

**Justice and Mental Health Collaboration Program
FY 2019 Competitive Grant Announcement**

June 19, 2019

This solicitation has been updated to extend the application deadline to July 15, 2019.
Thank you for your attention to this change.

U.S. Department of Justice
Office of Justice Programs
Bureau of Justice Assistance

The [U.S. Department of Justice](#) (DOJ), [Office of Justice Programs](#) (OJP) [Bureau of Justice Assistance](#) (BJA) is seeking applications for the Justice and Mental Health Collaboration Program. This program furthers the Department's priorities by providing support to law enforcement and other criminal justice agencies to partner with mental health agencies and reduce crime and recidivism associated with people with mental illnesses.

Justice and Mental Health Collaboration Program

FY 2019 Competitive Grant Announcement

Applications Due: July 15, 2019

Eligibility

Eligible applicants are states, units of local government, and federally recognized Indian tribal governments (as determined by the Secretary of the Interior). BJA will only accept applications that demonstrate that the proposed project will be administered jointly by an agency with responsibility for criminal or juvenile justice activities and a mental health agency.

Only one agency is responsible for the submission of the application in Grants.gov. This lead agency must be a state agency, unit of local government, or federally recognized Indian tribal government. Under this solicitation, only one application by any particular applicant entity will be considered. Any others must be proposed as subrecipients ("subgrantees").¹ An entity may, however, be proposed as a subrecipient (subgrantee) in more than one application. The applicant must be the entity that would have primary responsibility for carrying out the award, including administering the funding and managing the entire project.

Per Public Law 108-414, a "criminal or juvenile justice agency" is an agency of state or local government or its contracted agency that is responsible for detection, arrest, enforcement, prosecution, defense, adjudication, incarceration, probation, or parole relating to the violation of the criminal laws of that state or local government (sec. 2991(a)(3)). A "mental health agency" is an agency of state or local government or its contracted agency that is responsible for mental health services or co-occurring mental health and substance abuse services (sec. 2991(a)(5)). A substance abuse agency is considered an eligible applicant if that agency provides services to individuals with co-occurring mental illness and substance abuse.

All recipients and subrecipients (including any for-profit organization) must forgo any profit or management fee.

¹ For additional information on subawards, see "Budget and Associated Documentation" under [Section D. Application and Submission Information](#).

BJA may elect to fund applications submitted under this FY 2019 solicitation in future fiscal years, dependent on, among other considerations, the merit of the applications and on the availability of appropriations.

Deadline

Applicants must register with Grants.gov at <https://www.grants.gov/web/grants/register.html> prior to submitting an application. All applications are due by 11:59 p.m. eastern time on July 15, 2019.

To be considered timely, an application must be submitted by the application deadline using Grants.gov, and the applicant must have received a validation message from Grants.gov that indicates successful and timely submission. OJP urges applicants to submit applications at least 72 hours prior to the application due date, to allow time for the applicant to receive validation messages or rejection notifications from Grants.gov, and to correct in a timely fashion any problems that may have caused a rejection notification.

OJP encourages all applicants to read this [Important Notice: Applying for Grants in Grants.gov](#).

For additional information, see [How To Apply](#) in Section D. Application and Submission Information.

Contact Information

For technical assistance with submitting an application, contact the Grants.gov Customer Support Hotline at 800-518-4726, 606-545-5035, at <https://www.grants.gov/web/grants/support.html>, or at support@grants.gov. The Grants.gov Support Hotline operates 24 hours a day, 7 days a week, except on federal holidays.

An applicant that experiences unforeseen Grants.gov technical issues beyond its control that prevent it from submitting its application by the deadline must email the contact identified below **within 24 hours after the application deadline** to request approval to submit its application after the deadline. Additional information on reporting technical issues appears under "Experiencing Unforeseen Grants.gov Technical Issues" in the [How To Apply](#) section.

For assistance with any unforeseen Grants.gov technical issues beyond an applicant's control that prevent it from submitting its application by the deadline, or any other requirement of this solicitation, contact the National Criminal Justice Reference Service (NCJRS) Response Center: toll-free at 800-851-3420; via TTY at 301-240-6310 (hearing impaired only); email grants@ncjrs.gov; fax to 301-240-5830; or web chat at <https://webcontact.ncjrs.gov/ncjchat/chat.jsp>. The NCJRS Response Center hours of operation are 10:00 a.m. to 6:00 p.m. eastern time, Monday through Friday, and 10:00 a.m. to 8:00 p.m. eastern time on the solicitation close date.

Justice and Mental Health Collaboration Program FY 2019 Competitive Grant Announcement CFDA # 16.745

A. Program Description

Overview

The Justice and Mental Health Collaboration Program (JMHCP) supports cross-system collaboration to improve responses and outcomes for individuals with mental illnesses (MI) or co-occurring mental illness and substance abuse (CMISA) who come into contact with the justice system. This program supports officer and public safety and violence reduction through social service and other partnerships that will enhance and increase law enforcement responses to people with MI and CMISA.

Statutory Authority

This program is authorized by the Mentally Ill Offender Treatment and Crime Reduction Act of 2004 (MIOTCRA) (Public Law 108-414), and the Mentally Ill Offender Treatment and Crime Reduction Reauthorization and Improvement Act of 2008 (Public Law 110-416), as amended by the 21st Century Cures Act (Public Law 114-255). Additional authority for awards under this solicitation may be provided by the Consolidated Appropriations Act, 2019, Public Law No. 116-6, 133 Stat 13, 114.

Program-specific Information

There is a lack of effective community-based behavioral health crisis services which often causes law enforcement to be the de facto first responders to people in mental health crisis. In fact, law enforcement is often called for assistance and responds when no crime had been previously committed. A deficit in mental health crisis services and a lack of effective collaboration between criminal justice and mental health agencies cause a disproportionate number of people with mental illnesses to be arrested and placed in jails for longer than average stays. It also exposes law enforcement to potentially volatile circumstances.

BJA offers three specific categories for communities to access federal funding and technical assistance to develop solutions that will help address this problem.

Category 1 supports counties as they go through collaborative planning and implementation phases in improving their comprehensive response to people with mental illness that come into contact with the justice system.

Category 2 focuses on the interaction of law enforcement and people with mental illness. Applicants to this category generally are law enforcement agencies.

Category 3 invites projects from anywhere within the criminal justice system where that system may interact with people who have mental illness. Category 3 is a fairly wide open category of funding, and applicants range from agencies such as law enforcement, prosecution, courts, corrections, and parole and probation.

Prior to applying, applicants are encouraged to review [Reducing the Number of People with Mental Illnesses in Jail: Six Questions County Leaders Need to Ask](#) and [Police-Mental Health](#)

[Collaborations: A Framework for Implementing Effective Law Enforcement Responses for People Who Have Mental Health Needs](#) and/or complete the [Stepping Up County Self-Assessment Tool](#) to identify areas of priority focus for strategic planning through a Category 1 or 2 project and the implementation of Category 3 projects.

Objectives, Deliverables, and Activities by Funding Category

Category 1: Collaborative County Approaches to Reducing the Prevalence of Individuals with Serious Mental Illnesses in Jails. Competition ID: BJA-2019-15100

Objective

Through a two-phase process consisting of planning and implementation, grantees will develop a systemwide coordinated approach to safely reduce the prevalence of low risk individuals with MI and CMISA in local jails. The application must address what activities will be funded under both the planning and implementation phases of the grant award period.

Deliverables and Activities

Phase 1- Planning: Up to \$100,000 of grant funds may be used to follow and document the steps laid out in the Category 1 Planning and Implementation (P&I) Guide at <https://csgjusticecenter.org/mental-health/posts/fy2018-planning-and-implementation-guide-for-jmhcp-category-1-grantees/>. BJA will provide no-cost, customized training and technical assistance to support this phase. This phase is estimated to require 8 months of the grant period to complete (to begin after OJP provides final budget approval). At the conclusion of Phase 1, the grantee will have a BJA-approved P&I Guide that will assist it in addressing the unique nature of its justice and mental health issues.

During Phase 1, grant funds may be used to support the following activities:

1. Establish a team (or utilize a pre-existing team) of county leaders, relevant stakeholders, and decision makers from multiple agencies to engage in the planning process.
2. Develop a plan to conduct timely screening and assessments for MI and CMISA and for risk of recidivism.
3. Establish baselines for four key outcome measures: (1) the number of people with MI and CMISA booked into jail, (2) their average length of stay, (3) percentage of people connected to treatment, and (4) their recidivism rates.
4. Conduct a comprehensive process analysis and inventory of services to determine existing policies, practices, programs, and treatments; and identify service capacity and gaps as well as evidence-based programs and practices.
5. Prioritize policy, practice, and funding improvements and estimate the impact of new strategies.
6. Establish a process for tracking the impact of the plan on the four key outcomes. (Applicants may consider engaging a research partner/evaluator to ensure outcomes are being evaluated effectively.)
7. Design a data-integration/data-matching system between jails and community service providers to better understand patterns of people considered “high utilizers” of multiple crisis systems.

Phase 2- Implementation: Upon BJA approval of the P&I Guide developed in Phase 1, the grantee will be authorized to spend the remaining grant funds on directly related implementation activities.

Category 2: Strategic Planning for Law Enforcement and Mental Health Collaboration.
Competition ID: BJA-2019-15101

Objectives

1. Effectively utilize law enforcement's and community service provider's time by planning new approaches or enhanced responses to calls for service regarding people with mental illness.
2. Improve officer and civilian safety during calls for service involving people with MI and CMISA.

Deliverables and Activities

Grant funds may be used to support the following activities:

1. Establish an interagency workgroup including law enforcement, behavioral health, and all other major stakeholders (e.g., 911 and dispatch, hospitals, courts, corrections, and housing).
2. Designate a law enforcement agency project coordinator in a position of authority to review data on performance and adherence to policies and procedures, ensure day-to-day operations are in line with the PMHC mission, and coordinate partner outreach.
3. Review (and revise as needed) existing protocols to respond to people who have MI and CMISA, including interagency agreements, screening and guidance for mental health calls for service, and information sharing.
4. Review (and revise as needed) existing officer mental health training to manage and defuse encounters with people exhibiting MI and CMISA. Include call-takers/dispatch training and provide options to inform and aid responding officers through the use of such options as premise-alert forms at <http://papremisealert.com/us/wp-content/uploads/Microsoft-Word-Premise-Alert-Form-8-13.doc.pdf>.
5. Assess existing behavioral care resources (e.g., crisis hotlines, mobile outreach, crisis facilities, outpatient treatment, etc.), identify gaps in services, and prioritize behavioral health resources for the PMHC strategy.
6. Assess the ability to track mental health-related calls for service and dispositions (e.g., repeat calls for the same individuals, duration of calls for service) and develop additional capacity to analyze and track.
7. Design data-integration/data-matching systems between law enforcement and community service providers to better understand patterns of people considered "high utilizers" of multiple services such as healthcare, housing, and use of EMS to improve and increase coordination, response, and community capacity.
8. Organize, with technical assistance, a team of at least 2 collaborative project partners—1 law enforcement and 1 mental health partner representative—to travel and engage in peer-to-peer learning with 1 of 10 BJA-established Law Enforcement Mental Health Collaboration learning sites as part of the strategic planning process.²
9. Develop a process for reviewing and improving performance data to promote additional PMHC capacity and long-term sustainability.

Category 3: Planning, Implementation, and Expansion Competition. ID: BJA-2019-15102

Objective

In order to increase public safety and reduce recidivism among high risk people with MI and CMISA, Category 3 funds law enforcement, prosecution, court-based, corrections, and/or parole

² <https://csgjusticecenter.org/law-enforcement/projects/mental-health-learning-sites/>

and probation initiatives. The grant application will address activities to be funded under two phases of the grant award period: planning and implementation.

