PROGRAM OVERVIEW
Initiative Overview

• BJA seeks to support *small* and *rural* agencies in their efforts to combat violent crime.
• This program will provide funding to small and/or rural agencies and/or to prosecutors who are interested in implementing or improving the capacity of their organization around one or more critical elements found in the *Violent Crime Reductions Operations Guide* or the *Prosecutors’ Guide to Reducing Violence and Building Safer Communities*. 
Activities

• Complete the *Violent Crime Reduction Operations Guide* online assessment tool.

• Select one or more of the critical elements within the Guide to improve capacity as part of an overall violent crime reduction strategy.

• Partner with a researcher or subject matter expert to monitor the activities identified for the project.
Activities (cont’d)

• Implement programming and activities that reflect an enhanced capacity, per the Guide.
• Deploy agency resources such as personnel, services, or analytical tools that meet the capacity enhancement goal.
• Document the development and implementation of strategies to reduce the violent crime problem(s) identified in the application.
• Track progress and outcomes.
• Additional program activities are outlined in the solicitation.
Violent Crime Reduction Operations Guide

• The Guide outlines Critical Elements that discuss important capabilities for any agency in its fight against violent crime, including the most essential, overarching element: leadership.

• Law enforcement leaders can use this Guide and its Critical Elements as a resource to assess their agency’s capacity and identify additional actions that can assist them in their fight against violent crime.
Violent Crime Reduction Operations Guide (cont’d)

• The Guide outlines the Critical Elements, essential components of crime-fighting strategies, in a format that can assist agency executives in determining their respective capacity in each of these areas.
Violent Crime Reduction Operations Guide Assessment Tool

• The purpose of this self-assessment tool is to help the responding agency identify areas in which it might want to increase its violent crime reduction capacities and capabilities.

• The tool is meant to help an agency identify a continuum of capacity and serve as a means for that agency to identify areas in which it may want to improve and build capacity.

APPLICATION RESOURCES
OJP Grant Application Resource Guide

SAM.gov Entity Validation Update

GSA implemented a new process to validate an entity's legal business name and physical address when requesting a unique Entity Identifier (UEI) for completing a SAM.gov entity registration. Due to a high volume of requests, entity validations are taking longer than expected to process. This validation process is now taking 7-10 business days, and in some cases, longer.

OJP strongly recommends starting your SAM.gov registration process as soon as possible to allow the time necessary to process entity validations well in advance of the Grants.gov due date posted in the solicitation. Read this FAQ for more information.

The Office of Justice Programs (OJP) Grant Application Resource Guide ("Guide") provides guidance to assist OJP grant applicants in preparing and submitting applications for OJP funding. It addresses a variety of policies, statutes, and regulations that apply to many (or in some cases, all) OJP program applicants, or to grants and cooperative agreements awarded in fiscal year (FY) 2023. Some OJP programs may have program solicitations that expressly modify a provision of this Guide; in such cases, the applicant is to follow the guidelines in the solicitation as to any such expressly modified provision.
