PROGRAM OVERVIEW
Fiscal Year 2022 Missing and Unidentified Human Remains Program

- Closing Date: August 29, 2022
- Posting Date: July 15, 2022
- Grants.gov Deadline: August 26, 2022

Program Background

- BJA’s Missing and Unidentified Human Remains (MUHR) Program is authorized under Jennifer’s Law that enables the Attorney General to increase state and local capacity through grant awards that improve the reporting of unidentified and missing persons.

- This new program was mandated by Congress for DOJ’s administration beginning in Fiscal Year 2022. The MUHR Program is duplicative of the National Institute of Justice’s - National Missing and Unidentified Persons System (NamUs) Program – in many respects but is a complimentary program to help the field.

- The MUHR Program is currently in the Fiscal Year 2023 budget mark of the House of Representatives in the amount of $5.5M.
Program Summary

• The MUHR Program provides funding to eligible applicants for services focused on reporting and identifying missing persons and unidentified human remains cases in the United States.

• The MUHR Program augments the existing services available under NamUs, which is a national centralized repository and resource center for locating and identifying missing persons, unidentified human remains, and repatriating unclaimed persons.