Deliverables and Activities

Phase 1- Planning: Up to \$150,000 of grant funds may be used to follow and document the steps laid out in the Category 3 Planning and Implementation (P&I) Guide at <https://csgjusticecenter.org/mental-health/posts/implementation-guide-for-jmhcp-category-3-grantees/>. BJA will provide no-cost, customized training and technical assistance to support this phase. This phase is estimated to require 6 months of the grant period to complete (beginning after the grantee receives OJP budget approval). At the conclusion of Phase 1, the grantee will have a P&I Guide that will assist it in completing the project.

Phase 2- Implementation: After BJA approves the P&I Guide developed by the grantee during Phase 1, remaining grant funds may be used to support the following activities:

1. Training for criminal justice, mental health, and substance misuse treatment personnel.

- Specialized and comprehensive training for law enforcement personnel, through state academies and local departments, on procedures to identify and respond appropriately to incidents in which individuals with mental illness are involved, such as Crisis Intervention Team training³ or other PMHC model.⁴
- Training staff, including supervising officers, to provide highly specialized and skilled evidence-based services targeting mental health and criminogenic needs.
- Cross-system training of criminal justice personnel and community-based mental health and substance abuse providers. Training should facilitate collaboration and enhance the competency of personnel working with individuals who have MI in the criminal justice system. Training areas may include behavioral health and criminogenic risk and needs, case management, trauma-informed care, crisis responses, and integrated treatment and supervision strategies.

2. **Screening, assessment, and information-sharing processes** to identify individuals with MI or CMISA in order to appropriately inform decisionmaking and prioritize limited resources and identify needed capacity. A criminogenic risk/need assessment must be completed for all program participants.

3. **Developing specialized caseloads** for people on community supervision with more significant mental health needs and higher risk of reoffending. For law enforcement, this could include implementing or enhancing a crisis or receiving center for individuals in the custody of law enforcement to assess for MI or CMISA treatment needs.

4. **Case management and service coordination** including evidence-based treatment models that are tailored to meet the assessed mental health, substance abuse, and criminogenic needs of the target population; case management and service coordination; or evidence-based or promising mental health treatment practices shown to improve clinical outcomes for people with serious mental illnesses.⁵

³ In 2018 BJA made publicly available: Effective Community Responses to Mental Health Crisis, A National Curriculum for Law Enforcement, www.bja.gov/CITmaterials

⁴ The PMHC toolkit provides information regarding designing a model strategy for police and their mental health partners: <https://pmhctoolkit.bja.gov/>.

⁵ OJP's CrimeSolutions.gov website is one resource that applicants may use to find information about evidence-based programs in criminal justice, juvenile justice, and crime victim services; See also The National Registry of Evidence-Based Programs and Practices. Note that programs listed in CrimeSolutions.gov does not mean a strategy is "recommended" or that it has been demonstrated to achieve positive results in all circumstances. Applicants must document that the selected practice is appropriate for the specific target population and purposes of their projects.

5. **Information sharing** within and across criminal justice and behavioral health treatment agencies to make eligibility determinations, and ensure direct connections to treatment services in the community. For law enforcement this could include developing or enhancing computerized information systems to provide timely information to law enforcement, which can foster the systematic analysis of incidents involving people with MI and CMISA.

Category 1 Priority Considerations

Priority consideration will be given to jurisdictions able to demonstrate one or more of the following.

- a) Passed a resolution (a template resolution can be found at: <https://stepuptogether.org/stepping-up-initiative-county-resolution-template>.)
 - b) Completed the [Stepping Up Assessment Tool](#)
 - c) Established a representative planning team or criminal justice coordinating council comprised of key leaders from the justice and behavioral health systems
 - d) Assigned a project coordinator to work across agencies to manage the planning process
 - e) Partnered with a local research organization/university to assist with local evaluation, data collection, or performance measurement

Please visit the Stepping Up website at <https://stepuptogether.org/> for information about each of these considerations.

Category 3 Priority Considerations

1. Program Evaluation

To determine program effectiveness, BJA strongly urges applicants to consider a partnership with a local research organization or university that can objectively assist with data collection, performance measurement, and local evaluation.

2. Provision of Services for Female Offenders

Consistent with the Mentally Ill Offender Treatment and Crime Reduction Reauthorization and Improvement Act of 2008 ([Sec. 3 \(c\)\(2\)](#)), priority will be given to applications that promote effective strategies for identification and treatment of female offenders with MI and CMISA.

Legally Required Target Population Requirements for Category 3 Applicants Proposing to Provide Direct Services

Current research points toward the “Risk-Need-Responsivity” (RNR) model for how corrections and judicial authorities should identify and prioritize individuals to receive appropriate interventions. Priority should be given to those at higher risk for recidivism and higher criminogenic need, as determined by validated actuarial risk and need assessment. [Per the 21st Century Cures Act \(§ 14028 \(a\)\(2\)\(9\)\)](#), grant funds must be used to support a target population that includes adults or juveniles who:

- Have been diagnosed as having MI or CMISA or manifest obvious signs of MI or CMISA during arrest or confinement or before any court;
- Have been unanimously approved for participation in a program funded under this solicitation by (as appropriate) the relevant prosecuting attorney, defense attorney, probation or corrections official, judge, and a representative from the relevant mental

health agency, and having been determined by each of these relevant individuals to not pose a risk of violence to any person in the program, or the public⁶; and

- Have not been charged with or convicted of any sex offense (as defined at 34 U.S.C. §20911) or any offense relating to the sexual exploitation of children, or murder or assault with intent to commit murder.

The objectives and deliverables are directly related to the performance measures that demonstrate the results of the work completed, as set out in [Section D. Application and Submission Information](#), under "Program Narrative."

Evidence-based Programs or Practices

OJP strongly emphasizes the use of data and evidence in policy making and program development in criminal justice, juvenile justice, and crime victim services. OJP is committed to:

- Improving the quantity and quality of evidence OJP generates.
- Integrating evidence into program, practice, and policy decisions within OJP and the field.
- Improving the translation of evidence into practice.

OJP considers programs and practices to be evidence-based when their effectiveness has been demonstrated by causal evidence, generally obtained through one or more outcome evaluations. Causal evidence documents a relationship between an activity or intervention (including technology) and its intended outcome, including measuring the direction and size of a change, and the extent to which a change may be attributed to the activity or intervention. Causal evidence depends on the use of scientific methods to rule out, to the extent possible, alternative explanations for the documented change. The strength of causal evidence, based on the factors described above, will influence the degree to which OJP considers a program or practice to be evidence-based.

The OJP CrimeSolutions.gov website at <https://www.crimesolutions.gov> is one resource that applicants may use to find information about evidence-based programs in criminal justice, juvenile justice, and crime victim services.

Information Regarding Potential Evaluation of Programs and Activities

The Department of Justice has prioritized the use of evidence-based programming and deems it critical to continue to build and expand the evidence informing criminal and juvenile justice programs to reach the highest level of rigor possible. Therefore, applicants should note that the OJP may conduct or support an evaluation of the programs and activities funded under this solicitation. Recipients and sub-recipients will be expected to cooperate with program-related

⁶ For court-based programs, in addition to the requirements listed above, in determining a defendant's eligibility for participation in a program funded under this solicitation, the relevant prosecuting attorney, defense attorney, probation or corrections official, judge, and mental health or substance abuse agency representative must take into account the following considerations: (1) whether the participation of the defendant in the program would pose a substantial risk of violence to the community; (2) the criminal history of the defendant and the nature and severity of the offense for which the defendant is charged; (3) the views of any relevant victims to the offense; (4) the extent to which the defendant would benefit from participation in the program; (5) the extent to which the community would realize cost savings because of the defendant's participation in the program; and (6) whether the defendant satisfies the eligibility criteria for program participation unanimously established by the relevant prosecuting attorney, defense attorney, probation or corrections official, judge, and mental health or substance abuse agency representative.

assessments or evaluation efforts, including through the collection and provision of information or data requested by OJP (or its designee) for the assessment or evaluation of any activities and/or outcomes of those activities funded under this solicitation. The information or data requested may be in addition to any other financial or performance data already required under this program.

Encouraging Program Investments in Economically-Distressed Communities (Qualified Opportunity Zones)

Under this program, OJP will, as appropriate, give priority consideration in award decisions to applications that propose projects that directly benefit federally designated Qualified Opportunity Zones (QOZ).⁷ In order to assist OJP in considering this factor, applicants should include information in the application that specifies how the project will generate information about enhancing public safety in the specified QOZs. For resources on QOZs, and for a current list of designated QOZs, see the U.S. Department of the Treasury's resource webpage, accessible at <https://www.cdfifund.gov/pages/opportunity-zones.aspx>.

B. Federal Award Information

BJA expects to make up to 57 awards for an estimated total of \$23,000,000. Specific award amounts and performance periods are identified below.

BJA may, in certain cases, provide additional funding in future years to awards made under this solicitation, through continuation awards. In making decisions regarding continuation awards, OJP will consider, among other factors, the availability of appropriations, when the program or project was last competed, OJP's strategic priorities, and OJP's assessment of both the management of the award (for example, timeliness and quality of progress reports), and the progress of the work funded under the award.

All awards are subject to the availability of appropriated funds and to any modifications or additional requirements that may be imposed by law.

Category 1: Collaborative County Approaches to Reducing the Prevalence of Individuals with Serious Mental Illnesses in Jails

Grant amount: Up to \$300,000 for jurisdictions with populations fewer than 100,000, up to \$400,000 for jurisdictions with populations between 100,000 and 499,999, and up to \$500,000 for jurisdictions with populations of 500,000 or more. Project period: 24 months. Competition ID: BJA-2019-15100

Category 2: Strategic Planning For Law Enforcement and Mental Health Collaboration

Grant amount: Up to \$100,000. Project period: 24 months. Competition ID: BJA-2019-15101

Category 3: Implementation and Expansion

Grant amount: Up to \$750,000. Project period: 36 months. Competition ID: BJA-2019-15102

Type of Award

BJA expects to make any award under this solicitation in the form of a grant. See Administrative, National Policy, and Other Legal Requirements, under [Section F. Federal Award](#)

⁷ See Public Law 115-97, Title I, Subtitle C, Part IX, Subpart B, Sec. 13823.

[Administration Information](#), for a brief discussion of important statutes, regulations, and award conditions that apply to many (or in some cases, all) OJP grants.

Financial Management and System of Internal Controls

Award recipients and subrecipients (including recipients or subrecipients that are pass-through entities⁸) must, as described in the Part 200 Uniform Requirements⁹ as set out at 2 C.F.R. 200.303:

- a) Establish and maintain effective internal control over the Federal award that provides reasonable assurance that [the recipient (and any subrecipient)] is managing the Federal award in compliance with Federal statutes, regulations, and the terms and conditions of the Federal award. These internal controls should be in compliance with guidance in “Standards for Internal Control in the Federal Government” issued by the Comptroller General of the United States and the “Internal Control Integrated Framework”, issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO).
- b) Comply with Federal statutes, regulations, and the terms and conditions of the Federal awards.
- c) Evaluate and monitor [the recipient’s (and any subrecipient’s)] compliance with statutes, regulations, and the terms and conditions of Federal awards.
- d) Take prompt action when instances of noncompliance are identified including noncompliance identified in audit findings.
- e) Take reasonable measures to safeguard protected personally identifiable information and other information the Federal awarding agency or pass-through entity designates as sensitive or [the recipient (or any subrecipient)] considers sensitive consistent with applicable Federal, state, local, and tribal laws regarding privacy and obligations of confidentiality.

To help ensure that applicants understand the applicable administrative requirements and cost principles, OJP encourages prospective applicants to enroll, at no charge, in the DOJ Grants Financial Management Online Training, available at <https://onlinegfmt.training.ojp.gov/>. This training is required for all OJP award recipients.

Also, applicants should be aware that OJP collects information from applicants on their financial management and systems of internal controls (among other information) which is used to make award decisions. Under [Section D. Application and Submission Information](#), applicants may access and review a questionnaire—the [OJP Financial Management and System of Internal Controls Questionnaire](#)—that OJP requires **all** applicants (other than an individual applying in his/her personal capacity) to download, complete, and submit as part of the application.

