PROGRAM DESCRIPTION

General Purpose of the Funding

Restrictive housing, often referred to as solitary confinement or segregation, is a practice in which people in prisons and jails are isolated from the general population for extended periods. This form of confinement has been used as a disciplinary measure or to manage individuals deemed a threat to safety, either to themselves or others. In some instances, restrictive housing is also used to house individuals who are at high risk of sexual victimization or have reported sexual abuse due to safety concerns of being in general population.

The conditions in restrictive housing are often harsh, with limited access to social interaction, educational programs, or mental health services. People may spend 23 hours a day in small cells, and research shows it can lead to significant psychological effects, including anxiety, depression, and exacerbation of existing mental health issues. Research has also shown the detrimental effects of restrictive housing on correctional staff. Given this, as well as the lack of evidence that restrictive housing leads to increased safety within correctional facilities or the community, there is consensus among practitioners, researchers, and advocates alike that it is imperative to reduce the use of restrictive housing and build rehabilitative alternatives that ensure the safety and well-being of those who live and work in correctional facilities.

In FY 2021, BJA competed and awarded the Restrictive Housing Reform Implementation Assistance Program. The resulting work highlighted the critical role of staff and people who are incarcerated in the restrictive housing unit to be at the forefront of the changes. As a result, this FY25 program has a specific emphasis on ensuring correctional staff lead the change efforts through idea generation, development of action plans, and/or implementation of changes by staff throughout the agency's matrix.

Applicants should propose a TTA program to select and work with six confinement agencies or facilities (prisons or jails) to (1) safely reduce their use of restrictive housing and (2) support the field at large by responding to requests for ad hoc training and subject matter expertise, and disseminating best practices and lessons learned on this topic. The recipient will provide subject matter expertise and project management support to agencies and their staff to develop and implement research- and data-driven restrictive housing reforms. The TTA must incorporate the following principles:

- Reduce the use of restrictive housing to align with research findings that indicate negative impact on people who are incarcerated.
- Assist correctional agencies and facilities with coming into and/or maintaining compliance with the [National Prison Rape Elimination Act Standards](#) that limit the placement in restrictive housing of incarcerated people who are at high risk for sexual victimization or have been alleged to have been sexually abused. (See 28 C.F.R. Parts 115.14, 115.43, 115.68.)
- Engage staff on restrictive housing units in confinement facilities to develop strategies on reducing the use of restrictive housing.
- Develop, implement, and analyze strategies for reducing the use of restrictive housing while maintaining institutional safety.

- Analyze the impact of restrictive housing reforms on correctional staff wellbeing and overall morale working on restrictive housing units.
- Provide support and intensive technical assistance to correctional agencies that are ready to reduce the use of restrictive housing while producing better outcomes for confined people and improve wellness for correctional staff who work on restricted housing units.
- Create resources based on national implementation efforts that will be made available to correctional agencies and facilities engaged in or considering restrictive housing reform.
- Develop practices for correctional agencies to use in collecting and analyzing data to measure the impact of reforms on people incarcerated and working in restrictive housing units.

The TTA provider selected through this competitive NOFO will join a large portfolio of training and technical assistance overseen by BJA. This award will be led in close consultation with and approval by BJA.

Successful TTA funded through this NOFO will incorporate the principles that guide BJA's TTA:

1. **Evidence Based.** TTA providers should gather regular input and data from grantees and the field on relevant public safety challenges. Any proposed approaches should employ adult learning theory and research on effective practices. In addition, deployed approaches should leverage technology to enhance the quality of services.
2. **Customizable.** TTA providers should ensure that strategies are flexible and scalable for the field with varying levels of capacity and experience. TTA providers should include a diverse team of members who can work with the field and bring creative ideas to expand the impact and reach of BJA's TTA.
3. **Measurable.** TTA providers should ensure reliable implementation of strategies and assess engagement among grantees or the broader field, as well as application of support. TTA providers should evaluate the intended outcomes to make refinements to their approach as needed to better accomplish TTA goals.
4. **Strategic.** TTA providers should proactively manage updates and share relevant information with BJA, the field, and grantees (if applicable). TTA providers should:
 - a. Plan and problem-solve to support the accomplishment of program goals.
 - b. Provide updates to BJA and its grantees on all progress made.
 - c. Coordinate TTA with other partners as requested by BJA.
 - d. Disseminate resources to the broader field.
 - e. Manage funds effectively.

Applicants should refer to [Application Contents, Submission Requirements, and Deadlines: Budget Detail Form](#) for information on allowable and unallowable costs that may inform the development of their project design.

Program Goals and Objectives

Goal 1: Support the field to reduce the use of restrictive housing to align with research findings that it does not increase institutional or community safety and indicates negative impact on staff and people who are incarcerated.

Objective 1: In coordination with BJA, competitively select six prison and/or jail facilities or agencies that operate them and are ready to reduce the use of restrictive housing.

Objective 2: Engage with staff on restrictive housing units in confinement facilities to develop strategies and prepare to reduce the use of restrictive housing to include methods that comply with PREA standards [115.14](#), [115.43](#), and [115.68](#).

Objective 3: Engage with people who are confined on restrictive housing units in confinement facilities to develop strategies and prepare to reduce the use of restrictive housing.

Objective 4: Implement staff-led strategies for reducing the use of restrictive housing while maintaining institutional safety.

Goal 2: Create resources to guide efforts of correctional agencies and facilities engaged in or considering restrictive housing reform.

