# Coordinated Tribal Assistance Solicitation (CTAS)

## A. CTAS Description

### Overview

In 2009, based on a series of meetings across the country addressing violent crime in tribal communities, DOJ made the decision to decrease the number of applications tribes and tribal consortia were required to submit to receive grant funds. In 2010, DOJ launched its first Coordinated Tribal Assistance Solicitation (CTAS), which combined DOJ's existing Tribal Government-specific competitive solicitations into a single solicitation requiring only one application from each tribe or tribal consortium. This approach provides federally recognized tribes, tribal consortia, and tribal designees the opportunity to develop a comprehensive approach to public safety and victimization issues. **Note: CTAS is not a program but an overarching structure under which tribes can apply to ten separate grant programs, from five program offices, through a single application.**

Over the past ten years, through numerous meetings, tribal written comments, face-to-face tribal consultations, focus groups, and listening sessions, DOJ has continued to refine CTAS. In addition, DOJ has circulated an assessment tool to tribes each year to gather feedback about their experiences applying for CTAS.

DOJ incorporated feedback from the tribal meetings and consultations, as well as the assessment tool, to make the **following changes to the CTAS for FY 2019:**

- Purpose Area # 7 is now entitled the Tribal Victim Services Program (OVC). This may be funded through a tribal victim services set-aside, if enacted as part of an appropriations act or other statutory authority. BJA has added a new purpose area, Purpose Area #10 Addressing Violent Crime in Tribal Communities.
- The question-and-answer templates have been further coordinated and refined across purpose areas to ensure greater clarity and reduce duplication.
- The demographic form, as it relates to Purpose Area #1 (COPS Office), and its submission requirements have been updated. The demographic form applies only to applicants applying for Purpose Area #1 (COPS Office).
- The budget detail worksheet has been updated in order to be more user-friendly.
- The solicitation has been updated to be more streamlined and user-friendly, by reducing page limit requirements for both the Tribal Community and Justice Profile and the Purpose Area narratives; integrating the timeline into the Purpose Area narratives; and eliminating the Application Overview Document.

In FY 2018, 197 tribes (individually or as part of consortia) submitted CTAS applications, resulting in 225 DOJ awards for 125 tribes. The awards covered nine purpose areas and totaled more than \$113 million.

As in the previous nine fiscal years, this FY 2019 solicitation refers to DOJ's Tribal Government-specific competitive grant programs as purpose areas. Applicants may select the purpose area(s) that best address tribes' concerns related to public safety, criminal and juvenile justice, and the needs of victims or survivors of various crimes.

In response to a single tribal or tribal consortium application requesting funds from multiple purpose areas, multiple awards may be made. Purpose areas may be funded and administered by different DOJ program offices (see part C, Purpose Areas—Snapshot, on page 6, which identifies the DOJ program office that manages each purpose area). DOJ anticipates that awards will be managed by the awarding DOJ program office.

In addition to the CTAS coordinated approach for funding for FY 2019, federally recognized tribes and tribal consortia may be eligible for, and are encouraged to submit, separate applications to any non-Tribal Government-specific DOJ grant programs for which they may be eligible. For information on additional funding sources, go to <http://www.grants.gov> and the websites of individual federal agencies.

The DOJ components offering Tribal Government-specific grant resources through the ten purpose areas identified in this Coordinated Tribal Assistance Solicitation are listed below. For more information on each component, see [www.justice.gov/tribal/](http://www.justice.gov/tribal/).

- Office of Community Oriented Policing Services (COPS Office)

- Office on Violence Against Women (OVW)
- Office of Justice Programs, Office for Victims of Crime (OVC)
- Office of Justice Programs, Office of Juvenile Justice and Delinquency Prevention (OJJDP)

### Goals and objectives

- To proactively address the most serious tribal law enforcement needs
- To increase the capacity of tribal law enforcement agencies for safer communities and to enhance tribal law enforcement’s capacity to prevent, solve, and control crime, engage in anti-methamphetamine activities, engage in anti-opioid activities, and address human trafficking
- To implement or enhance community policing strategies
- To engage in strategic planning for law enforcement

Applicants may apply for funding to include the following:

**Strategic planning:** Strategic planning activities related to community policing

### Hiring:

**Sworn:** A full-time career law enforcement officer is authorized by law or by a state, local, or tribal agency to engage in or oversee the prevention, detection, or investigation of violations of criminal laws.

Approved entry-level salaries and fringe benefits of newly hired or rehired<sup>3</sup> full-time sworn career law enforcement officers, including village public safety officers, and background investigations for newly hired officer positions. Civilian Positions may be requested specifically to address methamphetamine and or opioid issues within the tribe. Rehired officers includes those who have already been laid off by your jurisdiction (at the time of application) as a result of state, local, or BIA budget reductions; and/or rehire officers who are (at the time of application) currently scheduled to be laid off by your jurisdiction on a specific future date as a result of state, local, or BIA budget reductions.

All newly hired, additional, or rehired officers (or an equal number of redeployed veteran officers) funded under Purpose Area #1 must engage in community policing activities.

The Purpose Area #1 budget worksheet will assist your law enforcement agency in reporting your agency’s current entry-level salary and benefits and identifying the total salary and benefits request per officer position for the length of the grant term. List the current entry-level base salary and fringe benefits rounded to the nearest whole dollar for one full-time sworn officer position within your agency. When determining the fringe benefit costs in section B, do not include the employee contributions. List only the portion of each fringe benefit that will be contributed by the agency. The Personnel section will consist of the gross salary of the entry-level officer (or Meth/Opioid Coordinator), plus the agency portion of fringe benefit contributions.

---

<sup>3</sup> Officers who have been laid off as a result of tribal or local budget reductions.

**Special note regarding sworn officer fringe benefits:** For agencies that do not include fringe benefits as part of the base salary costs and typically calculate these separately, the allowable fringe benefits may be included in Section B of the Budget Detail Worksheet. Any fringe benefits that are already included as part of the agency's base salary (within Section A of the Budget Detail Worksheet) should not be listed as a duplicative requested line item (within Section B of the Budget Detail Worksheet).

Applicants that do not already have an information-gathering system compatible with the Federal Bureau of Investigation (FBI) Uniform Crime Reporting (UCR) System are encouraged to apply for funds to pay for National Incident-Based Reporting System (NIBRS)/UCR-compliant crime data systems. Applicants can also request hardware and software required to access national criminal justice related databases (e.g., National Crime Information Center).

**Training:** Law enforcement training such as basic and comprehensive or specialized police training at a state academy or the Indian Police Academy in Artesia, New Mexico, as well as community policing, computer, and crime reporting (e.g., NIBRS) training, to include anti-methamphetamine, anti-opioid and human trafficking training.

**Travel:** Airfare, lodging, and mileage reimbursement for meeting or training costs related to purpose area activities, including costs associated with any DOJ-required training. Applicants must budget travel costs for attendance by two staff members at the DOJ CTAS orientation meeting (for budgeting purposes, please use Washington, D.C., as the location for this meeting). See the GSA web site for determining allowable *per diem* travel costs: <https://www.gsa.gov/travel/plan-book/per-diem-rates/per-diem-rates-lookup>.

**Overtime:** Overtime for sworn officers engaging in community policing related activities is an allowable cost; however, any overtime expenses requested for sworn officer positions must be listed in the "Other Costs" section of your application's budget. Overtime expenses must exceed the expenditures that your agency is obligated or funded to pay in its current budget. Overtime requests are limited as follows:

- Sworn force of fewer than 10: No more than \$25,000
- Sworn force of 10 to fewer than 20: No more than \$50,000
- Sworn force of 20+: No more than \$75,000

The COPS Office has provided a more detailed (not exhaustive) list of allowable and unallowable costs, which can be found at [www.justice.gov/tribal/](http://www.justice.gov/tribal/).

- Sworn force of 20+: No more than \$800,000

### **Specific requirements**

2. Comprehensive tribal justice systems strategic planning (BJA, COPS Office, OJJDP, OVW, and OVC), CFDA #16.608

### **Goals and objectives**

To engage in comprehensive justice system-wide strategic planning to improve tribal justice and safety including improving services for victims of crime, community wellness, increasing capacity to prevent crime and addressing violent crime, including activities outlined in the Tribal Law and Order Act (TLOA), such as strategic planning and the development of a Tribal Action Plan (TAP). This planning process will be guided and supported by a training and technical assistance (TTA) provider provided by DOJ.

Note: While other purpose areas may focus on a particular area within public safety and justice, the purpose of PA #2 is to initiate a broad assessment of a tribe's current justice system and to then produce a comprehensive justice system-wide strategic plan to further develop and enhance that justice system. Tribes that are interested in strategic planning related to a particular component of their justice system are encouraged to apply for funding under the purpose area that most closely relates to that aspect of their system.

**Applicants may apply for funding to include the following:**

**Strategic planning:** Develop a justice system-wide strategic plan that identifies the priority needs facing the applicant’s justice system and outline a detailed, strength-based, victim-centered strategy that includes: law enforcement; courts; community corrections; alternatives to incarceration; collaborative strategies to address serious and violent crime; strategies to address crime related to substance and alcohol abuse, including opioids; tribal jails programming; crime victims’ rights and services for all victims of crime, including services to promote safety for victims of child abuse, domestic violence, dating violence, sexual assault, and stalking; programming to serve juvenile justice needs from prevention through re-entry; and community resources to support alternatives to incarceration and re-entry into the community from incarceration.