⁸ For purposes of this solicitation, the phrase “pass-through entity” includes any recipient or subrecipient that provides a subaward (“subgrant”) to a subrecipient (subgrantee) to carry out part of the funded award or program. Additional information on proposed subawards is listed under [What an Application Should Include](#), Section 4c of this solicitation.

⁹ The “Part 200 Uniform Requirements” means the DOJ regulation at 2 C.F.R Part 2800, which adopts (with certain modifications) the provisions of 2 C.F.R. Part 200.

Budget Information

Applicants for Categories 1 and 3 must adequately explain their inability to fund the collaboration program without federal assistance; specify how the federal support will be used to supplement, and not supplant, state, local, Indian tribe, or tribal organization sources of funding that would otherwise be available, including billing third-party resources for services already covered. Outline plans for obtaining the necessary support to continue the proposed collaboration program following federal support.

For questions pertaining to budget and examples of allowable and unallowable costs, see the DOJ Grants Financial Guide at <https://ojp.gov/financialguide/DOJ/index.htm>.

Additional budget requirements:

- For all applicants, include the amount and source of matching funding (see below).
- Category 1 and 3 applicants must set aside an adequate amount of funding to implement a data collection plan.
- Category 1 applicants should structure their budgets to allocate a portion of the budget (up to \$100,000 of the total grant award) to complete and submit the required Planning and Implementation Guide within 8 months of receiving final OJP approval of the project budget. Program budget approval and coordination with a technical assistance coordinator are required to complete and submit the P&I Guide.
- Category 3 applicants should structure their budgets to allocate a portion of the budget (up to \$150,000 of the total grant award) to complete and submit the required Planning and Implementation Guide within 6 months of receiving final OJP approval of the project budget. Program budget approval and coordination with a technical assistance coordinator are required to complete and submit the P&I Guide.

Cost Sharing or Matching Requirement (cash or in-kind)

Federal funds awarded under this solicitation may not cover more than 80 percent of the total costs of the project for project years 1 and 2, and 60 percent of the total costs of the project for project year 3. An applicant must identify the source of the 20 percent non-federal portion¹⁰ of the total project costs for projects years 1 and 2, and how it will use match funds. In addition, applicants in category 3 proposing a 3rd project year must identify the source of the 40 percent non-federal portion of year 3 project costs, and how it will use match funds. If a successful applicant's proposed match exceeds the required match amount, and OJP approves the budget, the total match amount incorporated into the approved budget becomes mandatory and subject to audit. ("Match" funds may be used only for purposes that would be allowable for the federal funds.) Recipients may satisfy this match requirement with either cash or in-kind services. See the DOJ Grants Financial Guide at <https://ojp.gov/financialguide/DOJ/PostawardRequirements/chapter3.3b.htm> for examples of "in-kind" services. The formula for calculating the match is:

¹⁰ Indian tribes and tribal organizations that otherwise are eligible for an award may be able to apply certain types of funds received from the federal government (for example, certain funds received under an Indian "self-determination contract") to satisfy all or part of a required "non-federal" match.

$$\frac{\text{Federal Award Amount}}{\text{Federal Share Percentage}} = \text{Adjusted (Total) Project Costs}$$

Required Recipient's Share Percentage x Adjusted Project Cost = Required Match

Example: 80%/20% match requirement: for a federal award amount of \$600,000 **under Category 3**, calculate match as follows:

$$\frac{\$600,000}{80\%} = \$750,000 \quad 20\% \times \$750,000 = \$150,000 \text{ match}$$

Example: 60%/40% match requirement: for a federal award amount of \$350,000 **under Category 3**, calculate match as follows:

$$\frac{\$350,000}{60\%} = \$583,333 \quad 40\% \times \$583,333 = \$233,333 \text{ match}$$

Example: 25%/75% match requirement: for a federal award amount of \$350,000 **under Category 3**, in year 4, calculate match as follows:

$$\frac{\$350,000}{25\%} = \$1,400,000 \quad 75\% \times \$1,400,000 = \$1,050,000 \text{ match}$$

Pre-agreement Costs (also known as Pre-award Costs)

Pre-agreement costs are costs incurred by the applicant prior to the start date of the period of performance of the federal award.

OJP does **not** typically approve pre-agreement costs; an applicant must request and obtain the prior written approval of OJP for all such costs. All such costs incurred prior to award and prior to approval of the costs are incurred at the sole risk of the applicant. (Generally, no applicant should incur project costs *before* submitting an application requesting federal funding for those costs.) Should there be extenuating circumstances that make it appropriate for OJP to consider approving pre-agreement costs, the applicant may contact the point of contact listed on the title page of this solicitation for the requirements concerning written requests for approval. If approved in advance by OJP, award funds may be used for pre-agreement costs, consistent with the recipient's approved budget and applicable cost principles. See the section on Costs Requiring Prior Approval in the DOJ Grants Financial Guide at <https://ojp.gov/financialguide/DOJ/index.htm> for more information.

Limitation on Use of Award Funds for Employee Compensation; Waiver

With respect to any award of more than \$250,000 made under this solicitation, a recipient may not use federal funds to pay total cash compensation (salary plus cash bonuses) to any employee of the recipient at a rate that exceeds 110 percent of the maximum annual salary payable to a member of the federal government's Senior Executive Service (SES) at an agency with a Certified SES Performance Appraisal System for that year.¹¹ The 2019 salary table for SES employees is available on the Office of Personnel Management website at <https://www.opm.gov/policy-data-oversight/pay-leave/salaries-wages/salary-tables/19Tables/exec/html/ES.aspx>. Note: A recipient may compensate an employee at a

¹¹ OJP does not apply this limitation on the use of award funds to the nonprofit organizations listed in Appendix VIII to 2 C.F.R. Part 200.

greater rate, provided the amount in excess of this compensation limitation is paid with non-federal funds. (Non-federal funds used for any such additional compensation will not be considered matching funds, where match requirements apply.) If only a portion of an employee's time is charged to an OJP award, the maximum allowable compensation is equal to the percentage of time worked times the maximum salary limitation.

The Assistant Attorney General for OJP may exercise discretion to waive, on an individual basis, this limitation on compensation rates allowable under an award. An applicant that requests a waiver should include a detailed justification in the Budget Narrative of its application. An applicant that does not submit a waiver request and justification with its application should anticipate that OJP will require the applicant to adjust and resubmit the budget.

The justification should address, in the context of the work the individual would do under the award, the particular qualifications and expertise of the individual, the uniqueness of a service the individual will provide, the individual's specific knowledge of the proposed program or project, and a statement that explains whether and how the individual's salary under the award would be commensurate with the regular and customary rate for an individual with his/her qualifications and expertise, and for the work he/she would do under the award.

Prior Approval, Planning, and Reporting of Conference/Meeting/Training Costs

OJP strongly encourages every applicant that proposes to use award funds for any conference-, meeting-, or training-related activity (or similar event) to review carefully—before submitting an application—the OJP and DOJ policy and guidance on approval, planning, and reporting of such events, available at

<https://www.ojp.gov/financialguide/DOJ/PostawardRequirements/chapter3.10a.htm>. OJP policy and guidance (1) encourage minimization of conference, meeting, and training costs; (2) require prior written approval (which may affect project timelines) of most conference, meeting, and training costs for cooperative agreement recipients, as well as some conference, meeting, and training costs for grant recipients; and (3) set cost limits, which include a general prohibition of all food and beverage costs.

Costs Associated with Language Assistance (if applicable)

If an applicant proposes a program or activity that would deliver services or benefits to individuals, the costs of taking reasonable steps to provide meaningful access to those services or benefits for individuals with limited English proficiency may be allowable. Reasonable steps to provide meaningful access to services or benefits may include interpretation or translation services, where appropriate.

For additional information, see the "Civil Rights Compliance" section under "[Overview of Legal Requirements Generally Applicable to OJP Grants and Cooperative Agreements - FY 2018 Awards](#)" in the OJP Funding Resource Center at <https://ojp.gov/funding/index.htm>.

C. Eligibility Information

For eligibility information, see title page.

For information on cost sharing or match requirements, see [Section B. Federal Award Information](#).

D. Application and Submission Information

What an Application Should Include

This section describes in detail what an application should include. An applicant should anticipate that if it fails to submit an application that contains all of the specified elements, it may negatively affect the review of its application; and, should a decision be made to make an award, it may result in the inclusion of award conditions that preclude the recipient from accessing or using award funds until the recipient satisfies the conditions and OJP makes the funds available.

Moreover, an applicant should anticipate that an application that OJP determines is nonresponsive to the scope of the solicitation, or that OJP determines does not include the application elements that BJA has designated to be critical, will neither proceed to peer review, nor receive further consideration. For this solicitation, BJA has designated the following application elements as critical: Program Narrative, Budget Detail Worksheet, and Budget Narrative.

NOTE: OJP has combined the Budget Detail Worksheet and Budget Narrative in a single document collectively referred to as the Budget Detail Worksheet. See “Budget Information and Associated Documentation” below for more information about the Budget Detail Worksheet and where it can be accessed.

OJP strongly recommends that applicants use appropriately descriptive file names (e.g., “Program Narrative,” “Budget Detail Worksheet,” “Timelines,” “Memoranda of Understanding,” “Résumés”) for all attachments. Also, OJP recommends that applicants include résumés in a single file.

Please review the “Note on File Names and File Types” under [How To Apply](#) to be sure applications are submitted in permitted formats.

1. Information to Complete the Application for Federal Assistance (SF-424)

The SF-424 is a required standard form used as a cover sheet for submission of pre-applications, applications, and related information. Grants.gov and the OJP Grants Management System (GMS) take information from the applicant’s profile to populate the fields on this form. When selecting “type of applicant,” if the applicant is a for-profit entity, select “For-Profit Organization” or “Small Business” (as applicable).

To avoid processing delays, an applicant must include an accurate legal name on its SF-424. On the SF-424, current OJP award recipients, when completing the field for “Legal Name” (box 8a), should use the same legal name that appears on the prior year award document (which is also the legal name stored in OJP’s financial system.) Also, current recipients should enter the Employer Identification Number (EIN) in box 8b exactly as it appears on the prior year award document. An applicant with a current, active award(s) must ensure that its GMS profile is current. If the profile is not current, the applicant should submit a Grant Adjustment Notice updating the information on its GMS profile prior to applying under this solicitation.

A new applicant entity should enter its official legal name in box 8a, its address in box 8d, its EIN in box 8b, and its Data Universal Numbering System (DUNS) number in box 8c of the SF-424. A new applicant entity should attach official legal documents to its application (e.g.,

articles of incorporation, 501(c)(3) status documentation, organizational letterhead, etc.) to confirm the legal name, address, and EIN entered into the SF-424. OJP will use the System for Award Management (SAM) to confirm the legal name and DUNS number entered in the SF-424; therefore, an applicant should ensure that the information entered in the SF-424 matches its current registration in SAM. See the [How To Apply](#) section for more information on SAM and DUNS numbers.

Intergovernmental Review: This solicitation ("funding opportunity") **is not** subject to [Executive Order 12372](#). (In completing the SF-424, an applicant is to answer question 19 by selecting the response that the "Program is not covered by E.O. 12372.")

2. Project Abstract

Applications should include a high quality project abstract that summarizes the proposed project in 400 words or less. Project abstracts should be:

- Written for a general public audience.
- Submitted as a separate attachment with "Project Abstract" as part of its file name.
- Single-spaced, using a standard 12-point font (such as Times New Roman) with 1-inch margins.

In addition, the abstract must:

- Clearly identify the funding category.
- Identify if a priority consideration will be addressed in the application such as: use of criminogenic and violence risk assessments to identify and prioritize treatment and case management services for individuals at risk for committing future violence; program evaluation; and/or provision of services for female offenders. (Priority considerations are addressed on page 8.)
- Include the names of the lead applicant and the partner applicant (justice and mental health agencies); if applicable, the target population and the proposed number of individuals the applicant plans to serve; the jurisdiction's population and demographic characteristics; a brief description of how the applicant plans to address the problem, including CMISA related to opioid use; and the amount of federal funding requested.

