

BUREAU OF JUSTICE ASSISTANCE
SECOND CHANCE ACT
TARGETING OFFENDERS WITH CO-OCCURRING
SUBSTANCE USE AND MENTAL HEALTH PROGRAM
PERFORMANCE MEASURES

The following pages outline general questions and performance measures for the Bureau of Justice Assistance (BJA) Second Chance Act (SCA) Targeting Offenders with Co-occurring Substance Abuse and Mental Health Grant Program. A SCA co-occurring program is designed to help transition ex-offenders from prison and jail to the community by implementing or expanding treatment programs for individuals with co-occurring substance use and mental health disorders. The performance measures for this SCA program were established to indicate to what extent grant activities meet the following objectives:

1. Provide evidence-based reentry services to offenders.
2. Use validated assessment instruments to screen and identify offenders for treatment and reentry planning.
3. Implement a transition plan for offenders, incorporating both pre- and post-release services.
4. Provide treatment services (including substance use and mental health) to offenders.
5. Offer additional services (including educational/vocational, employment, and housing) to offenders.
6. Support offenders with case management to monitor reintegration.
7. Reduce recidivism.

The Targeting Offenders with Co-occurring Substance Abuse and Mental Health Grant Program performance measures are both quantitative (numeric) and qualitative (narrative responses). Both quantitative and qualitative data are entered in the BJA Performance Measurement Tool (PMT) for each quarterly activity period, referred to as a reporting period. Qualitative data, consisting of 8 open-ended questions, are reported in July and January of each calendar year based on activities that occurred during the previous 6-month period.

Data entry is done quarterly, with a 30-day submission period following the close of the reporting period. In addition, in July and January of each calendar year, you are responsible for creating the report from the PMT that you upload into the Justice Grants System (JustGrants). During the non-submission periods, you are encouraged to create this report for your records.

Your response to the questions that follow must be entered in the PMT located at <https://bjapmt.ojp.gov>. If you have any questions about the PMT or performance measures, please call the BJA PMT Helpdesk at 1-888-252-6867 or send an email to bjapmt@usdoj.gov.

If you have questions about your program, please contact your State Policy Advisor (SPA) at <https://bja.ojp.gov/funding/performance-measures/contact-us>.

BUREAU OF JUSTICE ASSISTANCE
SECOND CHANCE ACT
TARGETING OFFENDERS WITH CO-OCCURRING
SUBSTANCE USE AND MENTAL HEALTH PROGRAM
PERFORMANCE MEASURES

You will be asked to enter information designed to answer several sets of questions. The first set of questions is about the general award. The next set concerns the co-occurring program's structure, and the treatment services provided. This will be followed by questions on program administration; participant characteristics; successful and unsuccessful completions; treatment services; and finally on recidivism, which will only be reported at the close of the grant. BJA's policy for SCA performance data entry is to report data on BJA-funded activities only.

GENERAL AWARD INFORMATION

The first set of questions concerns information about the general award. Please select the appropriate indicators that best reflect the co-occurring program.

1. Is the grantee **operational** during the reporting period? *Grantees are operational when they: (1) have active participants, AND (2) have obligated, expended, and/or drawn down funds with their Second Chance Act (SCA) award. By selecting "Yes," the program becomes operational and will remain so until the grantee closes out the award OR until there are no participants enrolled in the co-occurring program. If the grantee has not admitted participants with their SCA award, select "No."*
 - A. Yes. *(Go to question 3.)*
 - B. No. *(Go to question 2.)*

2. Has the grantee conducted **planning activities** in the reporting period? *Planning activities may include hiring personnel, training staff, and any other activities conducted to prepare the program for participant admission.*
 - A. Yes. *(Go to question 3.)*
 - B. No. *(Please explain below.)*
 - C. No, all planning activity has been completed:

3. Is this the last time the grantee is reporting in the PMT before **closing out** the Bureau of Justice Assistance (BJA) SCA award? *If "Yes," the grantee must complete the required Court and Criminal Involvement section.*
 - A. Yes.
 - B. No.