The strategic plan should address improving public safety through community-oriented strategies that are victim-centered such as community courts, community prosecution, community corrections, and community policing. It should include organizational strategies that reorient the mission and activities of law enforcement toward the [community policing philosophy](#) and support the systematic use of partnerships and problem-solving techniques to proactively address the immediate conditions that give rise to public safety issues such as crime, social disorder, and fear of crime. DOJ welcomes incorporating traditional elements into the planning process and overall plan as well as restorative and problem-solving approaches that seek to understand and address the risk factors for future crime.

**Enhanced capacity to collect and analyze data:** Build ongoing capacity to better understand and define priority crime and tribal safety issues through access to good data related to the nature and extent of the crime issues and other tribal data that help assess risk and distress in tribal nations. The planning process should build capacity to review data to support the successful implementation of the strategic plan and to assess outcomes.

**Personnel:** It is recommended to engage a full- or part-time (approximately 75 percent FTE) project manager to facilitate the planning process and work with the DOJ CTAS PA#2-identified technical assistance provider to coordinate daily activities. This position can be funded through the mechanism that best suits the tribe—as a staff member or on a contract basis. In addition, funds may be used to hire staff or contractors to support the data collection and analysis, including research partners.

**Training:** DOJ will fund a training and technical assistance provider at **no cost** to grantees to assist in all aspects of the strategic planning process. This includes extensive on-site and office-based support for facilitating the strategic planning process, forming a strategic planning team, conducting a comprehensive needs assessment, identifying community strengths and resources, defining community challenges, developing strategies to strengthen the applicant’s justice system and promote community wellness and safety, and completing the final written strategic plan to be submitted to DOJ. Costs for outside training and technical assistance providers or outside organizations to create a strategic plan for the tribe will **not** be an allowable expense.

**Equipment:** No equipment should be budgeted for this project. General office equipment such as computers, fax machines, printers, scanners, and tools to support data collection and analysis should be included in the “Supplies” or “Other” categories.

**Travel:** Applicants should budget for airfare, lodging, mileage reimbursement, and *per diem* associated with regional and national meetings or strategic planning trainings, including costs associated with DOJ-required trainings. This should include travel for two people to the required CTAS orientation. Use Washington, D.C., as the destination when calculating the estimated costs for the required travel.

**Other Costs:** Funds may be used for additional purposes to support the development of the strategic plan such as costs related to the printing and distribution of the plan, community outreach, and data collection. Funds may **not** be used for stipends, incentive items, food, or beverages.

To build your Purpose Area #2 narrative, use the provided template located in GMS. Find the Purpose Area #2 narrative template at <https://grants.ojp.usdoj.gov/CTAS/docs/Purpose Area 2 Narrative.docx>. **You will need your GMS password to access this fillable document.** Sample templates are available at [www.justice.gov/tribal/open-sol.html](http://www.justice.gov/tribal/open-sol.html) for review without a password.

The strategic planning program is supported by all five participating DOJ offices and provides that Purpose Area #2 grantees that submit an approved strategic plan will receive priority consideration for CTAS funding to implement the strategic plan in whole or in part in a future fiscal year following submission of an application in those purpose areas that are directly connected to the strategic plan.

### 3. Tribal Justice Systems (BJA), CFDA #16.608

#### **Goals and objectives**

The overall goal of Purpose Area #3 is to provide funding to tribes to develop, support, and enhance adult tribal justice systems and prevent crime, including crime related to opioid, alcohol, and other substance abuse. Key partners can include law enforcement; pretrial services; risk and needs assessment experts; diversion, prevention and treatment providers; juvenile justice; tribal prosecutors; tribal court services and defense counsel; detention facilities; community corrections; re-entry coordinators; community planners and facility managers; and traditional leaders. PA #3 projects that incorporate a research component will receive special consideration.

If the proposed project is focused entirely on violent crime, please consider applying under Purpose Area #10.

The objectives support the critical and priority needs of tribal justice systems to prevent crime and ensure tribal safety through the development, implementation, and enhancement of strategies, including the following:

- To engage in targeted strategic planning to improve tribal justice and community safety as it relates to enhancing tribal system responses and improving community safety, including crime associated with substance and alcohol abuse, including opioids; review of key data; partnerships with researchers; and building the capacity for crime analysis.

- To enhance the tools and resources for tribal law enforcement prosecutors, courts, and corrections agencies, including tribal probation and tribal jails, to effectively respond to crime and related tribal safety.
- To implement the enhanced authorities and provisions under TLOA and the Violence Against Women Reauthorization Act of 2013 and to support the development of joint jurisdiction courts with state and local courts.
- To prevent future crime by addressing the risks and needs of young adults (ages 18–25) who are involved with or at risk of involvement with the justice system, including juveniles at high risk for involvement with serious and violent crime.
- To ensure safety through coordinated support for the re-entry of returning tribal members from federal or state prison.
- To develop, enhance, and continue programs to improve the safety and effectiveness of tribal law enforcement officers such as planning for and developing a tribe’s own law enforcement agency, law enforcement support as part of a larger strategy in PA #3, or addressing court security issues such as adding an officer at the courthouse to improve court security.
- To enhance the use of forensic evidence related to crime in tribal communities to improve outcomes, including training, coordinated efforts to collect and process evidence, and securing evidence and crime scene responses, especially in rural areas where law enforcement response may be delayed.
- To develop, implement, and enhance substance abuse and crime prevention, interventions, and alternatives to incarceration to address crime related to the opioid epidemic. This can include opioid, alcohol, and other substance abuse and related crime prevention; healing to wellness courts; intervention; or treatment, including services that prevent and address the needs of drug-endangered children.

Applicants are encouraged to be strategic in requesting funding that can focus on a limited number of key areas that will have the greatest impact, rather than seeking to expand new areas of focus or services.

**Applicants may apply for funding to include the following:**

**Tribal courts:** Plan new or enhance existing tribal courts. Support staffing of prosecutors, attorneys, advocates, probation, and pretrial service officers; tribal court judges and other court staff; clerical support staff, etc.; Provide indigent defense and criminal legal defense services and support activities relating to implementation of the enhanced sentencing authority provisions of TLOA or the special domestic violence criminal jurisdiction under the Violence Against Women Reauthorization Act of 2013.

**Alternative justice courts:** Plan new or enhance existing peacemaking courts, healing to wellness courts, veterans treatment courts, sentencing circles, and other alternative justice courts.

**Risk and needs assessment:** Develop and integrate the use of risk and needs assessment tools into the tribal justice system decision-making process. To implement results, coordinate access to key social services, tracking and case management of services, and ongoing risk assessment reviews.

**Diversion and alternatives to incarceration:** Employ decision-making models and programming to divert low risk offenders, including juveniles at high risk for involvement in the adult system from incarceration. Including law enforcement diversion, community supervision, mental health services and drug abuse treatment, electronic alcohol and offender monitoring, job training and placement, housing assistance, education, and family and community supports.

**Prevention:** Protect communities from crime related to alcohol and drug abuse, including opioids, methamphetamine and prescription drug abuse and production. Support culturally relevant and appropriate evidence-based substance abuse prevention programs (see <https://www.samhsa.gov/nrepp>). Enhance security in areas such as lighting, surveillance equipment, and community emergency alert and telephone systems.

**Treatment:** Integrate tribal, federal, state, and local services with culturally appropriate treatment for individuals diverted from the tribal justice systems, individuals involved in the tribal justice system (including the incarcerated population), and re-entering individuals and their families.

**Corrections (institutional and community):** Develop, implement, and enhance programming for tribal members incarcerated in tribal, federal, state, or local correctional facilities or under community supervision to reduce risks for reoffending and support successful rehabilitation. Programming could include collaborations to support behavioral health needs, effective treatment such as cognitive behavioral therapy, education and vocational services, and other programming that will reduce the risk for recidivism.

**Re-entry:** Develop, implement, and enhance culturally appropriate re-entry programs. Also provide treatment, aftercare, and other re-entry supportive services to individuals re-entering communities from tribal, local, state, and federal correctional facilities.

**Law enforcement:** Identify, apprehend, and prosecute individuals who illegally transport, distribute, and abuse illegal substances in tribal communities (subject to existing legal authority). Support programming to improve officer safety and improve the delivery of law enforcement services related to crime, the opioid epidemic, and other addictions in the tribal community.

**Equipment:** Purchase general office equipment such as computers, fax machines, printers, scanners, surveillance cameras, digital cameras, office furniture, courtroom furniture, computer networks, court management systems, electronic alcohol and offender monitoring devices, and related equipment.

**Strategic planning:** Develop tribal action plans (see <https://www.samhsa.gov/tribal-ttac/training-technical-assistance/tap>) for alcohol and substance abuse. Increase coordination with relevant nontribal agencies and organizations, and among all levels of the tribe, engage in strategic planning efforts to address the needs of the tribe's justice system. Comprehensively address alcohol and substance abuse-related crime.

**Training:** Budget for registration fees and lodging costs associated with training events related to purpose area activities, and reimburse costs associated with obtaining expert knowledge to assist with the development or enhancement of the program such as culturally appropriate training, technical assistance, treatment, and information technology.

