# Synopsis

## Program Description Overview

The [U.S. Department of Justice](#) (DOJ), [Office of Justice Programs](#) (OJP), [Bureau of Justice Assistance](#) (BJA) is seeking applications for funding.

OJP is committed to advancing work that promotes civil rights and equity, increases access to justice, supports crime victims and individuals impacted by the justice system, strengthens community safety, protects the public from crime and evolving threats, and builds trust between law enforcement and the community.

With this solicitation, BJA seeks to enhance the capacities of state, local, territorial, and tribal criminal justice systems to prevent, investigate, and respond to economic, high-technology, white collar, and internet crimes by delivering training and technical assistance (TTA) to diverse stakeholders. In addition, the program is intended to serve as a key resource to identify new and emerging issues in economic, high-technology, white collar, and internet crime and provide resources and training to educate the field.

This program furthers the DOJ's mission to uphold the rule of law, to keep our country safe, and to protect civil rights.

## Eligibility

- Public- and State-controlled institutions of higher education
- Nonprofits having a 501(c)(3) status with the IRS, other than institutions of higher education
- Nonprofits that do not have a 501(c)(3) status with the IRS, other than institutions of higher education

BJA will consider applications under which two or more entities (project partners) would carry out the federal award; however, only one entity may be the applicant for the solicitation. Any others must be proposed as subrecipients (subgrantees). See the [Application Resource Guide](#) for additional information on subawards.

BJA may choose to fund applications submitted under this FY 2024 solicitation in future fiscal years, dependent on, among other considerations, the merit of the applications and the availability of appropriations.

## Program Description

### Program Description Overview

OJP is committed to advancing work that promotes civil rights and equity, increases access to justice, supports crime victims and individuals impacted by the justice system, strengthens community safety, protects the public from crime and evolving threats, and builds trust between law enforcement and the community.

With this solicitation, BJA seeks to enhance the capacities of state, local, territorial, and tribal criminal justice systems to prevent, investigate, and respond to economic, high-technology, white collar, and internet crimes by delivering TTA to diverse stakeholders. In addition, the program is intended to serve as a key resource to identify new and emerging issues in economic, high-technology, white collar, and internet crime.

This program furthers the DOJ's mission to uphold the rule of law, to keep our country safe, and to protect civil rights.

### Statutory Authority

Any awards under this solicitation would be made under statutory authority provided by the Department of Justice Appropriations Act, 2024 (Pub. L. No. 118-42).

### Specific Information

Under this program, TTA will be provided to criminal justice agencies of all sizes and all geographic areas using a variety of mechanisms, including webinars, as well as online, self-paced, and in-person training classes. With the increased number of high-tech and internet based incidents being reported and the advancement of technology, this program provides the necessary training and skills for state, local, tribal, and territorial agencies to investigate these types of crimes, prepare cases for prosecution, and educate their communities on how to report and prevent them from becoming a victim. This program also assists agencies to identify specific types of high-tech crimes and the knowledge on which federal agencies can provide support.

An important area of emphasis for this program is the joint delivery of TTA to prosecutors, judges, and law enforcement. The objectives of the TTA will support improved coordination and communication between law enforcement and prosecutors to address specific areas of need, such as collecting and preserving digital evidence associated with these types of crimes, documenting the chain of custody, presenting that evidence in court, and maintaining evidence over a period of time. With the growing prevalence of digital evidence, it is also a priority to provide educational material to both prosecutors and judges regarding evidence associated with these types of crimes. It will be important to leverage appropriate content and delivery mechanisms that meet the demanding schedules of prosecutors and judges.

### Solicitation Goals and Objectives

Because this national program leverages and builds upon existing TTA, applicants must clearly articulate how they will expand and/or enhance existing efforts under this specific solicitation. Applicants must explain how they will provide TTA to small and underserved agencies in rural and remote jurisdictions across the United States and how this will be accomplished in partnership with federal agencies, educational institutions, professional organizations, and the private sector.

## Goals

- The TTA provider will provide high-quality, cost-effective TTA to state, local, territorial, and tribal jurisdictions or agencies on preventing, investigating, and responding to economic, high-technology, white collar, and internet crimes. This service should reflect both onsite and remote technical assistance as appropriate.

Support other BJA sponsored grant programs to include, but not limited to, the Intellectual Property Enforcement Program (IPEP), the Law Enforcement Cyber Center (LECC), and the Internet of Things (IoT).

## Objectives

- Increase the knowledge of criminal justice practitioners through webinars, as well as in-person, online, and on-demand classes.
- Update and enhance existing materials and develop new resources to include educational deliverables both in written and electronic forms.
- Increase the ability of criminal justice agencies to solve problems and/or modify policies or practices related to preventing, investigating, and responding to economic, high-technology, white collar, and internet crimes.
- Document the impact of provided TTA services for the stated IPEP goals and individual site progress with a concentrated focus on counterfeit goods that pose a threat to human health and safety, which are committed by organized crime, gang, and/or drug trafficking organizations.
- Improve the awareness of trainings and resources available to the field in these areas of interest and how these can be accessed.