For all categories, please also indicate in the Project Abstract whether the applicant is a previous recipient of JMHCP grant funds and include the award number.

As a separate attachment, the project abstract will **not** count against the page limit for the program narrative.

3. Program Narrative

The program narrative must respond to the solicitation and the Selection Criteria (a–e) in the order given. The program narrative must be double-spaced, using a standard 12-point font (Times New Roman is preferred) with 1-inch margins, and must not exceed **10** pages.

Please number pages "1 of 10," "2 of 10," etc. If the program narrative fails to comply with these length-related restrictions, BJA may consider such noncompliance in peer review and in final award decisions.

The following sections should be included as part of the program narrative¹²:

¹² For information on subawards (including the details on proposed subawards that should be included in the application), see "Budget and Associated Documentation" under [Section D. Application and Submission Information](#).

- a. Description of the Issue
- b. Project Design and Implementation
- c. Capabilities and Competencies
- d. Plan for Collecting the Data Required for this Solicitation's Performance Measures

OJP will require each successful applicant to submit regular performance data that demonstrate the results of the work carried out under the award (see "[General Information about Post-Federal Award Reporting Requirements](#)" in [Section F. Federal Award Administration Information](#)). The performance data directly relate to the objectives and deliverables identified under "Objectives and Deliverables" in [Section A. Program Description](#).

Applicants should visit OJP's performance measurement page at www.ojp.gov/performance for an overview of performance measurement activities at OJP. The application should demonstrate the applicant's understanding of the performance data reporting requirements for this grant program and detail how the applicant will gather the required data should it receive funding.

Please note that applicants are **not** required to submit performance data with the application. Performance measures information is included as an alert that successful applicants will be required to submit performance data as part of the reporting requirements under an award.

Award recipients will be required to provide the relevant data by submitting quarterly performance metrics through BJA's online Performance Measurement Tool (PMT) located at bjapmt.ojp.gov. Applicants should examine the complete list of Performance measures for JMHCP at <https://bjapmt.ojp.gov/help/JMHCPMeasuresPlanning2016.pdf>.

- e. Plan for Measuring Program Success to Inform Plan for Sustainment

Note on Project Evaluations

An applicant that proposes to use award funds through this solicitation to conduct project evaluations should be aware that certain project evaluations (such as systematic investigations designed to develop or contribute to generalizable knowledge) may constitute "research" for purposes of applicable DOJ human subjects protection regulations. However, project evaluations that are intended only to generate internal improvements to a program or service, or are conducted only to meet OJP's performance measure data reporting requirements, likely do not constitute "research." Each applicant should provide sufficient information for OJP to determine whether the particular project it proposes would either intentionally or unintentionally collect and/or use information in such a way that it meets the DOJ definition of research that appears at 28 C.F.R. Part 46 ("Protection of Human Subjects").

"Research," for purposes of human subjects protection for OJP-funded programs, is defined as "a systematic investigation, including research development, testing and evaluation, designed to develop or contribute to generalizable knowledge." 28 C.F.R. 46.102(d).

For additional information on determining whether a proposed activity would constitute research for purposes of human subjects protection, applicants should consult the decision tree in the “Research and the protection of human subjects” section of the “[Requirements related to Research](#)” webpage of the “[Overview of Legal Requirements Generally Applicable to OJP Grants and Cooperative Agreements - FY 2018 Awards](#),” available through the OJP Funding Resource Center at <https://ojp.gov/funding/index.htm>. Every prospective applicant whose application may propose a research or statistical component also should review the “Data Privacy and Confidentiality Requirements” section on that webpage.

4. Budget and Associated Documentation

The Budget Detail Worksheet and the Budget Narrative are now combined in a single document collectively referred to as the Budget Detail Worksheet. The Budget Detail Worksheet is a user-friendly, fillable, Microsoft Excel-based document designed to calculate totals. Additionally, the Excel workbook contains worksheets for multiple budget years that can be completed as necessary. **All applicants should use the Excel version when completing the proposed budget in an application, except in cases where the applicant does not have access to Microsoft Excel or experiences technical difficulties.** If an applicant does not have access to Microsoft Excel or experiences technical difficulties with the Excel version, then the applicant should use the 508-compliant accessible Adobe Portable Document Format (PDF) version.

Both versions of the Budget Detail Worksheet can be accessed at <https://ojp.gov/funding/Apply/Forms/BudgetDetailWorksheet.htm>.

a. Budget Detail Worksheet

The Budget Detail Worksheet should provide the detailed computation for each budget line item, listing the total cost of each and showing how it was calculated by the applicant. For example, costs for personnel should show the annual salary rate and the percentage of time devoted to the project for each employee paid with grant funds. The Budget Detail Worksheet should present a complete itemization of all proposed costs.

For questions pertaining to budget and examples of allowable and unallowable costs, see the DOJ Grants Financial Guide at <https://ojp.gov/financialguide/DOJ/index.htm>.

b. Budget Narrative

The Budget Narrative should thoroughly and clearly describe **every** category of expense listed in the Budget Detail Worksheet. OJP expects proposed budgets to be complete, cost effective, and allowable (e.g., reasonable, allocable, and necessary for project activities).

An applicant should demonstrate in its budget narrative how it will maximize cost effectiveness of award expenditures. Budget narratives should generally describe cost effectiveness in relation to potential alternatives and the objectives of the project. For example, a budget narrative should detail why planned in-person meetings are necessary, or how technology and collaboration with outside organizations could be used to reduce costs, without compromising quality.

The Budget Narrative should be mathematically sound and correspond clearly with the information and figures provided in the Budget Detail Worksheet. The narrative should explain how the applicant estimated and calculated **all** costs, and how those costs are necessary to the completion of the proposed project. The narrative may include tables

for clarification purposes, but need not be in a spreadsheet format. As with the Budget Detail Worksheet, the Budget Narrative should describe costs by year.

c. Information on Proposed Subawards (if any), and on Proposed Procurement Contracts (if any)

Applicants for OJP awards typically may propose to make *subawards*. Applicants also may propose to enter into procurement *contracts* under the award.

Whether an action—for federal grants administrative purposes—is a subaward or procurement contract is a critical distinction as significantly different rules apply to subawards and procurement contracts. If a recipient enters into an agreement that is a subaward of an OJP award, specific rules apply—many of which are set by federal statutes and DOJ regulations; others by award conditions. These rules place particular responsibilities on an OJP recipient for any subawards the OJP recipient may make. The rules determine much of what the written subaward agreement itself must require or provide. The rules also determine much of what an OJP recipient must do both before and after it makes a subaward. If a recipient enters into an agreement that is a procurement contract under an OJP award, a substantially different set of federal rules applies.

OJP has developed the following guidance documents to help clarify the differences between subawards and procurement contracts under an OJP award and outline the compliance and reporting requirements for each. This information can be accessed online at <https://ojp.gov/training/training.htm>.

- [Subawards under OJP Awards and Procurement Contracts under Awards: A Toolkit for OJP Recipients.](#)
- [Checklist to Determine Subrecipient or Contractor Classification.](#)
- [Sole Source Justification Fact Sheet and Sole Source Review Checklist.](#)

In general, the central question is the relationship between what the third-party will do under its agreement with the recipient and what the recipient has committed (to OJP) to do under its award to further a public purpose (e.g., services the recipient will provide, products it will develop or modify, research or evaluation it will conduct). If a third party will provide some of the services the recipient has committed (to OJP) to provide, will develop or modify all or part of a product the recipient has committed (to OJP) to develop or modify, or will conduct part of the research or evaluation the recipient has committed (to OJP) to conduct, OJP will consider the agreement with the third party a *subaward* for purposes of federal grants administrative requirements.

This will be true **even if** the recipient, for internal or other non-federal purposes, labels or treats its agreement as a procurement, a contract, or a procurement contract. Neither the title nor the structure of an agreement determines whether the agreement—for purposes of federal grants administrative requirements—is a *subaward* or is instead a procurement *contract* under an award. The substance of the relationship should be given greater consideration than the form of agreement between the recipient and the outside entity.

1. Information on proposed subawards

A recipient of an OJP award may not make subawards ("subgrants") unless the recipient has specific federal authorization to do so. Unless an applicable statute or DOJ

regulation specifically authorizes (or requires) subawards, a recipient must have authorization from OJP before it may make a subaward.

A particular subaward may be authorized by OJP because the recipient included a sufficiently-detailed description and justification of the proposed subaward in the Program Narrative, Budget Detail Worksheet, and Budget Narrative as approved by OJP. If, however, a particular subaward is not authorized by federal statute or regulation, and is not approved by OJP, the recipient will be required, post-award, to request and obtain written authorization from OJP before it may make the subaward.

If an applicant proposes to make one or more subawards to carry out the federal award and program, the applicant should-- (1) identify (if known) the proposed subrecipient(s), (2) describe in detail what each subrecipient will do to carry out the federal award and federal program, and (3) provide a justification for the subaward(s), with details on pertinent matters such as special qualifications and areas of expertise. Pertinent information on subawards should appear not only in the Program Narrative, but also in the Budget Detail Worksheet and Budget Narrative.

2. Information on proposed procurement contracts (with specific justification for proposed noncompetitive contracts over \$250,000)

Unlike a recipient contemplating a subaward, a recipient of an OJP award generally does not need specific prior federal authorization to enter into an agreement that—for purposes of federal grants administrative requirements—is considered a procurement contract, **provided that** (1) the recipient uses its own documented procurement procedures and (2) those procedures conform to applicable federal law, including the Procurement Standards of the (DOJ) Part 200 Uniform Requirements (as set out at 2 C.F.R. 200.317 - 200.326). The Budget Detail Worksheet and Budget Narrative should identify proposed procurement contracts. (As discussed above, subawards must be identified and described separately from procurement contracts.)

The Procurement Standards in the Part 200 Uniform Requirements, however, reflect a general expectation that agreements that (for purposes of federal grants administrative requirements) constitute procurement “contracts” under awards will be entered into on the basis of full and open competition. All noncompetitive (sole source) procurement contracts must meet the OJP requirements outlined at <https://ojp.gov/training/subawards-procurement.htm>. If a proposed procurement contract would exceed the simplified acquisition threshold—currently, \$250,000—a recipient of an OJP award may not proceed without competition unless and until the recipient receives specific advance authorization from OJP to use a non-competitive approach for the procurement. An applicant that (at the time of its application) intends—without competition—to enter into a procurement contract that would exceed \$250,000 should include a detailed justification that explains to OJP why, in the particular circumstances, it is appropriate to proceed without competition.

If the applicant receives an award, sole source procurements that do not exceed the Simplified Acquisition Threshold (currently \$250,000) must have written justification for the noncompetitive procurement action maintained in the procurement file. If a procurement file does not have the documentation that meets the criteria outlined in 2 C.F.R. 200, the procurement expenditures may not be allowable. Sole source procurement over the \$250,000 Simplified Acquisition Threshold must have prior approval from OJP using a Sole Source Grant Adjustment Notice (GAN). Written

documentation justifying the noncompetitive procurement must be submitted with the GAN and maintained in the procurement file.

d. Pre-award Costs

For information on pre-award costs, see [Section B. Federal Award Information](#).

5. Indirect Cost Rate Agreement (if applicable)

Indirect costs may be charged to an award only if:

- (a) The recipient has a current (unexpired), federally approved indirect cost rate; or
- (b) The recipient is eligible to use, and elects to use, the “de minimis” indirect cost rate described in the Part 200 Uniform Requirements, as set out at 2 C.F.R. 200.414(f).

An applicant with a current (unexpired) federally approved indirect cost rate is to attach a copy of the indirect cost rate agreement to the application. An applicant that does not have a current federally approved rate may request one through its cognizant federal agency, which will review all documentation and approve a rate for the applicant entity, or, if the applicant’s accounting system permits, applicants may propose to allocate costs in the direct cost categories.

