Note: If this NOFO requires something different from any guidance provided in the [Application Resource Guide](#), the difference will be noted in this NOFO and the applicant should follow the guidance in this NOFO.

ELIGIBILITY

Eligible Applicants

The types of entities that are eligible to apply for this funding opportunity are listed below:

- **Educational Organizations**
 - Public and state-controlled institutions of higher education
 - Private institutions of higher education
- **Nonprofit Organizations**
 - Nonprofits having a 501(c)(3) status with the Internal Revenue Service (IRS), other than institutions of higher education
 - Nonprofits that do not have a 501(c)(3) status with the IRS, other than institutions of higher education
- **For-Profit Organizations**
 - Organizations other than small businesses
 - Small businesses

Small Businesses: Small business grants may be awarded to companies meeting the size standards established by the U.S. Small Business Administration (SBA) for most industries in the economy.

Limit on Number of Applications

Applications under which two or more entities (project partners) would carry out the federal award will be considered. However, only one entity may be the applicant for the NOFO; any others must be proposed as subrecipients. See the [Application Resource Guide](#) for additional information on subawards.

Cost Sharing/Match Requirement

For this opportunity, match **is not** required.

PROGRAM DESCRIPTION

General Purpose of the Funding

The JJSC serves as a streamlined point of entry for leaders, staff, and stakeholders in jails across the nation to access key information, services, and assistance from the DOJ. Co-administered by BJA and the National Institute of Corrections (NIC), the Center supports the pursuit of safe, secure, and constitutional policy and practice impacting people who are incarcerated in, work in, and visit America's jails.

Jails serve a critical role in the criminal justice system at both the local and state levels. There are more than 3,000 jails in the United States, with more than 7.3 million admissions between July 2021 and June 2022, and housing more than 663,000 people at the end of that period.¹ The high churn—high numbers of admissions and releases with a relatively short average length of stay—as well as a shift in the composition of jail populations present specific challenges and needs.

Jails, unlike prisons, serve a detention function and typically house individuals in pretrial status, or who have been convicted and sentenced for misdemeanor offenses with periods of incarceration of less than 12 months. National data indicates a significant shift in the composition of jail populations over the last several decades, with many jails now reporting between two thirds and three quarters of their daily population are awaiting trial.² Recent data also shows an increase in the number of deaths among individuals in jail custody, with more than 20,000 people dying in jails between 2000 and 2019. Data also show that suicide and drug or alcohol intoxication are the leading causes of death in jails, and that around 40 percent of people who died in jails died within the first seven days of incarceration. Many communities have seen increases of in-custody deaths as a result of the opioid epidemic, and jail leaders are searching for new and innovative strategies to keep people in their custody safe and secure. Jails across the nation have likewise struggled with suicides and other mental health challenges among staff, as well as with significant staff shortages, fiscal shortfalls, jail culture issues, and myriad other complications. Across the nation, Sheriffs, Jail Administrators, county leaders and others are seeking assistance to overcome these challenges.

The DOJ JJSC helps leaders address these challenges through training, technical assistance, and other resources. During the Center's development, BJA and NIC leaders and staff engaged with jail leaders, national associations, academic researchers, policy experts, and others to identify and analyze jails' greatest points of liability as evidenced by documented causes of deaths in jail custody, results of civil legal action naming jails/jail actors as responsible parties when there was a death in jail custody, civil rights investigations, etc. As a result of these engagements, eight core areas were identified as those in which jails needed particular assistance: screening and assessment, medical and behavioral health, use of force, leadership and culture, human capital, operations, programming, and reentry. To date, the JJSC has compiled actionable resources on each of these topics, designed and released several self-assessment tools to help agencies identify areas for improvement in each core topic, and crafted an approach to technical assistance for jails that need assistance in these key areas.

² Zhen Zang, "Jail Inmates in 2022." United States Department of Justice, Bureau of Justice Statistics. <https://bjs.ojp.gov/library/publications/jail-inmates-2022-statistical-tables>.

The JJSC is currently providing jails in need with direct, intensive technical assistance from experienced jail leaders and subject matter experts (SME). JJSC TTA Coaches are highly experienced jail leaders, including former Sheriffs, jail administrators, health care administrators and providers, and others, some of whom are still actively employed by jails and others who are recently retired from their agencies. Individuals serving as coaches and SMEs are drawn from agencies across the nation, and from jails/agencies of differing sizes. This approach enables the delivery of tailored TTA for jails from coaches/SMEs that understand key dynamics like resource limitations, geographical challenges, state and local policies and dynamics, etc. Moving forward, the JJSC must continue to deliver high-quality information and assistance to jails, increase awareness and exposure to available resources, and leverage the support and partnership of stakeholders to enhance safety, security, constitutionality, and positive outcomes in America's jails.

This TTA Program will join a large portfolio of training and technical assistance overseen by BJA. The awardee will operate the JJSC in close consultation with, and approval by, BJA.

Successful TTA funded through this NOFO will incorporate the principles that guide BJA's TTA:

1. **Evidence Based.** TTA providers should gather regular input and data from grantees and the field on relevant public safety challenges. Any proposed approaches should employ adult learning theory and research on effective practices. In addition, deployed approaches should leverage technology to enhance the quality of services.
2. **Customizable.** TTA providers should ensure that strategies are flexible and scalable for the field with varying levels of capacity and experience. TTA providers should include a diverse team of members who can work with the field and bring creative ideas to expand the impact and reach of BJA's TTA.
3. **Measurable.** TTA providers should ensure reliable implementation of strategies and assess engagement among grantees or the broader field, as well as application of support. TTA providers should evaluate the intended outcomes to make refinements to their approach as needed to better accomplish TTA goals.
4. **Strategic.** TTA providers should proactively manage updates and share relevant information with BJA, the field, and grantees (if applicable). TTA providers should:
 - Plan and problem-solve to support the accomplishment of program goals.
 - Provide updates to BJA and its grantees on all progress made.
 - Coordinate TTA with other partners as requested by BJA.
 - Disseminate resources to the broader field.
 - Manage funds effectively.

Applicants should refer to [Application Contents, Submission Requirements, and Deadlines: Budget Detail Form](#) for information on allowable and unallowable costs that may inform the development of their project design.

Program Goals and Objectives

The goal of this program is to provide needed information and resources to jail stakeholders on those topics that most directly impact the life, health, and safety of people working in, living in, and visiting jails. As such, the goals of the DOJ JJSC are:

Goal 1: To deliver a range of effective and relevant TTA that empowers and enables jails in their efforts to provide safe, secure, and constitutional environments and services to those who live in, work in, and visit them.

Objective 1: Relevance – Develop and deliver TTA that directly address the needs and challenges of jails and their workforce(s).

Objective 2: Effectiveness – Measure the effectiveness of TTA to ensure it is achieving the intended outcomes and making a positive impact.

Objective 3: Engagement – Create engaging and interactive training experiences that capture the attention and facilitate learning.