BUREAU OF JUSTICE ASSISTANCE
SECOND CHANCE ACT
TARGETING OFFENDERS WITH CO-OCCURRING
SUBSTANCE USE AND MENTAL HEALTH PROGRAM
PERFORMANCE MEASURES

4. In what **Federal congressional district(s)** were services provided?
 - A. Select district (drop-down box).

5. Please specify the implementing organization type:
 - A. Nonprofit organization.
 - B. Tribal government.
 - C. State agency.
 - D. Unit of local government.

6. Is the implementing organization **faith based**? *Organizations nationwide may define themselves as being faith-based organizations.*
 - A. Yes.
 - B. No.

7. Is the implementing organization **community based**? *BJA defines community-based programs as neighborhoods or organizations that are representative of communities or significant segments of communities. A community-based organization can also be faith based.*
 - A. Yes.
 - B. No.

**BUREAU OF JUSTICE ASSISTANCE
SECOND CHANCE ACT
TARGETING OFFENDERS WITH CO-OCCURRING
SUBSTANCE USE AND MENTAL HEALTH PROGRAM
PERFORMANCE MEASURES**

PROGRAM STRUCTURE AND TREATMENT SERVICES

The second set of questions concerns information on the co-occurring program structure and the treatment services provided. The information in this section will be pre-populated once complete, and it may be updated each reporting period if necessary.

Note: The questions below determine which service questions will appear, so choose them carefully. The Bureau of Justice Assistance's (BJA's) policy for Second Chance Act (SCA) performance data entry is to report data only on BJA-funded activities.

8. What type of **reentry services** does the program provide to participants? *Select the reentry services that best reflect the program design. For example, if the program only serves participants who have been released from prison or jail, select "Provides post-release services only." This statement is true even if assessments occur pre-release and participants only receive services once released.*
- A. Provides pre-release services only.
 - B. Provides post-release services only.
 - C. Provides both pre- and post-release services.
9. Are **co-occurring services** provided to participants, either **directly** or through **referrals**? *Co-occurring services are therapies that focus on treating mental health and substance use dependency together.*
- A. Yes, participants receive pre-release co-occurring services only.
 - B. Yes, participants receive post-release co-occurring services only.
 - C. Yes, participants receive both pre- and post-release co-occurring services.
 - D. No, co-occurring services are not provided.
10. Are **cognitive-based services** provided to participants, either **directly** or through **referrals**? *Cognitive-based services are therapies that focus on the thought patterns, feelings, and behaviors of clients. These services aim to help clients change how they think and act.*
- A. Yes, participants receive pre-release cognitive-based services only.
 - B. Yes, participants receive post-release cognitive-based services only.
 - C. Yes, participants receive both pre- and post-release cognitive-based services.
 - D. No, cognitive-based services are not provided.

BUREAU OF JUSTICE ASSISTANCE
SECOND CHANCE ACT
TARGETING OFFENDERS WITH CO-OCCURRING
SUBSTANCE USE AND MENTAL HEALTH PROGRAM
PERFORMANCE MEASURES

11. Are **employment services** provided to participants, either **directly** or through **referrals**?
Employment services provide job assistance to participants to help find them employment. They increase opportunities for ex-offenders to find jobs and stay employed.
- A. Yes, participants receive pre-release employment services only.
 - B. Yes, participants receive post-release employment services only.
 - C. Yes, participants receive both pre- and post-release employment services.
 - D. No, employment services are not provided.
12. Are **educational services** provided to participants, either **directly** or through **referrals**?
Educational services foster knowledge and help participants obtain a high school diploma, GED, vocational certificate, and/or higher education.
- A. Yes, participants receive pre-release educational services only.
 - B. Yes, participants receive post-release educational services only.
 - C. Yes, participants receive both pre- and post-release educational services.
 - D. No, educational services are not provided.
13. Are **housing services** provided to participants, either **directly** or through **referrals**?
Housing services assist participants in finding a place to live. They are designed to help individuals and families find, obtain, or retain suitable housing. Transitional housing and halfway houses are included.
- A. Yes, participants receive pre-release housing services only.
 - B. Yes, participants receive post-release housing services only.
 - C. Yes, participants receive both pre- and post-release housing services.
 - D. No, housing services are not provided.