For assistance with identifying the appropriate cognizant federal agency for indirect costs, please contact the Office of the Chief Financial Officer (OCFO) Customer Service Center at 1–800–458–0786 or at ask.ocfo@usdoj.gov. If DOJ is the cognizant federal agency, applicants may obtain information needed to submit an indirect cost rate proposal at <https://www.ojp.gov/funding/Apply/Resources/IndirectCosts.pdf>.

Certain OJP recipients have the option of electing to use the “de minimis” indirect cost rate. An applicant that is eligible to use the “de minimis” rate that wishes to use the “de minimis” rate should attach written documentation to the application that advises OJP of both—(1) the applicant’s eligibility to use the “de minimis” rate, and (2) its election to do so. If an eligible applicant elects the “de minimis” rate, costs must be consistently charged as either indirect or direct costs, but may not be double charged or inconsistently charged as both. The “de minimis” rate may no longer be used once an approved federally negotiated indirect cost rate is in place. (No entity that ever has had a federally approved negotiated indirect cost rate is eligible to use the “de minimis” rate.) For the “de minimis” rate requirements (including information on eligibility to elect to use the rate), see the Part 200 Uniform Requirements, at 2 C.F.R. 200.414(f).

6. Tribal Authorizing Resolution (if applicable)

A tribe, tribal organization, or third party that proposes to provide direct services or assistance to residents on tribal lands should include in its application a resolution, letter, affidavit, or other documentation, as appropriate, that demonstrates (as a legal matter) that the applicant has the requisite authorization from the tribe(s) to implement the proposed project on tribal lands. In those instances when an organization or consortium of tribes applies for an award on behalf of a tribe or multiple specific tribes, the application should include appropriate legal documentation, as described above, from all tribes that would receive services or assistance under the award. A consortium of tribes for which existing consortium bylaws allow action without support from all tribes in the consortium (i.e., without an authorizing resolution or comparable legal documentation from each tribal governing body) may submit, instead, a copy of its consortium bylaws with the application.

An applicant unable to submit an application that includes a fully executed (i.e., signed) copy of legal appropriate documentation, as described above, consistent with the applicable tribe's governance structure, should, at a minimum, submit an unsigned, draft version of such legal documentation as part of its application (except for cases in which, with respect to a tribal consortium applicant, consortium bylaws allow action without the support of all consortium member tribes). If selected for funding, OJP will make use of and access to award funds contingent on receipt of the fully executed legal documentation.

7. Financial Management and System of Internal Controls Questionnaire (including applicant disclosure of high risk status)

Every OJP applicant (other than an individual applying in his or her personal capacity) is required to download, complete, and submit the OJP Financial Management and System of Internal Controls Questionnaire (Questionnaire) at <https://ojp.gov/funding/Apply/Resources/FinancialCapability.pdf> as part of its application. The Questionnaire helps OJP assess the financial management and internal control systems, and the associated potential risks of an applicant as part of the pre-award risk assessment process.

The Questionnaire should only be completed by financial staff most familiar with the applicant's systems, policies, and procedures in order to ensure that the correct responses are recorded and submitted to OJP. The responses on the Questionnaire directly impact the pre-award risk assessment and should accurately reflect the applicant's financial management and internal control system at the time of the application. The pre-award risk assessment is only one of multiple factors and criteria used in determining funding. However, a pre-award risk assessment that indicates that an applicant poses a higher risk to OJP may affect the funding decision and/or result in additional reporting requirements, monitoring, special conditions, withholding of award funds, or other additional award requirements.

Among other things, the form requires each applicant to disclose whether it currently is designated "high risk" by a federal grant-making agency outside of DOJ. For purposes of this disclosure, high risk includes any status under which a federal awarding agency provides additional oversight due to the applicant's past performance, or other programmatic or financial concerns with the applicant. If an applicant is designated high risk by another federal awarding agency, the applicant must provide the following information:

- The federal awarding agency that currently designates the applicant high risk
- The date the applicant was designated high risk
- The high risk point of contact at that federal awarding agency (name, phone number, and email address)
- The reasons for the high risk status, as set out by the federal awarding agency

OJP seeks this information to help ensure appropriate federal oversight of OJP awards. An applicant that is considered "high risk" by another federal awarding agency is not automatically disqualified from receiving an OJP award. OJP may, however, consider the information in award decisions, and may impose additional OJP oversight of any award under this solicitation (including through the conditions that accompany the award document).

8. Disclosure of Lobbying Activities

Each applicant must complete and submit this information. An applicant that expends any funds for lobbying activities is to provide all of the information requested on the form Disclosure of Lobbying Activities (SF-LLL) posted at <https://ojp.gov/funding/Apply/Resources/Disclosure.pdf>. An applicant that does not expend any funds for lobbying activities is to enter “N/A” in the text boxes for item 10 (“a. Name and Address of Lobbying Registrant” and “b. Individuals Performing Services”).

9. Applicant Disclosure of Pending Applications

Each applicant is to disclose whether it has (or is proposed as a subrecipient under) any pending applications for federally funded grants or cooperative agreements that (1) include requests for funding to support the same project being proposed in the application under this solicitation, and (2) would cover any identical cost items outlined in the budget submitted to OJP as part of the application under this solicitation. The applicant is to disclose applications made directly to federal awarding agencies, and also applications for subawards of federal funds (e.g., applications to state agencies that will subaward (“subgrant”) federal funds).

OJP seeks this information to help avoid inappropriate duplication of funding. Leveraging multiple funding sources in a complementary manner to implement comprehensive programs or projects is encouraged and is not seen as inappropriate duplication.

Each applicant that has one or more pending applications as described above is to provide the following information about pending applications submitted within the last 12 months:

- The federal or state funding agency
- The solicitation name/project name
- The point of contact information at the applicable federal or state funding agency

Federal or State Funding Agency	Solicitation Name/Project Name	Name/Phone/Email for Point of Contact at Federal or State Funding Agency
DOJ/Office of Community Oriented Policing Services (COPS)	COPS Hiring Program	Jane Doe, 202/000-0000; jane.doe@usdoj.gov
Health and Human Services/Substance Abuse and Mental Health Services Administration	Drug-Free Communities Mentoring Program/ North County Youth Mentoring Program	John Doe, 202/000-0000; john.doe@hhs.gov

Each applicant should include the table as a separate attachment to its application. The file should be named “Disclosure of Pending Applications.” The applicant’s Legal Name on the application must match the entity named on the disclosure of pending applications statement.

Any applicant that does not have any pending applications as described above is to submit, as a separate attachment, a statement to this effect: “[Applicant Name on SF-424] does not

have (and is not proposed as a subrecipient under) any pending applications submitted within the last 12 months for federally funded grants or cooperative agreements (or for subawards under federal grants or cooperative agreements) that request funding to support the same project being proposed in this application to OJP and that would cover any identical cost items outlined in the budget submitted as part of this application.”

10. Applicant Disclosure and Justification – DOJ High Risk Grantees¹³

An applicant that is designated as a DOJ High Risk Grantee is to submit, as a separate attachment to its application, information that OJP will use, among other pertinent information, to determine whether it will consider or select the application for an award under this solicitation. The file should be named "DOJ High Risk Grantee Applicant Disclosure and Justification." (See, also, Application Review Information, for a brief discussion of how such information may be considered in the application review process.)

OJP constantly seeks to optimize its investments in criminal- and juvenile justice-focused programs and activities, increase program effectiveness, and maximize the return – and program impact – from limited programmatic resources. Therefore, OJP may remove from consideration or not select for award a "DOJ High Risk Grantee" applicant that is determined to pose a substantial risk of program implementation failure. In making such determinations, OJP will consider one or more of the following factors: the applicant's lack of sufficient progress in addressing required corrective actions necessary for removal of the DOJ High Risk Grantee designation; the nature and severity of the issues leading to or accompanying the applicant's DOJ High Risk Grantee designation; or the applicant's expected ability to manage grant funds and achieve grant goals and objectives.

In this attachment, the applicant is to provide any additional information or justification – especially with regard to corrective actions yet to be implemented (as of the application date) – that may help demonstrate how the applicant has addressed or otherwise mitigated such uncorrected matters, such that any negative impact on the proposed program and its implementation would be immaterial or would be significantly reduced or eliminated. (To the extent that the applicant believes that any of the information provided pursuant to this disclosure may be confidential in nature, the applicant should specifically identify it.)

11. Additional Required Attachments

a. Information regarding Communication with the Department of Homeland Security (DHS) and/or Immigration and Customs Enforcement (ICE)

Each applicant must provide responses to the following questions as an attachment to the application:

- (1) Does your jurisdiction have any laws, policies, or practices related to whether, when, or how employees may communicate with DHS or ICE?
- (2) Is your jurisdiction subject to any laws from a superior political entity (e.g., a state law that binds a city) that meet the description in question 1?
- (3) If yes to either:
 - Please provide a copy of each law or policy.
 - Please describe each practice.
 - Please explain how the law, policy, or practice complies with 8 U.S.C. § 1373.

¹³ A "DOJ High Risk Grantee" is a recipient that has received a DOJ High-Risk designation based on a documented history of unsatisfactory performance, financial instability, management system or other internal control deficiencies, or noncompliance with award terms and conditions on prior awards, or that is otherwise not responsible.

Note: Responses to these questions must be provided by the applicant as part of the application. Further, the requirement to provide this information applies to all tiers of funding and for all subawards made to state or local government entities, including public institutions of higher education. All subrecipient responses must be collected and maintained by the direct recipient of funding and must be made available to DOJ upon request. Responses to these questions are not required from subrecipients that are either a tribal government/organization, a nonprofit organization, or a private institution of higher education.

OJP will not deny an application for an FY 2019 award for failure to submit these required responses by the application deadline, but a recipient will not receive award funds (and its award will include a condition that withholds funds) until it submits these responses.

b. Timeline/Project Plan

Include a comprehensive timeline that identifies milestones, numerically listed deliverables, and who is responsible for each activity (provide title and agency).

c. Position Descriptions and Résumés

Include position descriptions and résumés for key project personnel.

d. Letter from Agency Executive demonstrating agency commitment to the project (Categories 2 and 3). For Category 1, a letter from county leadership is required.

e. Applicant Disclosure of Proposed Subrecipients

Attach a list of proposed subrecipients of grant funding, if applicable, that includes the name, organizational affiliation, and location of the proposed subrecipient entity

f. Letters of Support/Memoranda of Understanding

Successful applicants must establish a team (or utilize a pre-existing team) of leaders and decision makers from multiple agencies to engage in the project, and must submit documentation in the form of a Memorandum of Understanding, resolution, Memorandum of Agreement, or an equivalent document clearly documenting the express commitment of all the team members that they commit to full participation in good faith.

g. Research and Evaluation Independence and Integrity

If an application proposes research (including research and development) and/or evaluation, the applicant must demonstrate research/evaluation independence and integrity, including appropriate safeguards, before it may receive award funds. The applicant must demonstrate independence and integrity regarding both this proposed research and/or evaluation, and any current or prior related projects.

Each application should include an attachment that addresses **both** i. and ii. below:

- i. For purposes of this solicitation, each applicant is to document research and evaluation independence and integrity by including one of the following two items:

- a. A specific assurance that the applicant has reviewed its application to identify any actual or potential apparent conflicts of interest (including through review of pertinent information on the principal investigator, any co-principal investigators, and any subrecipients), and that the applicant has identified no such conflicts of interest—whether personal or financial or organizational (including on the part of the applicant entity or on the part of staff, investigators, or subrecipients)—that could affect the independence or integrity of the research, including the design, conduct, and reporting of the research.