Objective 4: Accessibility – Ensure all TTA are accessible taking into account background and learning style. Additionally, all products developed must be Section 508 compliant and more information about Section 508 can be found by visiting [Section 508.gov](#).

Objective 5: Continuous Improvement – Regularly evaluate and refine TTA to ensure they remain, relevant, effective, and aligned with the evolving needs of jails.

Goal 2: Serve as a single point of access for jail leaders, staff, and stakeholders to find needed information and resources that positively impact the safety, security, and constitutionality of their facilities.

Objective 1: Operate a website that effectively enables leaders, staff, and stakeholders from jails across the nation to easily locate, navigate, and engage with information and resources on the identified core topics, explore available Federal programs and resources, and contact JJSC staff for additional assistance, if needed.

Objective 2: Develop and implement interactive tools for jail leaders and staff to assess their agency/facility's needs and then connect them to available information or assistance to address those needs.

Goal 3: Provide jails with direct, intensive technical assistance from qualified experts to help jails address pressing challenges impacting the life, health, and safety of staff, incarcerated persons, or the community.

Objective 1: Develop and maintain a cadre of qualified experts with demonstrated experience in jail operations, leadership, culture, or other facets of operations with which jails struggle. This process should include initial and routine training and engagement with these individuals to ensure the success of their work with jails.

Objective 2: Develop and operationalize a process to receive requests from jails and respond with intensive but time-limited technical assistance to address specific challenges aligned with the JJSC's mandate.

Objective 3: Develop and implement a process to facilitate peer-to-peer connection among Sheriffs, jail administrators, or other jail leaders/practitioners. This may include identifying jails with model policies or operations around each of the core topics and finding ways to highlight those jails/systems, facilitating visits (virtually or in-person) between jail leaders seeking assistance and those high-performing jails, an online repository of policies or procedures from those jails that others can use as examples, or other platforms or approaches to enhance peer-to-peer connection among jail leaders to advance the adoption of best practices. Meeting this objective may also include facilitating connections to resources, materials, and high-performing facilities or staff that work with other BJA-funded programs, including those listed below (see Deliverable 8).

How Awards Will Contribute to Program Goals/Objectives

To achieve the goals and objectives of this funding opportunity, OJP has identified expected activities that must be conducted by a recipient.

Activities

Activities are events, trainings, and support tailored to specific audiences to provide knowledge, skills, or build capacity. An award may support activities (e.g., personnel time for award activities) that are part of recipient performance but are not considered deliverables.

The selected TTA Provider will support Sheriffs, Jail Administrators, and other leaders of jails and it will develop resources for the corrections field at large. The selected provider will conduct the following activities in support of the program goals and objectives:

- Utilize a diverse range of vetted local and national subject matter experts to plan and implement TTA activities.
- Coordinate all activities and products with [BJA's National Training and Technical Assistance Center](#) (NTTAC) and maintain an online project tracking tool.
- Support and maintain the dedicated JJSC website to house products, resources, and tools for grantees and the field, including regular curation and revision of the core topics libraries.
- Establish and maintain a process for jail practitioners to request TTA at no cost and for these requests to be triaged, serviced, and tracked for reporting purposes. Jail leaders or staff facing challenges should be able to reach out to the JJSC at any time, and through multiple avenues, requesting assistance and should have their requests answered quickly and efficiently.
- Provide TTA in the form of tailored and direct services to 7-10 jails including onsite and virtual assistance focused on the JJSC's core topics, which impact the life, health, and safety of people that live in, work in, and visit jails. Requests for assistance are triaged based on agency need and then routed to appropriate DOJ resources. In cases where an agency's needs are aligned with the JJSC's core topics, the JJSC will provide direct TTA to address those needs. TTA for these agencies includes direct assistance from a TTA Coach (an experienced jail leader) and subject matter experts in relevant areas such as screening and assessment, use of force, leadership and culture, human capital, and more. Where possible based on data access and quality, TA will include analyses of these data, enabling jail leaders to better understand population trends, needs, and other key factors that will enhance operations through data-driven decision making at the facility- and policy-level.

- Deftly engage with and guide jail leaders through a process to understand and diagnose a jail's specific needs and challenges and then connect them to the applicable resources, whether that requires direct technical assistance from the JJSC or connection to another DOJ-funded program.
- Facilitate a transparent selection and vetting process with BJA and NIC to determine those jails that warrant extended technical assistance from the JJSC.
- Select an appropriate, trained TTA coach and relevant SME(s) based on each jail's needs and areas of focus.
- Ensure that TTA coaches/SMEs are in regular contact with leaders and executive staff in the agencies/facilities with which they are working, and are providing insight, guidance, and recommendations on matters related to policy and operations in those areas. Coaches/SMEs may also facilitate connections with relevant experts, programs, or resources and bring them to bear in addressing the agency/facility's challenges.
- Connect those jails that receive TTA with all relevant JJSC resources, as well as those from other BJA-funded programs as referenced in this NOFO, following the closure of their TTA request.
- Expand access to intensive workshops, such as on mental health, substance use disorders, suicide prevention, and use of force application to people experiencing a behavioral health crisis.
- Continue and bolster engagement with national associations to increase the JJSC's access to national networks of jail leaders and staff. Further engagement will facilitate the widespread sharing of JJSC resources and opportunities with the field through each partner's existing communication channels, dedicated training/conference learning tracks, connections to regional and state associations, and more.
- Expand the number of state associations engaged, including on-site delivery of training and resources at state association conferences or events.
- Expand both online content and corresponding scope of direct TA to address urgent and emerging issues including staff recruitment training, and retention.
- Serve as an entry point for jails to streamline access to BJA-funded initiatives, strengthen inter-program coordination, and bolster the collection of jail- focused resources in the JJSC. Coordination should include, but not be limited to, the following programs or initiatives:
 - CorWellness Initiative;
 - [Justice Counts](#) Initiative;
 - The [Comprehensive Opioid, Stimulant, and Substance Use Program \(COSSUP\)](#);
 - The [Prison Rape Elimination Act \(PREA\) Resource Center](#);
 - Justice and Mental Health Collaboration Program (JMHCP);
 - Second Chance Act-funded programs, including the [National Reentry Resource Center](#) (NRRC); and
 - Other programs and initiatives as identified by BJA and NIC.

Expected Outcomes: Deliverables and Performance Measures

OJP has also identified performance measures (pieces of data) that will indicate how a recipient is achieving the performance goals and objectives previously identified. Recipients will need to collect and report this performance measure data to OJP.

Deliverables

Deliverables are what the applicant will create or produce under the award. The term “deliverables” as used here refers to discrete products under an award. Award recipients will be expected to develop and submit the deliverables listed below in the course of implementing their proposed project.