**Travel:** Applicants should budget for airfare, lodging, and mileage reimbursement for training costs related to purpose area activities, including costs associated with DOJ-required training. This should include travel for two people to attend the required CTAS orientation. Please use Washington, D.C. as the destination when calculating the estimated costs for the required travel.

#### 4. Tribal Justice System Infrastructure program - TJSIP (BJA), CFDA #16.596

##### **Goals and objectives**

- To renovate, expand, or replace (via prefabricated or permanent modular facilities only) existing buildings to enhance conditions that address staff/resident/detainee/inmate safety and security issues for the following tribal justice-related facility types: single jurisdiction or regional tribal correctional facilities, correctional alternative or treatment facilities, multipurpose justice centers (including police departments, courts, and/or corrections), and transitional living facilities (halfway houses).
- To renovate, expand, or replace (via prefabricated or permanent modular facilities only) existing tribal justice-related facilities to add capacity for rehabilitative services, enhance facility service/function capacity, implement correctional alternative programs, or establish community-based programs to reduce the recidivism rates for offenders who are subject to tribal jurisdiction.
- To complement efforts to implement enhanced authorities and provisions under TLOA and the Violence Against Women Reauthorization Act of 2013 by enhancing justice system infrastructure.

**Important note:** Applicants seeking to use grant funds for renovation, expansion, replacement, or completion of construction should describe any additional resources that may be leveraged to complete the project. As a result of past experience funding these facilities, DOJ realizes that the maximum amount available under Purpose Area #4 may not be sufficient to complete projects of this nature without supplemental funding sources. Purpose Area #4 funding may be used to supplement other funding sources (e.g., federal, tribal) to complete these efforts. Should Purpose Area #4 funding not be sufficient to complete the entire project, applicants must detail the additional funding source(s) and provide documentation certifying that the funding has been secured.

**Applicants may apply for funding to include the following:**

**Renovation or expansion:** Renovate or expand an existing facility to provide new or continued services such as a correctional or detention facility, including adult and juvenile incarcerated populations, multipurpose justice centers (including police departments, courts, and/or corrections), and alternatives to incarceration. Renovate correctional facilities that are no longer considered safe and secure to serve as holding facilities or multipurpose justice centers and regional detention centers on Indian land for incarceration of offenders subject to tribal jurisdiction. Renovate or expand an existing facility to provide community-based correctional alternative services or to serve as a transitional living facility (halfway house).

**Prefabricated or permanent modular buildings:** Build prefabricated or permanent modular facilities where there are no existing permanent structures available or sufficient to address justice system infrastructure needs. The types of justice facilities eligible under this category include single jurisdiction or regional tribal correctional facilities, correctional alternative or treatment facilities, multipurpose justice centers (including police departments, courts, and/or corrections), and transitional living facilities (halfway houses) associated with the incarceration and rehabilitation of juvenile or adult offenders. Applicants pursuing these options should explore energy-efficient solutions for heating, cooling, lighting, and other utility needs. Please note that temporary modular facilities are not allowable under Purpose Area #4. Temporary modular facilities are for short-term needs (e.g., natural disaster relief) and are not recommended for permanent applications.

**Other costs associated with renovation/expansion of a facility or the completion of existing construction projects:** Provide for infrastructure costs such as roads, sewer and water hook-ups, land preparation, and other costs normally associated with construction site work; items associated with managing the planned construction or renovation process; construction materials necessary to construct or renovate facilities and associated infrastructure; furniture, surveillance cameras, or other items affixed or integral to the facility; staff housing; or other costs associated with the completion of a renovation, expansion, or construction project funded through other confirmed funding sources.

**Note: New construction projects are not allowable under this program.**

**Specific requirements**

**Purpose Area #4 Narrative (Operations & Maintenance Assistance):** If applicants are requesting assistance from the Bureau of Indian Affairs (BIA), Indian Health Services (IHS), or another agency external to the tribe to meet facility operations and maintenance needs, applicants should describe the existing request for staffing, operations, and maintenance of the proposed renovated or expanded facility. Applicants should provide the status of any requests to other agencies regarding the staffing, maintenance, and operation of the facilities being planned or renovated. A tribe may submit, by authorizing resolution or other satisfactory evidence of legal authority, a commitment to fund future staffing, maintenance, and operation of the facilities renovated in lieu of BIA or other agency funding support letters if the tribe chooses to be responsible for this ongoing cost.

**Purpose Area #4 Narrative (Regional-based Projects):** Applicants interested in pursuing regional projects that involve two or more tribes will be required to submit memoranda of understanding, letters of support, or other documentation that demonstrates the support from the other participating tribes. Requests for funding to support regional projects will not be awarded without supporting documentation.

**Purpose Area #4 Narrative (Project Feasibility):** All applicants receiving funding for renovation or expansion projects will be required to indicate in the program narrative whether the existing building proposed for improvements appears to be a viable structure for renovation and/or expansion with a design developed and approved by a qualified architect/engineer/contractor. If your tribe receives an award, the BJA TJSIP TTA provider will conduct a visual tour and surface inspection of the proposed facility to verify project feasibility. The purpose of this requirement is to ensure that using grant funds to renovate or expand the existing facility is justifiable. Award funds will be placed on hold until the BJA TJSIP TTA provider has completed the project feasibility verification process.

**Purpose Area #4 Narrative (Staffing Levels):** Applicants requesting funds for renovation, expansion, or prefabricated or permanent modular projects must specify whether the tribe is going to maintain current staffing levels or require new staff as a result of the facility modification. In the event that additional staff members or other operational and maintenance funding will be needed as a result of the renovation or expansion, applicants must provide a staffing budget for the necessary operational staff and indicate how the new staff members will be funded as part of the facility operational plan. If funding for the new staff members is not in place at the time of application submission, the tribe must provide a tribal resolution or legal equivalent that indicates the source of funding that will be used to support the new staff members and the time frame for when the tribe expects to have funding in place to support the new staff members. In instances where renovation or expansion projects will result in additional bed space for corrections or community-based facilities, applicants must provide data in their applications that clearly substantiate the need for enhanced capacity.

**Purpose Area #4 Narrative (Planning Process):** Applicants must demonstrate that they have completed a planning process that supports the need for renovation or expansion funding under TJSIP. Applicants must certify the extent of planning completed and present all relevant documents related to the completed planning activities with their application. Applicants that have completed a formal or structured justice system planning process, such as the BJA Planning Alternatives and Correctional Institutions for Indian Country or the National Institute of Corrections Planning of New Institutions process, should attach documentation such as a master plan or needs assessment to receive priority consideration for funding under the TJSIP purpose area. If applicants are seeking to renovate, expand or replace, they should describe the development of a plan that explores building options to ensure a cost-effective design and provide the status of any requests to other agencies regarding the staffing, maintenance, and operation of the facilities being planned or renovated.

**Travel Budget Requirement:** Applicants must budget for airfare, lodging, and mileage reimbursement for training costs related to purpose area activities, including costs associated with the DOJ-required training. This should include travel for two people to attend the required CTAS orientation. Please use Washington, D.C. as the destination when calculating the estimated costs for required travel.

**Real Property Requirement:** In accordance with DOJ real property standards (2 C.F.R. §200.311), BJA will continue to monitor facility usage and capacity levels once the grant ends. BJA and OJP retain a financial interest in funding the acquisition or improvement of real property because interest accrues with acquisition of land or buildings and improvements to land or buildings such as new construction or renovation. This extends solely to property use. So that the intent of the funding statute or authority is met throughout the useful life of a facility, even after a grant closes, BJA will require the grantee to submit regular reports on the status of the real property in which the Federal Government retains an interest. If a grantee ceases to need a grant-funded facility for the originally authorized purpose during its useful life, the grantee is obligated to request property disposition instructions from OJP/BJA, pursuant to 2 C.F.R. §200.311 (c).

**Grant Project Period:** Program planning should include a determination of the period of performance, not to exceed 36 months, necessary to complete the renovation, expansion, or replacement project without a no-cost grant extension.

**Note: OVW encourages tribes to apply for Tribal Governments Program funding to improve the criminal justice system response to violence against women, including supporting law enforcement, prosecution, courts, and multi-disciplinary teams. Although tribes may continue to apply for Tribal Governments Program funding for victim services, funding is also available under Purpose Area #7, OVC's Comprehensive Tribal Victim Assistance Program, for projects focused on improving services for victims.**

### Goals and objectives

- To develop and enhance effective governmental strategies to curtail violent crimes against and increase the safety of Indian women consistent with tribal law and custom.
- To increase tribal capacity to respond to domestic violence, dating violence, sexual assault, sex trafficking, and stalking crimes against Indian women.

- To develop and promote legislation and policies that enhance best practices for responding to crimes against Indian women, including the crimes of domestic violence, dating violence, sexual assault, stalking, and sex trafficking.

### **OVW Priority Areas**

In FY 2019, OVW is interested in supporting the priority area(s) identified below. Applications proposing activities in the following areas will be given priority in funding decisions.

- Reduce violent crime against women and promote victim safety.  
Applications proposing to use grant funds to hire and train a .5 FTE or more law enforcement position, including village public safety officers, will receive priority in funding decisions. Applicants may request funding for a career law enforcement officer who is authorized by law to engage in or oversee the prevention, detection, or investigation of violations of criminal laws. In addition, applications proposing to use grant funds to establish a Domestic Violence Court or a Domestic Violence Docket will also receive priority in funding decisions. Applicants may request funding to plan, implement, and operate a Tribal Domestic Violence Court/Docket with domestic violence-trained court personnel, including a domestic violence court/docket coordinator, and dedicated judges, prosecutors, or pre/post-conviction monitoring staff.

