Additional Eligibility Requirements

To advance Executive Order 13929 Safe Policing for Safe Communities, the Attorney General determined that all state, local, and university or college law enforcement agencies must be certified by an approved independent credentialing body or have started the certification process, to be eligible for FY 2022 DOJ discretionary grant funding. To become certified, the law enforcement agency must meet two mandatory conditions: (1) the agency's use-of-force policies adhere to all applicable federal, state, and local laws and (2) the agency's use-of-force policies prohibit chokeholds except in situations where use of deadly force is allowed by law. The certification requirement also applies to law enforcement agencies receiving DOJ discretionary grant funding through a subaward. For detailed information on this certification requirement, please visit <https://cops.usdoj.gov/SafePolicingEO> to access the Standards for Certification on Safe Policing for Safe Communities, the Implementation Fact Sheet, and the List of Designated Independent Credentialing Bodies.

Additional Eligibility Requirements

BJA will consider applications under which two or more entities would carry out the federal award; however, only one entity may be the applicant. Any others must be proposed as subrecipients (subgrantees).

For additional information on subawards, see the [OJP Grant Application Resource Guide](#).

Current TCCB TTA services scope focuses on community supervision and reentry

- Tribal Probation Academy to provide training to new tribal probation officers
- Intermediate training opportunities on evidence-based community supervision practices
- Ad hoc technical assistance to support community supervision capacity building
- Tribal Intergovernmental Reentry Workshop to provide participants with the tools they need to develop effective reentry plans
- Ad hoc technical assistance to support the implementation of effective community reintegration strategies

FY 22 TCCB TTA Program focuses on three components of the corrections continuum

1	Institutional Corrections	Plan, implement, or enhance effective, culturally competent practices and programming
2	Community Corrections/Supervision	Address community supervision training needs and practices
3	Reentry	Plan, implement, or enhance reentry programming strategies for tribal communities

Objectives

Support tribes that receive competitive grants under Purpose Area 3 of the Coordinated Tribal Assistance Solicitation (CTAS) that focus on institutional and community corrections and reentry from incarceration

Develop and deliver training, peer learning opportunities, and other resources to the tribal justice field on institutional and community corrections and reentry from incarceration into Indian Country

Deliverables

Individualized, efficient, and consistent delivery of TTA in order to get CTAS Purpose Area 3 grantees to accomplish their goals by the end of their project periods.

Develop individualized TTA work plans for each grantee based on the grantee's goals outlined in the funded application.

Assign each grantee a TTA coach to assess and identify grantee TTA needs.

The selected TTA providers must undertake efforts to anticipate, quickly identify, and address challenges that arise during TTA delivery.

All training provided with BJA funding must provide a mechanism for pre- and post-testing of knowledge and other assessment of impact.

Deliverables

TTA provider staff will have sufficient subject expertise to assist grantees in the execution of their projects. The staff should have the necessary technical skill sets and experience to effectively be able to coach grantees and assist them in reaching their goals.

There are occasions where an external expert will be required. To this end, the TTA provider must utilize a range of vetted tribal and/or national subject experts, including practitioners, academics, and federal partners.

As part of this oversight of staff and experts, the TTA provider must document a plan to ensure that it has a set of diverse staff, trainers, and/or subject matter experts that reflect a mix of experiences and perspectives.

Deliverables

The TTA provider must participate in ongoing collaboration and coordination.

Coordination in tribal jurisdictions.

Coordination across interest groups.

Coordination with federal partners.

Deliverables

The TTA provider should prioritize responses to requests from practitioners and assist unfunded applicants, in consultation with BJA.

Maintain a listserv of grantees, subgrantees, and key contacts responsible for undertaking grant and related activities, including interested tribal, state, and local contacts, and federal and national partners.

Deliverables

The TTA provider must serve as a thought leader and information clearinghouse for relevant research and best practices.

Create knowledge diffusion products (e.g., fact sheets, webinars) and disseminate them through BJA's networks.

Disseminate best practices and lessons learned by attending and presenting at national, state, local, tribal, or other conferences and events.

Convene grantee learning communities, based on their respective projects/programs, to explore best practices and lessons learned.

Deliverables

The TTA provider must proactively build field knowledge and capacity in the area of tribal corrections.

Assist grantees in the collection of performance measure data for submission to the Performance Measurement Tool.

Based on performance reporting trends and TTA needs assessments, propose to and work with BJA on tailoring the TTA strategy to meet emerging needs and trends.