- Develop and disseminate two new toolkits around core competencies related to leadership and culture, and human capital.
- A monthly report (or equivalent mechanism for relaying information in real time) of the TTA requests from jails basis that includes request method (call, email, website, response to community outreach, etc.), requesting agency characteristics (geographic, agency type, community type, etc.), topic area, and JJSC staff response (TTA, coaching, email response, call, referral, etc.).
- Final site reports authored by each site’s TTA coach and assigned SMEs detailing the nature of their work with the site and recommendations for sustainable change upon completion of their work.

Performance Measures

Performance measures are data that show a recipient’s progress in implementing their project, such as the number of people served or number of trainings conducted. OJP will require each award recipient to submit regular performance reports that communicate progress toward achieving the goals and objectives identified in [Program Goals and Objectives](#). Applicants can visit [OJP’s performance measurement page](#) at ojp.gov/performance for more information on performance measurement activities.

A list of performance measure questions for this funding opportunity can be found at <https://bja.ojp.gov/performance-measures/ta-deliverable-performance-metrics.pdf>.

Funding Instrument

OJP expects to make awards under this funding opportunity as a cooperative agreement, which allows OJP to have substantial involvement in carrying out award activities. See the [“Administrative, National Policy, and Other Legal Requirements”](#) section of the [Application Resource Guide](#) for a brief discussion of important statutes, regulations, and award conditions that apply to many (or in some cases, all) OJP awards.

The Recipient must:

- Comply with the terms and conditions of the award.
- Collaborate with BJA staff to implement and monitor the project.
- Submit performance measures data via (TTARP).
- Submit all required performance assessments, evaluations, and financial reports to BJA.
- Attend and participate in virtual meetings.
- Other special conditions that may be identified.

BJA will:

- Conduct a kick-off meeting and review and help revise the TTA workplan as needed to maximally accomplish the TTA goals BJA has identified to support the field.
- Give regular input and guidance on the TTA workplan implementation including reviewing and approving work product outlines and final products.
- Collaborate with the recipient and provide substantial project planning and implementation input.
- Provide substantial input on evaluation activities.
- Make recommendations on continuing the project.
- Participate in publishing results, including disseminating products and materials to make any findings available to the field.
- Review and approve all key personnel.
- Maintain regular communication with the recipient through at least monthly conference calls and providing technical assistance and consultation.
- Review and provide feedback on all required performance assessment reports.
- Review all required TTARP data.
- Participate on committees, such as policy and steering work groups responsible for helping to guide the course of long-term projects or activities.

Cost Sharing/Match Requirements

This funding opportunity does not require a match.

APPLICATION CONTENTS, SUBMISSION REQUIREMENTS, AND DEADLINES

This NOFO contains all the information needed to apply for this funding opportunity. The application for this funding opportunity is submitted through web-based forms and attachments in Grants.gov and JustGrants through the steps that follow.

Unique Entity Identifier (UEI) and SAM.gov Registration

To submit an application, an applicant must have an active registration in the [System for Award Management \(SAM.gov\)](#). SAM.gov assigns entities a unique entity identifier (UEI) that is required for the entity to apply for federal funding. Applicants will enter their UEI with their application. Award recipients must then maintain an active UEI for the duration of their award's period of performance.

First-time Registration: Entities registering in SAM.gov for the first time will submit information about their entity type and structure, financial information (such as dates of the fiscal year, banking information, and executive compensation), entity points of contact, and other information. The information is reviewed and verified by SAM.gov, and then a UEI is issued. This process may take several weeks, so entities considering applying for funding should begin the registration process as soon as possible.

Renewing an Existing Registration: Entities must renew their SAM.gov registration every 12 months to keep it active. If an entity does not renew their SAM.gov registration, it will expire. An expired registration can delay or prevent the submission of an application for funding in Grants.gov and JustGrants.

Applicants are encouraged to start the SAM.gov registration or renewal process **at least 30 days prior to the application's Grants.gov deadline**. Applicants who fail to begin the registration or renewal process at least 10 business days prior to the Grants.gov deadline may not be able to complete the process in time and will not be considered for a technical waiver that allows for late submission.

For Small Businesses: In addition to SAM.gov registration, a small business applicant may need to obtain an Employer Identification Number (EIN) from the Internal Revenue Service (IRS). The person applying for an award should submit the EIN value as the Tax Identification Number (TIN) during the SAM.gov registration process. The applicant should not submit their Social Security Number. For additional information, including the steps to obtain an EIN, see the IRS [Apply for an Employer Identification Number \(EIN\) online](#) webpage.

Submission Instructions: Summary

Applications must be submitted to DOJ electronically through a two-step process that begins in Grants.gov and is completed in JustGrants. See [Basic Information: Key Dates](#) for the Grants.gov and JustGrants application deadlines.

- **Step 1:** The applicant must submit the required [Application for Federal Assistance SF-424](#) by the Grants.gov deadline.
- **Step 2:** The applicant must submit the full application, including attachments, through JustGrants by the deadline (see [JusticeGrants.usdoj.gov](#)).

Submission Step 1: Grants.gov Submission of SF-424

Access/Registration

If the applicant does not already have a Grants.gov account, they will need to register for this opportunity in Grants.gov. Applicants should follow the Grants.gov [Quick Start Guide for Applicants](#) to register, create a workspace, assign roles, submit an application, and troubleshoot issues.

Submission of the SF-424

Applicants will begin the application process in Grants.gov with the submission of the SF-424, which collects the applicant's name, address, and UEI; the funding opportunity number; and proposed project title, among other information. The SF-424 must be signed by the Grants.gov Authorized Organizational Representative for the applicant.

See the [Application Resource Guide](#) for additional information on completing the SF-424.

Section 8F – Applicant Point of Contact: Please include the name and contact information of the individual **who will complete the application in JustGrants**. JustGrants will use this information (*i.e.*, email address) to assign the application to this user in JustGrants.

Section 19 – Intergovernmental Review: This funding opportunity is not subject to [Executive Order \(E.O.\) 12372](#) (Intergovernmental Review). Applicants should answer section 19 by selecting, "Program is not covered by E.O. 12372."

An applicant should submit the SF-424 as early as possible and recommended not later than 48 hours before the Grants.gov deadline. If an applicant fails to submit the SF-424 in Grants.gov by the deadline, they will be unable to submit their application in JustGrants.

Once the first part of the application has been successfully submitted in Grants.gov, the Grants.gov Workspace status will change from "In Progress" to "Submitted." Applicants will also receive a series of four Grants.gov email notifications. Refer to the [DOJ Application Submission Checklist](#) for additional details.

If an applicant needs to update information in the SF-424 after it is submitted in Grants.gov, they can update the information as part of their JustGrants submission (see [Application Contents, Submission Requirements, and Deadlines: Standard Applicant Information](#)). They do not need to submit an update in Grants.gov.

Submission Step 2: JustGrants Submission of Full Application

Access/Registration

For first-time JustGrants applicants, once the application is received from Grants.gov, DOJ will send an email (from DIAMD-NoReply@usdoj.gov) to the email address listed in Section 8F of the SF-424 with instructions on how to create a JustGrants account. This email should arrive within 24 hours after confirmation from Grants.gov of the SF-424 submission.