OR

- b. A specific description of actual or potential apparent conflicts of interest that the applicant has identified—including through review of pertinent information on the principal investigator, any co-principal investigators, and any subrecipients—that could affect the independence or integrity of the research, including the design, conduct, or reporting of the research. These conflicts may be personal (e.g., on the part of investigators or other staff), financial, or organizational (related to the applicant or any subrecipient entity). Some examples of potential investigator (or other personal) conflict situations are those in which an investigator would be in a position to evaluate a spouse's work product (actual conflict), or an investigator would be in a position to evaluate the work of a former or current colleague (potential apparent conflict). With regard to potential organizational conflicts of interest, as one example, generally an organization would not be given an award to evaluate a project, if that organization had itself provided substantial prior technical assistance to that specific project or a location implementing the project (whether funded by OJP or other sources), because the organization in such an instance might appear to be evaluating the effectiveness of its own prior work. The key is whether a reasonable person understanding all of the facts would be able to have confidence that the results of any research or evaluation project are objective and reliable. Any outside personal or financial interest that casts doubt on that objectivity and reliability of an evaluation or research product is a problem and must be disclosed.
- ii. In addition, the applicant is to address possible mitigation of research integrity concerns by including, at a minimum, one of the following two items:
 - a. If an applicant reasonably believes that no actual or potential apparent conflicts of interest (personal, financial, or organizational) exist, then the applicant should provide a brief narrative explanation of how and why it reached that conclusion. The applicant also is to include an explanation of the specific processes and procedures that the applicant has in place, or will put in place, to identify and prevent (or, at the very least, mitigate) any such conflicts of interest pertinent to the funded project during the period of performance. Documentation that may be helpful in this regard may include organizational codes of ethics/conduct and policies regarding organizational, personal, and financial conflicts of interest. There is no guarantee that the plan, if any, will be accepted as proposed.

OR

- b. If the applicant has identified actual or potential apparent conflicts of interest (personal, financial, or organizational) that could affect the independence and integrity of the research, including the design, conduct, or reporting of the research, the applicant is to provide a specific and robust mitigation plan to address each of those conflicts. At a minimum, the applicant is expected to explain the specific processes and procedures that the applicant has in place, or will put in place, to identify and eliminate (or, at the very least, mitigate) any such conflicts of interest pertinent to the funded project during the period of performance. Documentation that may be helpful in this regard may include organizational codes of ethics/conduct and policies regarding organizational, personal, and financial conflicts of interest. There is no guarantee that the plan, if any, will be accepted as proposed.

OJP will assess research and evaluation independence and integrity based on considerations such as the adequacy of the applicant's efforts to identify factors that could affect the objectivity or integrity of the proposed staff and/or the applicant entity (and any subrecipients) in carrying out the research, development, or evaluation activity; and the adequacy of the applicant's existing or proposed remedies to control any such factors.

h. Disclosure of Process Related to Executive Compensation

An applicant that is a nonprofit organization may be required to make certain disclosures relating to the processes it uses to determine the compensation of its officers, directors, trustees, and key employees.

Under certain circumstances, a nonprofit organization that provides unreasonably high compensation to certain persons may subject both the organization's managers and those who receive the compensation to additional federal taxes. A rebuttable presumption of the reasonableness of a nonprofit organization's compensation arrangements, however, may be available if the nonprofit organization satisfied certain rules set out in Internal Revenue Service (IRS) regulations with regard to its compensation decisions.

Each applicant nonprofit organization must state at the time of its application (question 9c in the "OJP Financial Management and System of Internal Controls Questionnaire" located at <http://ojp.gov/funding/Apply/Resources/FinancialCapability.pdf> and mentioned earlier) whether or not the applicant entity believes (or asserts) that it currently satisfies the requirements of 26 C.F.R. 53.4958-6 (which relate to establishing or invoking a rebuttable presumption of reasonableness of compensation of certain individuals and entities).

A nonprofit organization that states in the questionnaire that it believes (or asserts) that it has satisfied the requirements of 26 C.F.R. 53.4958-6 must then disclose, in an attachment to its application (to be titled "Disclosure of Process Related to Executive Compensation"), the process used by the applicant nonprofit organization to determine the compensation of its officers, directors, trustees, and key employees (together, "covered persons").

At a minimum, the disclosure must describe in pertinent detail: (1) the composition of the body that reviews and approves compensation arrangements for covered persons; (2) the methods and practices used by the applicant nonprofit organization to ensure that no individual with a conflict of interest participates as a member of the body that reviews and approves a compensation arrangement for a covered person; (3) the appropriate data as to comparability of compensation that is obtained in advance and relied upon by the body that reviews and approves compensation arrangements for covered persons; and (4) the written or electronic records that the applicant organization maintains as concurrent documentation of the decisions with respect to compensation of covered persons made by the body that reviews and approves such compensation arrangements, including records of deliberations and of the basis for decisions.

For purposes of the required disclosure, the following terms and phrases have the meanings set out by the IRS for use in connection with 26 C.F.R. 53.4958-6: officers, directors, trustees, key employees, compensation, conflict of interest, appropriate data as to comparability, adequate documentation, and concurrent documentation.

Applicant nonprofit organizations should note that following receipt of an appropriate request, OJP may be authorized or required by law to make information submitted to satisfy this requirement available for public inspection. Also, a recipient may be required to make a prompt supplemental disclosure after the award in certain circumstances (e.g., changes in the way the organization determines compensation).

i. Documentation of Anticipated Benefit to Qualified Opportunity Zones (if applicable)

As is mentioned above, OJP will, as appropriate, give priority consideration in award decisions to applications that propose projects that will generate information about enhancing public safety in federally designated Qualified Opportunity Zones (QOZ). Each applicant proposing a project it anticipates will generate information about enhancing public safety in one or more QOZs should provide a sufficient narrative explanation in order for OJP to identify clearly the public safety benefit the applicant anticipates that information generated under its project will have on a specified QOZ(s). The attachment(s) should be clearly labeled as addressing QOZs. The applicant may also include tables, charts, graphs, or other relevant illustrations that may be useful in comprehending the manner in which the proposed project is anticipated to benefit a QOZ(s).

How To Apply

Applicants must register in and submit applications through Grants.gov, a primary source to find federal funding opportunities and apply for funding. Find complete instructions on how to register and submit an application at <https://www.grants.gov/web/grants/support.html>. Applicants that experience technical difficulties during this process should call the Grants.gov Customer Support Hotline at **800-518-4726** or **606-545-5035**, which operates 24 hours a day, 7 days a week, except on federal holidays.

Registering with Grants.gov is a one-time process; however, **processing delays may occur, and it can take several weeks** for first-time registrants to receive confirmation of registration and a user password. OJP encourages applicants to **register several weeks before** the application submission deadline. In addition, OJP urges applicants to submit applications at least 72 hours prior to the application due date, in order to allow time for the applicant to receive

validation messages or rejection notifications from Grants.gov, and to correct in a timely fashion any problems that may have caused a rejection notification.

OJP strongly encourages all prospective applicants to sign up for Grants.gov email notifications regarding this solicitation at <https://www.grants.gov/web/grants/manage-subscriptions.html>. If this solicitation is cancelled or modified, individuals who sign up with Grants.gov for updates will be automatically notified.

Browser Information: Grants.gov was built to be compatible with Internet Explorer. For technical assistance with Google Chrome, or another browser, contact Grants.gov Customer Support.

Note on Attachments: Grants.gov has two categories of files for attachments: “mandatory” and “optional.” OJP receives all files attached in both categories. Attachments are also labeled to describe the file being attached (e.g., Project Narrative, Budget Narrative, Other. Please ensure that all required documents are attached in the correct Grants.gov category and are labeled correctly. Do not embed “mandatory” attachments within another file.

An applicant must use the **Add Attachment** button to attach a file to its application. Do not click the paperclip icon to attach files. This action will not attach the files to the application. After adding an attachment, select the **View Attachment** button to confirm you attached the correct file. To remove the file, select the **Delete Attachment** button.

An application can be checked for errors via the **Check Application** button on the **Forms** tab of the **Manage Workspace** page. The button is active if the set of forms in the workspace matches those required in the application package. If you receive a **Cross-Form Errors** message after clicking the **Check Application** button, refer to the Cross-Form Errors help article for more detailed information about this validation error.

Note on File Names and File Types: Grants.gov only permits the use of certain specific characters in the file names of attachments. Valid file names may include only the characters shown in the table below. Grants.gov rejects any application that includes an attachment(s) with a file name that contains any characters not shown in the table below. Grants.gov forwards successfully submitted applications to the OJP Grants Management System (GMS).

Characters
Upper case (A – Z)
Lower case (a – z)
Underscore (_)
Hyphen (-)
Space
Period (.)

Special Characters		
Parenthesis ()	Curly braces { }	Square brackets []
Ampersand (&)*	Tilde (~)	Exclamation point (!)
Comma (,)	Semicolon (;)	Apostrophe (')
At sign (@)	Number sign (#)	Dollar sign (\$)
Percent sign (%)	Plus sign (+)	Equal sign (=)

***When using the ampersand (&) in XML, applicants must use the “&” format.**

GMS does not accept executable file types as application attachments. These disallowed file types include, but are not limited to, the following extensions: “.com,” “.bat,” “.exe,” “.vbs,” “.cfg,” “.dat,” “.db,” “.dbf,” “.dll,” “.ini,” “.log,” “.ora,” “.sys,” and “.zip.” GMS may reject applications with files that use these extensions. It is important to allow time to change the type of file(s) if the application is rejected.

All applicants are required to complete the following steps:

Unique Entity Identifier (DUNS Number) and System for Award Management (SAM)

Every applicant entity must comply with all applicable SAM and unique entity identifier (currently, a DUNS number) requirements. SAM is the repository for certain standard information about federal financial assistance applicants, recipients, and subrecipients. A DUNS number is a unique nine-digit identification number provided by the commercial company Dun and Bradstreet. More detailed information about SAM and the DUNS number is in the numbered sections below.

If an applicant entity has not fully complied with the applicable SAM and unique identifier requirements by the time OJP makes award decisions, OJP may determine that the applicant is not qualified to receive an award and may use that determination as a basis for making the award to a different applicant.

Registration and Submission Steps

- 1. Acquire a unique entity identifier (currently, a DUNS number).** In general, the Office of Management and Budget requires every applicant for a federal award (other than an individual) to include a "unique entity identifier" in each application, including an application for a supplemental award. Currently, a DUNS number is the required unique entity identifier.

This unique entity identifier is used for tracking purposes, and to validate address and point of contact information for applicants, recipients, and subrecipients. It will be used throughout the life cycle of an OJP award. Obtaining a DUNS number is a free, one-time activity. Call Dun and Bradstreet at 866-705-5711 to obtain a DUNS number or apply online at <https://www.dnb.com/>. A DUNS number is usually received within 1–2 business days.

- 2. Acquire or maintain registration with SAM.** Any applicant for an OJP award creating a new entity registration (or updating or renewing a registration) in SAM.gov must submit an original, signed notarized letter appointing the authorized Entity Administrator within thirty (30) days of the registration activation. **Notarized letters must be submitted via U.S. Postal Service Mail.** Read the Alert at sam.gov/SAM/ to learn more about what is required in the notarized letter, and read the Frequently Asked Questions (FAQs) at www.gsa.gov/samupdate to learn more about this process change. All applicants for OJP awards (other than individuals) must maintain current registrations in the SAM database. Applicants will need the authorizing official of the organization and an Employer Identification Number (EIN). Information about SAM registration procedures can be accessed at sam.gov/SAM/.

An application cannot be successfully submitted in Grants.gov until Grants.gov receives the SAM registration information. Once the SAM registration/renewal is complete, **the information transfer from SAM to Grants.gov can take as long as 48 hours.** OJP recommends that the applicant register or renew registration with SAM as early as possible.

- 3. Acquire an Authorized Organization Representative (AOR) and a Grants.gov username and password.** Complete the AOR profile on Grants.gov and create a username and password. An applicant entity's "unique entity identifier" (DUNS number) must be used to complete this step. For more information about the registration process for organizations and other entities, go to <https://www.grants.gov/web/grants/applicants/organization->

[registration.html](https://www.grants.gov/web/grants/applicants/registration.html). Individuals registering with Grants.gov should go to <https://www.grants.gov/web/grants/applicants/registration.html>.