Objective 1: Analyze the impact of these staff-led strategies on reducing restrictive housing for confined populations and on its impact of staff wellness for correctional staff who work on restrictive housing units.

Objective 2: Develop practices for correctional agencies to use based on the analysis of staff-led restrictive housing efforts.

Objective 3: Publish these resources through a variety of modalities, including but not limited to white-papers, webinars, and conference presentations.

Goal 3: To deliver a range of effective and relevant TTA that empowers and enables corrections agencies in their efforts to reduce the use of restrictive housing while maintaining institutional safety.

Objective 1: Relevance—Develop and deliver TTA that directly address the needs and challenges of the field and its workforce.

Objective 2: Effectiveness—Measure the effectiveness of TTA to ensure it is achieving the intended outcomes and making a positive impact.

Objective 3: Engagement—Create engaging and interactive training experiences that capture the attention and facilitate learning.

Objective 4: Accessibility—Ensure all TTA are accessible taking into account background and learning style. Additionally, all products developed must be Section 508 compliant and more information about Section 508 can be found by visiting [Section 508.gov](#).

Objective 5: Continuous Improvement—Regularly evaluate and refine TTA to ensure they remain, relevant, effective, and aligned with the evolving needs of the field.

How Awards Will Contribute to Program Goals/Objectives

To achieve the goals and objectives of this funding opportunity, OJP has identified expected activities that must be conducted by a recipient.

Activities

Activities are events, trainings, and support tailored to specific audiences to provide knowledge, skills, or build capacity. An award may support activities (e.g., personnel time for award activities) that are part of recipient performance but are not considered deliverables.

The selected TTA Provider will support six correctional agencies or facilities and it will develop resources for the corrections field at large. The selected provider will conduct the following activities in support of the program goals and objectives:

- Intensive TTA to include:
 - Develop a plan to competitively solicit applications from sites that seek to receive intensive TTA to initiate or expand-staff led restrictive housing reforms. The plan should include strategies to announce, market, receive, and objectively score applications.
 - Within three months of the award, competitively solicit applications and recommend to BJA six sites to receive intensive TTA to initiate or expand staff-led restrictive housing reforms. The recipient should ensure the application process is as simple as possible for corrections agencies or facilities to apply and captures practical information to assess their interest and readiness. The recipient should create an objective screening criteria to score applications and reach a list of recommended sites for selection to BJA.
 - Once sites are selected, the TTA recipient should expect to conduct virtual and onsite visits with the six selected sites to obtain a deep sense of what each respective site wishes to accomplish, contemplate previous attempts at reducing restrictive housing including any barriers they faced, anticipated level of staff engagement, and an analysis of current reintegration housing unit (RHU) policy and practice. Once this baseline is established with each site, the recipient should engage with both staff who work on RHUs and the confined population to identify strategies that reduce the use of restrictive housing.
 - Assist sites to develop an action plan consisting of a problem analysis summary, a summary of strategies and intended outcomes, and plans to conduct an evaluation of effectiveness, within 8 months of the award. Action plans will be developed between the TTA recipient and selected sites and subject to BJA review and approval.
 - Provide subject matter and project management expertise to support implementation of the plan.
 - Assist sites to develop sustainability plans to continue activities and innovations after the grant.

- Utilize a diverse range of vetted local and national subject matter experts to plan and implement TTA activities.
- Develop tools and resources for the correctional field related to reducing the use of restrictive housing.
- Develop a convening on effective and innovative staff-led restrictive housing reform topics, including presenting and discussing the tools and resources created in this project, that support grantees and the field.
- Proactively build knowledge and capacity in the field. This includes coordinating and supporting a BJA presence at national meetings and conferences.
- Facilitate presentations in at least three workshops at major conferences to share staff-led restrictive housing reform successes, new products/tools, and approaches.
- Produce high-quality knowledge-sharing discussion papers, guides, briefs, webinars, and other knowledge-sharing products for the corrections agencies/facilities interested in reducing restrictive housing reform.
- Direct support of peer-to-peer learning activities, including for example virtual learning sessions, in-person or virtual networking, and communities of practice.
- Coordinate activities and products with National Reentry Resource Center, Jails and Justice Support Center, and other applicable national resource centers as directed by BJA.
- Maintain a central location for practitioners to request TTA to at no cost.

Expected Outcomes: Deliverables and Performance Measures

To achieve the goals and objectives of this funding opportunity, OJP has identified expected deliverables that must be produced by a recipient. OJP has also identified performance measures (pieces of data) that will indicate how a recipient is achieving the performance goals and objectives previously identified. Recipients will need to collect and report this performance measure data to OJP.

Deliverables

Deliverables are what the applicant will create or produce under the award. The term “deliverables” as used here refers to discrete products under an award. An award may support activities (e.g., personnel time for award activities) that are part of recipient performance but are not considered deliverables. Award recipients will be expected to develop and submit the deliverables listed below in the course of implementing their proposed project.

- A final report that outlines the implementation process, costs, outcomes (e.g., impacts on correctional staff and any other outcomes found to have resulted from the program), and innovative and promising work accomplished during the award period, which will be made publicly available.

Performance Measures

Post award, grant recipients will be required to submit performance metric data semi-annually through BJA’s online Training and Technical Assistance Reporting Portal. More information on the reporting requirements can be found at: <https://bja.ojp.gov/funding/performance-measures/bja-training-and-technical-assistance-providers>. The performance measures can be found at: <https://bja.ojp.gov/performance-measures/tta-deliverableperformance-metrics.pdf>.