Creating and setting up a JustGrants account consists of three steps:

1. Follow the instructions in the email to first confirm who will be the Entity Administrator (the person who manages which staff can access JustGrants on behalf of the applicant).
2. Log in to JustGrants and confirm the information in the Entity Profile.

3. Invite other individuals who will serve as the Application Submitter and the Authorized Representative for the applicant to register for JustGrants.

These steps should be completed in JustGrants as early as possible and recommended not later than 48 hours before the JustGrants deadline. Once registered in JustGrants, the Application Submitter will receive a link in an email to complete the rest of the application in JustGrants. Applicants can find additional information on JustGrants registration in the [DOJ Grant Application Submission Checklist](#).

Preparing for Submission

Some of the required sections of the application will be entered directly into JustGrants, and other sections will require documents to be uploaded and attached. Therefore, applicants should allow enough time before the JustGrants deadline to prepare, enter, and upload all the requirements of the application.

Applicants may save their application in the system and add to or change the application as needed prior to hitting the “Submit” button at the end of the application in JustGrants. After the application deadline, no changes or additions can be made to the application. **OJP recommends that applicants submit the complete application package in JustGrants at least 48 hours prior to the JustGrants deadline.**

For additional information, including file name and type requirements, see the “How To Apply” section in the [Application Resource Guide](#).

Standard Applicant Information

The Standard Applicant Information section of the JustGrants application is pre-populated with the SF-424 data submitted in Grants.gov. The applicant will need to review the Standard Applicant Information in JustGrants and can make whatever edits are needed. Within this section, the applicant will need to add ZIP codes for areas affected by the project; confirm their Authorized Representative; and confirm the organization’s unique entity identifier, legal name, and address.

Proposal Abstract

A proposal abstract (no more than 2,000 characters) summarizing the proposed project must be completed in the JustGrants web-based form. The text from abstracts will be made publicly available on the OJP.gov and USASpending.gov websites if the project is awarded, so this section of the application should not contain any personally identifiable information (e.g., the name of the project director).

The abstract should be in paragraph form without bullets or tables and written in the third person (e.g., they, the community, their, themselves, rather than I or we). The abstract should include the following information:

- The name of the applicant’s proposed project.
- The purpose of the proposed project (i.e., what the project will do and why it is necessary).
- Where the project will take place (i.e., the service area, if applicable).
- Who will be served by the project (i.e., who will be helped or have their needs addressed by the project).
- What activities will be carried out to complete the project.

- The subrecipient(s)/partner organizations or entities, if known.
- Deliverables and expected outcomes (i.e., what the project will achieve).

See the [Application Resource Guide](#) for an [example](#) of a proposal abstract.

Data Requested With Application

Financial Management and System of Internal Controls Questionnaire (including Applicant Disclosure of High-Risk Status)

The Financial Management and System of Internal Controls Questionnaire helps OJP assess what financial management and internal control systems the applicant has in place, whether these systems would be sufficient to maintain a funding award, and the associated potential risks of an applicant as part of the pre-award risk assessment process. Every OJP applicant (other than an individual applying in their personal capacity, not representing an applicant organization) is required to complete the web-based form in JustGrants. See the [Application Resource Guide: Financial Management and System of Internal Controls Questionnaire \(including Applicant Disclosure of High-Risk Status\)](#) for additional guidance on how to complete the questionnaire.

Proposal Narrative

Format of the Proposal Narrative: The Proposal Narrative will be submitted as an attachment in JustGrants. The attached document should be double-spaced, using a standard 12-point size font; have no less than 1-inch margins; have numbered pages; and should not exceed 15 pages. If the Proposal Narrative does not comply with these restrictions, OJP may consider such noncompliance in peer review and in final award decisions.

Sections of the Proposal Narrative: The Proposal Narrative must include all of the following sections.

a. Description of the Need: What critical issue or problem is the applicant proposing to address with this project? Please include:

- A brief explanation of the need, gap, or issue to be addressed by the proposed project.
- Supporting information, data, or evidence to demonstrate the need's existence, size, and impact on the target population and community.
- How the need relates to the purpose of the NOFO.

b. Project Goals and Objectives: How will the proposed project address the need identified and address the purpose of the NOFO? Please include:

- Project goals (goals are broad, visionary statements on what the applicant hopes to accomplish).
- Project objectives (objectives are specific outcomes the applicant plans to achieve through project activities).
- How the applicant's goals and objectives relate to the goals and objectives of the NOFO.

c. Project Design and Implementation: How will the applicant implement project activities that meet the goals and objectives? Please include:

- What activities the applicant will conduct to achieve the proposed goals and objectives.
- How the applicant will deliver or complete those activities.

- When the activities will take place.
- Who in the applicant's organization will staff the activities, including key staff.
- Who will participate in and benefit from the activity.
- What deliverables, reports, and other items will be produced as part of the project.
- If the applicant plans to use subrecipients to help conduct the project, please name them (if they are known) or describe how the applicant will identify them. Please describe their role in conducting project activities.

d. Capabilities and Competencies: What administrative and technical capacity and expertise does the applicant bring to successfully complete this project? Please include:

- A description of the applicant's capacity to deliver the proposed project and meet the requirements of the award, including collecting and reporting the required performance measure data. Who will be responsible for this task, and how will the applicant collect the data? Refer to [Program Description: Performance Measures](#) for additional details on performance measures for this funding opportunity.
- A description of the applicant's direct experience and knowledge regarding jail operations, funding, policy, culture, oversight, interagency cooperation or coordination, or other aspects relevant to providing or overseeing assistance and resources for jails. The description should also cover the applicant's experience helping jails navigate work with other local or state criminal justice or public safety entities, including law enforcement, the judiciary, health care providers, local fire/emergency medical services, state departments of corrections, and others. The description should also include this expertise or experience for any proposed partners or subrecipients.
- A description of the applicant's work, if any, with national or state-level trade groups or stakeholder associations that serve jails, including those that represent Sheriffs, jail administrators, county leaders, incarcerated people and their families, community service or reentry providers, and more.
- A description of projects or activities the applicant organization has conducted, or is currently conducting, that demonstrate the applicant's ability to undertake the proposed project activities.
- A description of the applicant's capacity to assist jails or other criminal justice agencies with data-related objectives such as data sharing, clearing, and analysis to work with sites that have data of sufficient quality.
- A summary of relevant experience of team members with key responsibilities for implementing the project, as well as any plans for hiring new staff to be part of this program and the kinds of experience and skills sought for this role.

Project Evaluations: An applicant that proposes to use award funds to conduct project evaluations must follow the guidance in the "[Note on Project Evaluations](#)" section in the [Application Resource Guide](#).