## Deliverables

BJA to provide required information from the BJA IPEP for the annual Prioritizing Resources and Organization for Intellectual Property Act of 2008 or "Pro-IP Act".

For information about what the applicant needs to submit regarding Goals, Objectives, and Deliverables, please see the [How to Apply section on the Application Goals, Objectives, Deliverables, and Timeline Web-Based Form](#).

### Continuation Funding Intent

OJP may, in certain cases, provide additional funding in future years to awards made under this funding opportunity through continuation awards. OJP will consider, among other factors, OJP's strategic priorities, a recipient's overall management of the award, and the progress of the work funded under the award, when making continuation award decisions.

**Availability of Funds**

This funding opportunity, and awards under this funding opportunity, are subject to the availability of funding and to any changes or additional requirements that may be imposed by the agency or by law. In addition, nothing in this solicitation is intended to, and does not, create any right or benefit, substantive or procedural, enforceable at law or in equity by any party against the United States, its departments, agencies, or entities, its officers, employees, or agents, or any other person.

This funding opportunity does not require a match.

**Eligibility Information**

For eligibility information, [see the Synopsis section](#).

# How To Apply

## Application Resources

When preparing and submitting an application, the following resources may aid prospective applicants:

1. Grants.gov [“How to Apply for Grants”](#)
2. OJP [“How To Apply”](#) section in the [Application Resource Guide](#)
3. JustGrants [Application Submission Training](#)

This solicitation (notice of funding opportunity) incorporates guidance provided in the [OJP Grant Application Resource Guide](#) (Application Resource Guide), which provides additional information for applicants to prepare and submit applications to OJP for funding. **If this solicitation requires something different from any guidance provided in the [Application Resource Guide](#), the difference will be noted in this solicitation and the applicant is to follow the guidelines in this solicitation, rather than the guidance in the [Application Resource Guide](#) that is in conflict.**

## How To Apply

### Registration

Before submitting an application, all applicants must register with the System for Award Management (SAM.gov). An applicant must renew their registration every 12 months. If an applicant does not renew their SAM.gov registration, it will expire. An expired registration can delay or prevent application submission in Grants.gov and JustGrants. Applicants are encouraged to start the SAM.gov registration process at least 30 days prior to the application deadlines. Applicants who fail to begin the registration or renewal process at least 10 business days prior to the Grants.gov deadline may not complete the process in time and will not be considered for late submission.

### Submission

Applications must be submitted to DOJ electronically through a two-step process that begins in Grants.gov and is completed in JustGrants.

**Step 1:** After registering with SAM.gov, the applicant must submit the **SF-424** and **SF-LLL** in Grants.gov at <https://grants.gov/register> by the Grants.gov deadline. **To leave time to address any technical issues that may arise, an applicant should submit the SF-424 and SF-LLL as early as possible and recommended not later than 48 hours before the Grants.gov deadline.** If an applicant fails to submit in Grants.gov by the deadline, they will be unable to apply in JustGrants. Applicants can confirm Grants.gov submission by verifying their application status shows as “submitted” or “agency tracking number assigned.”

**Step 2:** The applicant must then submit the **full application**, including attachments, in JustGrants at [JustGrants.usdoj.gov](https://justgrants.usdoj.gov) by the JustGrants deadline.

OJP recommends that applicants submit the complete application package in JustGrants at least 48 hours prior to the JustGrants deadline. Some of the required sections of the application will be entered directly into JustGrants, and other sections will require documents to be uploaded and attached. Therefore, applicants should allow enough time before the JustGrants deadline to prepare all the requirements of the application. Applicants may save their progress

in the system and add to or change the application as needed prior to hitting the “Submit” button at the end of the application in JustGrants.

An applicant will receive emails when successfully submitting in Grants.gov and JustGrants and should maintain all emails and other confirmations received from SAM.gov, Grants.gov, and JustGrants systems.

For additional information, see the “How To Apply” section in the [Application Resource Guide](#) and the [DOJ Application Submission Checklist](#).

### **Submission Dates and Time**

The **SF-424 and the SF-LLL** must be submitted in Grants.gov by 8:59 PM, July 17, 2024.

The **full application** must be submitted in JustGrants by 8:59 PM, July 24, 2024.

To be considered timely, the **full application** must be submitted in JustGrants by the JustGrants application deadline. Failure to begin the SAM.gov, Grants.gov, or JustGrants registration and application process in sufficient time (i.e., waiting until the due dates identified in this solicitation for those systems to begin the application steps) is not an acceptable reason to request a technical waiver.

