civil rights laws that prohibit national origin discrimination includes recipients taking reasonable steps to ensure that people who are limited in their English proficiency (LEP) because of their national origin have meaningful access to a recipient’s program and activity. An LEP person is one whose first language is not English and who has a limited ability to read, write, speak, or understand English. To help recipients meet this obligation to serve LEP persons, DOJ has published a number of resources, including a language access assessment and planning tool, which are available at <https://www.lep.gov/language-access-planning>. Additional resources are available at <https://www.ojp.gov/program/civil-rights-office/limited-english-proficient-lep>. If the award recipient proposes a program or activity that would deliver services or benefits to LEP individuals, the recipient may use grant funds to support the costs of taking reasonable steps (e.g., interpretation or translation services) to provide meaningful access. Similarly, recipients are responsible for ensuring that their programs and activities are readily accessible to qualified individuals with disabilities. Applicants for OJP funding must allocate grant funds or explain how other available resources will be used to ensure meaningful and full access to their programs. For example, grant funds can be used to support American Sign Language (ASL) interpreter services for deaf or hard of hearing individuals or the purchase of adaptive equipment for individuals with mobility or cognitive disabilities. For resources, see <https://www.ada.gov> or contact OJP.

Financial Management and System of Internal Controls

Award recipients and subrecipients (including recipients or subrecipients that are pass-through entities) must, as described in the Part 200 Uniform Requirements as set out at 2 C.F.R. 200.303, comply with standards for financial and program management. See the [Application Resource Guide](#) for additional information.

Information Technology Security Clauses

An application in response to this solicitation may require inclusion of information related to information technology security. See the [Application Resource Guide](#) for more information.

General Information About Post-Federal Award Reporting Requirements

In addition to the deliverables described in the “[Program Description](#)” section, all award recipients under this solicitation will be required to submit certain reports and data.

Required reports. Award recipients must submit quarterly financial reports, semi-annual performance reports, final financial and performance reports, and, if applicable, an annual audit report in accordance with the Part 200 Uniform Requirements or specific award conditions. Future awards and fund drawdowns may be withheld if reports are delinquent (in appropriate cases, OJP may require additional reports).

See the [Application Resource Guide](#) for additional information on specific post-award reporting requirements, including performance measure data.