Budget and Associated Documentation: Budget Detail Form

The applicant will complete the JustGrants budget detail form. The form collects the individual costs under each cost category needed to implement the proposed project. Applicants should ensure that the name/description of each cost is clear and provide the detailed calculation (e.g., cost per unit and number of units) for the total cost. Applicants should enter additional narrative, as needed, to fully describe the cost calculations and connection to the project goals and objectives.

Budget proposals should include the funding needed to implement the proposed activities. In preparing their budget proposals, applicants should consider what types of costs are allowable, if awarded funding. Costs are allowable when they are reasonable, allocable to, and necessary for the performance of the project funded under the federal award and when they comply with the funding statute and agency requirements, including the conditions of the award and the cost principles set out in [2 C.F.R. Part 200, Subpart E](#) and the [DOJ Grants Financial Guide](#).

Costs Associated With a Conference/Meeting/Training: An applicant that proposes to use award funds for activities related to a conference, meeting, training, or similar event should review the [Application Resource Guide](#) for information on prior approval, planning, and reporting costs for a conference/meeting/training.

Costs Associated With Language Assistance and Access: If an applicant proposes a program or activity that would deliver services or benefits to individuals, the costs of taking reasonable steps to provide meaningful access to those services or benefits for individuals with limited English proficiency may be allowable in specific grant programs. Costs to provide reasonable accommodation and facilitate language access for individuals who are deaf or hard of hearing may also be allowable in specific grant programs. See the [Application Resource Guide](#) for information on costs associated with language assistance.

For additional information about how to prepare a budget for federal funding, see the [Application Resource Guide](#) section on “[Budget Preparation and Submission Information](#)” and the technical steps to complete the budget form in JustGrants in the [Complete the Application in JustGrants: Budget](#) training.

Budget and Associated Documentation: Budget/Financial Attachments

Indirect Cost Rate Agreement (if applicable): An applicant with a current, federally approved indirect cost rate agreement should upload it as an attachment in JustGrants.

Indirect costs are costs of an organization that are not readily assignable to a particular project but are necessary for the operation of the organization and the performance of the project. Examples of costs usually treated as indirect include those incurred for operation and maintenance of offices or workspaces and salaries of administrative or support staff. The requirements for the development and submission of indirect cost proposals and cost allocation plans are listed in Appendices III–VII of 2 C.F.R. Part 200. A non-federal applicant should follow the guidelines applicable to its type of organization. See the [DOJ Grants Financial Guide](#) and the [OJP Grant Application Resource Guide](#) for additional information on indirect cost rate agreements.

Consultant Rate (if applicable): OJP has established maximum rates for consultants; see the “Listing of Costs Requiring Prior Approval” section of the [DOJ Grants Financial Guide](#) for more information. If an applicant proposes a rate for a consultant on their project that is higher than the established maximum rate and receives an award, then the award recipient must submit a document requesting approval for the rate and cannot incur costs at the higher rate without prior OJP approval. The award recipient must provide justification for why the proposed rate is higher than the established maximum rate, such as why the rate is reasonable and consistent with that paid for similar services in the marketplace.

Limitation on Use of Award Funds for Employee Compensation for Awards Over

\$250,000; Waiver (if applicable): If an applicant proposes to hire employees with federal award

funds, for any award of more than \$250,000, the recipient may not use federal funds to pay total cash compensation (salary plus cash bonuses) to any employee of the recipient at a rate that exceeds 110 percent of the maximum annual salary payable to a member of the federal government's Senior Executive Service (SES) at an agency with a Certified SES Performance Appraisal System for that year. Applicants may request a waiver from this requirement by submitting the appropriate form. See the [Application Resource Guide](#) for information on the "Limitation on Use of Award Funds for Employee Compensation for Awards over \$250,000; Waiver."

Disclosure of Process Related to Executive Compensation (if applicable): This notice of funding opportunity expressly modifies the Application Resource Guide by not incorporating its "Disclosure of Process Related to Executive Compensation" provisions. Applicants to this funding opportunity are not required to provide this disclosure.

Additional Application Components

The applicant will attach the additional requested documentation in JustGrants.

Curriculum Vitae or Resumes (if applicable): Provide resumes of key personnel who will work on the proposed project or a description of the experience and skills of key personnel necessary to implement the project.

Research and Evaluation Independence and Integrity Statement (if applicable): If an application proposes research (including research and development) and/or evaluation, the applicant must demonstrate research/evaluation independence and integrity, including appropriate safeguards, before it may receive award funds. The applicant will upload documentation of its research and evaluation independence and integrity as an attachment in JustGrants. For additional information, see the [Application Resource Guide](#).

Letters of Support (if applicable): A letter of support is from an entity or individual that knows the applicant's work. The letter tends to speak to the applicant's capacity to implement their proposed project for the benefit of the community. It differs from an MOU in that the entity is not committing staff, services, or supplies to help the applicant implement the project. Applicants should include, for each named supporting entity, a signed letter of support that outlines the supporting entity's reasons for supporting the project.

Each letter of support may include descriptions of the following:

- Relationship between the applicant entity and the supporting entity.
- Need for and benefits that would be gained from the project.
- Applicant's capacity to complete the proposed project.

Letters of support should be signed and submitted as one separate attachment to the application in JustGrants.

Work Product Examples: Applicants should include deliverables or completed products that demonstrate their ability to meet the goals, objectives, and deliverables sought in this NOFO. Examples of work product that demonstrates the applicant has the experience to successfully complete the TTA being requested (e.g. websites, toolkits, periodic performance or activity reports for a funder or organizational leadership, final TTA reports that include recommendations).

Work product examples should be submitted as one separate attachment to the application in JustGrants.

Timeline: Provide a timeline listing key activities and milestones, and the 36 months during which they will take place.

Subrecipient and Contract Disclosure: The applicant must include an attachment disclosing any proposed subrecipients and contracts. (See sample table at end of this NOFO.)

Disclosures and Assurances

The applicant will address the following disclosures and assurances.

Disclosure of Lobbying Activities: JustGrants will prompt each applicant to indicate if it is required to complete and submit a lobbying disclosure under 31 U.S.C. § 1352.

The applicant is required by law to complete and submit a lobbying disclosure form (Standard Form/SF-LLL) if it has paid or will pay any person to lobby in connection with the award for which it is applying AND this application is for an award in excess of \$100,000. This disclosure requirement is not applicable to such payments by an Indian Tribe, Tribal organization, or any other Indian organization that are permitted by other federal law.

Lobbying means (for this requirement) influencing or attempting to influence an officer or employee of any agency, a member of Congress, an officer or employee of Congress, or an employee of a member of Congress. See 31 U.S.C. 1352; 28 C.F.R. part 69. Note: Most applicants do not engage in activities that trigger this disclosure requirement.

An applicant that is not required by law (31 U.S.C. 1352) to complete and submit a lobbying disclosure, should enter “No.” By doing so, the applicant is affirmatively asserting (under applicable penalties) that it has nothing to disclose under 31 U.S.C. § 1352 with regard to the application for the award at issue.