- 4. Acquire confirmation for the AOR from the E-Business Point of Contact (E-Biz POC).** The E-Biz POC at the applicant organization must log into Grants.gov to confirm the applicant organization's AOR. The E-Biz POC will need the Marketing Partner Identification Number (MPIN) password obtained when registering with SAM to complete this step. Note that an organization can have more than one AOR.
- 5. Search for the funding opportunity on Grants.gov.** Use the following identifying information when searching for the funding opportunity on Grants.gov. The Catalog of Federal Domestic Assistance (CFDA) number for this solicitation is 16.745, titled "Criminal and Juvenile Justice and Mental Health Collaboration Program," and the funding opportunity number is BJA-2019-15099.
- 6. Select the correct Competition ID.** Some OJP solicitations posted to Grants.gov contain multiple purpose areas, denoted by the individual Competition ID. If applying to a solicitation with multiple Competition IDs, select the appropriate Competition ID for the intended purpose area of the application. Category 1: Collaborative County Approaches to Reducing the Prevalence of Individuals with Serious Mental Illnesses in Jails BJA-2019-15100, Category 2: Strategic Planning for Law Enforcement and Mental Health Collaboration BJA-2019-15101, Category 3: Implementation and Expansion BJA-2019-15102.
- 7. Access Funding Opportunity and Application Package from Grants.gov.** Select "Apply for Grants" under the "Applicants" column. Enter your email address to be notified of any changes to the opportunity package before the closing date. Click the Workspace icon to use Grants.gov Workspace.
- 8. Submit a valid application consistent with this solicitation by following the directions in Grants.gov.** To preview the application prior to (or after) submitting, go to the **View Application** tab in Workspace. For additional information, review the [View Application Tab](#) help article and [Attachments Tab](#) help article. Within 24–48 hours after submitting the electronic application, the applicant should receive two notifications from Grants.gov. The first will confirm the receipt of the application. The second will state whether the application has been validated and successfully submitted, or whether it has been rejected due to errors, with an explanation. It is possible to first receive a message indicating that the application is received, and then receive a rejection notice a few minutes or hours later. Submitting an application well ahead of the deadline provides time to correct the problem(s) that caused the rejection. **Important:** OJP urges each applicant to submit its application **at least 72 hours prior** to the application due date, to allow time to receive validation messages or rejection notifications from Grants.gov, and to correct in a timely fashion any problems that may have caused a rejection notification. Applications must be successfully submitted through Grants.gov by 11:59 p.m. eastern time on July 15, 2019.

Go to <https://www.grants.gov/web/grants/applicants/organization-registration.html> for further details on DUNS numbers, SAM, and Grants.gov registration steps and timeframes.

Note: Application Versions

If an applicant submits multiple versions of the same application, OJP will review only the most recent system-validated version submitted.

Experiencing Unforeseen Grants.gov Technical Issues

An applicant that experiences unforeseen Grants.gov technical issues beyond its control that prevent it from submitting its application by the deadline must contact the Grants.gov Customer Support Hotline at <https://www.grants.gov/web/grants/support.html> or the SAM Help Desk (Federal Service Desk) at <https://www.fsd.gov/fsd-gov/home.do> to report the technical issue and receive a tracking number. The applicant must email the contact identified in the Contact Information section on the title page **within 24 hours after the application deadline** to request approval to submit its application after the deadline. The applicant's email must describe the technical difficulties, and must include a timeline of the applicant's submission efforts, the complete grant application, the applicant's DUNS number, and any Grants.gov Help Desk or SAM tracking number(s).

Note: OJP does not automatically approve requests to submit a late application. After OJP reviews the applicant's request, and contacts the Grants.gov or SAM Help Desks to verify the reported technical issues, OJP will inform the applicant whether the request to submit a late application has been approved or denied. If OJP determines that the untimely application submission was due to the applicant's failure to follow all required procedures, OJP will deny the applicant's request to submit its application.

The following conditions generally are insufficient to justify late submissions:

- Failure to register in SAM or Grants.gov in sufficient time (SAM registration and renewal can take as long as 10 business days to complete. The information transfer from SAM to Grants.gov can take up to 48 hours.)
- Failure to follow Grants.gov instructions on how to register and apply as posted on its website
- Failure to follow each instruction in the OJP solicitation
- Technical issues with the applicant's computer or information technology environment, such as issues with firewalls or browser incompatibility

Notifications regarding known technical problems with Grants.gov, if any, are posted at the top of the OJP Funding Resource Center at <https://ojp.gov/funding/index.htm>.

E. Application Review Information

Review Criteria

Applications that meet basic minimum requirements will be evaluated by peer reviewers using the following review criteria.

Description of the Issue (15 percent)

- Identify the Category of this solicitation, by number and name, under which the applicant is applying.
- Describe and demonstrate understanding of the nature and scope of the problem to be addressed, using data and research as support.
- Describe successful efforts to date to address the needs identified.

- Describe the need for assistance and resources to address the problem.
- Briefly introduce how the applicant proposes to address the problem.

Project Design and Implementation (40 percent)

- Address whether any of the priority considerations have been met (see page 8)
- Address how the proposed program will address opioid abuse reduction. Where opioid abuse is not a current issue for a jurisdiction, the application should provide how such a problem might be addressed in the future.
- Address in detail how the applicant proposes to undertake and accomplish each of the Category objectives and deliverables (see pages 5-8).
- Propose other deliverables in addition to the ones listed in Category 1, 2, or 3 with supporting information.
- Include of Timeline/Project Plan that identifies the major tasks and deliverables of the proposed project and who is responsible for each activity (see page 25).

Capabilities and Competencies (30 percent)

- Provide a detailed description of the capacity of the organization and the key personnel to deliver the required services and perform the key tasks described under each Category.
- Include a Letter from the applicant agency executive demonstrating agency commitment to the project (Categories 2 and 3) or for Category 1, a letter from county leadership; and Letters of Support/Memoranda of Understanding will contribute to scoring under this criterion (see page 24).
- Describe how the proposed management structure and staffing of the project will facilitate the delivery of the required services. The management and organizational structure described should match the staffing needs necessary to accomplish the tasks outlined in the Timeline/Project Plan. Information regarding the personnel assigned to these tasks and whether their résumés and role descriptions are included (see page 24) will contribute to the assignment of points relative to this criterion.

Plan for Collecting the Data required for this Solicitation's Performance Measures (5 percent)

- Describe the manner in which the data required for this solicitation's performance measures will be collected, including the system(s) used and the person(s) responsible.
- Describe whether and how other relevant performance metrics will be documented, monitored, and evaluated.

Budget (10 percent)

- Submit a budget that is complete, cost effective, and allowable (e.g., reasonable, allocable, and necessary for project activities).
- Budget narratives should demonstrate generally how the applicant will maximize cost effectiveness of grant expenditures. They should explain how costs are intended to meet the objectives of the program and show all calculations. Budget narratives should

demonstrate cost effectiveness in relation to potential alternatives and the objectives of the project.¹⁴

- Category 1 and 3 applicants must set aside an adequate amount of funding to implement a data collection plan.

Review Process

OJP is committed to ensuring a fair and open process for making awards. BJA reviews the application to make sure that the information presented is reasonable, understandable, measurable, and achievable, as well as consistent with the solicitation.

Peer reviewers will review the applications submitted under this solicitation that meet basic minimum requirements. For purposes of assessing whether an application meets basic minimum requirements and should proceed to further consideration, OJP screens applications for compliance with those requirements. Although specific requirements may vary, the following are common requirements applicable to all solicitations for funding under OJP programs:

- The application must be submitted by an eligible type of applicant.
- The application must request funding within programmatic funding constraints (if applicable).
- The application must be responsive to the scope of the solicitation.
- The application must include all items designated as “critical elements.”

For a list of the critical elements for this solicitation, see “What an Application Should Include” under [Section D. Application and Submission Information](#).

Peer review panels will evaluate, score, and rate applications that meet basic minimum requirements. BJA may use internal peer reviewers, external peer reviewers, or a combination, to assess applications on technical merit using the solicitation’s review criteria. An internal reviewer is a current DOJ employee who is well-versed or has expertise in the subject matter of this solicitation. An external peer reviewer is an expert in the subject matter of a given solicitation who is not a current DOJ employee. Peer reviewers’ ratings and any resulting recommendations are advisory only, although reviewer views are considered carefully. Other important considerations for BJA include geographic diversity, strategic priorities, (specifically including, but not limited to, demonstrable potential enhancement to public safety in one or more federally designated Qualified Opportunity Zones), and available funding, as well as the extent to which the Budget Detail Worksheet and Budget Narrative accurately explain project costs that are reasonable, necessary, and otherwise allowable under federal law and applicable federal cost principles.

Pursuant to the Part 200 Uniform Requirements, before award decisions are made, OJP also reviews information related to the degree of risk posed by the applicant. Among other things to help assess whether an applicant that has one or more prior federal awards has a satisfactory record with respect to performance, integrity, and business ethics, OJP checks whether the applicant is listed in SAM as excluded from receiving a federal award.

In addition, if OJP anticipates that an award will exceed \$250,000 in federal funds, OJP also must review and consider any information about the applicant that appears in the non-public

¹⁴ Generally speaking, a reasonable cost is a cost that, in its nature or amount, does not exceed that which would be incurred by a prudent person under the circumstances prevailing at the time the decision was made to incur the costs.

segment of the integrity and performance system accessible through SAM (currently, the Federal Awardee Performance and Integrity Information System, (FAPIIS)).

Important note on FAPIIS: An applicant, at its option, may review and comment on any information about itself that currently appears in FAPIIS and was entered by a federal awarding agency. OJP will consider any such comments by the applicant, in addition to the other information in FAPIIS, in its assessment of the risk posed by the applicant.

The evaluation of risks goes beyond information in SAM, however. OJP itself has in place a framework for evaluating risks posed by applicants for competitive awards. OJP takes into account information pertinent to matters such as:

1. Applicant financial stability and fiscal integrity
2. Quality of the applicant's management systems, and the applicant's ability to meet prescribed management standards, including those outlined in the DOJ Grants Financial Guide
3. Applicant's history of performance under OJP and other DOJ awards (including compliance with reporting requirements and award conditions), as well as awards from other federal agencies
4. Reports and findings from audits of the applicant, including audits under the Part 200 Uniform Requirements
5. Applicant's ability to comply with statutory and regulatory requirements, and to effectively implement other award requirements.

Note on applicants with a "high risk" designation: Risks associated with DOJ High Risk Grantees, or applicants designated as "high risk" by a federal grant-making agency outside of DOJ, are taken into account during the review process, and each applicant with such "high risk" designations will be considered for funding on a case-by-case basis, depending on the nature and severity of the issues that led to the DOJ High Risk Grantee (or non-DOJ high risk) designation, status of progress in addressing corrective actions, and expected ability to manage grant funds and achieve grant goals and objectives. A "high risk" designated applicant is to submit disclosure and justification documentation consistent with the requirements specified, above, under "What an Application Should Include" in Section C. Application and Submission Information.

Absent explicit statutory authorization or written delegation of authority to the contrary, all final award decisions will be made by the Assistant Attorney General, who may take into account not only peer review ratings and BJA recommendations, but also other factors as indicated in this section.

F. Federal Award Administration Information

Federal Award Notices

Award notifications will be made by September 30, 2019. OJP sends award notifications by email through GMS to the individuals listed in the application as the point of contact and the authorizing official (E-Biz POC and AOR). The email notification includes detailed instructions on how to access and view the award documents, and steps to take in GMS to start the award acceptance process. GMS automatically issues the notifications at 9:00 p.m. eastern time on the award date.

For each successful applicant, an individual with the necessary authority to bind the applicant will be required to log in; execute a set of legal certifications and a set of legal assurances; designate a financial point of contact; thoroughly review the award, including all award conditions; and sign and accept the award. The award acceptance process requires physical signature of the award document by the authorized representative. The fully executed award document must then be scanned and submitted to OJP.