PROGRAM ADMINISTRATION

The next set of questions asks about the co-occurring program characteristics, including information on the grantee's target population and baseline recidivism. Please provide data only on Bureau of Justice Assistance (BJA)-funded participants and activities.

Program Characteristics

The information in this section will be pre-populated once complete, and it may be updated each reporting period if necessary.

14. Is the co-occurring program **jail based** or **prison based**?

- A. Jail based.
- B. Prison based.
- C. Both.

15. Enter a co-occurring **program description** below:

16. List the **target population** the grantee will be serving. *Include information such as the risk level of the participants; the type of facility; the geographic area where ex-offenders were released; and whether particular sex, racial, and/or ethnic characteristics are targeted.*

17. What is the **expected number of participants** the co-occurring program plans to serve? *Please provide the number of expected participants over the life of the grant award. This value may correspond to what was reported in the grant application.*

- A. Enter the expected number of participants: _____

18. What is the date that the co-occurring program first enrolled a participant with the BJA **Second Chance Act (SCA) award funding**? *The implementation date for questions 18 and 19 may be the same if the co-occurring program did not exist before the BJA SCA award.*

- A. Enter the date: (__/_____/____)

BUREAU OF JUSTICE ASSISTANCE
SECOND CHANCE ACT
TARGETING OFFENDERS WITH CO-OCCURRING
SUBSTANCE USE AND MENTAL HEALTH PROGRAM
PERFORMANCE MEASURES

19. What is the date that the co-occurring program **first enrolled** a participant? *For example, if the co-occurring program was in existence before the BJA SCA award, enter that date. The intent of the question is to determine the length of time since program implementation.*
- A. Enter the date: (____/____/____)

Baseline Recidivism

20. Have you calculated a baseline recidivism rate?
- A. Yes.
- B. No, *(Please explain.)* _____. *(Skip the remainder of the section.)*
21. What is the **baseline recidivism rate**? *Provide a rate for a population that most closely represents the grantee's target population. If the grantee does not have a baseline rate similar to the target population, use a recidivism rate for ex-offenders that have been released from a state facility, local prison, or jail.*
- A. Enter the baseline recidivism rate: _____
22. What **population** was the baseline recidivism rate calculated for? *Select one.*
- A. Ex-offenders similar to the target population.
- B. Ex-offenders from a county/local jail facility.
- C. Ex-offenders from a prison facility.
- D. Ex-offenders from the entire state.
- E. Other: _____
- F. If Other, please explain: _____
23. What **type** of baseline **recidivism rate** is the grantee providing? *Select one.*
- A. Rearrest rate.
- B. Reconviction rate.
- C. Reincarceration rate.
- D. Revocation that led to reincarceration.
- E. Other.
- F. If Other, please explain: _____
24. How long was the **follow-up period** for the baseline rate?
- A. Enter the number in months: _____
25. What **percent reduction** in recidivism is the grantee trying to achieve?
- A. Enter the percentage: _____

BUREAU OF JUSTICE ASSISTANCE
SECOND CHANCE ACT
TARGETING OFFENDERS WITH CO-OCCURRING
SUBSTANCE USE AND MENTAL HEALTH PROGRAM
PERFORMANCE MEASURES

26. What is the **expected date** when the recidivism reduction will be achieved?

A. Enter the date: (____/____/____)

27. Is there any other **additional information** you would like to provide about the baseline rate or your recidivism reduction goal? *If "No," write "N/A."*

PARTICIPANT CHARACTERISTICS

The next set of questions is about the number of participants who are eligible and admitted to the co-occurring program; assessment activities; and the race, ethnicity, and sex of those who were admitted to the co-occurring program. Grantees should report all participants who received services during the reporting period.