Disclosure of Duplication in Cost Items: To ensure funding coordination across grantmaking agencies, and to avoid unnecessary or inappropriate duplication of grant funding, the applicant must disclose if it has any pending applications for federal funding, including pending applications for subawards of federal funds, for the same project and the same budget items included in this proposal. Complete the JustGrants Applicant Disclosure of Duplication in Cost Items form. See the [Application Resource Guide](#) for additional information.

DOJ Certified Standard Assurances: Review and accept the DOJ Certified Standard Assurances in JustGrants. See the [Application Resource Guide](#) for additional information.

DOJ Certifications: Review the DOJ document [Certifications Regarding Lobbying; Debarment, Suspension and Other Responsibility Matters; Drug-Free Workplace Requirements; Coordination with Affected Agencies](#). An applicant must review and sign the certification document in JustGrants. See the [Application Resource Guide](#) for more information.

Applicant Disclosure and Justification – DOJ High-Risk Grantees (if applicable): If applicable, submit the DOJ High-Risk Disclosure and Justification as an attachment in JustGrants. A DOJ high-risk recipient is an award recipient that has received a DOJ high-risk designation based on a documented history of unsatisfactory performance, financial instability, management system or other internal control deficiencies, noncompliance with award terms and

conditions on prior awards, or that is otherwise not responsible. See the [Application Resource Guide](#) for additional information.

Submission Dates & Times

Refer to [Basic Information: Key Dates](#) for the submission dates and times.

Applicants should submit their applications as early as possible and recommended not later than 48 hours before the deadlines. To be considered timely, the full application must be submitted in JustGrants by the JustGrants application deadline. Applicants will use the Certify and Submit feature in JustGrants to confirm that all required application components have been entered, which includes identifying the Authorized Representative for the applicant. Once the application is submitted, the Application Submitter, Authorized Representative, and Entity Administrator receive a confirmation email.

An applicant will receive emails after successfully submitting application components in Grants.gov and JustGrants and should retain all emails and other confirmations received from the SAM.gov, Grants.gov, and JustGrants systems.

Experiencing Technical Issues Preventing Submission of an Application (Technical Waivers)

If an applicant misses a deadline due to unforeseen technical issues with SAM.gov, Grants.gov, or JustGrants, the applicant may request a waiver to submit an application after the deadline. OJP will only consider requests to submit an application via alternative methods or after the deadline when the applicant can document that there is a technical issue with a government system that was beyond their control and that prevents submission of the application via the standard process prior to the deadlines. Issues resulting from circumstances within the applicant's control, such as failure to begin the SAM.gov, Grants.gov, or JustGrants registration and application process in sufficient time, will not be considered.

Requests and documentation must be sent to the OJP Response Center at grants@ncjrs.gov. Applicants should follow these steps if they experience a technical issue:

- 1. Contact the relevant help desk to report the issue and receive a tracking number.**

See [Basic Information: Contact Information](#) for the phone numbers, email addresses, and operating hours of the SAM.gov, Grants.gov, and JustGrants help desks. Reports of technical issues to the help desk must occur **before** the application deadline.

If an applicant calls the help desk and experiences a long wait time, they can also email the help desk to obtain a tracking number. Tracking numbers are generated automatically when an applicant emails the applicable service desk, and for this reason, long call wait times for support do not relieve the applicant of the responsibility of getting a tracking number.

2. If an applicant has technical issues with SAM.gov or Grants.gov, the applicant must contact the OJP Response Center at grants@ncjrs.gov within 24 hours of the Grants.gov deadline to request approval to submit after the deadline. The applicant's request will need to include:

- A description of the technical difficulties experienced (provide screenshots if applicable).
- A timeline of the applicant's submission efforts (e.g., date and time the error occurred, date and time of actions taken to resolve the issue and resubmit, and date and time support representatives responded).
- An attachment of the complete grant application and all the required documentation and materials (this serves as a "manual" submission of the application).
- The applicant's unique entity identifier (UEI).
- Any SAM.gov, Grants.gov, and JustGrants Service Desk tracking/ticket numbers documenting the technical issue.

3. If an applicant has technical issues with JustGrants that prevent application submission by the deadline, the applicant must contact the OJP Response Center at grants@ncjrs.gov within 24 hours of the JustGrants deadline to request approval to submit after the deadline. See step 2 for the list of information the applicant must provide as part of its request.

As a reminder: the waiver request will not be considered unless it includes documentation of attempts to receive technical assistance to resolve the issue prior to the application deadline. OJP will review each waiver request and the required supporting documentation and notify the applicant whether the request for late submission has been approved or denied. An applicant that does not provide documentation of a technical issue (including all information previously listed), or that does not submit a waiver request within the required time period, will be denied.

For more details on the waiver process, OJP encourages applicants to review the "Experiencing Technical Issues" section in the [Application Resource Guide](#).

APPLICATION REVIEW

Responsiveness (Basic Minimum Requirements) Review

OJP screens applications to ensure they meet the basic minimum requirements (BMR) prior to conducting the merit review. Following are the basic minimum requirements for this funding opportunity. If OJP determines that an application does not include these elements, it will not proceed to merit review and will not receive any further consideration.

- The application is submitted by an eligible applicant.
- The requested award amount does not exceed the award ceiling.
- The application is responsive to the scope of the NOFO.
- The following application elements are included:
 - SF-424 (Grants.gov)
 - Proposal Narrative (JustGrants)
 - Budget detail form, which includes the budget items, their calculations, and explanation (JustGrants)
 - Subrecipient and Contract Disclosure, if applicable

Applicants whose application fails to meet the BMR are provided notice (including an appropriate point of contact for questions) within a few weeks after the submission due date.

Merit Review Criteria

Peer Review Criteria

Applications that meet the basic minimum requirements will be evaluated for technical merit by peer reviewers based on how the proposed project/program addresses the following criteria:

- **Statement of the Problem/Description of the Issue (10%):** What critical issue or problem the applicant is proposing to address with this project.
- **Project Goals and Objectives (10%):** How the proposed project will address the identified need and the purpose of the funding opportunity.
- **Project Design and Implementation (35%):** The strength of how the applicant will implement activities, including the soundness of the project design and how the activities align to the stated goals and objectives.
- **Capabilities and Competencies (35%):** The applicant's administrative and technical capacity to successfully complete this project.
- **Budget (10%):** Completeness and cost effectiveness.

Programmatic and Financial Review Criteria

After the peer review, applications undergo additional programmatic and financial reviews. OJP staff may reach out to applicants during the programmatic or financial review if a submitted form is incomplete or needs to be updated. Note that OJP staff are not authorized to provide information on peer review scores or comment on programmatic, risk, or budget/financial reviews while the merit review is in progress.