Administrative, National Policy, and Other Legal Requirements

If selected for funding, in addition to implementing the funded project consistent with the OJP-approved application, the recipient must comply with all award conditions, as well as all applicable requirements of federal statutes and regulations (including applicable requirements referred to in the assurances and certifications executed in connection with award acceptance). OJP strongly encourages prospective applicants to review information on post-award legal requirements and common OJP award conditions **prior** to submitting an application.

Applicants should consult the "[Overview of Legal Requirements Generally Applicable to OJP Grants and Cooperative Agreements - FY 2018 Awards](#)," available in the OJP Funding Resource Center at <https://ojp.gov/funding/index.htm>. In addition, applicants should examine the following two legal documents, as each successful applicant must execute both documents before it may receive any award funds. (An applicant is not required to submit these documents as part of an application.)

- [Certifications Regarding Lobbying; Debarment, Suspension and Other Responsibility Matters; and Drug-Free Workplace Requirements](#)
- [Certified Standard Assurances](#)

The webpages accessible through the "[Overview of Legal Requirements Generally Applicable to OJP Grants and Cooperative Agreements - FY 2018 Awards](#)" are intended to give applicants for OJP awards a general overview of important statutes, regulations, and award conditions that apply to many (or in some cases, all) OJP grants and cooperative agreements awarded in FY 2018. Individual OJP awards typically also will include additional award conditions. Those additional conditions may relate to the particular statute, program, or solicitation under which the award is made; to the substance of the funded application; to the recipient's performance under other federal awards; to the recipient's legal status (e.g., as a for-profit entity); or to other pertinent considerations.

Awards under this solicitation will include a condition (the specific terms of which will govern the award) related to verification of employment eligibility. The condition will, generally speaking, require the recipient (and any subrecipient) that accepts the award to verify the employment eligibility of any individual hired under the award, consonant with 8 U.S.C. § 1324a(1).

Awards under this solicitation will include a condition (the specific terms of which will govern the award) related to competition requirements set forth at 2 C.F.R. § 200.319. The condition will, generally speaking, prohibit recipients (and any subrecipients) from procuring goods and services with award funds by means of any competition that disadvantages or excludes vendors on the basis of their having (or their having had) a prior or existing contractual relationship with the federal government.

OJP will include as appropriate an award condition (the specific terms of which will govern the award) requiring recipients of OJP grant funding that will support projects that involve or serve minors under the age of 18 to develop and implement written screening procedures (consistent with pertinent federal, state, and local law) for individuals who will interact in a staff or volunteer capacity with minors involved in the grant-funded programs.

Individual FY 2019 awards made pursuant to Category 3 of this solicitation will, as appropriate and to the extent consistent with law, include conditions that will require the recipient (and any subrecipient) that accepts the award to do various things, with respect to the “program or activity” that would receive federal financial assistance thereunder. Although the specific terms of each of those conditions are what will govern the awards, included among such conditions will be some that, generally speaking, will require the recipient (and any subrecipient) that accepts the award to do some or all of the following:

- Not to impede the exercise of the authority of the federal government under 8 U.S.C. § 1266(a) & (c) (authorizing arrest and detention of certain aliens and providing that the federal government “shall take into custody” certain criminal aliens “when the alien is released”) and 8 U.S.C. § 1231(a)(4) (relating to removal from the United States of aliens after detention/confinement at the federal, state, and local level), specifically by requiring such recipients to provide (where feasible) at least 48 hours’ advance notice to DHS regarding the scheduled release date and time of an alien in the recipient’s custody when DHS requests such notice in order to take custody of the alien pursuant to the Immigration and Nationality Act.
- Not to impede the exercise by DHS agents, “anywhere in or outside the United States” (8 C.F.R. § 287.5(a)(1)), of their authority under 8 U.S.C. § 1357(a)(1) to “interrogate any alien or person believed to be an alien as to his right to be or to remain in the United States,” specifically by requiring such recipients to permit DHS agents to have access to any correctional facility in order to meet with an alien (or an individual believed to be an alien) and inquire as to his right to be or remain in the United States.

General Information about Post-federal Award Reporting Requirements

In addition to the deliverables described in [Section A. Program Description](#), any recipient of an award under this solicitation will be required to submit the following reports and data.

Required reports. Recipients typically must submit quarterly financial reports, semi-annual progress reports, final financial and progress reports, and, if applicable, an annual audit report in accordance with the Part 200 Uniform Requirements or specific award conditions. Future awards and fund drawdowns may be withheld if reports are delinquent. (In appropriate cases, OJP may require additional reports.)

Awards that exceed \$500,000 will include an additional condition that, under specific circumstances, will require the recipient to report (to FAPIIS) information on civil, criminal, and administrative proceedings connected with (or connected to the performance of) either the OJP award or any other grant, cooperative agreement, or procurement contract from the federal government. Additional information on this reporting requirement appears in the text of the award condition posted on the OJP webpage at <https://ojp.gov/funding/FAPIIS.htm>.

Data on performance measures. In addition to required reports, each award recipient also must provide data that measure the results of the work done under the award. To demonstrate

program progress and success, as well as to assist DOJ in fulfilling its responsibilities under the Government Performance and Results Act of 1993 (GPRA), Public Law 103–62, and the GPRA Modernization Act of 2010, Public Law 111–352, OJP will require any award recipient, post award, to provide performance data as part of regular progress reporting. Successful applicants will be required to access OJP’s performance measurement page at www.ojp.gov/performance for an overview of performance measurement activities at OJP.

G. Federal Awarding Agency Contact(s)

For OJP contact(s), see the title page.

For contact information for Grants.gov, see the title page.

H. Other Information

Freedom of Information Act and Privacy Act (5 U.S.C. 552 and 5 U.S.C. 552a)

All applications submitted to OJP (including all attachments to applications) are subject to the federal Freedom of Information Act (FOIA) and to the Privacy Act. By law, DOJ may withhold information that is responsive to a request pursuant to FOIA if DOJ determines that the responsive information either is protected under the Privacy Act or falls within the scope of one of nine statutory exemptions under FOIA. DOJ cannot agree in advance of a request pursuant to FOIA not to release some or all portions of an application.

In its review of records that are responsive to a FOIA request, OJP will withhold information in those records that plainly falls within the scope of the Privacy Act or one of the statutory exemptions under FOIA. (Some examples include certain types of information in budgets, and names and contact information for project staff other than certain key personnel.) In appropriate circumstances, OJP will request the views of the applicant/recipient that submitted a responsive document.

For example, if OJP receives a request pursuant to FOIA for an application submitted by a nonprofit or for-profit organization or an institution of higher education, or for an application that involves research, OJP typically will contact the applicant/recipient that submitted the application and ask it to identify—quite precisely—any particular information in the application that the applicant/recipient believes falls under a FOIA exemption, the specific exemption it believes applies, and why. After considering the submission by the applicant/recipient, OJP makes an independent assessment regarding withholding information. OJP generally follows a similar process for requests pursuant to FOIA for applications that may contain law-enforcement sensitive information.

Provide Feedback to OJP

To assist OJP in improving its application and award processes, OJP encourages applicants to provide feedback on this solicitation, the application submission process, and/or the application review process. Provide feedback to OJPSolicitationFeedback@usdoj.gov.

IMPORTANT: This email is for feedback and suggestions only. OJP does **not** reply from this mailbox to messages it receives in this mailbox. Any prospective applicant that has specific questions on any program or technical aspect of the solicitation **must** use the appropriate telephone number or email listed on the front of this document to obtain information. These

contacts are provided to help ensure that prospective applicants can directly reach an individual who can address specific questions in a timely manner.

If you are interested in being a reviewer for other OJP grant applications, please email your résumé to ojpprsupport@usdoj.gov. (Do not send your résumé to the OJP Solicitation Feedback email account.) **Note:** Neither you nor anyone else from your organization or entity can be a peer reviewer in a competition in which you or your organization/entity has submitted an application.

Appendix A: Application Checklist

Justice and Mental Health Collaboration Program FY2019 Competitive Grant Announcement

This application checklist has been created as an aid in developing an application.

What an Applicant Should Do:

Prior to Registering in Grants.gov:

- _____ Acquire a DUNS Number (see page 30)
- _____ Acquire or renew registration with SAM (see page 30)

To Register with Grants.gov:

- _____ Acquire AOR and Grants.gov username/password (see page 30)
- _____ Acquire AOR confirmation from the E-Biz POC (see page 31)

To Find Funding Opportunity:

- _____ Search for the Funding Opportunity on Grants.gov (see page 31)
- _____ Select the correct Competition ID (see page 31)
- _____ Access Funding Opportunity and Application Package (see page 31)
- _____ Sign up for Grants.gov email [notifications](#) (optional) (see page 28)
- _____ Read [Important Notice: Applying for Grants in Grants.gov](#)
- _____ Read OJP policy and guidance on conference approval, planning, and reporting available at [ojp.gov/financialguide/DOJ/PostawardRequirements/chapter3.10a.htm](#) (see page 14)

After Application Submission, Receive Grants.gov Email Notifications That:

- _____ (1) application has been received,
- _____ (2) application has either been successfully validated or rejected with errors (see page 31)

If No Grants.gov Receipt, and Validation or Error Notifications are Received:

- _____ contact NCJRS regarding experiencing technical difficulties (see pages 2 and 31)

Overview of Post-Award Legal Requirements:

Review the "[Overview of Legal Requirements Generally Applicable to OJP Grants and Cooperative Agreements - FY 2018 Awards](#)" in the OJP Funding Resource Center.

Scope Requirement:

The federal amount requested is within the allowable limits of Category 1: up to \$300,000 for jurisdictions with populations fewer than 100,000, up to \$400,000 with populations between 100,000 and 499,999, and up to \$500,000 for populations of 500,000 or more; Category 2: up to \$100,000; and Category 3: up to \$750,000.

Eligibility Requirement:

Eligible applicants are limited to states, units of local government, federally recognized Indian tribal governments (as determined by the Secretary of the Interior), and state-county authorized mental health authorities.

What an Application Should Include:

_____	Application for Federal Assistance (SF-424)	(see page 15)
_____	Project Abstract	(see page 16)
_____	*Program Narrative (10 pages, including a statement on addressing the opioid crisis)	(see page 16)
_____	*Budget Detail Worksheet	(see page 18)
_____	*Budget Narrative	(see page 18)
_____	Indirect Cost Rate Agreement (if applicable)	(see page 21)
_____	Tribal Authorizing Resolution (if applicable)	(see page 21)
_____	Financial Management and System of Internal Controls Questionnaire	(see page 22)
_____	Disclosure of Lobbying Activities (SF-LLL)	(see page 23)
_____	Applicant Disclosure of Pending Applications	(see page 23)
_____	Applicant Disclosure and Justification – DOJ High Risk Grantees	(see page 24)

Additional Attachments:

_____	*Timeline/Project Plan	(see page 25)
_____	*Applicant Disclosure of Proposed Subrecipients	(see page 25)
_____	*Position Descriptions/Résumés	(see page 25)
_____	*Letter from Agency Executive (for Category 1: County Leadership)	(see page 25)
_____	* Letters of Support/Memoranda of Understanding	(see page 25)
_____	Research and Evaluation Independence and Integrity	(see page 25)
_____	Disclosure of Process related to Executive Compensation	(see page 27)
_____	Request and Justification for Employee Compensation; Waiver (if applicable)	(see page 13)
_____	Information regarding Communication with the Department of Homeland Security (DHS) and/or Immigration and Customs Enforcement (ICE)	(see pages 24, 37)
_____	Documentation of Anticipated Benefit to federally designated Qualified Opportunity Zones (if applicable)	(see pages 10, 28)

*Note: These elements are the basic minimum requirements for applications. Applications that do not include these elements shall neither proceed to peer review nor receive further consideration by BJA.