- Include substance abuse professionals in a coordinated community response to VAWA crimes and increase victim access to substance abuse services.

Applications proposing to include substance abuse professionals as partners in the proposed project in order to meet the needs of victims with substance abuse issues will receive priority in funding decisions. **Note:** Grant funds may be used to provide counseling and referrals related to substance abuse issues but not to provide substance abuse treatment services.

### **Applicants may apply for funding to include the following**

**Strategic planning:** Comprehensive strategic planning to develop and enhance governmental strategies to increase the safety of Indian women, including legislation.

**Staffing:** Salary and fringe benefits or contract costs for victim advocates, criminal justice system or court personnel, or CCR team coordinators; staff for a domestic violence shelter, safe home, or transitional housing facility; civil legal assistance attorneys; batterers' intervention program staff; staff for supervised visitation and safe exchange centers; paralegals; clerical support staff; counselors; volunteer coordinators; and management positions to oversee project staff. **Note:** The need for the position must be justified in the purpose area narrative and tribal narrative profile. For example, if an applicant is applying to hire a domestic violence police officer, OVW will expect to see information on the size of the police force, the number and percentage of domestic violence calls, and why the current police response needs improvement.

**Victim services:** Services and resources for victims of domestic violence, dating violence, sexual assault, sex trafficking, or stalking, including, but not limited to: crisis hotlines; emergency shelter services; accompaniment and advocacy; crisis intervention, short-term individual and group support services, and comprehensive service coordination; information and referrals; community-based, linguistically- and culturally-specific services; and development and distribution of relevant materials for victims.

**Children and youth services:** Prevention strategies, including bystander intervention, peer-to-peer education, parent/guardian education, and training men to be mentors and role models; and intervention strategies, including advocacy, counseling services, home visitation, mental health services, educational support, and transportation. For more information, visit [www.justice.gov/tribal/open-solicitations](http://www.justice.gov/tribal/open-solicitations) for a resource document on projects addressing youth.

**Criminal justice interventions:** Costs related to dedicated court dockets, law enforcement, or prosecution units; CCR teams; tribal code or administrative procedure revisions; batterers' intervention programs, fatality reviews; and activities necessary to implement enhanced sentencing under the federal Tribal Law and Order Act (TLOA) and/or special domestic violence criminal jurisdiction (SDVCJ). Note: OVW funds may not be used to fund legal representation of defendants in criminal matters. Note also that OVW has a separate grant program for implementation of SDVCJ under the Violence Against Women Reauthorization Act of 2013. Please see the OVW website ([www.justice.gov/OVW](http://www.justice.gov/OVW)) for more information.

**Training and travel:** Local mileage reimbursement for program staff; airfare, hotel, and *per diem* to travel to OVW-sponsored training and technical assistance events; discipline specific and/or multi-disciplinary team training for personnel involved in the implementation of the proposed project.

**Prevention:** Development and distribution of materials and resources; curriculum development; and local meeting costs tied directly to the development of a strategy to prevent domestic violence, dating violence, sexual assault, stalking, and sex trafficking.

**Equipment and supplies:** The organization's own capitalization policy for classification of equipment should be used. Expendable items should be included in the Supplies category. Non-expendable items should be included in the Equipment category. Rented or leased equipment costs should be listed in the Contractual category. In all cases, applicants must clearly demonstrate how the requested equipment, supplies, and contracts will support the goals and objectives of the project. Applicants should analyze the cost of purchasing versus leasing equipment, especially high-cost items and those subject to rapid technical advances.

**Cultural and traditional practices:** Costs for cultural and traditional practices are allowable, including talking circles, healing ceremonies for victims, traditional gatherings for victims and survivors, and sweat lodges.

**Programming for underserved populations:** Costs for increasing access to programming for any marginalized or underserved populations (based on race, ethnicity, sexual orientation, gender identity, disability, age, etc.) are allowable, including, as appropriate, interpretation, translation, and adaptive equipment for individuals with limited English proficiency, with disabilities, or who are deaf or hard of hearing.

### Specific requirements

**Confidentiality:** In accordance with 34 U.S.C. § 12291(b)(2), recipients of OVW funding and their subgrantees must protect the confidentiality and privacy of persons receiving OVW-funded services to support victims' safety. Funded applicants will be required to document their compliance with this provision. All applicants are required to acknowledge that they have received notice that grantees and subgrantees must comply with the confidentiality and privacy requirements of the Violence Against Women Act as amended. The acknowledgement form is available on the OVW website at [https://www.justice.gov/sites/default/files/ovw/pages/attachments/2015/01/20/confidentiality\\_acknowledgement\\_form\\_42015.pdf](https://www.justice.gov/sites/default/files/ovw/pages/attachments/2015/01/20/confidentiality_acknowledgement_form_42015.pdf) and must be signed by the authorized representative and uploaded with the application in GMS. Frequently asked questions about the confidentiality requirement are available at <https://www.justice.gov/ovw/page/file/1006896/download>

**Eligibility: Exception for OVW Tribal Governments Program (Purpose Area #5):** A federally recognized tribe *or* an organization that is acting as the **authorized designee** of a federally recognized Indian tribe may apply. If the applicant is a **tribal designee** under the OVW Tribal Governments Program, the applicant must include a tribal resolution or equivalent legal authorization from the tribe as part of the application. This resolution or equivalent legal authorization must:

- Demonstrate eligibility to apply for the program for both the federally-recognized tribe and the tribal designee partner;

- Demonstrate (1) the applicant is authorized to submit an application on behalf of the federally recognized Indian tribe; (2) the tribe supports the project and that is committed to participating in the project if it is selected for funding; and (3) how information sharing will occur to ensure the tribe is informed about the project implementation and its impact on tribal individuals, families, and communities.
- Be current (developed within the open period of this solicitation);
- Contain authorized signature(s); and
- Be submitted by the application due date.

**In addition, applicants that received three-year awards under the OVW Tribal Governments Program funding in FY 2017 or two- or three-year awards in FY 2018 are not eligible to apply for a new project or for continuation funding with regard to the FY 2017 or FY 2018 awards. This eligibility requirement also extends to entities authorized to apply on behalf of the tribe(s). In addition, if a tribe has an award from FY 2017 or FY 2018, it may not apply through a designee in FY 2019.**

Applicants with OVW Tribal Governments Program awards from FY 2016 or earlier generally are eligible to apply for funding in FY 2019. However, if the applicant has 50% or more of funds remaining in the FY 2016 or earlier award as of March 31, 2019, it is not eligible for FY 2019 funding in this program.

**New applicants:** Applicants that have never before received funding from OVW or whose last award from OVW closed on or before September 30, 2018 are eligible to request up to \$450,000.

**Current grantees:** Applicants that have at least one active, current award from OVW are considered current grantees. The award cap for current grantees is \$900,000. Applicants should consider the level of effort necessary to complete the proposed project and the amount of funds that were expended during the current 36-month budget cycle—not solely the amount that was previously awarded—in deciding how much to request in FY 2019. Current grantees are encouraged to propose projects, incorporating new project areas and activities, that expand upon the currently funded program in an effort to continue building a comprehensive community response to sexual assault, domestic violence, dating violence, stalking, and sex trafficking.

**Collaborative partnership:** Applications for this purpose area must demonstrate that the proposal was developed in consultation with a qualified partner. For the purposes of this solicitation, a “qualified partner” is: (1) a nonprofit, nongovernmental Indian victim services provider organization, such as a domestic violence shelter program or rape crisis center; (2) a nonprofit, nongovernmental tribal domestic violence or sexual assault coalition; or (3) an advisory committee that includes women from the community to be served by the proposed project. Prior to receipt of an award and the release of grant funds, the applicant will be required to provide OVW with a letter of support from a qualified partner. For an example of such a letter of support, visit <https://www.justice.gov/tribal/open-solicitations>.

Additionally, applicants proposing projects focusing on youth are strongly encouraged to:

1. Demonstrate substantial partnerships with as many as possible of the following:

- a. A school or school district;
  - b. A domestic violence or sexual assault service provider, if the applicant is itself not such a service provider;
  - c. A children- and youth-focused program, such as Head Start or an after-school, community-based program, if the applicant is itself not such a program; and
  - d. A culturally-specific service provider or an organization that works with the identified target population(s) for the proposed project, if the applicant is itself not such a provider or organization;
2. Ensure one or more of the project partners has a history of conducting prevention education, intervention strategies, or community awareness activities related to sexual assault, domestic violence, dating violence and stalking;
  3. Ensure one or more of the project partners has the expertise and history to provide trauma-informed victim services, including victim advocacy, crisis counseling, or mental health services, for the proposed age range (children/youth/young adults);
  4. Provide victim services, such as crisis counseling and referrals, through their own programming or through an appropriate project partner for all project activities that specifically engage youth and/or parents, care providers, or legal guardians.

For more information, visit [www.justice.gov/tribal/open-solicitations](http://www.justice.gov/tribal/open-solicitations) for a resource document on projects addressing youth.