In addition to BMR and peer review criteria, other important considerations for OJP include geographic diversity (including, but not limited to, remote and geographically isolated

communities, such as Alaska Native villages), strategic priorities (including, but not limited to, the priority areas already mentioned, if applicable), available funding, past performance, and the extent to which the budget detail form accurately explains project costs that are reasonable, necessary, and otherwise allowable under federal law and applicable federal cost principles. If cost sharing/match is not required for this opportunity, applicants will not receive higher consideration by proposing a voluntary match contribution in their budget.

Risk Review

Pursuant to the Part 200 Uniform Requirements, before award decisions are made, OJP also reviews information related to applicant risk. OJP assesses whether an applicant with one or more prior federal awards has a satisfactory record of performance, integrity, and business ethics, including by (among other things) checking whether the applicant is listed in SAM.gov as excluded from receiving a federal award.

Depending on the severity and nature of the risk factors, the risk assessment may result in the removal of an applicant from consideration or selection for award, or it may result in additional post-award conditions and oversight for an awarded applicant.

In addition, if OJP anticipates that an award will exceed \$250,000 in federal funds, OJP also must review and consider any information about the applicant that appears in the non-public segment of the integrity and performance system accessible through SAM.gov.

Important Note on Responsibility/Qualification Data (formerly FAPIIS): An applicant may review and comment on any information about its organization that currently appears in SAM.gov and was entered by a federal awarding agency. OJP will consider such comments by the applicant, in addition to the other information in SAM.gov, in its assessment of the risk posed by the applicant.

Selection Process

All final award decisions will be made by the Assistant Attorney General, unless a statute explicitly authorizes award decisions by another official or there is written delegation of authority to another official. This official may consider not only peer review ratings and program office recommendations, but also other factors as indicated in the “Application Review” section to make final award decisions. For additional information on the application review process, see the [Application Resource Guide](#).

AWARD NOTICES

Federal Award Notices

Award notifications are usually sent by September 30 (the end of the current federal fiscal year). For successful applicants, JustGrants will send a system-generated email to the Application Submitter, Authorized Representative, and Entity Administrator with information on accessing their official award package in JustGrants. The award package will include key information (such as funding amount and period of performance) as well as award conditions that must be followed. The Authorized Representative for the entity should accept or decline the award within 45 days of the notification. See the [Application Resource Guide](#) for information on award notifications and instructions.

Applicants not selected for award will receive notification after all award recipients have been notified. OJP also provides unsuccessful applicants with a summary of peer reviewer comments.

Future Funding Opportunities

OJP may, in certain cases, provide additional funding in future years to awards made under this funding opportunity through continuation awards. When making continuation award decisions, OJP will consider, among other factors, OJP's strategic priorities, a recipient's overall management of the award, and the progress of the work funded under the award.

Applications submitted under this FY 2025 funding opportunity may be funded in future fiscal years, dependent on, among other considerations, the merit of the applications and the availability of appropriations.

POST-AWARD REQUIREMENTS AND ADMINISTRATION

Reporting

All award recipients under this funding opportunity will be required to submit the following reports and data:

- Quarterly financial reports.
- Quarterly performance reports.
- Final financial and performance reports.
- If applicable, an annual audit report in accordance with the Part 200 Uniform Requirements or specific award conditions.

See the [Application Resource Guide](#) for additional information on specific post-award reporting requirements, including performance measure data and the method for submitting reports in OJP's online systems. Future awards and fund drawdowns may be withheld if reports are delinquent, and in appropriate cases, OJP may require additional reports.

Performance Measure Reporting

Award recipients will be required to submit performance metric data into the BJA TTARP and separately submit a semi-annual performance report in JustGrants. Applicants selected for an award will receive further guidance on post-award reporting processes.

Program- and Award-Specific Award Conditions

OJP includes various conditions on its awards. These may include program-specific conditions, which typically apply to all recipients of a funding opportunity, and award-specific conditions, which are included to address recipient-specific issues (e.g., programmatic or financial risk). Recipients may view all conditions, and actions required to satisfy those conditions, in the award package in JustGrants.

Administrative, National Policy, and Other Legal Requirements

If selected for funding, in addition to implementing the funded project consistent with the OJP-approved application, the recipient must comply with all award conditions and all applicable requirements of federal statutes and regulations, including the applicable requirements referred to in the assurances and certifications executed in connection with award acceptance. For additional information on these legal requirements, see the “Administrative, National Policy, and Other Legal Requirements” section in the [Application Resource Guide](#).

Civil Rights Compliance

If a successful applicant accepts funding from OJP—as a recipient of OJP funding—that award recipient must comply with certain federal civil rights laws that prohibit the award recipient from discriminating on the basis of race, color, national origin, sex, religion, or disability in how it delivers its program's services or benefits and in its employment practices. The civil rights laws that may be applicable to the award include, but are not limited to, Title VI of the Civil Rights Act of 1964, the nondiscrimination provisions of the Omnibus Crime Control and Safe Streets Act of 1968, and Section 504 of the Rehabilitation Act of 1973. These and other federal civil rights laws are discussed in greater detail on OJP's [Legal Overview—FY 2025 Awards](#) webpage under the

“Civil Rights Requirements” section. Additional resources are available from the [OJP Office for Civil Rights](#).

Complying with civil rights laws that prohibit national origin discrimination includes the requirement that recipients and subrecipients take reasonable steps to ensure that people with limited English proficiency (LEP) have meaningful access to a recipient’s programs and activities. An individual with LEP is one whose first language is not English and who has a limited ability to read, write, speak, or understand English. DOJ offers resources to help recipients meet this requirement, including [Guidance to Federal Financial Assistance Recipients Regarding Title VI Prohibition Against National Origin Discrimination Affecting Limited English Proficient Persons](#); a [language access assessment and planning tool](#) with [commonly asked questions](#); and additional resources on [the Office of Justice Programs’ Office for Civil Rights website](#).

Faith-based organizations may apply for this award on the same basis as any other organization subject to the protections and requirements of 28 C.F.R. Part 38 and any applicable constitutional and statutory requirements, including 42 U.S.C. 2000bb et seq. The Department of Justice will not, in the selection of recipients, discriminate for or against an organization on the basis of the organization's religious character, motives, or affiliation, or lack thereof, or on the basis of conduct that would not be considered grounds to favor or disfavor a similarly situated secular organization. A faith-based organization that participates in this funded program will retain its independence from the Government and may continue to carry out its mission consistent with religious freedom and conscience protections in Federal law. An organization may not use direct Federal financial assistance from the Department of Justice to support or engage in any explicitly religious activities except when consistent with the Establishment Clause of the First Amendment and any other applicable requirements. An organization receiving Federal financial assistance also may not, in providing services funded by the Department of Justice, or in their outreach activities related to such services, discriminate against a program beneficiary or prospective program beneficiary on the basis of religion, a religious belief, a refusal to hold a religious belief, or a refusal to attend or participate in a religious practice.

Financial Management and System of Internal Controls

Award recipients and subrecipients (including recipients or subrecipients that are pass-through entities) must, as described in the Part 200 Uniform Requirements set out at 2 C.F.R. 200.303, comply with standards for financial and program management. See the [Application Resource Guide](#) for additional information.

