1. Is this the last reporting period for which the award will have data to report? For example, all funds have been expended and the award is in the process of closing out in the Justice Grants (JustGrants) system. If you select Yes, you will be directed to answer the questions in the Semiannual Narrative Questions section. These are one-time-only questions that you will answer prior to report closeout.
   A. Yes/No (If Yes, answer the Semiannual Narrative Questions and create a final report.)

2. Was there grant activity during the reporting period? There is grant activity when the grantee has obligated, expended, or drawn down grant funds to implement objectives proposed in the Bureau of Justice Assistance (BJA)-approved grant application. If Yes, the program becomes operational and should remain so until the grant closes out.
   A. Yes/No
   B. If No, select from the following responses:

PROGRAM PARTICIPANTS SERVED

There may be wide variation among CSCR efforts concerning what activities constitute meaningful engagement, as well as expectations for participants to meet specific program requirements and criteria. Information from the questions in this section should be interpreted in light of grant program design and is not meant for comparison across diverse programs.

Participants served includes participants to whom you have provided services and treatments directly through your organization, as well as through referrals to other organizations. This number should include all participants served by your CSCR-funded program, whether they were still engaged with your program or not.

Participants still engaged with the program should include all participants still engaged as of the end of the reporting period.

Participants no longer engaged with the program should include all participants served by your CSCR-funded program (since the grant began) who are no longer engaged, whether their engagement stopped in this reporting period or a previous one. This number should include both individuals that completed the program requirements and those that did not.

10. How many individuals do you plan to provide services to over the life of the grant?
   _______

11. Since the beginning of your grant, how many participants has your program served (cumulative)? ________________

12. Out of the total number of participants your program has served since the start of your grant, how many are:
   A. Still engaged with your program ___________
   B. No longer engaged with your program ___________
   C. Needed crisis response and stabilization ___________

13. Out of the total number of participants no longer engaged with your program since the start of the grant, how many have completed or not completed program requirements related to improving chances for successful reentry? Such requirements/criteria can include completion of program milestones (e.g., a course of training, treatment plan) and/or meeting criteria indicative of improved chances of successful reentry (e.g., obtaining employment or housing).
   A. Completed all program requirements or met program criteria ___________
   B. Have not completed all program requirements or met program criteria ___________
14. Are criminogenic risks and/or needs assessment tool(s) used to inform the services provided to participants?
   A. Yes/No (If No, skip to question 18)

15. Are the criminogenic risks and/or needs assessment tool(s) results used to determine who is admitted as a participant to the CSCR-funded program?
   A. Yes/No

16. Are the criminogenic risks and/or needs assessment tool(s) results used to inform individualized case planning done by the CSCR-funded program?
   A. Yes/No

17. Name(s) of criminogenic risks and/or needs assessment tool(s) used:

18. Are mental illness and/or substance use disorder screening and assessment tools used to inform the services provided to participants?
   A. Mental illness screening and assessment tools
   B. Substance use disorder screening and assessment tools
   C. Both mental illness and substance use disorder screening and assessment tools
   D. No mental illness and substance use disorder screening and assessment tools are used

19. Are the mental illness and/or substance use disorder screening and assessment tool(s) results used to determine who is admitted as a participant to the CSCR-funded program?
   A. Yes/No

20. Are the mental illness and/or substance use disorder screening and assessment tool results used to inform individualized case planning done by the CSCR-funded program?
   A. Yes/No

21. Name(s) of the mental illness and/or substance use disorder screening and assessment tool(s) used: ____________________
DRUG OR ALCOHOL TESTING

Testing referred to in this section includes urinalysis, breathalyzer, or other proven reliable forms of drug and alcohol testing. Testing can be administered either by your program or by another entity you are in coordination with.

22. Do participants receive drug or alcohol testing to help monitor substance use and treatment progress?
   A. Yes/No (If No, skip to next section)

23. Is testing random (as opposed to scheduled in advance with program participant knowledge)?
   A. Yes/No

24. During the reporting period, how many program participants received at least one random drug or alcohol test? ________________

25. During the reporting period, how many program participants tested positive at least once from a random drug or alcohol test? ________________

TREATMENT SERVICES PROVIDED

This section focuses on program engagement with crisis and/or treatment services. Several studies indicate that maintained engagement improves participant outcomes with substance use treatments. However, there may be wide variation among CSCR efforts concerning what time lengths and activities constitute meaningful engagement toward program goals. Information from these questions should be interpreted in light of grantee program design and is not meant for comparisons across diverse programs.

26. On average, what is the estimated length of time it takes from when an individual is identified as having a mental illness and/or substance use disorder to begin receiving treatment services? ________________

27. Does your CSCR-funded program provide treatments targeted to users with specific types of drug or alcohol addiction? Select all that apply.
   A. Treatment is not targeted to specific type of drug or alcohol addiction
   B. Stimulants (cocaine, methamphetamine, bath salts, etc.)

SEMIANNUAL NARRATIVE QUESTIONS

In this module, you will identify the goals you hope to achieve with your funding. Once submitted, these goals cannot be changed without approval of your grant manager.

Set S M A R T goals to clarify the scope of your priorities:

- Specific
- Measurable
- Achievable
- Relevant
- Time-bound

If you have multiple goals, provide updates on each on separately.

Answer the following questions every semiannual reporting period (January and July of each year), based on your grant-funded activities.

1. What were your accomplishments during reporting period?

2. What goals were accomplished, as they relate to your grant application?

3. What problems/barriers did you encounter, if any, within the reporting period that prevented you from reaching your goals or milestones?

4. Is there any assistance that BJA can provide to address any problems/barriers identified in question 3?
   A. Yes/No
   B. If Yes, explain: ______________________________________________________________

5. Are you on track to complete your program fiscally and programmatically as outlined in your grant application?
   A. Yes/No
   B. If No, explain: ______________________________________________________________

6. What major activities are planned for the next 6 months?

7. Based on your knowledge of the criminal justice field, are there any innovative programs/accomplishments that you would like to share with BJA?

THANK YOU FOR PARTICIPATING!