Funding Instrument

OJP expects to make awards under this funding opportunity as cooperative agreements, which allow OJP to have substantial involvement in carrying out award activities. See the [“Administrative, National Policy, and Other Legal Requirements”](#) section of the [Application Resource Guide](#) for a brief discussion of important statutes, regulations, and award conditions that apply to many (or in some cases, all) OJP awards.

There are specific roles for both the recipient and BJA, some of which are outlined below.

The Recipient must:

- Comply with the terms and conditions of the award.
- Collaborate with BJA staff to implement and monitor the project.
- Submit performance measures data via the TTA Reporting Portal (TTARP).
- Submit all required performance assessments, evaluations, and financial reports to BJA.
- Attend and participate in virtual meetings.
- Other special conditions that may be identified.

BJA will:

- Conduct a kick-off meeting and review and help revise the TTA workplan as needed to maximally accomplish the TTA goals BJA has identified to support the field.
- Give regular input and guidance on the TTA workplan implementation, including reviewing and approving work product outlines and final products.
- Collaborate with the recipient and provide substantial project planning and implementation input.
- Provide substantial input on evaluation activities.
- Make recommendations on continuing the project.
- Participate in publishing results, including disseminating products and materials to make any findings available to the field.
- Review and approve all key personnel.
- Maintain regular communication with the recipient through at least monthly conference calls and providing technical assistance and consultation.
- Review and provide feedback on all required performance assessment reports.
- Review all required (TTARP) data.
- Participate on committees, such as policy and steering work groups responsible for helping to guide the course of long-term projects or activities.

Cost Sharing/Match Requirements

This funding opportunity does not require a match.

APPLICATION CONTENTS, SUBMISSION REQUIREMENTS, AND DEADLINES

This NOFO contains all the information needed to apply for this funding opportunity. The application for this funding opportunity is submitted through web-based forms and attachments in Grants.gov and JustGrants through the steps that follow.

Unique Entity Identifier (UEI) and SAM.gov Registration

To submit an application, an applicant must have an active registration in the [System for Award Management \(SAM.gov\)](#). SAM.gov assigns entities a unique entity identifier (UEI) that is required for the entity to apply for federal funding. Applicants will enter their UEI with their application. Award recipients must then maintain an active UEI for the duration of their award's period of performance.

First-time Registration: Entities registering in SAM.gov for the first time will submit information about their entity type and structure, financial information (such as dates of the fiscal year, banking information, and executive compensation), entity points of contact, and other information. The information is reviewed and verified by SAM.gov, and then a UEI is issued. This process may take several weeks, so entities considering applying for funding should begin the registration process as soon as possible.

Renewing an Existing Registration: Entities must renew their SAM.gov registration every 12 months to keep it active. If an entity does not renew their SAM.gov registration, it will expire. An expired registration can delay or prevent the submission of an application for funding in Grants.gov and JustGrants.

Applicants are encouraged to start the SAM.gov registration or renewal process **at least 30 days prior to the application's Grants.gov deadline**. Applicants who fail to begin the registration or renewal process at least 10 business days prior to the Grants.gov deadline may not be able to complete the process in time and will not be considered for a technical waiver that allows for late submission.

For Small Businesses: In addition to SAM.gov registration, a small business applicant may need to obtain an Employer Identification Number (EIN) from the Internal Revenue Service (IRS). The person applying for an award should submit the EIN value as the Tax Identification Number (TIN) during the SAM.gov registration process. The applicant should not submit their Social Security Number. For additional information, including the steps to obtain an EIN, see the IRS [Apply for an Employer Identification Number \(EIN\) online](#) webpage.

For Individual Applicants: SAM.gov registration is not required for a person applying as an "individual" and not on behalf of a company; state, local, territorial, or Tribal government; academic institution; or other type of organization. However, individuals should obtain an Employer Identification Number (EIN) from the Internal Revenue Service (IRS) to use as their Tax Identification Number (TIN) during the Grants.gov registration process. Individuals should not apply using a Social Security Number. See the IRS [Apply for an Employer Identification Number \(EIN\) online](#) webpage.

Submission Instructions: Summary

Applications must be submitted to DOJ electronically through a two-step process that begins in Grants.gov and is completed in JustGrants. See [Basic Information: Key Dates](#) for the Grants.gov and JustGrants application deadlines.

- **Step 1:** The applicant must submit the required [Application for Federal Assistance SF-424](#) by the Grants.gov deadline.
- **Step 2:** The applicant must submit the full application, including attachments, through JustGrants by the deadline (see [JusticeGrants.usdoj.gov](#)).

Submission Step 1: Grants.gov Submission of SF-424

Access/Registration

If the applicant does not already have a Grants.gov account, they will need to register for this opportunity in Grants.gov. Applicants should follow the Grants.gov [Quick Start Guide for Applicants](#) to register, create a workspace, assign roles, submit an application, and troubleshoot issues.

Submission of the SF-424

Applicants will begin the application process in Grants.gov with the submission of the SF-424, which collects the applicant's name, address, and UEI; the funding opportunity number; and proposed project title, among other information. The SF-424 must be signed by the Grants.gov Authorized Organizational Representative for the applicant.

See the [Application Resource Guide](#) for additional information on completing the SF-424.