### **Experiencing Unforeseen Technical Issues Preventing Submission of an Application (Technical Waivers)**

OJP will only consider requests to submit an application after the deadline when the applicant can document that a technical issue with a government system prevented submission of the application on time.

If an applicant misses a deadline due to unforeseen technical issues with SAM.gov, Grants.gov, or JustGrants, the applicant may request a waiver to submit an application after the deadline. However, the waiver request will not be considered unless it includes documentation of attempts to receive technical assistance to resolve the issue prior to the application deadline. A tracking number is the most typical documentation and is generated when the applicant contacts the applicable service desks to report technical difficulties. Tracking numbers are generated automatically when an applicant emails the applicable service desks, and for this reason, long call wait times for support do not relieve the applicant of the responsibility of getting a tracking number.

An applicant experiencing technical difficulties must contact the associated service desk indicated below to report the technical issue and receive a tracking number:

- SAM.gov: contact the [SAM.gov Help Desk \(Federal Service Desk\)](#), Monday–Friday from 8:00 a.m. to 8:00 p.m. ET at 866-606-8220.
- Grants.gov: contact the [Grants.gov Customer Support Hotline](#), 24 hours a day, 7 days a week, except on federal holidays, at 800-518-4726, 606-545-5035, or [support@grants.gov](mailto:support@grants.gov).
- JustGrants: contact the JustGrants Service Desk at [JustGrants.Support@usdoj.gov](mailto:JustGrants.Support@usdoj.gov) or 833-872-5175, Monday–Friday from 7:00 a.m. to 9:00 p.m. ET and Saturday, Sunday, and federal holidays from 9:00 a.m. to 5:00 p.m. ET.

If an applicant has technical issues with SAM.gov or Grants.gov, the applicant must contact the OJP Response Center at [grants@ncjrs.gov](mailto:grants@ncjrs.gov) within **24 hours of the Grants.gov deadline** to request approval to submit after the deadline.

If an applicant has technical issues with JustGrants that prevent application submission by the deadline, the applicant must contact the OJP Response Center at [grants@ncjrs.gov](mailto:grants@ncjrs.gov) within **24 hours of the JustGrants deadline** to request approval to submit after the deadline.

Waiver requests sent to the OJP Response Center must —

- describe the technical difficulties experienced (provide screenshots if applicable);
- include a timeline of the applicant’s submission efforts (e.g., date and time the error occurred, date and time of actions taken to resolve the issue and resubmit; and date and time support representatives responded);
- include an attachment of the complete grant application and all the required documentation and materials;
- include the applicant’s Unique Entity Identifier (UEI); and
- include any SAM.gov, Grants.gov, and JustGrants Service Desk tracking numbers documenting the technical issue.

OJP will review each waiver request and the required supporting documentation and notify the applicant whether the request for late submission has been approved or denied. An applicant that does not provide documentation of a technical issue (including all information listed above), or that does not submit a waiver request within the required time period, will be denied.

For more details on the waiver process, OJP encourages applicants to review the “Experiencing Unforeseen Technical Issues” section in the [Application Resource Guide](#).

## **Application and Submission Information**

### **Content of Application Submission and Available Surveys**

The following application elements **must** be included in the application to meet the basic minimum requirements to advance to peer review and receive consideration for funding:

- SF-424 and SF-LLL (in Grants.gov)
- Proposal Abstract (in JustGrants)
- Proposal Narrative (in JustGrants)
- Budget Web-Based Form, which includes the budget details and the budget narrative (in JustGrants)

If OJP determines that an application does not include these elements, it will not proceed to peer review and will not receive any further consideration.

### **Content of the SF-424 in Grants.gov**

The SF-424 must be submitted in Grants.gov. It is a required standard form used as a cover sheet for submission of pre-applications, applications, and related information. See the [Application Resource Guide](#) for additional information on completing the SF-424.

In Section 8F of the SF-424, please include the name and contact information of the individual **who will complete the application in JustGrants**. JustGrants will use this information (*email address*) to assign the application to this user in JustGrants.

**Intergovernmental Review:** This funding opportunity **is not** subject to [Executive Order \(E.O.\) 12372](#). In completing the SF-424, an applicant should answer question 19 by selecting “Program is not covered by E.O. 12372.”

