State and Local Terrorism Prevention Training and Technical Assistance National Initiative Program—Specific Information

This award is subject to the availability of appropriated funds and any modifications or additional requirements that may be imposed by law.

The training and technical assistance provider will be required to:

• Update and deliver terror prevention curricula for state, local, and tribal law enforcement. Such curricula must be customizable to specific jurisdictional or regional needs and include research- and experienced-based modules pertaining to foreign and domestic terror groups, terror precursors, disruption and prevention strategies, and other topics deemed relevant by BJA. At least four 4-day regionally-equitable (i.e., rural, tribal, regional, and metropolitan jurisdictions) sessions are required. Training must be delivered to law enforcement of various types and levels (e.g., command staff, patrol, investigators, etc.) and must be available for delivery in multiple formats (e.g., train-the-trainer, specialized workshops, etc.).

• Provide logistical support for at least two BJA events related to counter-terror topics. Logistical support includes agenda production, meeting facilitation, and travel reimbursement for non-federal participants. Non-federal participants that will require
reimbursement will not exceed 50 individuals per project period. Events will be held in the Washington, D.C. area.

- Develop and maintain a distance-learning, restricted-access online resource to complement classroom training.

- Update and maintain a public web site.

- Develop and deliver 30-40 terrorism training/briefing sessions on an ad hoc, BJA-assigned basis. Training/briefing session includes presentations at national, regional, and state conferences.

- Develop and deliver at least four train-the-trainer program to groups totaling 30-50 trainees each. Sessions will be held throughout the United States.

- Develop and disseminate written materials that support and complement the training sessions or clarify various elements of successful terror prevention. Written materials include in-house production of CD/DVD products. At least three new publications that are timely and relevant, as determined by BJA, must be produced and disseminated during the project period.

- Develop and maintain terror prevention technical assistance capacity to respond to requests from federal, state, local, and tribal law enforcement agencies as well as national and regional law enforcement policy organizations. This also includes responding to requests from universities and colleges with law enforcement training responsibilities and municipal or regional training academies.

- Develop and maintain an analytic capacity to monitor (using open-source material) terror activity to validate and modify training delivery and publication development. Identify emerging groups as well as changes in the tactics and strategies of previously known organizations intent on committing acts of terror within the United States.

- Continue the BJA Communities Against Terror (CAT) program. Based on deconstruction of previous acts of terror, the CAT program consists of outreach materials and publications that are designed to engage the business and service sectors in terror prevention. The successful applicant will receive the current edition of the CAT program to continue work in this area.

**Priority Consideration**

DOJ recognizes the critical, integral terror prevention role of state, local, and tribal law enforcement agencies. Because the threat of terror is persistent and immediate and the need for collaborative partnerships among federal, state, local, and tribal authorities is essential, priority consideration will be given to applicants that:

- Demonstrate significant experience in providing counter-terror training and technical assistance nationwide to federal, state, local, and tribal law enforcement.

- Document a thorough understanding of the state, local, and tribal law enforcement terror prevention role.

- Demonstrate an understanding of the pre-operational cycle of an act of terror and its relevance to state and local law enforcement prevention efforts.
• Demonstrate an ability to develop and support the analytic capability necessary to support
the cadre of trainers and trainees successfully completing the program.

• Demonstrate a history of working effectively with U.S. Attorneys’ Offices and other federal
law enforcement agencies.

• Document an established cadre of criminal justice researchers, experienced investigators,
and law enforcement managers and executives with experience at the federal, state and
local level.

• Demonstrate an ability to develop and maintain a proven distance-learning capacity.
Applicants should provide examples of previous or current distance-learning methodology.

• Demonstrate an ability to deliver training to multiple audience types (e.g., investigators,
patrol officers, etc.) and in multiple formats or delivery methods.

• Document an ability to modify training and technical assistance delivery to specific needs of
jurisdictions.

• Demonstrate an operational readiness within 60 days of the award.

In meeting these priority considerations, the successful applicant should provide curricula, cadre
lists, letters of support (for joint applications), and other indicia that meet the specifications.

**Amount and Length of Award**
One cooperative agreement for up to $3 million will be awarded for a project period of at least
12 months.

**Budget Information**

**Limitation on Use of Award Funds for Employee Compensation; Waiver:** No portion of any
award of more than $250,000 made under this solicitation may be used to pay total cash
compensation (salary plus bonuses) to any employee of the award recipient at a rate that
exceeds 110% of the maximum annual salary payable to a member of the Federal
government’s Senior Executive Service (SES) at an agency with a Certified SES Performance
Appraisal System for that year. (The 2009 salary table for SES employees is available at
http://www.opm.gov/oca/09tables/indexSES.asp.) Note: A recipient may compensate an
employee at a higher rate, provided the amount in excess of this compensation limitation is paid
with non-federal funds. (Any such additional compensation will not be considered matching
funds where match requirements apply.)

The limitation on compensation rates allowable under an award may be waived on an individual
basis at the discretion of the Assistant Attorney General (AAG) for the Office of Justice
Programs. An applicant that wishes to request a waiver must include a detailed justification in
the budget narrative of its application. Unless the applicant submits a waiver request and
justification with the application, the applicant should anticipate that OJP will request that the
applicant adjust and resubmit their budget. The justification should include: the particular
qualifications and expertise of the individual, the uniqueness of the service being provided, the
individual’s specific knowledge of the program or project being undertaken with award funds,
and a statement explaining that the individual’s salary is commensurate with the regular and
customary rate for an individual with his/her qualifications and expertise, and for the work that is to be done.