Section 8F—Applicant Point of Contact: Please include the name and contact information of the individual **who will complete the application in JustGrants**. JustGrants will use this information (i.e., email address) to assign the application to this user in JustGrants.

Section 19—Intergovernmental Review: This funding opportunity is not subject to [Executive Order \(E.O.\) 12372](#) (Intergovernmental Review). Applicants should answer section 19 by selecting, "Program is not covered by E.O. 12372."

An applicant should submit the SF-424 as early as possible and recommended not later than 48 hours before the Grants.gov deadline. If an applicant fails to submit the SF-424 in Grants.gov by the deadline, they will be unable to submit their application in JustGrants.

Once the first part of the application has been successfully submitted in Grants.gov, the Grants.gov Workspace status will change from "In Progress" to "Submitted." Applicants will also receive a series of four Grants.gov email notifications. Refer to the [DOJ Application Submission Checklist](#) for additional details.

If an applicant needs to update information in the SF-424 after it is submitted in Grants.gov, they can update the information as part of their JustGrants submission (see [Application Contents, Submission Requirements, and Deadlines: Standard Applicant Information](#)). They do not need to submit an update in Grants.gov.

Submission Step 2: JustGrants Submission of Full Application

Access/Registration

For first-time JustGrants applicants, once the application is received from Grants.gov, DOJ will send an email (from DIAMD-NoReply@usdoj.gov) to the email address listed in Section 8F of the SF-424 with instructions on how to create a JustGrants account. This email should arrive within 24 hours after confirmation from Grants.gov of the SF-424 submission.

Creating and setting up a JustGrants account consists of three steps:

1. Follow the instructions in the email to first confirm who will be the Entity Administrator (the person who manages which staff can access JustGrants on behalf of the applicant).
2. Log in to JustGrants and confirm the information in the Entity Profile.
3. Invite other individuals who will serve as the Application Submitter and the Authorized Representative for the applicant to register for JustGrants.

These steps should be completed in JustGrants as early as possible and recommended not later than 48 hours before the JustGrants deadline. Once registered in JustGrants, the Application Submitter will receive a link in an email to complete the rest of the application in JustGrants. Applicants can find additional information on JustGrants registration in the [DOJ Grant Application Submission Checklist](#).

Preparing for Submission

Some of the required sections of the application will be entered directly into JustGrants, and other sections will require documents to be uploaded and attached. Therefore, applicants should allow enough time before the JustGrants deadline to prepare, enter, and upload all the requirements of the application.

Applicants may save their application in the system and add to or change the application as needed prior to hitting the “Submit” button at the end of the application in JustGrants. After the application deadline, no changes or additions can be made to the application. **OJP recommends that applicants submit the complete application package in JustGrants at least 48 hours prior to the JustGrants deadline.**

For additional information, including file name and type requirements, see the “How To Apply” section in the [Application Resource Guide](#).

Standard Applicant Information

The Standard Applicant Information section of the JustGrants application is pre-populated with the SF-424 data submitted in Grants.gov. The applicant will need to review the Standard Applicant Information in JustGrants and can make whatever edits are needed. Within this section, the applicant will need to add ZIP codes for areas affected by the project; confirm their Authorized Representative; and confirm the organization’s unique entity identifier, legal name, and address.

Proposal Abstract

A proposal abstract (no more than 2,000 characters) summarizing the proposed project must be completed in the JustGrants web-based form. The text from abstracts will be made publicly available on the OJP.gov and USASpending.gov websites if the project is awarded, so this

section of the application should not contain any personally identifiable information (e.g., the name of the project director).

The abstract should be in paragraph form without bullets or tables and written in the third person (e.g., they, the community, their, themselves, rather than I or we). The abstract should include the following information:

- The name of the applicant's proposed project.
- The purpose of the proposed project (i.e., what the project will do and why it is necessary).
- Where the project will take place (i.e., the service area, if applicable).
- Who will be served by the project (i.e., who will be helped or have their needs addressed by the project).
- What activities will be carried out to complete the project.
- The subrecipient(s)/partner organizations or entities, if known.
- Deliverables and expected outcomes (i.e., what the project will achieve).

See the [Application Resource Guide](#) for an [example](#) of a proposal abstract.

Data Requested With Application

Financial Management and System of Internal Controls Questionnaire (including Applicant Disclosure of High-Risk Status)

The Financial Management and System of Internal Controls Questionnaire helps OJP assess what financial management and internal control systems the applicant has in place, whether these systems would be sufficient to maintain a funding award, and the associated potential risks of an applicant as part of the pre-award risk assessment process. Every OJP applicant (other than an individual applying in their personal capacity, not representing an applicant organization) is required to complete the web-based form in JustGrants. See the [Application Resource Guide: Financial Management and System of Internal Controls Questionnaire \(including Applicant Disclosure of High-Risk Status\)](#) for additional guidance on how to complete the questionnaire.

Format of the Proposal Narrative: The Proposal Narrative will be submitted as an attachment in JustGrants. The attached document should be double-spaced, using a standard 12-point size font; have no less than 1-inch margins; have numbered pages; and should not exceed 20 pages. If the Proposal Narrative does not comply with these restrictions, OJP may consider such noncompliance in peer review and in final award decisions.

d. Capabilities and Competencies: What administrative and technical capacity and expertise does the applicant bring to successfully complete this project? Please include:

- A short description of the applicant's capacity to deliver the proposed project and meet the requirements of the award, including collecting and reporting the required performance measure data. Who will be responsible for this task, and how will the applicant collect the data? Refer to [Program Description: Performance Measures](#) for additional details on performance measures for this funding opportunity.
- A description of projects or activities the applicant organization has conducted, or is currently conducting, that demonstrate the applicant's ability to undertake the proposed project activities.
- A summary of relevant experience of team members with key responsibilities for implementing the project.