## **Content of the JustGrants Application Submission**

### ***Entity and User Verification (First Time Applicant)***

For first time JustGrants applicants, once the application is received from Grants.gov, DOJ will send an email (from DIAMD-NoReply@usdoj.gov) to the individual listed in Section 8F of the SF-424 with instructions on how to create a JustGrants account. This email should arrive within 24 hours after this individual receives confirmation from Grants.gov of their SF-424 and SF-LLL submissions. Register the Entity Administrator (the person who manages who can access JustGrants on behalf of the applicant), the Application Submitter, and Authorized Representative for the applicant with JustGrants as early as possible and (recommended) not later than 48-72 hours before the JustGrants deadline. Once registered in JustGrants, the Application Submitter will receive a link in an email to complete the rest of the application in JustGrants. Find additional information on JustGrants Application Submission in the [Application Resource Guide](#).

### ***Standard Applicant Information***

The “Standard Applicant Information” section of the JustGrants application is pre-populated with the SF-424 data submitted in Grants.gov. The applicant will need to review the Standard Applicant Information in JustGrants and make edits as needed. Within this section, the applicant will need to add ZIP codes for areas affected by the project; confirm their Authorized Representative; and verify and confirm the organization’s unique entity identifier, legal name, and address.

### ***Proposal Abstract***

A Proposal Abstract (no more than 400 words) summarizing the proposed project—including its purpose, primary activities, expected outcomes, the service area, intended beneficiaries, and subrecipients (if known)—must be completed in the JustGrants web-based form. This abstract should be in paragraph form without bullets or tables, written in the third person, and exclude personally identifiable information. Abstracts will be made publicly available on the OJP and USASpending.gov websites if the project is awarded. See the [Application Resource Guide](#) for an [example](#) of a proposal abstract.

### ***Data Requested With Application***

The following application elements should be submitted in the web-based forms in JustGrants.

#### ***Financial Management and System of Internal Controls Questionnaire (including Applicant Disclosure of High Risk Status)***

The Financial Management and System of Internal Controls Questionnaire helps OJP assess the financial management and internal control systems, and the associated potential risks of an applicant as part of the pre-award risk assessment process. Every OJP applicant (other than an individual applying in their personal capacity, not representing an applicant organization) is required to complete the web-based Questionnaire form in JustGrants. See the [Application Resource Guide: Financial Management and System of Internal Controls Questionnaire \(including Applicant Disclosure of High Risk Status\)](#) for additional guidance on how to complete the questionnaire.

## Brief Applicant Entity Questionnaire

The Office of Justice Programs (OJP) is collecting the following information to help assess its efforts to attract a broader range of applicants. These questions apply to the applicant entity and its work and scope only, and not to the specific project(s) being proposed within the application. Responses to the questions will not be considered in the application review process. The questions included in the questionnaire are available in the [Standard Forms & Instructions: Brief Applicant Entity Questionnaire](#).

## Proposal Narrative

The Proposal Narrative should be submitted as an attachment in JustGrants. The attached document should be double-spaced, using a standard 12-point size font; have no less than 1-inch margins; and should not exceed 10 numbered pages. If the Proposal Narrative fails to comply with these length restrictions, OJP may consider such noncompliance in peer review and in final award decisions. The inclusion of tables, graphs, or charts will not count toward the allowed number of pages.

The Proposal Narrative must include the following sections:

- a. Description of the Issue  
Describe the specific electronic and high-tech crime issues that will be addressed by the applicant and how these issues will be addressed. The applicant can also identify what technical assistance issues are needed to address these types of crime. Describe the process used to assess or determine what the issues are with electronic and high-tech crime to include data and information used to identify and assess the issues identified. These statements should demonstrate that the applicant understands the nature and dimension of the issues and needs of the agencies that will be served.
- b. Project Design and Implementation  
Describe the proposed TTA approach to address the identified issues, how outcomes will be evaluated, and the current level of readiness to implement the proposed solution. Identify any issues or challenges related to implementation readiness and explain how these will be addressed through this program. Explain the context in which these issues exist, how the applicant is suited to address the issues within the context of this program, and how identified evidence-based practices (or those practices requiring further study) will be identified and explored in partnership with BJA and other federal partners to encourage broader adoption of proven strategies. Finally, identify additional resources necessary for successful program completion, such as outside organizational partners, state or local practitioner groups, etc.

Applicants should propose a hybrid model of presentation for training methods to include webinars, as well as other online, in-person, and on demand classes to address specific topics reflecting the needs and current trends in these areas. This will include proposing events to be conducted (based on the needs of the field, available resources, and geographic location) and the targeted number of students expected to participate in each. In addition, locations for these trainings should be recommended to include corresponding rationale for each location and coordinate with other federal agencies that may be providing similar training for that particular subject or in the same proposed geographic location of the class.

c. Capabilities and Competencies

Fully describe the capabilities of the applying entity to maintain this program successfully and the ability to implement new elements of the program. This will include the capability to facilitate the required hybrid model of training and technical assistance. It is important that the applicant clearly describe their administration and subject matter expert (SME) staff's expertise in these areas and the specific roles to be completed by both the administration and field trainers. The application should include resumes/curriculum vitae of the identified staff.

d. Plan for Collecting the Data Required for This Solicitation's Performance Measures

Describe the process for measuring program performance. Identify who will collect the data, who is responsible for performance measurement, and how the information will be used to guide and evaluate the impact of the program. Describe the process to accurately report implementation findings and, specifically, the impact of the solution on criminal justice operational practices. Applicants should identify and describe both the outputs and outcomes they anticipate as a result of their proposed implementation strategy and a process for measuring them.