Eligible and Admitted Participants

- A. How many individuals were **eligible** to participate in the co-occurring program? *Eligible participants include anyone who qualifies or meets the predefined requirements of the co-occurring program. If the program transfers individuals directly from pre-release to post-release, the number of those eligible in post-release should reflect the number of those in a pre-release setting who are eligible to transfer to post-release.*

Number eligible for pre-release services: _____

28. How many **total** participants were enrolled to the co-occurring program during the reporting period? *This includes new admissions, those previously admitted who continue to participate, and those who dropped out during the reporting period.*

A. Total number enrolled in pre-release services: _____

B. Total number enrolled in post-release services: _____

29. How many **NEW participants** were admitted to the co-occurring program? *New participants are unique individuals who began receiving services in the reporting period. Only individuals who exit the program without completion and are readmitted may be counted twice. For the first reporting period that the grantee becomes operational, report all participants enrolled as NEW.*

A. Number of NEW participants admitted to pre-release services: _____

B. Number of NEW participants admitted to post-release services: _____

C. Of the number of NEW participants admitted to post-release, how many completed the pre-release program requirements? _____

Assessment Activities

30. Does the co-occurring program use a **risk assessment**? *A risk assessment is an instrument used to help identify factors that may lead an offender to reoffend. It pinpoints needed services to minimize those risks.*

A. Yes. *(Go to question 32.)*

B. No. *(Go to question 35.)*

BUREAU OF JUSTICE ASSISTANCE
SECOND CHANCE ACT
TARGETING OFFENDERS WITH CO-OCCURRING
SUBSTANCE USE AND MENTAL HEALTH PROGRAM
PERFORMANCE MEASURES

31. Is the risk assessment instrument **validated**? *A validated risk assessment is one that has been empirically proven to be effective at predicting criminal recidivism. A normalized risk instrument is one that has been normed, or proven reliable, for the grantee's target population.*

- A. Not validated.
- B. Validated.
- C. Validated and normalized.

32. What risk **assessment** instrument is used? *(Drop-down box)*

- A. For participants receiving pre-release services: _____

33. What was the **risk assessment level** of **NEW pre-release** participants? *Risk assessments can occur before or after the participant is admitted to the program. The number of participants reported should equal the total number of NEW participants admitted during the reporting period.*

Low-, Moderate-, and High-Risk Participants		
Measures		Pre-release
A	Low risk	
B	Moderate risk	
C	High risk	
D	Don't know	

34. How many **NEW** participants received a **case plan** (i.e., transition plan)? *A case plan or transition plan is designed to reduce criminogenic risk, address criminogenic needs, and support reintegration of offenders into the community. Case plans can be made before or after the participant is admitted to the program.*

- A. For participants receiving pre-release services: _____

Post-release Drug Testing

35. Are participants in the co-occurring program given **bioassays** for **alcohol** or **drug screening**? *A bioassay is a biological sample used to determine the presence or strength of alcohol or drugs. Examples of bioassays include urinalysis, oral, hair, saliva, or blood tests.*

- A. Yes. *(Go to question 37.)*
- B. No. *(Go to question 39.)*

BUREAU OF JUSTICE ASSISTANCE
SECOND CHANCE ACT
TARGETING OFFENDERS WITH CO-OCCURRING
SUBSTANCE USE AND MENTAL HEALTH PROGRAM
PERFORMANCE MEASURES

36. Of those enrolled in the co-occurring program for at least **90 days**, how many participants were tested for alcohol or illegal substances during the reporting period? *The count should be an unduplicated count only of participants enrolled in the program at least 90 days who were tested for alcohol or illegal substance use.*

A. For participants receiving post-release services: _____

37. Of those enrolled in the co-occurring program for at least **90 days**, how many participants **tested positive** for alcohol or illegal substances during the reporting period? *The number entered should be an unduplicated count only of participants enrolled in the program at least 90 days who tested positive for alcohol or illegal substances, and it should be equal to or less than the number of participants tested. If not, please check for data entry error. Alcohol and substance use information should be based on documented tests rather than self-reported information from program participants. Include all participants who were enrolled in the program, regardless of whether they successfully completed the program, exited the program without completion, or are currently enrolled in the program.*

A. For participants receiving post-release services: _____

BUREAU OF JUSTICE ASSISTANCE

PERFORMANCE MEASURES

Race, Ethnicity, and Sex

38. Enter the appropriate **ethnicity and sex** and then the **race and sex** of **NEW** participants admitted to the **pre-release** co-occurring program. *Hispanics should be counted in the race category that best describes their racial identity, including White, Black or African American, Asian, American Indian or Alaska Native, Pacific Islander or Native Hawaiian, multiracial, other, or unknown. Note that the counts reported in the ethnicity and race matrices should be equal, because people of Hispanic origin may be of any race. For instance, if there are 10 new male participants enrolled in the program who are Non-Hispanic and White, 10 should be reported under Non-Hispanic Male under Ethnicity and Sex (question 39A) and 10 under White Male under Race and Sex (question 39B). For the first reporting period that the grantee becomes operational, include all participants enrolled in the program.*