Project Evaluations: An applicant that proposes to use award funds to conduct project evaluations must follow the guidance in the "[Note on Project Evaluations](#)" section in the [Application Resource Guide](#).

Budget and Associated Documentation: Budget Detail Form

The applicant will complete the JustGrants budget detail form. The form collects the individual costs under each cost category needed to implement the proposed project. Applicants should ensure that the name/description of each cost is clear and provide the detailed calculation (e.g., cost per unit and number of units) for the total cost. Applicants should enter additional narrative, as needed, to fully describe the cost calculations and connection to the project goals and objectives.

Budget proposals should include the funding needed to implement the proposed activities. In preparing their budget proposals, applicants should consider what types of costs are allowable, if awarded funding. Costs are allowable when they are reasonable, allocable to, and necessary for the performance of the project funded under the federal award and when they comply with the funding statute and agency requirements, including the conditions of the award and the cost principles set out in [2 C.F.R. Part 200, Subpart E](#) and the [DOJ Grants Financial Guide](#).

Costs Associated With a Conference/Meeting/Training: An applicant that proposes to use award funds for activities related to a conference, meeting, training, or similar event should review the [Application Resource Guide](#) for information on prior approval, planning, and reporting costs for a conference/meeting/training.

Costs Associated With Language Assistance and Access: If an applicant proposes a program or activity that would deliver services or benefits to individuals, the costs of taking reasonable steps to provide meaningful access to those services or benefits for individuals with limited English proficiency may be allowable in specific grant programs. Costs to provide reasonable accommodation and facilitate language access for individuals who are deaf or hard of hearing may also be allowable in specific grant programs. See the [Application Resource Guide](#) for information on costs associated with language assistance.

For additional information about how to prepare a budget for federal funding, see the [Application Resource Guide](#) section on “[Budget Preparation and Submission Information](#)” and the technical steps to complete the budget form in JustGrants in the [Complete the Application in JustGrants: Budget](#) training.

Budget and Associated Documentation: Budget/Financial Attachments

Indirect Cost Rate Agreement (if applicable): An applicant with a current, federally approved indirect cost rate agreement should upload it as an attachment in JustGrants.

Indirect costs are costs of an organization that are not readily assignable to a particular project but are necessary for the operation of the organization and the performance of the project. Examples of costs usually treated as indirect include those incurred for operation and maintenance of offices or workspaces and salaries of administrative or support staff. The requirements for the development and submission of indirect cost proposals and cost allocation plans are listed in Appendices III–VII of 2 C.F.R. Part 200. A non-federal applicant should follow the guidelines applicable to its type of organization. See the [DOJ Grants Financial Guide](#) and the [OJP Grant Application Resource Guide](#) for additional information on indirect cost rate agreements.

Consultant Rate (if applicable): OJP has established maximum rates for consultants; see the “Listing of Costs Requiring Prior Approval” section of the [DOJ Grants Financial Guide](#) for more information. If an applicant proposes a rate for a consultant on their project that is higher than the established maximum rate and receives an award, then the award recipient must submit a

document requesting approval for the rate and cannot incur costs at the higher rate without prior OJP approval. The award recipient must provide justification for why the proposed rate is higher than the established maximum rate, such as why the rate is reasonable and consistent with that paid for similar services in the marketplace.

Limitation on Use of Award Funds for Employee Compensation for Awards Over \$250,000; Waiver (if applicable):

If an applicant proposes to hire employees with federal award funds, for any award of more than \$250,000, the recipient may not use federal funds to pay total cash compensation (salary plus cash bonuses) to any employee of the recipient at a rate that exceeds 110 percent of the maximum annual salary payable to a member of the federal government's Senior Executive Service (SES) at an agency with a Certified SES Performance Appraisal System for that year. Applicants may request a waiver from this requirement by submitting the appropriate form. See the [Application Resource Guide](#) for information on the "Limitation on Use of Award Funds for Employee Compensation for Awards over \$250,000; Waiver."

Disclosure of Process Related to Executive Compensation (if applicable):

This notice of funding opportunity expressly modifies the Application Resource Guide by not incorporating its "Disclosure of Process Related to Executive Compensation" provisions. Applicants to this funding opportunity are not required to provide this disclosure.

Additional Application Components

The applicant will attach the additional requested documentation in JustGrants.

Subrecipient and Contract Disclosure: The applicant must include an attachment disclosing any proposed subrecipients and contracts. (See sample table at end of this NOFO.)

Curriculum Vitae or Resumes (if applicable): Provide resumes of key personnel who will work on the proposed project or a description of the experience and skills of key personnel necessary to implement the project.

Research and Evaluation Independence and Integrity Statement (if applicable): If an application proposes research (including research and development) and/or evaluation, the applicant must demonstrate research/evaluation independence and integrity, including appropriate safeguards, before it may receive award funds. The applicant will upload documentation of its research and evaluation independence and integrity as an attachment in JustGrants. For additional information, see the [Application Resource Guide](#).