Note: An applicant is **not** required to submit performance data with the application. Rather, performance measure information is included to provide notice that award recipients will be required to submit performance data as part of each award's reporting requirements.

OJP will require the award recipient to submit regular performance data that show the completed work's results. The performance data directly relate to the solicitation goals and objectives identified in the "[Goals and Objectives](#)" section.

Applicants can visit [OJP's performance measurement page](#) at [www.ojp.gov/performance](http://www.ojp.gov/performance) for more information on performance measurement activities.

Award recipients will be required to submit performance measure data in the TTA Reporting Portal and separately submit a semi-annual performance report in JustGrants. Further guidance on the post-award submission process will be provided, if selected for award. A list of performance measure questions for this program can be found [here](#).

[Note on Project Evaluations](#)

An applicant that proposes to use award funds through this solicitation to conduct project evaluations must follow the guidance in the "[Note on Project Evaluations](#)" section in the [Application Resource Guide](#).

**[Application Goals, Objectives, Deliverables, and Timeline Web-Based Form](#)**

The applicant will submit the project's goals, objectives, deliverables and timeline in the JustGrants web-based form. This is a summary of the goals, objectives, deliverables, and timeline that relate to the proposal narrative. The applicant will also enter the projected fiscal year and quarter that each objective and deliverable will be completed. Please refer to the [Application Submission Job Aid](#) for step-by-step directions.

- **Goals:** The applicant should describe the project's intent to change, reduce, or eliminate the problem noted in the proposal narrative.

- **Program Objectives and Timeline:** The applicant should include objectives to accomplish its goals. Objectives are specific, measurable actions to reach the project's desired results. The included timelines should be clearly linked to the goal.
- **Deliverables and Timeline:** Project deliverables refer to outputs—tangible (for example, a report or a website) or intangible (for example, greater feelings of safety reported by the community)—that are documented and submitted within the scope of a project. Deliverables include timelines.

#### Deliverables Expected by Successful Applicants

- Classroom-style trainings on economic, high-technology, white collar, and internet crimes will be provided at locations and times approved by BJA. Each must include pre- and post-event participant evaluations that assess the quality of the faculty members and the information provided and evaluate the impact on the participants' knowledge. Award recipients will summarize the results of these evaluations and share them with BJA in order to inform and enhance future TTA activities.
- An expanded, updated, and improved online training program will be maintained under the guidance of BJA that focuses on economic, high-technology, white collar, and internet crimes. Applicants should explain how online training will result in savings and other benefits to participating agencies and BJA and traditional in-person classes can be modified and presented in an online format.
- Develop, share, and clear (if appropriate) with BJA instructional aides such as PowerPoint presentations, issue papers, policy and practice briefs, and handbooks to assist agencies or jurisdictions in examining and improving their own policies and practices related to preventing, investigating, and/or responding to economic, high-technology, white collar, and internet crimes.
- Resources and materials should target law enforcement administrators, policymakers, mid-level supervisors, and line staff. Materials should also be developed specifically for prosecutors and judges. Although the primary target audience for these materials is criminal justice system stakeholders, the products developed will, ideally, be adaptable for use with the general public to build community members' awareness of prevention methods utilized by state and local agencies.
- Provide content and manage these items for the BJA-supported LECC, hosted by the International Association of Chiefs of Police (IACP) in conjunction with the Police Executive Research Forum (PERF). The applicant should also allocate a portion of the funding in its budget to continue the support of the LECC and its partners.
- Support technical assistance (onsite and offsite) that is designed to address the specific need(s) of each requesting jurisdiction or agency. This would include stating the elements of an effective technical assistance.
- Provide support to BJA's Intellectual Property Enforcement Program (IPEP) and grantees.

Program objectives and deliverables should be included in one timeline.

#### **Budget and Associated Documentation**

##### Funding Restrictions

Under solicitation unmanned aircraft systems (UAS), including unmanned aircraft vehicles (UAV), and all accompanying accessories to support UAS or UAV are not an allowable

expense. The applicant should identify within their budget which items, services, etc., will/would be covered by matching sources and explain what type of match will be provided.

All recipients and subrecipients (including any for-profit organization) must forgo any profit or management fee.