**Victim safety and offender accountability:** Applications for this purpose area will be reviewed and evaluated on the extent to which the applicant proposes sound strategies to enhance victim safety and offender accountability at <https://www.justice.gov/ovw/resources-applicants>.

OVW does not fund activities that jeopardize victim safety, deter or prevent physical or emotional healing for victims, or allow offenders to escape responsibility for their actions. Information on activities that compromise victim safety and recovery and undermine offender accountability may be found in the OVW Solicitation Companion Guide at <https://www.justice.gov/ovw/resources-applicants>.

**Travel budget requirement:** Applicants from the lower 48 states must budget \$30,000 and applicants from Alaska must budget \$35,000 in travel over the course of the project for OVW training and technical assistance, which includes the three required DOJ-sponsored trainings identified below.

**New grantee orientation:** All new grantees must participate in a mandatory new grantee orientation. Continuation grantees may send new staff to the new grantee orientation.

**Annual tribal summit:** All grantees must participate in the annual tribal summit.

**Bi-Annual sex trafficking conference:** All grantees must participate in the bi-annual sex trafficking conference.

**Legal assistance certification requirement:** Any grantee or subgrantee providing legal assistance with funds awarded under this program shall certify the following in writing:

1. any person providing legal assistance with funds through this program:
  - A. has demonstrated expertise in providing legal assistance to victims of domestic violence, dating violence, sexual assault, or stalking in the targeted population or
    - i. is partnered with an entity or person that has demonstrated expertise described in subparagraph (A) and
    - ii. has completed or will complete training in connection with domestic violence, dating violence, sexual assault or stalking and related legal issues, including training on evidence-based risk factors for domestic and dating violence homicide;
2. any training program conducted in satisfaction of the requirement of paragraph (1) has been or will be developed with input from and in collaboration with a tribal, state, territorial, or local domestic violence, dating violence, sexual assault or stalking victim service provider(s) or coalition, as well as appropriate tribal, state, territorial, and local law enforcement officials;
3. any person or organization providing legal assistance with funds through this program has informed and will continue to inform state, local, or tribal domestic violence, dating violence, sexual assault or stalking programs and coalitions as well as appropriate state and local law enforcement officials of their work;
4. the grantee's organizational policies do not require mediation or counseling involving offenders and that victims being physically together in cases where sexual assault, domestic violence, dating violence, or child sexual abuse is an issue.

This certification shall take the form of a letter, on letterhead, signed and dated by the authorizing official. If this certification is not included, any proposed legal assistance will be removed from the application. For a sample letter, see <https://www.justice.gov/ovw/resources-applicants>

**Letter of nonsupplanting:** Applicants must submit a letter signed by the authorized representative certifying that federal funds will not be used to supplant state, local, or tribal funds should an award be made. Refer to <https://www.justice.gov/ovw/resources-applicants> for a sample letter. This should be a separate attachment to the application in GMS.

6. Office for Victims of Crime (OVC—Children’s Justice Act Partnerships for Indian Communities - CJA), CFDA #16.583

**NOTE: Due to the limited amount of funding available under this purpose area, applications focused on the criminal investigation and prosecution of child abuse and neglect, especially cases of child sexual abuse, will receive priority.<sup>4</sup>**

**Goal**

The goal of the Children’s Justice Act Partnership for Indian Communities (CJA) program is to provide funding, technical assistance, and training to help American Indian and Alaska Native communities develop, establish, and operate programs designed to improve the investigation, prosecution, and handling of cases of criminal child abuse and neglect, and particularly child sexual abuse cases, in a manner which lessens trauma for child victims.

**Objectives**

- To improve investigative, prosecutorial, and judicial practices so that trauma is reduced for victims of child abuse and neglect. Such improvements might include allowing an advocate to accompany the child victim to court to provide emotional support; creating or enhancing programs aimed at providing forensic interviewing of child victims; preparing child victims to participate in the judicial process by using developmentally-appropriate language and resources; facilitating victim impact statements; using innovative legal practices to mitigate the trauma for child victims testifying in the physical presence of the accused; and ensuring that child victims and their family members receive access to victim assistance, medical, mental health, and social services from the initial report through the judicial process and recovery. **Please note:** For purposes of the CJA program, “family members” refers to (1) members of the abused or neglected child’s family or individuals acting as the child’s legal guardian or caregiver; (2) who are providing care and support to the child; and (3) who are NOT the accused, or actual perpetrators of the abuse/victimization for which the child is receiving services.
- Adopt a trauma-informed, multidisciplinary approach to the investigation, prosecution, and management of cases of child abuse and neglect by providing training to tribal, state, and federal professionals responsible for responding to and intervening in cases of child abuse and neglect in the applicant tribal community. Project activities should focus on improving coordination of efforts through information sharing and developing and implementing written response protocols for child abuse and neglect cases that are designed to minimize trauma for child victims and their family members.

---

<sup>4</sup> The statutory authority for the Children’s Justice Act, 34 U.S.C. § 20101(g), states that grants made under this program are “for the purpose of assisting Native American Indian tribes in developing, establishing, and operating programs designed to improve (A) the handling of child abuse cases, particularly cases of child sexual abuse, in a manner which limits additional trauma to the child victim; and (B) the investigation and prosecution of cases of child abuse, particularly child sexual abuse.”

- Provide emergency services for children who are at imminent risk of harm and crisis intervention services to aid child victims and their family members in recovering from incidents of abuse and neglect.
- Develop specialized services for victims of child abuse and neglect and their family members. Such services may include providing trauma-focused counseling for child victims, families, secondary victims (such as siblings or grandparents) and for groups of victims as appropriate; the development and operation of a child advocacy center to provide a neutral and child-friendly area for trained professionals to conduct forensic interviews; and providing victims of child sexual abuse with access to sexual assault forensic medical exams performed by medical professionals with specialized training in conducting pediatric exams. Grant funds may be used to provide the necessary training to professionals so that they may provide the described specialized services to victims of child abuse and neglect and their family members.

### **Required deliverables**

If awarded, successful applicants will be required to submit the following deliverables to OVC within the first 18 months for review and approval:

- A **community needs assessment** to identify gaps and other issues in the community's current response to incidents of child abuse and neglect;
- A **privacy certificate** describing how the grantee will protect the privacy of the individuals who participate in the grantee's community needs assessment activities and the confidentiality of the data that is collected as the result of assessment activities;
- A **strategic plan** that establishes long-term priorities, directs resources towards achieving specific goals, and strengthens the grantee's programming for victims of child abuse and neglect; and
- A **logic model** to aid in evaluating the effectiveness of program planning activities as the grantee works to implement its strategic plan.

**Note:** Applicants who have completed a community needs assessment, strategic plan, or logic model related to child abuse, neglect, or other relevant crime victimization within the past three years are encouraged to submit copies of these documents as attachments to their applications for funding.

### **Performance Measurement**

In addition to the required deliverables described above, award recipients under this Purpose Area will be required to submit performance measurement data.

- Applicants should review the applicable performance measures at <https://www.ovc.gov/grants/pdf/txt/TVS-questionnaire.pdf>. Award recipients under this solicitation will be required to complete the following sections, including any relevant shared measures. (Training will be provided on the use of this tool.)
  - VI. Strategic Planning
  - VII. Victim Services

## **Applicants may apply for funding to include the following**

**Staffing:** Funding may support the salary and fringe benefits for personnel involved in the investigation, prosecution, and victim services focused on cases of criminal child abuse and neglect. Staffing may include dedicated prosecutors, law enforcement investigators, child protection services personnel, forensic interviewers, case managers, clinical mental health professionals, pediatric sexual assault nurse examiners, and other victim assistance and allied professionals. All personnel must be clearly linked to allowable program activities, and must be justified in the Purpose Area 6 Narrative and Tribal Community and Justice Profile, itemized under the appropriate budget category, and fully described in the Budget Narrative section of the budget detail worksheet.

**Coordination/outreach/awareness:** Funding may support multidisciplinary team meetings; the development and distribution of written response protocols, policies and standard operating procedure manuals that promote trauma-informed approaches to the delivery of services to victims of child abuse and neglect and their family members; development of tribal codes and development/improvement of policies and procedures related to serving victims related to defining and expanding victims' rights and crimes against children; community forums, public service announcements (PSAs), posters, brochures, fact sheets, etc., designed to increase the public's awareness and understanding of child abuse and neglect and the availability of grant-funded services.

**Cultural and traditional practices:** Applicants are encouraged to incorporate cultural and traditional practices in proposed activities—e.g., smudging, sweat lodges, or other traditional healing ceremonies—for victims of child abuse and neglect and their family members.

**Expanding services:** Applicants are encouraged to expand their victim service programming to serve often un-served eligible victims of crime, including child abuse or neglect victim populations that have difficulty accessing services due to factors such as age, type of victimization (e.g., trafficking victims or victims of technology-facilitated crimes), geographic location, disability, sexual orientation, or gender identity.

**Victim assistance:** Funding may support victim assistance services that are linked to the child's victimization. Victim assistance may include developmentally appropriate, trauma-informed counseling for primary victims and secondary victims (such as siblings or grandparents); family therapy; group therapy; case management services; aid with participating in traditional healing ceremonies or other cultural activities; assistance with emergency food, clothing, and transportation costs; emergency shelter services; assistance with crime victim compensation claims; and medical and dental care. Costs associated with programs focused solely on prevention activities are not allowable.