Work Product: Examples of work product that demonstrates the applicant has the experience to successfully complete the TTA being requested including experience working with corrections agencies on restrictive housing reform or other staff-led reform programs. This may include:

- Policy Papers
- Fact Sheets
- Websites
- Final TTA Reports that include recommendations

Timeline: Provide a timeline listing key activities and milestones, and the quarters during which they will take place.

Disclosures and Assurances

The applicant will address the following disclosures and assurances.

Disclosure of Lobbying Activities: JustGrants will prompt each applicant to indicate if it is required to complete and submit a lobbying disclosure under 31 U.S.C. § 1352.

The applicant is required by law to complete and submit a lobbying disclosure form (Standard Form/SF-LLL) if it has paid or will pay any person to lobby in connection with the award for which it is applying AND this application is for an award in excess of \$100,000. This disclosure requirement is not applicable to such payments by an Indian Tribe, Tribal organization, or any other Indian organization that are permitted by other federal law.

Lobbying means (for this requirement) influencing or attempting to influence an officer or employee of any agency, a member of Congress, an officer or employee of Congress, or an employee of a member of Congress. See 31 U.S.C. 1352; 28 C.F.R. part 69. Note: Most applicants do not engage in activities that trigger this disclosure requirement.

An applicant that is not required by law (31 U.S.C. 1352) to complete and submit a lobbying disclosure, should enter “No.” By doing so, the applicant is affirmatively asserting (under applicable penalties) that it has nothing to disclose under 31 U.S.C. § 1352 with regard to the application for the award at issue.

Disclosure of Duplication in Cost Items: To ensure funding coordination across grantmaking agencies, and to avoid unnecessary or inappropriate duplication of grant funding, the applicant must disclose if it has any pending applications for federal funding, including pending applications for subawards of federal funds, for the same project and the same budget items included in this proposal. Complete the JustGrants Applicant Disclosure of Duplication in Cost Items form. See the [Application Resource Guide](#) for additional information.

DOJ Certified Standard Assurances: Review and accept the DOJ Certified Standard Assurances in JustGrants. See the [Application Resource Guide](#) for additional information.

DOJ Certifications: Review the DOJ document [Certifications Regarding Lobbying; Debarment, Suspension and Other Responsibility Matters; Drug-Free Workplace Requirements; Coordination with Affected Agencies](#). An applicant must review and sign the certification document in JustGrants. See the [Application Resource Guide](#) for more information.

Applicant Disclosure and Justification—DOJ High-Risk Grantees (if applicable): If applicable, submit the DOJ High-Risk Disclosure and Justification as an attachment in JustGrants. A DOJ high-risk recipient is an award recipient that has received a DOJ high-risk designation based on a documented history of unsatisfactory performance, financial instability, management system or other internal control deficiencies, noncompliance with award terms and conditions on prior awards, or that is otherwise not responsible. See the [Application Resource Guide](#) for additional information.

Submission Dates & Times

Refer to [Basic Information: Key Dates](#) for the submission dates and times.

Applicants should submit their applications as early as possible and recommended not later than 48 hours before the deadlines. To be considered timely, the full application must be submitted in JustGrants by the JustGrants application deadline. Applicants will use the Certify

and Submit feature in JustGrants to confirm that all required application components have been entered, which includes identifying the Authorized Representative for the applicant. Once the application is submitted, the Application Submitter, Authorized Representative, and Entity Administrator receive a confirmation email.

An applicant will receive emails after successfully submitting application components in Grants.gov and JustGrants and should retain all emails and other confirmations received from the SAM.gov, Grants.gov, and JustGrants systems.

Experiencing Technical Issues Preventing Submission of an Application (Technical Waivers)

If an applicant misses a deadline due to unforeseen technical issues with SAM.gov, Grants.gov, or JustGrants, the applicant may request a waiver to submit an application after the deadline. OJP will only consider requests to submit an application via alternative methods or after the deadline when the applicant can document that there is a technical issue with a government system that was beyond their control and that prevents submission of the application via the standard process prior to the deadlines. Issues resulting from circumstances within the applicant's control, such as failure to begin the SAM.gov, Grants.gov, or JustGrants registration and application process in sufficient time, will not be considered.

Requests and documentation must be sent to the OJP Response Center at grants@ncjrs.gov. Applicants should follow these steps if they experience a technical issue:

- 1. Contact the relevant help desk to report the issue and receive a tracking number.**

See [Basic Information: Contact Information](#) for the phone numbers, email addresses, and operating hours of the SAM.gov, Grants.gov, and JustGrants help desks. Reports of technical issues to the help desk must occur **before** the application deadline.

If an applicant calls the help desk and experiences a long wait time, they can also email the help desk to obtain a tracking number. Tracking numbers are generated automatically when an applicant emails the applicable service desk, and for this reason, long call wait times for support do not relieve the applicant of the responsibility of getting a tracking number.

2. If an applicant has technical issues with SAM.gov or Grants.gov, the applicant must contact the OJP Response Center at grants@ncjrs.gov within 24 hours of the Grants.gov deadline to request approval to submit after the deadline. The applicant's request will need to include:

- A description of the technical difficulties experienced (provide screenshots if applicable).
- A timeline of the applicant's submission efforts (e.g., date and time the error occurred, date and time of actions taken to resolve the issue and resubmit, and date and time support representatives responded).
- An attachment of the complete grant application and all the required documentation and materials (this serves as a "manual" submission of the application).
- The applicant's unique entity identifier (UEI).
- Any SAM.gov, Grants.gov, and JustGrants Service Desk tracking/ticket numbers documenting the technical issue.