#### [Budget Detail and Narrative Web-Based Form](#)

The applicant will complete the JustGrants web-based budget form, which includes both detailed calculations and budget narrative sections.

For additional information about how to prepare a budget for federal funding, see the “[Application Resource Guide](#)” section on [Budget Preparation and Submission Information](#) and the technical steps to complete the budget form in JustGrants in the [Complete the Application in JustGrants: Budget](#) training.

#### [Prior Approval, Planning, and Reporting of Conference/Meeting/Training Costs](#)

OJP strongly encourages every applicant that proposes to use award funds for any conference-, meeting-, or training-related activity (or similar event) to review carefully—before submitting an application—the [Application Resource Guide](#) for information on prior approval, planning, and reporting of conference/meeting/training costs.

#### [Costs Associated With Language Assistance \(if applicable\)](#)

If an applicant proposes a program or activity that would deliver services or benefits to individuals, the costs of taking reasonable steps to provide meaningful access to those services or benefits for individuals with limited English proficiency may be allowable. See the [Application Resource Guide](#) for information on costs associated with language assistance.

#### [Budget/Financial Attachments](#)

##### [Pre-Agreement \(Pre-Award\) Costs \(if applicable\)](#)

Pre-agreement costs are defined as costs requiring approval incurred by the applicant prior to the start date of the period of performance of the federal award. OJP does not typically approve pre-agreement costs. If a successful applicant, in anticipation of the Federal award, but before the start date of the period of performance, incurs costs which are necessary for efficient and timely performance of the funded project, those costs may not be charged to the award. See the “Costs Requiring Prior Approval” section in the [DOJ Grants Financial Guide Post-Award Requirements](#) for more information.

##### [Indirect Cost Rate Agreement \(if applicable\)](#)

Indirect costs are costs of an organization that are not readily assignable to a particular project, but are necessary to the operation of the organization and the performance of the project. Examples of costs usually treated as indirect include those incurred for facility operation and maintenance, depreciation, and administrative salaries. The requirements for the development and submission of indirect cost proposals and cost allocation plans are listed in Appendices III – VII of 2 C.F.R. Part 200. A non-federal applicant should follow the guidelines applicable to its type of organization. If applicable, an applicant with a current federally-approved indirect cost rate agreement will upload it as an attachment in JustGrants. See the [DOJ Financial Guide](#) for additional information on [Indirect Cost Rate Agreement](#).

#### Consultant Rate (if applicable)

Costs for consultant services require prior approval from OJP. If the proposed project expects to fund consultant services, compensation for individual consultant services is to be reasonable and consistent with that paid for similar services in the marketplace. See the [DOJ Grants Financial Guide](#) for information on the consultant rates, which require prior approval from OJP.

#### Limitation on Use of Award Funds for Employee Compensation for Awards Over \$250,000; Waiver (if applicable)

If an applicant proposes to hire employees with Federal award funds, for any award of more than \$250,000 made under a funding opportunity, an award recipient may not use federal funds to pay total cash compensation (salary plus cash bonuses) to any employee of the recipient at a rate that exceeds 110 percent of the maximum annual salary payable to a member of the federal government's Senior Executive Service (SES) at an agency with a Certified SES Performance Appraisal System for that year. See the [Application Resource Guide](#) for information on the "Limitation on Use of Award Funds for Employee Compensation for Awards over \$250,000; Waiver."

#### Disclosure of Process Related to Executive Compensation (if applicable)

An applicant that is a nonprofit organization may be required to make certain disclosures relating to the processes it uses to determine the compensation of its officers, directors, trustees, and key employees. If applicable, the applicant will upload a description of the process used to determine executive compensation as an attachment in JustGrants. See the "Application Attachments" section of the [Application Resource Guide](#) for information.

#### **Additional Application Components**

The applicant will attach the additional requested documentation in JustGrants.

#### Curriculum Vitae or Resumes (if applicable)

Provide resumes of key personnel who will work on the proposed project.

#### Tribal Authorizing Resolution (if applicable)

An application in response to this solicitation may require inclusion of tribal authorizing documentation as an attachment. If applicable, the applicant will upload the tribal authorizing documentation as an attachment in JustGrants. See the [Application Resource Guide](#) for information on tribal authorizing resolutions.

#### Memoranda of Understanding (MOUs) and Other Supportive Documents (if applicable)

Applicants should include for each named partner, a signed Memorandum of Understanding (MOU), letter of intent, or subcontract that confirms the partner's agreement to support the project through commitments of staff time, space, services, or other project needs. For applications submitted from two or more entities, applicants are encouraged to develop and submit signed MOUs or signed letters of intent that provide a detailed description of how the agencies will work together to meet project requirements.

Each MOU or letter of intent should include the following: (1) names of the organizations involved in the agreement; (2) what service(s) and other work will be performed under the agreement by what organization; (3) duration of the agreement.