A. Enter the **ethnicity and sex** of **NEW** participants admitted to the **pre-release** co-occurring program.

Ethnicity and Sex			
Measures		Males	Females
A	Hispanic or Latino/a		
B	Non-Hispanic or Latino/a		
C	Unknown		

B. Enter the **race and sex** of **NEW** participants admitted to the **pre-release** co-occurring program.

Race and Sex			
Measures		Males	Females
A	White		
B	Black or African American		
C	Asian		
D	American Indian or Alaska Native		
E	Pacific Islander or Native Hawaiian		
F	Multiracial		
G	Other		
H	Unknown		

BUREAU OF JUSTICE ASSISTANCE

SUCCESSFUL AND UNSUCCESSFUL COMPLETIONS

The next set of questions is about participants who successfully or unsuccessfully completed the co-occurring program requirements. This section also asks questions concerning the risk level, employment, and housing status of those who exited the program. Successful completion is defined as the finishing point of the co-occurring obligations and program requirements. Definitions of successful completion will vary by co-occurring program; however, all programs should have specific requirements that equate to a successful completion. Unsuccessful completion is defined as any reason why the participant did not or could not complete the co-occurring program. Grantees should only report successful and unsuccessful completions for those individuals who were participating in the co-occurring program during the reporting period.

Successful Completions

39. **Define** successful completion for the co-occurring program. *Successful completion definitions can be either process based (e.g., the program participant has completed 70% of program requirements or an individual case plan within 1 year) or outcome based (e.g., the program participant has achieved core benchmark goals of the program that are not necessarily related to behaviors [such as, but not limited to, attaining stable housing and employment, earning a GED, etc.] within 1 year).*

40. What is the expected co-occurring **program length** in **months**?

- A. For participants receiving pre-release services: _____
- B. For participants receiving post-release services: _____

41. Did any participants leave the program, either successfully or unsuccessfully, during the reporting period?

- A. Yes.
- B. No. *(Skip the remainder of this section and go to question 50.)*

42. Have any participants **successfully completed** the co-occurring program requirements in the reporting period?

- A. Yes. *(Go to question 44.)*
- B. No. *(Go to question 45.)*

- i. If No, why have participants **not successfully completed** the co-occurring program?

BUREAU OF JUSTICE ASSISTANCE
SECOND CHANCE ACT

SUBSTANCE USE AND MENTAL HEALTH PROGRAM
PERFORMANCE MEASURES

43. How many participants **successfully completed** the co-occurring program requirements?

- A. Number of participants who completed pre-release services: _____
- B. Number of participants who completed post-release services: _____
- C. Of the post-release participants who completed the program requirements, how many participants also successfully completed pre-release services? _____

Unsuccessful Completions

44. Have any participants **unsuccessfully exited** the co-occurring program in the reporting period?

- A. Yes. *(Go to question 46.)*
- B. No. *(Go to question 47.)*

45. Enter the number of individuals who **did not complete** the co-occurring program for the categories below. *Participants should not be counted in more than one category, so choose the option that best represents why the individuals did not complete the program. For example, if participants broke the program's rules, then they would fall under "A"; but if they stopped attending treatment services, they would fall under "C."*

Unsuccessful Completions			
Measure		Pre-release	Post-release
A	Number of participants no longer in the program due to failure to meet program requirements (other than those listed below).		
B	Number of participants no longer in the program due to court or criminal involvement (e.g., technical violation, arrest, conviction, revocation, reincarceration).		
C	Number of participants no longer in the program due to a lack of engagement (e.g., no-shows and nonresponsive participants).		
D	Number of participants no longer in the program due to absconding .		
E	Number of participants no longer in the program due to relocating or case transfer .		
F	Number of participants no longer in the program due to death or serious illness .		
G	Number of participants who did not complete the program for other reasons (please specify): _____		