**Travel:** Airfare, lodging, *per diem*, and other allowable incidental costs for meetings or trainings related to purpose area activities, including costs associated with travel for at least two appropriate staff to attend certain DOJ-required trainings (i.e., one CTAS grantee orientation, two OVC mandatory trainings, and the biannual OVC-sponsored National Indian Nations Conference). Please use Washington, D.C., as the destination when calculating the estimated costs for required travel, as the actual locations will be determined at a future date.

**Additional training:** Funding may be used to pay for costs associated with developing and conducting local in-service trainings relevant to the investigation and prosecution of criminal child abuse and neglect cases. Funding may be used to send grant-funded staff—and, upon approval of your OVC grant manager, staff from collaborative partner agencies and organizations—to local, tribal, state, and regional training events that address the handling, investigation, and prosecution of child abuse and neglect cases or address the provision of trauma-informed services to the victims and their families.

**Equipment and supplies:** Enhancement of existing or new equipment and technology exclusively related to this CJA program are permissible. Costs may include supplies for play therapy, forensic interviewing recording equipment, digital cameras, rape kits, medical equipment for a pediatric sexual assault nurse examiner (SANE) program, office furniture and equipment (e.g., printers and scanners, child-friendly furnishings), and materials for traditional crafts and healing ceremonies.

**Procurement contracts and consultants:** Funding can be used for a wide range of contracted services or individuals to carry out approved program activities.

### Specific requirements

**Eligibility:** (1) For Purpose Area #6 Children’s Justice Act Partnerships for Indian Communities, federally recognized Indian tribes, as determined by the Secretary of the Interior<sup>5</sup>, including Alaska Native villages and tribal consortia consisting of two or more federally recognized Indian tribes, may apply. “Indian tribe” means any Indian tribe, band, nation, or other organized group or community (including any Alaska Native village or regional or village corporation as defined in or established pursuant to the Alaska Native Claims Settlement Act (85 Stat. 688), 43 USC §§ 1601 et seq.) which is recognized as eligible for the special programs and services provided by the United States to Indians because of their status as Indians. Additionally, an organization that is acting as the authorized designee of a federally recognized Indian tribe may apply.

Note: A determination by the Secretary of the Interior is not required for tribes to which federal recognition was extended by virtue of Public Law 115-121, the Thomasina E. Jordan Indian Tribes of Virginia Federal Recognition Act of 2017.

In addition, under this purpose area, FY 2017 and FY 2018 Purpose Area #6 CJA Program awardees are *not eligible* to apply for the FY 2019 Purpose Area #6 CJA program.

**Important note:** Due to the highly competitive nature of Purpose Area #6 and the limited amount of funding, applications focused on the criminal investigation and prosecution of child abuse and neglect, especially cases of child sexual abuse, will receive priority.

**Budget:** The proposed budget should not exceed \$450,000 and must be consistent with the program narrative and a 3-year project period.

**Travel budget requirement:**

- CTAS Grantee Orientation:** All grantees must send two appropriate staff to participate in the mandatory CTAS new grantee orientation.
- OVC Mandatory Training:** All grantees must send two appropriate staff to participate in a regional training.
- National Indian Nations Conference:** All grantees must send two appropriate staff to participate.

Please use Washington, D.C., as the destination when calculating the estimated costs for required travel. The actual location will be determined at a future date. Please include the cost of round trip airfare, lodging, and *per diem* in your travel calculations. See the GSA web site for information on the FY 2019 Federal *per diem* rates that should be used in calculating lodging and *per diem* costs: [www.gsa.gov/portal/category/21287](http://www.gsa.gov/portal/category/21287).

### **Training and Technical Assistance Activities**

Upon award, OVC will provide access to free training and technical assistance to assist with developing and implementing grant-funded projects. This may include professional development training, specific training for project staff and staff members from collaborative partner agencies and organizations or other experts on how to serve victims of child abuse and neglect; assistance with establishing mechanisms to capture required performance measurement data; development of project deliverables; or other training and technical assistance needs that may be identified. OVC expects all awardees to actively participate in activities and services offered through OVC and to use the OVC-designated training and technical assistance providers as their primary training and technical assistance resource.

### **Award Information**

OVC expects to make any award under this PA in the form of a grant. See Administrative, National Policy, and Other Legal Requirements section of the [CTAS Application Resource Guide](#) for a brief discussion of important statutes, regulations, and award conditions that apply to many (or in some cases, all) OJP grants. OVC expects to make up to six awards of up to \$450,000 each. Each award is for a 36-month period of performance, to begin on October 1, 2019 and end on September 30, 2022. **The funds for this program are authorized by the Victims of Crime Act (VOCA) of 1984. VOCA states that the funds are available for award recipients to use during the Federal Fiscal Year that the award was made, plus three additional Federal Fiscal Years (e.g., VOCA funds awarded in Fiscal Year 2019 are available for use through the end of Fiscal Year 2022). Therefore, OVC will not approve any project extensions for this award.**

All awards are subject to the availability of appropriated funds, and to any modifications or additional requirements that may be imposed by law.

## 7. Office for Victims of Crime (OVC)—Tribal Victim Services Program) CFDA #16.841

In recent years, DOJ has conducted numerous tribal consultations and listening sessions to learn more about the needs and resources associated with supporting AI/AN crime victims. As a result of these sessions, OVC has used available funding to improve programs to assist crime victims, develop resources and publications, and support training and technical assistance efforts.<sup>6</sup> FY 2019 may be the second fiscal year that the appropriations act provides for funds from the CVF to be used to support a tribal set-aside program for Indian tribes to improve services to AI/AN crime victims.

The overall goal of this program is to provide support to Indian tribes to improve services for victims of crime. Under this program, OVC is soliciting applications for funding to support a range of activities including needs assessment, strategic planning, program development and implementation, program expansion, and other activities to address the victim service needs of tribes.

### Objectives

- Work collaboratively with the community and key stakeholders (tribal, local, state, federal) to achieve a coordinated, collaborative, multidisciplinary, victim-centered response to crime that emphasizes adopting a trauma-informed approach to the delivery of crime victim services.
- Identify the critical needs of crime victims of all ages and develop programs to fill in the gaps in the existing community response to crime victims through the development and implementation of written trauma-informed response protocols, draft tribal codes and development/improvement of policies and procedures related to serving victims to define or expand crime victims' rights and crimes against persons, and increase access to services of populations within the community who do not traditionally access victim services. Provide comprehensive, culturally-competent direct services to victims of crime and their families.

### Allowable Victim Service Activities

Funding under this purpose area may be used for a wide range of programs, activities, equipment, and supplies to develop, enhance, sustain, or procure victim services. These allowable activities and costs include, but are not limited to:

- Needs assessment – assessing the victim service needs of the community to inform the planning, development, implementation, and expansion of victim service programs;
- Strategic planning – developing a strategic plan that will guide the development, implementation, and expansion of victim service programs;
- Program development – developing victim services programs based on the documented victim assistance needs of the community;
- Program implementation – implementing victim service programs based on the documented victim assistance needs of the community;
- Program expansion – including:

*Note: Certain costs and activities are unallowable.* Proposals must supplement existing victim services (if any), and may not include costs that supplant (or replace) existing funding for victim services. Applicants cannot request funding for the same cost items that were funded with FY 2018 CTAS funding or funding under the OVC FY 2018 Tribal Victim Services Set Aside Program. Also, funding must be used to improve victim services and may not be used for activities that are not victim services (for example, this funding cannot be directed to activities that are centered on crime prevention, investigation, prosecution, or corrections).

### **Deliverables and Required Reporting**

Deliverables will vary depending on the victim service activities proposed for funding, but all recipients must provide the following, as applicable, as the project progresses:

## **8. Juvenile Tribal Healing to Wellness Courts (OJJDP) CFDA # 16.585**

### **Purpose**

The overall purpose of this grant program is to support tribes seeking to develop a new Juvenile Tribal Healing to Wellness Court to respond to the alcohol and substance use needs (including opioid use) of juveniles and young adults under the age of 21. Federally recognized tribes that have an existing court

system and are interested in developing a new Juvenile Tribal Healing to Wellness Court are encouraged to apply.

### **Overview of Juvenile Tribal Healing to Wellness Courts**

Juvenile Tribal Healing to Wellness Courts are not simply tribal courts that handle alcohol and drug cases. They are special courts dockets that combine judicial supervision, substance abuse treatment, case management, drug testing, and graduated incentives and sanctions to help individuals with substance use disorders achieve sustained recovery and avoid reoffending. Juvenile Tribal Healing to Wellness Courts use a team approach that includes the judge, attorneys, probation, law enforcement, treatment providers, educational and vocational services, and other partners. In addition, Juvenile Tribal Healing to Wellness Court teams can incorporate tribal elders, traditional healers, and other culturally-appropriate resources to promote participants' healing and reintegration into the tribal community.

Juvenile Tribal Healing to Wellness Courts are designed to closely monitor participant compliance with treatment and other program requirements and respond quickly with culturally appropriate graduated incentives and sanctions to promote positive behavior changes. For example, a participant who has attended treatment regularly and tested negative for drug use is immediately praised by the Juvenile Tribal Healing to Wellness Court judge and team. The participant may also advance to a more lenient level of program supervision.

