Crisis Response

CALL 911

When your family is experiencing an emergency that puts yourself, your loved one, and/or the public in immediate danger, call 911.

While speaking to the 911 dispatcher use the **911 Checklist** to provide helpful information to the responding Officers.

LAPD will send a patrol unit to stabilize the crisis and detain the loved one for a mental health evaluation. During the detention Officers will handcuff the loved one for everyone's safety and because it is LAPD's policy.

"Statistics show that when officers handcuff a person who is in crisis, the application of force by officers is significantly reduced."

When the scene is stabilized a Systemwide Mental Assessment Response Team (SMART) unit will respond, if available, to provide mental health assistance.

Mental Health Emergency

CALL ACCESS (800)854-7771

For psychiatric emergency incidents involving mental illness that do not require a 911 response, please call ACCESS 24/7.

When you call ACCESS a Psychiatric Mobile Response Team (PMRT) will respond, if available, to your location.

ACCESS is a Department of Mental Health service for all members of the Los Angeles County community.

Develop a Caregiver Plan

CALL 211

211 is a service that can link you to countywide programs. When struggling to find answers for a family member that may be suffering from mental illness, this toll free phone number is a great place to start.

When you call, expect to follow a few automated prompts before you will speak to a person.

What is a 5150 Hold?

During a mental health crisis officers/clinicians will detain the subject to determine if he/she meets the criteria for a 5150 WIC application for a 72 hour hold.

Subjects will be assessed for the danger they pose to themselves, danger they pose to others, and grave disability. The Officer's determination will be based on physical evidence, the Subject's history, the Subject's statements, and reliable witness statements.