BUREAU OF JUSTICE ASSISTANCE

TARGETING OFFENDERS WITH CO-OCCURRING
SUBSTANCE USE AND MENTAL HEALTH PROGRAM
PERFORMANCE MEASURES

Outcomes for Post-release Program Exits

46. What was the **risk assessment level** for those individuals who **exited post-release services**? *All fields combined should equal the number of successful and unsuccessful completers who exited the program during the reporting period.*

Low-, Moderate-, and High-Risk Program Exits				
Measures		Successful Completers	Unsuccessful Completers	
A	Low risk			
B	Moderate risk			
C	High risk			
D	Don't know			

47. How many post-release participants **exited** the co-occurring program and were **employed** during the reporting period? *Participants are considered to have maintained employment if a job is lost, and a new job is found within 30 days. The "Don't Know" category indicates the number of individuals whose employment status is unknown, not the number of individuals who were unemployed.*

Post-release Program Exits and Employment			
Measures		Exited with Employment	Don't Know
A	Participants who successfully completed the program.		
B	Participants who unsuccessfully completed the program.		

48. How many post-release participants **exited** the co-occurring program and were **housed** during the reporting period? *Housing can include transitional housing, such as group homes and long-term shelters. Report on individuals, not the number of times housing was obtained. The "Don't Know" category indicates the number of individuals whose housing status is unknown, not the number of individuals who were not housed.*

Post-release Program Exits and Housing				
Measures		Exited with Housing	Don't Know	
A	Participants who successfully completed the program.			
B	Participants who unsuccessfully completed the program.

TREATMENT INTERVENTIONS AND SERVICES

The next set of questions is about the number of participants who received services in the following categories: co-occurring services, employment services, educational services, and housing services. Grantees should report those participants who received services during the reporting period.

Co-occurring Services

Co-occurring services are therapies that focus on treating mental health and substance use dependency together. Only include information on participants who received services during the reporting period.

49. How many participants received a substance use and/or mental health **screening**? A *screening identifies participants who need further assessment or treatment, but it does not establish a definite diagnosis or treatment.*

- A. For participants receiving pre-release services: _____
- B. For participants receiving post-release services: _____

50. How many participants received a substance use and/or mental health **clinical assessment**? A *clinical assessment is provided by a licensed clinician and establishes a definite diagnosis and treatment.*

- A. For participants receiving pre-release services: _____
- B. For participants receiving post-release services: _____

51. Does the co-occurring program **refer** individuals out to other agencies to receive co-occurring services?

- A. Yes. *(Go to question 53.)*
- B. No. *(Go to question 54.)*

52. How many **NEW participants** were **referred out** to receive co-occurring services? *New participants are unique individuals who began receiving services during the reporting period.*

- A. For participants receiving pre-release services: _____
- B. For participants receiving post-release services: _____

53. Does the co-occurring program provide co-occurring services **directly** to participants?

66. How many participants who were directly provided with employment services **obtained employment**? *Participants are considered to have maintained employment if a job is lost, and a new job is found within 30 days. Report the number of participants who obtained a job and not the number of jobs that were obtained. For example, if one person obtains a job in this reporting period but then lost his or her job and obtained another job in the next reporting period, only count the participant in the reporting period when the first job was obtained.*
- A. For participants receiving pre-release services: _____
- B. For participants receiving post-release services: _____

Educational Services

Educational services foster knowledge and help participants obtain a high school diploma, GED, vocational certificate, and/or higher education. Only include information on participants who received services during the reporting period.

67. Does the co-occurring program **refer** individuals out to other agencies to receive educational services?
- A. Yes. *(Go to question 71.)*
- B. No. *(Go to question 72.)*
68. How many **NEW participants** were **referred out** to receive educational services? *New participants are unique individuals who began receiving services during the reporting period.*
- A. For participants receiving pre-release services: _____
- B. For participants receiving post-release services: _____
69. Does the co-occurring program provide educational services **directly** to participants?
- A. Yes. *(Go to question 73.)*
- B. No. *(Go to the next set of service questions.)*
70. How many **total** participants were **enrolled** in educational services that were **directly provided** during the reporting period? *The count includes new enrollees, those previously admitted who continue to participate, and those who dropped out during the reporting period.*
- A. For participants receiving pre-release services: _____
- B. For participants receiving post-release services: _____

71. How many **NEW participants** were **enrolled** in educational services that were **directly provided**? *New participants are unique individuals who began receiving services during the reporting period.*

- A. For participants receiving pre-release services: _____
- B. For participants receiving post-release services: _____

72. How many participants who were directly provided with educational services obtained a **high school diploma or equivalent** (i.e., GED)?