Information Technology Security Clauses

An application in response to this NOFO may require inclusion of information related to information technology security. See the [Application Resource Guide](#) for more information.

Other Reporting Requirements

Applicants and recipients are required to notify OJP if you know that you or any of your organization’s principals for the award transaction are presently excluded or disqualified (*i.e.*, debarred or suspended) or otherwise meet any of the criteria in 2 C.F.R. 180.335. Recipients must comply with requirements in 2 C.F.R. Part 180, as implemented by DOJ in 2 C.F.R. Part 2867, which, among other things, require recipients to check certain information sources and, in

some cases, notify the federal awarding agency prior to the agency awarding federal funds via contracts or subawards.

If a recipient's award includes a federal share of more than \$500,000 over the period of performance of the award, then the award (per 2 C.F.R. 200.113) will include a condition that may require the recipient to report and maintain certain information (relating to certain criminal, civil, and administrative proceedings) in SAM.gov. See <https://www.ojp.gov/funding/explore/legaloverview2025/otherrequirements> for more information.

OTHER INFORMATION

Information Regarding Potential Evaluation of Programs and Activities

OJP may conduct or support an evaluation of the projects and activities funded under this NOFO. For additional information on what should be included in the application, see the [Application Resource Guide](#) section “Information Regarding Potential Evaluation of Programs and Activities.”

Freedom of Information and Privacy Act

See the [Application Resource Guide](#) for important information on the Freedom of Information and Privacy Act (5 U.S.C. §§ 552 and 552a).

Applicants are advised not to include any unnecessary personally identifiable information, sensitive law enforcement information, or confidential financial information with the application.

Provide Feedback to OJP

See the [Application Resource Guide](#) for information on how to provide feedback to OJP.

APPLICATION CHECKLIST

BJA FY25 DOJ Jails and Justice Support Center

This application checklist has been created as an aid in developing an application. For more information, reference the “[OJP Application Submission Steps](#)” in the [OJP Grant Application Resource Guide](#) and the [DOJ Application Submission Checklist](#).

SAM.gov Registration/Renewal

- Confirm that your entity’s registration in the System for Award Management (SAM.gov) is active through the NOFO period. Submit a new or renewal registration in SAM.gov, if needed (see [Application Resource Guide](#)).

Grants.gov Registration

- Acquire an Authorized Organization Representative (AOR) and a Grants.gov username and password (see [Application Resource Guide](#)).
- Acquire AOR confirmation from the E-Business Point of Contact (E-Biz POC) (see [Application Resource Guide](#)).

Grants.gov Opportunity Search

- Search for the funding opportunity in Grants.gov using the opportunity number, assistance listing number, or keyword(s).
- Access the funding opportunity and application package (see Step 7 under “[OJP Application Submission Steps](#)” in the [Application Resource Guide](#)).
- Sign up for Grants.gov email notifications (optional) (see [Application Resource Guide](#)).

Funding Opportunity Review and Project Planning

- Review all sections of the NOFO.
- Confirm your entity is eligible to receive funding (see [Eligibility: Eligible Applicants](#)).
- Confirm your proposed budget is within the allowable limits (see [Basic Information: Funding Details](#)), includes only allowable costs (see [Application Contents, Submission Requirements, and Deadlines: Budget Detail Form](#)), and includes cost sharing if applicable (see [Program Description: Cost Sharing/Match Requirements](#)).
- Review the performance measures for this funding opportunity and confirm you will be prepared to collect and report on this data (see [Program Description: Performance Measures](#)).
- Review the “[Legal Overview—FY 2025 Awards](#)” in the [OJP Funding Resource Center](#) and confirm you are prepared to follow the requirements.
- Read OJP policy and guidance on conference approval, planning, and reporting under “Listing of Costs Requiring Prior Approval” in the [DOJ Grants Financial Guide](#) or see the [Application Resource Guide](#).

Submission Step 1: Grants.gov

After registering with SAM.gov, submit the SF-424 in Grants.gov.

- Complete and submit the SF-424 by the deadline.
- Confirm Section 8F of the SF-424 lists the name and contact information of the individual **who will complete the application in JustGrants**.

- Confirm that, within 48 hours of your submission in Grants.gov, you receive four (4) Grants.gov email notifications:
 - A submission receipt
 - A validation receipt
 - A grantor agency retrieval receipt
 - An agency tracking number assignment
- If no Grants.gov receipt and validation email is received, or if error notifications are received, contact Ben Shelor (robert.shelor@usdoj.gov) or the Grants.gov Customer Support Hotline at 800-518-4726, 606-545-5035, or support@grants.gov regarding technical difficulties (see the [Application Resource Guide](#) section on “[Experiencing Unforeseen Technical Issues](#)”).
- Confirm that, within 24 hours after receipt of confirmation emails from Grants.gov, the individual listed in Section 8F of the SF-424 receives an email from JustGrants with login instructions.

Submission Step 2: JustGrants

- Complete the following information:
 - Entity and User Verification (first-time applicants)
 - Standard Applicant Information
 - Proposal Abstract
 - Financial Management and System of Internal Controls Questionnaire (see [Application Resource Guide](#))
- Upload the Proposal Narrative.*
- Complete the budget detail form.*
- Upload other budget/financial attachments, as applicable.
- Upload additional application components, as applicable.
- Complete the required disclosures and assurances:
 - Disclosure of Lobbying Activities and submission of SF-LLL, if prompted by the system
 - Disclosure of Duplication in Cost Items
 - DOJ Certified Standard Assurances
 - Applicant Disclosure and Justification – DOJ High-Risk Grantees
- Complete the required DOJ Certification on Lobbying; Debarment, Suspension and Other Responsibility Matters; Drug-Free Workplace Requirements; Coordination with Affected Agencies.

****Note: Items designated with an asterisk must be submitted for an application to meet the basic minimum requirements review. If OJP determines that an application does not include the designated items, it will neither proceed to peer review nor receive further consideration.***

JustGrants Review, Certification, and Application Submission

- Address any validation errors displayed on screen after attempted submission, then return to the “Certify and Submit” screen to submit the application.

- Note the confirmation message at the top of the page. Users will also receive a notification in the “bell” alerts confirming submission.
- If no JustGrants application submission confirmation email or validation is received, or if an error notification is received, contact the JustGrants Service Desk at 833-872-5175 or JustGrants.Support@usdoj.gov regarding technical difficulties. See the [Application Resource Guide](#) for additional information.

Applicant Documentation of Proposed Subrecipients and Procurement Contracts Sample Table

Complete the table below with information regarding proposed subrecipients and procurement contracts of this funding, including the name, organizational affiliation, and city and state of the proposed subrecipient entity. Add rows if needed. For additional information on subawards, see the OJP Grant Application Resource Guide. As described previously, applicants will submit the table by uploading the document as an attachment in JustGrants.