3. If an applicant has technical issues with JustGrants that prevent application submission by the deadline, the applicant must contact the OJP Response Center at grants@ncjrs.gov within 24 hours of the JustGrants deadline to request approval to submit after the deadline. See step 2 for the list of information the applicant must provide as part of its request.

As a reminder: the waiver request will not be considered unless it includes documentation of attempts to receive technical assistance to resolve the issue prior to the application deadline. OJP will review each waiver request and the required supporting documentation and notify the applicant whether the request for late submission has been approved or denied. An applicant that does not provide documentation of a technical issue (including all information previously listed), or that does not submit a waiver request within the required time period, will be denied.

For more details on the waiver process, OJP encourages applicants to review the "Experiencing Technical Issues" section in the [Application Resource Guide](#).

APPLICATION REVIEW

Responsiveness (Basic Minimum Requirements) Review

OJP screens applications to ensure they meet the basic minimum requirements (BMR) prior to conducting the merit review. Following are the basic minimum requirements for this funding opportunity. If OJP determines that an application does not include these elements, it will not proceed to merit review and will not receive any further consideration.

- The application is submitted by an eligible applicant.
- The application is responsive to the scope of the NOFO.
- The following application elements are included:
 - SF-424 (Grants.gov)
 - Proposal Narrative (JustGrants)
 - Budget detail form, which includes the budget items, their calculations, and explanation (JustGrants)

Applicants whose application fails to meet the BMR are provided notice (including an appropriate point of contact for questions) within a few weeks after the submission due date.

Merit Review Criteria

Peer Review Criteria

Applications that meet the basic minimum requirements will be evaluated for technical merit by peer reviewers based on how the proposed project/program addresses the following criteria:

- **Statement of the Problem/Description of the Issue (10%):** What critical issue or problem the applicant is proposing to address with this project.
- **Project Goals and Objectives (20%):** How the proposed project will address the identified need and the purpose of the funding opportunity.
- **Project Design and Implementation (30%):** The strength of how the applicant will implement activities, including the soundness of the project design and how the activities align to the stated goals and objectives.
- **Capabilities and Competencies (30%):** The applicant's administrative and technical capacity to successfully complete this project.
- **Budget (10%):** Completeness and cost effectiveness.

Programmatic and Financial Review Criteria

After the peer review, applications undergo additional programmatic and financial reviews. OJP staff may reach out to applicants during the programmatic or financial review if a submitted form is incomplete or needs to be updated. Note that OJP staff are not authorized to provide information on peer review scores or comment on programmatic, risk, or budget/financial reviews while the merit review is in progress.

In addition to BMR and peer review criteria, other important considerations for OJP include geographic diversity, strategic priorities (including, but not limited to, the priority areas already mentioned, if applicable), available funding, past performance, and the extent to which the budget detail form accurately explains project costs that are reasonable, necessary, and otherwise allowable under federal law and applicable federal cost principles. If cost

sharing/match is not required for this opportunity, applicants will not receive higher consideration by proposing a voluntary match contribution in their budget.

Risk Review

Pursuant to the Part 200 Uniform Requirements, before award decisions are made, OJP also reviews information related to applicant risk. OJP assesses whether an applicant with one or more prior federal awards has a satisfactory record of performance, integrity, and business ethics, including by (among other things) checking whether the applicant is listed in SAM.gov as excluded from receiving a federal award.

Depending on the severity and nature of the risk factors, the risk assessment may result in the removal of an applicant from consideration or selection for award, or it may result in additional post-award conditions and oversight for an awarded applicant.

In addition, if OJP anticipates that an award will exceed \$250,000 in federal funds, OJP also must review and consider any information about the applicant that appears in the non-public segment of the integrity and performance system accessible through SAM.gov.

Important Note on Responsibility/Qualification Data (formerly FAPIIS): An applicant may review and comment on any information about its organization that currently appears in SAM.gov and was entered by a federal awarding agency. OJP will consider such comments by the applicant, in addition to the other information in SAM.gov, in its assessment of the risk posed by the applicant.

Selection Process

All final award decisions will be made by the Assistant Attorney General, unless a statute explicitly authorizes award decisions by another official or there is written delegation of authority to another official. This official may consider not only peer review ratings and program office recommendations, but also other factors as indicated in the “Application Review” section to make final award decisions. For additional information on the application review process, see the [Application Resource Guide](#).

AWARD NOTICES

Federal Award Notices

Award notifications are usually sent by September 30 (the end of the current federal fiscal year). For successful applicants, JustGrants will send a system-generated email to the Application Submitter, Authorized Representative, and Entity Administrator with information on accessing their official award package in JustGrants. The award package will include key information (such as funding amount and period of performance) as well as award conditions that must be followed. The Authorized Representative for the entity should accept or decline the award within 45 days of the notification. See the [Application Resource Guide](#) for information on award notifications and instructions.

Applicants not selected for award will receive notification after all award recipients have been notified. OJP also provides unsuccessful applicants with a summary of peer reviewer comments.

Future Funding Opportunities

OJP may, in certain cases, provide additional funding in future years to awards made under this funding opportunity through continuation awards. When making continuation award decisions, OJP will consider, among other factors, OJP's strategic priorities, a recipient's overall management of the award, and the progress of the work funded under the award.

Applications submitted under this FY 2025 funding opportunity may be funded in future fiscal years, dependent on, among other considerations, the merit of the applications and the availability of appropriations.