- A. For participants receiving pre-release services: _____
- B. For participants receiving post-release services: _____

73. How many participants who were directly provided with educational services obtained a vocational certificate?

- A. For participants receiving pre-release services: _____
- B. For participants receiving post-release services: _____

74. How many participants who were directly provided with educational services obtained **higher education**? *Higher education includes college and graduate degrees.*

- A. For participants receiving pre-release services: _____
- B. For participants receiving post-release services: _____

Housing Services

Housing services assist participants in finding a place to live. They are designed to help individuals and families find, obtain, or retain suitable housing. Transitional housing and halfway houses are included. Only include information on participants who received services during the reporting period.

75. Does the co-occurring program **refer** individuals out to other agencies to receive housing services?

- A. Yes. *(Go to question 79.)*
- B. No. *(Go to question 80.)*

76. How many **NEW participants** were **referred out** to receive housing services? *New participants are unique individuals who began receiving services during the reporting period.*

- A. For participants receiving pre-release services: _____
- B. For participants receiving post-release services: _____

77. Does the co-occurring program provide housing services **directly** to participants?

- A. Yes. *(Go to question 81.)*
- B. No. *(Go to the next set of service questions.)*

78. How many **total** participants were **enrolled** in housing services that were **directly provided** during the reporting period? *The count includes new admissions, those previously admitted who continue to participate, and those who dropped out during the reporting period.*

- A. For participants receiving pre-release services: _____
- B. For participants receiving post-release services: _____

79. How many **NEW participants** were **enrolled** in housing services that were directly provided? *New participants are unique individuals who began receiving services during the reporting period.*

- A. For participants receiving pre-release services: _____
- B. For participants receiving post-release services: _____

80. How many participants who were directly provided with services **obtained housing**? *Housing can include transitional housing, such as group homes and long-term shelters. Include any participant who is not homeless or without a place to stay. Report on individuals, not the number of times housing was obtained.*

- A. For participants receiving post-release services: _____

COURT AND CRIMINAL INVOLVEMENT

The next set of questions is about court and criminal involvement for ex-offenders who have ever participated in the Second Chance Act (SCA) co-occurring program. Note that individuals can be included in more than one category. For example, an ex-offender could be arrested and have a conviction; thus, the individual should be counted in both categories. If an ex-offender has multiple arrests or convictions, only count that individual once. This section is to be completed at the close of the grant.

81. Since the **start** of the SCA **Bureau of Justice Assistance (BJA) award**, how many ex-offenders:

- A. Are still participating in post-release services? _____
- B. Have successfully completed post-release services? _____
- C. Did not complete post-release services? _____

82. What is the **average number of days** that have elapsed since ex-offenders have been released from prison or jail? *Calculate this rate by averaging the number of days since release for each individual.*

- A. Average number of days since release: _____

83. Since the start of the SCA BJA award, enter the total number of ex-offenders who have had a **court** and/or **criminal involvement event**. *An ex-offender can be counted in more than one category (i.e., an individual can have an arrest and a conviction and then be reincarcerated). However, do not count the frequency of events (i.e., number of arrests and convictions). Pending charges that the individual had before entering the program should not be counted.*

Court and Criminal Involvement Since the Start of the BJA Award for Ex-offenders Who Have Been Released from Prison or Jail					
Measure		Arrested and Booked on a New Charge	Conviction for a New Charge	Revocation of the Terms of Supervised Release	Reincarceration
A.	Ex-offenders who are still participating in the program.				
B.	Ex-offenders who successfully completed the program.				
C.	Ex-offenders who unsuccessfully completed the program.