Subcontracts, MOUs, or letters of intent should be submitted as one separate attachment to the application.

### Research and Evaluation Independence and Integrity Statement (if applicable)

If an application proposes research (including research and development) and/or evaluation, the applicant must demonstrate research/evaluation independence and integrity, including appropriate safeguards, before it may receive award funds. The applicant will upload documentation of its research and evaluation independence and integrity as an attachment in JustGrants. For additional information, see the [Application Resource Guide](#).

### **Disclosures and Assurances**

The applicant will address the following disclosures and assurances.

#### Disclosure of Lobbying Activities

The SF-LLL attachment that was completed and submitted in Grants.gov is attached to this section.

#### Applicant Disclosure of Duplication in Cost Items

To ensure funding coordination across grant making agencies, and to avoid unnecessary or inappropriate duplication among grant awards, the applicant will disclose if it has any pending applications for federal funding, including pending applications for subawards of federal funds. Complete the JustGrants web-based Applicant Disclosure of Duplication in Cost Items form. See the [Application Resource Guide](#) for additional information.

#### DOJ Certified Standard Assurances

Review and accept the DOJ Certified Standard Assurances in JustGrants. See the [Application Resource Guide](#) for additional information.

#### DOJ Certifications Regarding Lobbying; Debarment, Suspension and Other Responsibility Matters; Drug-Free Workplace Requirements; Law Enforcement and Community Policing

#### Applicant Disclosure and Justification – DOJ High-Risk Grantees

If applicable, submit the DOJ High-Risk Disclosure and Justification as an attachment in JustGrants. A DOJ High-Risk Grantee is an award recipient that has received a DOJ High-Risk designation based on a documented history of unsatisfactory performance; financial instability; management system or other internal control deficiencies; noncompliance with award terms and conditions on prior awards or is otherwise not responsible. See the [Application Resource Guide](#) for additional information.

## **Application Review Information**

### **Review Criteria**

#### **Basic Minimum Review Criteria**

OJP screens applications to ensure they meet the basic minimum requirements prior to conducting the peer review. Although specific requirements may vary, the following are requirements for all OJP solicitations:

- The application must be submitted by an eligible type of applicant.
- The application must request funding within any stated programmatic funding limits or boundaries.

- The application must be responsive to the scope of the solicitation.
- The application must include all items necessary to meet the basic minimum requirements.

### **Merit Review Criteria**

Applications that meet the basic minimum requirements will be evaluated by peer reviewers on how the proposed project/program addresses the following criteria:

- Statement of the Problem/Description of the Issue (20%): evaluate the applicant's understanding of the program/issue to be addressed.
- Project Design and Implementation (40%): evaluate the strength of the proposal, including information provided in the goals, objectives, timelines, and deliverables web-based form.
- Capabilities and Competencies (20%): evaluate the applicant's administrative and technical capacity to successfully accomplish the goals and objectives.
- Plan for Collecting the Data Required for this Solicitation's Performance Measures (5%): evaluate the applicant's understanding of the performance data reporting requirements and the plan for collecting the required data.
- Budget (15%): evaluate for completeness, cost effectiveness, and allowability (e.g., reasonable, allocable, and necessary for project activities).

### **Other Review Criteria/Factors**

Other important considerations for OJP include geographic diversity, strategic priorities (specifically including, but not limited to, those priority areas already mentioned, if applicable), available funding, past performance, ability to provide training and technical assistance to underserved or rural geographic locations, and the extent to which the Budget web-based form accurately explains project costs that are reasonable, necessary, and otherwise allowable under federal law and applicable federal cost principles. Costs are allowable when they are reasonable, allocable to, and necessary for the performance of the federal award, and when they comply with the funding statute and agency requirements (to include the conditions of the award), including the cost principles set out in the [Uniform Requirements 2 C.F.R. Part 200, Subpart E](#).

### **Risk Criteria/Factors**

Pursuant to the Part 200 Uniform Requirements, before award decisions are made, OJP also reviews information related to the degree of risk posed by the applicant. Among other things to help assess whether an applicant with one or more prior federal awards has a satisfactory record of performance, integrity, and business ethics, OJP checks whether the applicant is listed in SAM.gov as excluded from receiving a federal award.

In addition, if OJP anticipates that an award will exceed \$250,000 in federal funds, OJP also must review and consider any information about the applicant that appears in the non-public segment of the integrity and performance system accessible through SAM.gov.

Important note on Responsibility/Qualification Data (formerly FAPIIS): An applicant may review and comment on any information about its organization that currently appears in SAM.gov and was entered by a federal awarding agency. OJP will consider such comments by the applicant, in addition to the other information in SAM.gov, in its assessment of the risk posed by the applicant.