**Performance Measures**

To assist in fulfilling the Department’s responsibilities under the Government Performance and Results Act (GPRA), P.L. 103-62, applicants who receive funding under this solicitation must provide data that measures the results of their work. **Additionally, applicants must discuss in their application their methods for collecting data for performance measures. How To Apply

Applications will be submitted through OJP’s Grants Management System (GMS). GMS is a web-based, data-driven computer application that provides cradle to grave support for the application, award and management of grants at OJP. Applicants should begin the process immediately to meet the GMS registration deadline, especially if this is the first time they have used the system. Complete instructions on how to register and submit an application in GMS can be found at www.ojp.usdoj.gov/gmscbt/. If you experience technical difficulties at any point during this process, please e-mail GMSHelpDesk@usdoj.gov or call 1-888-549-9901 (option 3), Monday-Friday from 6:00 a.m.-12:00 midnight eastern time. The Office of Justice Programs highly recommends starting the registration process as early as possible to prevent delays in the application submission by the specified deadline.

All applicants are required to complete the following six steps:

1. **Acquire a DUNS Number.** A DUNS number is required to submit an application in GMS. The Office of Management and Budget requires that all businesses and nonprofit applicants for Federal funds include a DUNS (Data Universal Numbering System) number in their application for a new award or renewal of an existing award. A DUNS number is a unique nine-digit sequence recognized as the universal standard for identifying and keeping track of entities receiving Federal funds. The identifier is used for tracking purposes and to validate address and point of contact information for federal assistance applicants, recipients, and subrecipients. The DUNS number will be used throughout the grant life cycle. Obtaining a DUNS number is a free, one-time activity. Obtain a DUNS number by calling 1-866-705-5711 or by applying online at www.dunandbradstreet.com. Individuals are exempt from this requirement.

2. **Acquire or Renew Registration with the Central Contractor Registration (CCR) Database.** CCR registration is required to receive funding. OJP requires that all applicants (other than individuals) for federal financial assistance maintain current registrations in the Central Contractor Registration (CCR) database. The CCR database is the repository for standard information about federal financial assistance applicants, recipients, and subrecipients. Organizations that have previously submitted applications via Grants.gov are already registered with CCR, as it is a requirement for Grants.gov registration. Please note, however, that applicants must update or renew their CCR registration at least once per year to maintain an active status. Information about CCR registration procedures can be accessed at www.ccr.gov.

3. **Acquire a GMS Username and Password.** If you are a new user, please create a GMS profile by selecting the first time user link under the sign-in box of the GMS home page. For more information on how to register in GMS, go to www.ojp.usdoj.gov/gmscbt/.

4. **Search for the Funding Opportunity on GMS.** After you log-in to GMS or complete your GMS profile for your username and password, go to the Funding Opportunities link on the left hand side of the page. Please select BJA and the State, Local, and Tribal Terrorism Prevention Training and Technical Assistance National Initiative Program

5. **Select the Apply On-line Button Associated with the Solicitation Title.** The search results from step 4 will display the solicitation title along with the Registration and Application Deadlines for this funding opportunity. Please select the Apply On-line button in the Action Column to create an application in the system.
6. **Submit an Application Addressing All of the Requirements Outlined in this Solicitation by Following the Directions in GMS.** Once submitted, GMS will display a confirmation screen stating your submission was successful. **Important:** You are urged to submit your application at least 72 hours prior to the due date of the application.

**Note:** OJP's Grants Management System (GMS) does not accept executable file types as application attachments. These disallowed file types include, but are not limited to, the following extensions: 
-.com, -.bat, -.exe, -.vbs, -.cfg, -.dat, -.db, -.dbf, -.dll, -.ini, -.log, -.ora, -.sys, and -.zip.

**Experiencing Unforeseen GMS Technical Issues**

If you experience unforeseen GMS technical issues beyond your control which prevent you from submitting your application by the deadline, you must contact BJA staff **within 24 hours after the deadline** and request approval to submit your application. At that time, BJA staff will require you to email the complete grant application, your DUNS number, and provide a GMS Help Desk tracking number(s). After the program office reviews all of the information submitted as well as contacts the GMS Helpdesk to validate the technical issues you reported, OJP will contact you to either approve or deny your request to submit a late application. If the technical issues you reported cannot be validated, your application with be rejected as untimely.

To ensure a fair competition for limited discretionary funds, the following conditions are not valid reasons to permit late submissions: (1) failure to begin the registration process in sufficient time; (2) failure to follow GMS instructions on how to register and apply as posted on its web site; (3) failure to follow all of the instructions in the OJP solicitation; and (4) technical issues experienced with the applicant’s computer or information technology (IT) environment.

Notifications regarding known technical problems with GMS are posted on the OJP funding web page, [www.ojp.usdoj.gov/funding/solicitations.htm](http://www.ojp.usdoj.gov/funding/solicitations.htm).

**What an Application Must Include**

OJP strongly recommends use of appropriately descriptive file names (e.g., “Program Narrative,” “Budget and Budget Narrative,” “Timelines,” “Memoranda of Understanding,” “Resumes”) for all required attachments. Where resumes are required, OJP recommends that all resumes be included in a single file.

**Standard Form 424**

costs can be provided in a single document using this acceptable MS Word Budget template, available at www.ojp.usdoj.gov/BJA/funding/Budget_Worksheet_Narrative_Template.doc. Applicants may submit the budget and budget narrative in a different format (i.e., Excel spreadsheet), but it must contain all categories listed within the budget detail worksheet.