84. How was the information obtained for those ex-offenders who were **arrested and booked** on a new charge? *Select the best option that describes how the information was obtained.*

- A. The grantee is a criminal justice agency such as the Department of Corrections, probation, or parole and has access to this information.
- B. The grantee has a Memorandum of Understanding (MOU), a Memorandum of Agreement (MOA), or a linkage agreement with a correctional agency that has access to this information.
- C. The grantee conducts public record jail/prison searches online.
- D. The grantee entered unofficial data (e.g., through word of mouth or from participants who reported the incident).
- E. The grantee does not have access to official justice information.
- F. Other (Please specify):

85. How was the information obtained for those ex-offenders who were **convicted** of a new crime? *Select the best option that describes how the information was obtained.*

- A. The grantee is a criminal justice agency such as the department of corrections, probation, or parole and has access to this information.
- B. The grantee has a MOU, a MOA, or a linkage agreement with a correctional agency that has access to this information.
- C. The grantee conducts public record jail/prison searches online.
- D. The grantee entered unofficial data (e.g., through word of mouth or from participants who reported the incident).
- E. The grantee does not have access to official justice information.
- F. Other (Please specify):

86. How was the information obtained for ex-offenders who had a **revocation** of the terms of supervised release? *Select the best option that describes how the information was obtained.*

- A. The grantee is a criminal justice agency such as the department of corrections, probation, or parole and has access to this information.
- B. The grantee has a MOU, a MOA, or a linkage agreement with a correctional agency that has access to this information.
- C. The grantee conducts public record jail/prison searches online.
- D. The grantee entered unofficial data (e.g., through word of mouth or from participants who reported the incident).
- E. The grantee does not have access to official justice information.
- F. Other (Please specify):

87. How was the information obtained for those ex-offenders who were **reincarcerated**?

Select the best option that describes how the information was obtained.

- A. The grantee is a criminal justice agency such as the department of corrections, probation, or parole and has access to this information.
- B. The grantee has a MOU, a MOA, or a linkage agreement with a correctional agency that has access to this information.
- C. The grantee conducts public record jail/prison searches online.
- D. The grantee entered unofficial data (e.g., through word of mouth or from participants who reported the incident).
- E. The grantee does not have access to official justice information.
- F. Other (Please specify):

88. For which **population(s)** is the grantee able to **obtain official justice information**?

Select all that apply.

- A. Ex-offenders who are still participating in the program.
- B. Ex-offenders who successfully completed the program.
- C. Ex-offenders who unsuccessfully exited the program.
- D. None of the above.

89. Was the information for each ex-offender **verified**? *Verified is defined as assessing whether each individual has had a court or criminal involvement event since the start of the BJA SCA award.*

A. Yes. *(Go to question 93.)*

B. No. *(Go to question 94.)*

90. How was the information for ex-offenders **verified**? *Verified is defined as assessing whether each individual has had a court or criminal involvement event since the start of the BJA SCA award.*

91. Please provide any additional information or comments about your court and criminal involvement data. *(Go to narrative questions, when applicable.)*

**BUREAU OF JUSTICE ASSISTANCE
SEMIANNUAL NARRATIVE QUESTIONS**

NARRATIVE QUESTIONS

You will be asked to answer the following questions in January and July of each calendar year. Answer the questions based on the 6-month period. You can use up to 5,000 characters for each response.

1. What were your accomplishments within this reporting period?

2. What goals were accomplished, as they relate to your grant application?

3. What problems/barriers did you encounter, if any, within the reporting period that prevented you from reaching your goals or milestones?

4. Is there any assistance that BJA can provide to address any problems/barriers identified in question 3?

A. Yes. *(Please explain below.)*

B. No. *(Go to question 5.)*

**BUREAU OF JUSTICE ASSISTANCE
SEMIANNUAL NARRATIVE QUESTIONS**

5. Are you on track to fiscally and programmatically complete your program as outlined in your grant application?

A. Yes. *(Go to question 6.)*

B. No. *(Please explain below.)*

6. What major activities are planned for the next 6 months?

7. Based on your knowledge of the criminal justice field, are there any innovative programs/accomplishments that you would like to share with BJA?

8. Does the grantee have any success stories that BJA can highlight and share with the public?

A. Yes. *(Please explain below.)*

B. No.

THANK YOU FOR PARTICIPATING!