Conversely, a participant who has missed treatment meetings or tested positive for drug use is immediately sanctioned by the court. Common sanctions include more frequent drug testing, increased court appearances, community service assignments, written essays, and many others. Other distinctive aspects of Juvenile Tribal Healing to Wellness Courts include early referral and entry, regular court appearances, phased and culturally appropriate treatment, random drug testing, and an emphasis upon team decision-making.

Juvenile Tribal Healing to Wellness Court awardees are required to follow the 10 key components of the Tribal Healing to Wellness Court model below which are aligned with the OJJDP Juvenile Drug Treatment Court Guidelines:

1. Individual and Community Healing Focus

Tribal Healing to Wellness Court brings together alcohol and drug treatment, community healing resources, and the tribal justice process by using a team approach to achieve the physical and spiritual healing of the individual participant and to promote Native nation building and the well-being of the community.

## 2. Referral Points and Legal Process

Participants enter Tribal Healing to Wellness Court through various referral points and legal processes that promote tribal sovereignty and the participant's due (fair) process rights.

## 3. Screening and Eligibility

Eligible court-involved substance-abusing parents, guardians, juveniles, and adults are identified early through legal and clinical screening for eligibility and are promptly placed into the Tribal Healing to Wellness Court. Award funds may not be used to serve violent offenders. See 34 U.S.C. 10612.

## 4. Treatment and Rehabilitation

Tribal Healing to Wellness Court provides access to holistic, structured, and phased alcohol and drug abuse treatment and rehabilitation services that incorporate culture and tradition.

## 5. Intensive Supervision

Tribal Healing to Wellness Court participants are monitored through intensive supervision that includes frequent and random testing for alcohol and drug use while participants and their families benefit from effective team-based case management.

## 6. Incentives and Sanctions

Progressive rewards (or incentives) and consequences (or sanctions) are used to encourage participant compliance with the Tribal Healing to Wellness Court requirements. See 34 U.C.S. 10611(c)(2).

## 7. Judicial Interaction

Ongoing involvement of a Tribal Healing to Wellness Court judge with tribal wellness court team and staffing and ongoing Tribal Healing to Wellness Court judge interaction with each participant are essential.

## 8. Monitoring and Evaluation

Process and performance measurement and evaluation are tools used to monitor and evaluate the achievement of program goals; identify needed improvements to the Tribal Healing to Wellness Court and to the tribal court process; determine participant progress; and provide information for governing bodies, interested community groups, and funding sources.

## 9. Continuing Interdisciplinary and Community Education

Continuing interdisciplinary and community education promote effective Tribal Healing to Wellness court planning, implementation, and operation.

## 10. Team interaction

The development and maintenance of ongoing commitments, communication, coordination, and cooperation among Tribal Healing to Wellness Court team members, service providers and payers, the community, and relevant organizations, including the use of formal written procedures and agreements, are critical for Tribal Healing to Wellness Court success.<sup>7</sup>

## 9. Tribal Youth Program-TYP (OJJDP), CFDA #16.731

### Goals and objectives

OJJDP's Tribal Youth Program (TYP) seeks to support and enhance tribal efforts to prevent and reduce juvenile delinquency and strengthen a fair and beneficial juvenile justice system response for American Indian and Alaska Native youth. OJJDP understands that tribal nations have widely varying circumstances, strengths, and needs that may challenge their ability to prevent juvenile delinquency or to intervene and treat tribal youth when necessary. The funding in this purpose area is made available to enable tribes to create, expand, or strengthen approaches along the juvenile justice continuum that can range from prevention to intervention and treatment.

Priority areas eligible for funding include the categories listed below. We recommend that applicants propose a project that initially focuses on one aspect of the continuum, such as diversion or treatment, based on determined need. OJJDP also recommends applicants ensure that proposals for TYP funding are created with broader tribal-wide planning efforts and with community support which will be critically important in sustaining efforts beyond the award period. This may include the substantive involvement of key stakeholders such as tribal youth, elders and tribal leaders, as well as service providers, law enforcement, child welfare, court and probation officials, and schools, as appropriate and applicable to the proposed program design.

**Note:** The population of youth served under this grant must not include youth who are age 18 or older.

### Prevention

- **Prevention services to impact risk factors for delinquency and promote protective factors.** This may include mentoring, youth development, anti-gang education, truancy and school dropout prevention programs, after-school programs, and anti-bullying and parenting education programs.
- **Prevention, intervention, and treatment for children exposed to violence.** This includes development and implementation of trauma-informed practices in programs and services that address child abuse and neglect and the effects and issues of childhood trauma or exposure to violence. Applicants should familiarize themselves with the DOJ report on [American Indian/Alaska Native Children Exposed to Violence](#).
- **Development and implementation of tribal best practices and traditional healing methods to support tribal youth.** This may include engaging youth in activities centered on cultural preservation, land reclamation, green or sustainable tribal traditions, and language preservation.

### Intervention

- **Interventions for court-involved tribal youth.** This may include therapeutic services, mentoring, graduated sanctions, restitution, diversion, home detention, foster and shelter care, and other alternatives to detention.

- **Intervention and treatment services for children exposed to sex trafficking and/or child exploitation.** This may include the development of or implementation of programs and services for children who are victims of child exploitation and/or sex trafficking. Please see the OJJDP Commercial Sexual Exploitation of Children/Sex Trafficking Literature Review (<https://www.ojjdp.gov/mpg/litreviews/CSECSexTrafficking.pdf>).

### Treatment

- **Treatment services for at-risk and high-risk youth.** This may include alcohol and drug abuse treatment and prevention programs; mental health treatment (counseling, referral and placement); and development of comprehensive screening tools, crisis intervention, intake assessments, treatment team planning, and therapeutic services for co-occurring mental health and substance abuse disorders.

**Services for youth in detention or out-of-home placement.** This may include green or sustainable tribal traditions, risk and needs assessments, educational and vocational programming, mental health and substance abuse services, family strengthening, recreational activities, and aftercare and re- entry services to help successfully reintegrate the youth into the tribal community.

### Effective Use of Data

- **Improvement or establishment of data collection systems.** This may include efforts to create or improve abilities to track youth in detention, placement, or community-based programs with the goal of improving understanding of and responses to youth and community needs.

### Applicants may apply for funding to include the following

**Staffing:** Salary and fringe benefits for positions to support implementation of the program and other costs for professional support services and for evaluation.

**Equipment and supplies:** Computer hardware and software for Internet access and email capability, cell phones, telephones, pagers, printers, and copiers as needed for program implementation; general office supplies, postage, and other necessary program and outreach supplies.

**Technical assistance:** A training and technical assistance (TTA) provider has already been identified by OJJDP to support Purpose Area #9 grantees. Applicants should *not* include requests for funding to support onsite consultants as this will be managed by the existing TTA provider.

**Travel:** Applicants must budget travel costs for attendance at the following Purpose Area #9 specific trainings:

## 10. Addressing Violent Crime in Tribal Communities (BJA), CFDA # 16.738

### Goals and objectives

The overall goal of Purpose Area #10 is to provide funding to address violent crime, specifically precipitous increases in violent or other serious crime. This includes combatting, addressing, or otherwise responding to precipitous or extraordinary increases in crime or in a type of crime at the tribal level, especially violent crime, with strategies that enhance capacity to track, identify, and quickly respond to these crime issues. These crime increases can be documented using a variety of sources, including crime data, survey data, crime estimates, system calls for service, court data, or recent articles. Tribes are encouraged to engage in strategies that bring in key resources to address work that may be more complex due to jurisdictional issues, especially related to major cases. Tribes are also encouraged to increase planning and coordination with tribal, federal, and state law enforcement agencies to ensure there are documented and consistent relationships between them and federal or state law enforcement and prosecutors, as relevant, and invest in capacity and tools to improve the handling of violent crime cases through training, best practices, and support.

**Objectives:** To support the critical and priority needs of tribal justice systems to address increasing serious and violent crime and to ensure tribal safety through the development, implementation, and enhancement of strategies, including the following:

- To track, identify, and quickly respond to these increasing crime issues using data and ongoing analysis. This can include efforts to determine the nature and extent of the reported issues of missing and murdered Native Americans and Alaskan Natives.
- To enhance efforts to prevent and respond to violent crime in tribal communities, including investigations, forensics, prosecutions, information sharing, and supervision and re-entry in coordination with critical key federal and state partners.
- To enhance the number and quality of violent crime investigations and prosecutions, including collaborative efforts such as the Tribal Prosecutor Special Assistant U.S. Attorney (SAUSA) Program. This includes investments in tools for tribal prosecutors, courts, and corrections to effectively respond to crime and related tribal safety.
- To implement enhanced authorities and provisions under TLOA and the Violence Against Women Reauthorization Act of 2013.

Applicants are encouraged to be strategic in requesting funding that can focus on a limited number of key areas that will have the greatest impact, rather than seeking to expand new areas of focus or services.

**Applicants may apply for funding to include the following:**

**Tribal Investigations and Prosecutions:** Funding to support full- or part-time staff for the full term of the award. The positions can serve an individual tribe or a consortium of tribes. Related personnel, office costs, local travel costs between tribal agencies and federal or state agencies, and resources for investigating and processing cases, including forensic evidence, are allowable costs.