## **Review Process**

Applications submitted under this solicitation that meet the basic minimum requirements will be evaluated for technical merit by a peer review panel(s) in accordance with OJP peer review policy and procedures using the review criteria listed above. Absent explicit statutory authorization or written delegation of authority to the contrary, all final award decisions will be made by the Assistant Attorney General, who may consider not only peer review ratings and BJA recommendations, but also other factors as indicated in this section.

## **Federal Award Administration Information**

### **Federal Award Notices**

Generally, award notifications are made by the end of the current Federal fiscal year, September 30. See the [Application Resource Guide](#) for information on award notifications and instructions.

### **Evidence-Based Programs or Practices**

OJP strongly encourages the use of data and evidence in policymaking and program development for criminal justice, juvenile justice, and crime victim services. For additional information and resources on evidence-based programs or practices (programs or practices that have been evaluated as effective), see the [Application Resource Guide](#).

### **Information Regarding Potential Evaluation of Programs and Activities**

OJP may conduct or support an evaluation of the projects and activities funded under this solicitation. For additional information on what should be included in the application, see the [Application Resource Guide](#) section entitled “Information Regarding Potential Evaluation of Programs and Activities.”

### **Administrative, National Policy, and Other Legal Requirements**

If selected for funding, in addition to implementing the funded project consistent with the OJP-approved application, the recipient must comply with all award conditions and all applicable requirements of federal statutes and regulations, including the applicable requirements referred to in the assurances and certifications executed in connection with award acceptance. For additional information on these legal requirements, see the “Administrative, National Policy, and Other Legal Requirements” section in the [Application Resource Guide](#).

### **Civil Rights Compliance**

If a successful applicant accepts funding from OJP—as a recipient of OJP funding—that award recipient must comply with certain federal civil rights laws that prohibit it from discriminating on the basis of race, color, national origin, sex, religion, or disability in how the recipient delivers its program’s services or benefits and in its employment practices. The civil rights laws that may be applicable to the award include Title VI of the Civil Rights Act of 1964 (Title VI), the nondiscrimination provisions of the Omnibus Crime Control and Safe Streets Act of 1968 (Safe Streets Act), and Section 504 of the Rehabilitation Act of 1973. These and other federal civil rights laws are discussed in greater detail here: [Overview of Legal Requirements Generally Applicable to OJP Grants and Cooperative Agreements - FY 2024 Awards](#) under the “Civil Rights Requirements” section, and additional resources are available from the [OJP Office for Civil Rights](#).

Part of complying with civil rights laws that prohibit national origin discrimination includes recipients taking reasonable steps to ensure that people who are limited in their English

proficiency (LEP) because of their national origin have meaningful access to a recipient's program and activity. An LEP person is one whose first language is not English and who has a limited ability to read, write, speak, or understand English. To help recipients meet this obligation to serve LEP persons, DOJ has published a number of resources, including a language access assessment and planning tool, which are available at <https://www.lep.gov/language-access-planning>. Additional resources are available at <https://www.ojp.gov/program/civil-rights-office/limited-english-proficient-lep>. If the award recipient proposes a program or activity that would deliver services or benefits to LEP individuals, the recipient may use grant funds to support the costs of taking reasonable steps (e.g., interpretation or translation services) to provide meaningful access. Similarly, recipients are responsible for ensuring that their programs and activities are readily accessible to qualified individuals with disabilities. Applicants for OJP funding must allocate grant funds or explain how other available resources will be used to ensure meaningful and full access to their programs. For example, grant funds can be used to support American Sign Language (ASL) interpreter services for deaf or hard of hearing individuals or the purchase of adaptive equipment for individuals with mobility or cognitive disabilities. For resources, see <https://www.ada.gov> or contact OJP.

### **Financial Management and System of Internal Controls**

Award recipients and subrecipients (including recipients or subrecipients that are pass-through entities) must, as described in the Part 200 Uniform Requirements as set out at 2 C.F.R. 200.303, comply with standards for financial and program management. See the [Application Resource Guide](#) for additional information.

### **Information Technology Security Clauses**

An application in response to this solicitation may require inclusion of information related to information technology security. See the [Application Resource Guide](#) for more information.

### **General Information About Post-Federal Award Reporting Requirements**

In addition to the deliverables described in the "[Program Description](#)" section, all award recipients under this solicitation will be required to submit certain reports and data.

Required reports. Award recipients must submit quarterly financial reports, semi-annual performance reports, final financial and performance reports, and, if applicable, an annual audit report in accordance with the Part 200 Uniform Requirements or specific award conditions. Future awards and fund drawdowns may be withheld if reports are delinquent (in appropriate cases, OJP may require additional reports).

See the [Application Resource Guide](#) for additional information on specific post-award reporting requirements, including performance measure data.