POST-AWARD REQUIREMENTS AND ADMINISTRATION

Reporting

All award recipients under this funding opportunity will be required to submit the following reports and data:

- Quarterly financial reports.
- Quarterly performance reports.
- Final financial and performance reports.
- If applicable, an annual audit report in accordance with the Part 200 Uniform Requirements or specific award conditions.
- Within 8 months of the award, developed action plans from the selected sites for BJA review and approval.
- The final report as referenced in the deliverables section.

See the [Application Resource Guide](#) for additional information on specific post-award reporting requirements, including performance measure data and the method for submitting reports in OJP's online systems. Future awards and fund drawdowns may be withheld if reports are delinquent, and in appropriate cases, OJP may require additional reports.

Performance Measure Reporting

Award recipients are required to submit performance measure data and performance reports in JustGrants on a quarterly basis. Applicants selected for an award will receive further guidance on post-award reporting processes.

Program- and Award-Specific Award Conditions

OJP includes various conditions on its awards. These may include program-specific conditions, which typically apply to all recipients of a funding opportunity, and award-specific conditions, which are included to address recipient-specific issues (e.g., programmatic or financial risk). Recipients may view all conditions, and actions required to satisfy those conditions, in the award package in JustGrants.

Administrative, National Policy, and Other Legal Requirements

If selected for funding, in addition to implementing the funded project consistent with the OJP-approved application, the recipient must comply with all award conditions and all applicable requirements of federal statutes and regulations, including the applicable requirements referred to in the assurances and certifications executed in connection with award acceptance. For additional information on these legal requirements, see the "Administrative, National Policy, and Other Legal Requirements" section in the [Application Resource Guide](#).

Civil Rights Compliance

If a successful applicant accepts funding from OJP—as a recipient of OJP funding—that award recipient must comply with certain federal civil rights laws that prohibit the award recipient from discriminating on the basis of race, color, national origin, sex, religion, or disability in how it delivers its program's services or benefits and in its employment practices. The civil rights laws that may be applicable to the award include, but are not limited to, Title VI of the Civil Rights Act

of 1964, the nondiscrimination provisions of the Omnibus Crime Control and Safe Streets Act of 1968, and Section 504 of the Rehabilitation Act of 1973. These and other federal civil rights laws are discussed in greater detail on OJP's [Legal Overview—FY 2025 Awards](#) webpage under the "Civil Rights Requirements" section. Additional resources are available from the [OJP Office for Civil Rights](#).

Complying with civil rights laws that prohibit national origin discrimination includes the requirement that recipients and subrecipients take reasonable steps to ensure that people with limited English proficiency (LEP) have meaningful access to a recipient's programs and activities. An individual with LEP is one whose first language is not English and who has a limited ability to read, write, speak, or understand English. DOJ offers resources to help recipients meet this requirement, including [Guidance to Federal Financial Assistance Recipients Regarding Title VI Prohibition Against National Origin Discrimination Affecting Limited English Proficient Persons](#); a [language access assessment and planning tool](#) with [commonly asked questions](#); and additional resources on [the Office of Justice Programs' Office for Civil Rights website](#).

Faith-based organizations may apply for this award on the same basis as any other organization subject to the protections and requirements of 28 C.F.R. Part 38 and any applicable constitutional and statutory requirements, including 42 U.S.C. 2000bb et seq. The Department of Justice will not, in the selection of recipients, discriminate for or against an organization on the basis of the organization's religious character, motives, or affiliation, or lack thereof, or on the basis of conduct that would not be considered grounds to favor or disfavor a similarly situated secular organization. A faith-based organization that participates in this funded program will retain its independence from the Government and may continue to carry out its mission consistent with religious freedom and conscience protections in Federal law. An organization may not use direct Federal financial assistance from the Department of Justice to support or engage in any explicitly religious activities except when consistent with the Establishment Clause of the First Amendment and any other applicable requirements. An organization receiving Federal financial assistance also may not, in providing services funded by the Department of Justice, or in their outreach activities related to such services, discriminate against a program beneficiary or prospective program beneficiary on the basis of religion, a religious belief, a refusal to hold a religious belief, or a refusal to attend or participate in a religious practice.

Financial Management and System of Internal Controls

Award recipients and subrecipients (including recipients or subrecipients that are pass-through entities) must, as described in the Part 200 Uniform Requirements set out at 2 C.F.R. 200.303, comply with standards for financial and program management. See the [Application Resource Guide](#) for additional information.

Information Technology Security Clauses

An application in response to this NOFO may require inclusion of information related to information technology security. See the [Application Resource Guide](#) for more information.

Other Reporting Requirements

Applicants and recipients are required to notify OJP if you know that you or any of your organization's principals for the award transaction are presently excluded or disqualified (i.e., debarred or suspended) or otherwise meet any of the criteria in 2 C.F.R. 180.335. Recipients

must comply with requirements in 2 C.F.R. Part 180, as implemented by DOJ in 2 C.F.R. Part 2867, which, among other things, require recipients to check certain information sources and, in some cases, notify the federal awarding agency prior to the agency awarding federal funds via contracts or subawards.

If a recipient's award includes a federal share of more than \$500,000 over the period of performance of the award, then the award (per 2 C.F.R. 200.113) will include a condition that may require the recipient to report and maintain certain information (relating to certain criminal, civil, and administrative proceedings) in SAM.gov. See <https://www.ojp.gov/funding/explore/legaloverview2025/otherrequirements> for more information.