Cases should focus primarily on serious and violent crime. **Applications in this purpose area must focus at least 50 percent of grant resources and staff time on the types of cases listed below.**

A sample federal caseload may include the following crimes committed in Indian Country, if authorized by the relevant USAO:

- Murder
- Manslaughter
- Aggravated assault (including intent to murder)
- Arson
- Drug trafficking
- Gang related violent crime
- Child exploitation

Applicants can include crimes predominantly addressed by the Office on Violence Against Women listed below, but these can make up no more than 49% of the caseload. *For projects that are focused more than 50% on these crimes, please consider applying to OVW's PA 5.*

- Domestic violence
- Dating violence
- Sexual assault
- Sex trafficking
- Stalking

**Tribal courts:** Enhance existing tribal courts, including staffing of court personnel such as prosecutors, attorneys, and court administrators, or judges; violent crime analysis and planning; and activities relating to implementation of the enhanced sentencing authority provisions of TLOA or special domestic violence criminal jurisdiction under the Violence Against Women Reauthorization Act of 2013.

**Equipment:** Budget for general office equipment such as computers, fax machines, printers, scanners, surveillance cameras, digital cameras, office furniture, courtroom furniture, computer networks, court management systems, electronic alcohol and offender monitoring devices, and related equipment.

**Strategic planning:** Develop tribal action plans (see <https://www.samhsa.gov/tribal-ttac/training-technical-assistance/tap>) for alcohol and substance abuse. Increase coordination with relevant nontribal agencies and organizations, and among all levels of the tribe, engage in strategic planning efforts to address the needs of the tribe's justice system. Comprehensively address alcohol and

substance abuse–related crime. Support for violent crime strategic planning will be offered as part of the technical assistance.

**Training:** Budget for registration fees and lodging costs associated with training events and related to purpose area activities; costs associated with obtaining expert knowledge to assist with the development or enhancement of the program such as culturally appropriate training, technical assistance, treatment, and information technology. Prior approval will be required for non-DOJ sponsored training.

**Travel:** Budget for airfare, lodging, and mileage reimbursement for training costs related to purpose area activities, including costs associated with DOJ-required training. This should include travel for two people to attend the required CTAS orientation. Please use Washington, D.C. as the destination when calculating the estimated costs for the required travel.

**Eligibility: Purpose Area #10 applications must include a signed letter of support from, or MOU with, the U.S. Attorney’s Office in their district. The letter of support or MOU must be current and must contain authorized signature(s), and must be submitted with the application.**

**Letters from other critical partners such as the Federal Bureau of Investigation, Bureau of Indian Affairs, tribal law enforcement, courts and/or corrections, and state or local partners are also strongly encouraged, where relevant to implementation of the proposed strategies.**

**Priority will be given to applicants that cooperate with federal and state authorities in the identification, apprehension, and extradition of state fugitives hiding on their reservations.**

## **Type, amount, and length of awards (federal award information)**

DOJ may make awards from this solicitation in the form of a grant or a cooperative agreement, which is a funding instrument DOJ uses when it expects to have ongoing substantial involvement in carrying out award activities.<sup>8</sup> Substantial federal involvement generally includes involvement with the recipient in implementation of the award, such as through approval of work plans or major project-generated materials. Responsibility for day-to-day project management, however, generally rests with the recipient. See “Compliance with administrative, national policy, and other legal requirements” in the [CTAS Application Resource Guide](#) regarding the federal involvement anticipated under an award made as a cooperative agreement from this solicitation.

---

<sup>8</sup> See generally 31 USC §§ 6301–6305 (defines and describes various forms of federal assistance relationships, including grants and cooperative agreements).

All project start dates should be on or after October 1, 2019. DOJ has the discretion to make awards for greater or lesser amounts than requested and to negotiate the scope of work and budget with applicants prior to award.

## **Additional budget information/funding restrictions**

### **Cost sharing or match requirement**

None of the purpose areas in this solicitation requires a match. However, if a successful application proposes a voluntary match amount and DOJ approves the budget, the total match amount incorporated into the approved budget becomes mandatory and subject to audit.

### **Pre-agreement cost approvals**

DOJ does not typically approve pre-agreement costs; an applicant must request and obtain DOJ's prior written approval for all such costs. For additional detailed information about these requirements see the [CTAS Application Resource Guide](#).

### **Supplanting**

Generally, DOJ funds must be used to supplement existing funds for program activities and may not replace (supplant) nonfederal funds that have been appropriated for the same purpose. For additional detailed information about these requirements see the [CTAS Application Resource Guide](#).

### **Limitation on use of award funds for employee compensation; waiver**

With respect to any award of more than \$250,000 made under this solicitation, recipients may not use federal funds to pay total cash compensation (salary plus cash bonuses) to any employee of the award recipient at a rate that exceeds 110% of the maximum annual salary payable to a member of the Federal Government's Senior Executive Service (SES) at an agency with a Certified SES Performance Appraisal System for that year. For additional detailed information about these requirements see the [CTAS Application Resource Guide](#).

### **Prior approval, reporting, and minimization of costs related to conferences, meetings, and trainings**

Generally, funding may not be used to purchase food or beverages for any meeting, conference, training, or other event under any CTAS purpose area. For additional detailed information about these requirements see the [CTAS Application Resource Guide](#), which also addressed costs associated with language assistance (if applicable).

If an applicant proposes a program or activity that would deliver services or benefits to individuals, the costs of taking reasonable steps to provide meaningful access to those services or benefits for individuals with limited English proficiency may be allowable. For additional detailed information about these requirements see the [CTAS Application Resource Guide](#).

## **Plan for Collecting the Data Required for this Solicitation's Performance**

## Measures

DOJ will require each successful applicant to submit regular performance data that demonstrate the results of the work carried out under the award (see “[General Information about Post-federal Award Reporting Requirements](#)” in [Section I. Federal Award Administration Information](#)). The performance data directly relate to the objectives and deliverables identified under "Objectives and Deliverables" in [Section A. Program Description](#).

More information on performance measurement at OJP (which includes BJA, OJJDP and OVC) is provided at [www.ojp.gov/performance](http://www.ojp.gov/performance).

More information on performance measurement for OVW’s Tribal Governments Program is available at <https://www.vawamei.org/grant-program/tribal-governments-program/>.

The application should demonstrate the applicant’s understanding of the performance data reporting requirements for this grant program and detail how the applicant will gather the required data should it receive funding.

DOJ does not require applicants to submit performance measures data with their application. Performance measures are included as an alert that DOJ will require successful applicants to submit specific data as part of their reporting requirements. For the application, applicants should indicate an understanding of these requirements and discuss how they will gather the required data if they receive funding.

## H. How to Apply

Applications are submitted through OJP's Grants Management System (GMS) at <https://grants.ojp.usdoj.gov/gmsexternal/>. GMS is a web-based, data-driven computer application that provides cradle-to-grave support for the application, award, and management of awards at OJP and OVW. Applicants must register in GMS for each specific funding opportunity and should begin the process **immediately** to meet the GMS registration deadline, especially if this is the first time using the system. Complete instructions on how to register and submit an application in GMS can be found at <https://grants.ojp.usdoj.gov/gmsexternal/>. If the applicant experiences technical difficulties at any point during this process, email [GMS.HelpDesk@usdoj.gov](mailto:GMS.HelpDesk@usdoj.gov) or call 888-549-9901 (option 3), Monday–Friday from 6:00 a.m. to midnight Eastern Time, except federal holidays. DOJ highly recommends that applicants start the registration process as early as possible to prevent delays in submitting an application package by the specified application deadline. For additional detailed information about these requirements see the [CTAS Application Resource Guide](#).

**IMPORTANT NOTICE: Each tribe or tribal consortium will be allowed only one application submission.**

An application can be revised in GMS until the application deadline, 9:00 p.m. ET, Tuesday, **March 12, 2019**. Note that only the most recent version of an application submitted in GMS will be considered.

**If a tribe submits more than one application, only the most recent application will be considered in the review process.**

A tribe may apply as part of a consortium and also submit its own independent application provided that the independent application is for funding for activities that are distinct from those activities for which the tribal consortium has applied.

## **DOJ policy on late submissions**

DOJ offers a process for CTAS applicants to provide advance notice to DOJ if submission of their application will be delayed due to unforeseen GMS technical issues. Applicants must provide such notice prior to the application submission deadline. If applicants do not follow the steps outlined below to provide advance notice to DOJ about an issue that may cause a delay in the submission of the application, then the application will be determined to be late and will not be considered for funding. If applicants follow the steps outlined below, submission may be considered. Extension of deadlines is not guaranteed.

### **Experiencing unforeseen GMS technical issues**

If you experience unforeseen GMS technical issues beyond your control which prevent you from submitting your application by the deadline, **please immediately contact the GMS helpdesk** (email [GMS.HelpDesk@usdoj.gov](mailto:GMS.HelpDesk@usdoj.gov) or call 888-549-9901 (option 3) **to create a record of the issue**. You must also contact the Response Center (800-421-6770) **before the solicitation closes at 9:00 p.m. and submit your entire application to the Response Center via email at [tribalgrants@usdoj.gov](mailto:tribalgrants@usdoj.gov) by the 9:00 p.m. Eastern Time deadline**. Your email to the Response Center should include the complete grant application, your DUNS number, and a GMS Help Desk tracking number(s). For additional detailed information about these requirements see the [CTAS Application Resource Guide](#).
