# Program Description

## Overview

The Department of Justice is committed to advancing work that promotes civil rights, increases access to justice, supports crime victims, protects the public from crime and evolving threats, and builds trust between law enforcement and the community.

The FY 2021 Innovations in Reentry Initiative (IRI): Building System Capacity and Testing Reentry Strategies provides state and local jurisdictions and Indian tribes with the resources to identify assets and gaps in their reentry systems and improve their overall approach to reentry.

## Statutory Authority

34 U.S.C. 10631

## Specific Information

This program will help jurisdictions assess their reentry system, identify strengths and gaps, and then build capacity for either improving reentry systems generally or improving service delivery by implementing or expanding a reentry program.

This program has many detailed statutory requirements, outlined in Section 101 of the Second Chance Act, listed below in "Mandatory Requirements." BJA will work with grantees to satisfy those requirements through the Phases and Deliverables outlined below. Additionally, applicants awarded under this solicitation will receive expert technical assistance via the [National Reentry Resource Center](#) (NRRC) to build their capacity to evaluate and sustain grant-funded reentry efforts. In applying for these grants, applicants agree to cooperate in any and all related research efforts and program evaluations by collecting and providing enrollment and participation data during all years of the program. Applicants also agree to provide detailed individual-level data, if requested, in the format specified by OJP during this time period.

Applicants further agree to implement random or other modes of participant assignment required by the evaluation design, cooperate with all aspects of the evaluation project, and provide comparable individual-level data for comparison group members.

## Goals, Objectives, Deliverables, and Timeline

Grantees will work with BJA to identify system gaps and then implement improvements to enhance the effectiveness of their reentry system or to implement or enhance a reentry program to reduce recidivism among a specific target population. Projects should propose to meet the following three-phased approach: Planning, Implementation, and Evaluation over the 4-year grant period:

### **Phase 1: Planning (up to 12 months)**

During the planning phase, grantees will have access to up to \$75,000 of the grant award (see Federal Award Information section), will be required to participate in technical assistance, and will be required to complete and submit an Action Plan to guide implementation.

#### *Deliverable 1: Task Force Review.*

- Engage a reentry task force to examine policies and practices in four capacity areas: data-driven decision making, staff allocation to maximize impact, quality and capacity of community providers to address client needs, and other barriers to successful reentry, such as housing.
- Engage a third-party evaluator in a research-practitioner partnership throughout the award period.

#### *Deliverable 2: Assessment Results and Action Plan.*

- Develop an action plan to address gaps and deficits identified in the assessment.
- Project can propose either general system improvements to benefit all offenders in reentry or a reentry program focused on reducing recidivism among a target population (minimum 150 over grant period) — specific subset or subsets of reentering offenders — identified through data analysis as having a relatively high recidivism rate, a specific demographic or set of demographics (e.g., age, gender), returning to a particular jurisdiction area where a disproportionate population of offenders will be released from prisons or jails (e.g., specific neighborhood or ZIP code), or who are housed in the same facility prior to release.

### **Phase 2: Implementation (24 months)**

#### *Deliverable 3: Preliminary Process Evaluation Reflecting System Improvements Due at 30 Months.*

- Once a grantee's Action Plan is approved by BJA, the grantee will proceed to the implementation phase to test strategies for addressing gaps and deficits and implementing this proposed project with the remainder of their grant funds.

### **Phase 3: Evaluation and Sustainability (12 months)**

*Deliverable 4: Preliminary Outcome and/or Impact Evaluation Due at 36 Months.*

*Deliverable 5: Final Process Evaluations Due at Grant Closeout, 90 Days After End of Grant Period (51 Months).*

The goal of this phase is for the grantee to track recidivism and other outcomes defined in the evaluation to assess effectiveness of their project. Recidivism measures must include arrest, conviction, and incarceration. See Appendix B for full list.

### **Mandatory Second Chance Act Requirements**

Section 101 of the Second Chance Act, as amended by the Second Chance Reauthorization Act of 2018, outlines Mandatory Requirements that must be satisfied by an applicant in order to be eligible for an IRI grant. BJA expects that some may be in the preliminary stages of development at the time of application and will be completed during the grant period with assistance from the NRRC and demonstrated through the objectives and deliverables enumerated above. The Mandatory Requirements are to establish, maintain, and document:

1. A reentry strategic plan that describes the jurisdiction's long-term reentry strategy to increase public safety and reduce recidivism, including measurable annual and 3-year performance outcomes. A specific objective of the plan should be to reduce recidivism over a 3-year period for offenders impacted by IRI. (*Deliverable 3: Action Plan*).
2. A detailed reentry implementation schedule and sustainability plan for the program. (*Deliverable 3: Action Plan*)
3. The establishment and ongoing engagement of a reentry task force, including relevant state, tribal, territorial, or local leaders and representatives of relevant agencies, service providers, nonprofit organizations, and other key stakeholders. The task force should:
  - Examine ways to pool resources and collect data and best practices in reentry from stakeholder agencies and organizations.
  - Identify and address barriers to successful reentry, including barriers that are policy or procedural in nature.
  - As appropriate, engage nonprofit organizations, crime victims and offenders, families of offenders, reentry coordinating council, or other interested parties. (*Deliverable 1: Task force documentation*)
1. An independent evaluation of grant activities that include, to the extent possible, random assignment and controlled studies to determine the effectiveness of such programs. (*Deliverables 4 and 5: Process and outcome evaluations*)
2. Evidence of collaboration with state and local government agencies overseeing health, mental health, housing, homeless services, child welfare, education, substance abuse, victims' services, state child support, and employment services, and with local law enforcement agencies. (*Deliverables 1, 2, and 3: Task force documentation, assessment results, and Action Plan*)
3. Consideration of the role of state corrections departments, parole and probation agencies, and local jail corrections systems in ensuring successful reentry in their communities. Applications must include letters of support from corrections officials responsible for facilities or offenders to be served through this program. (*Deliverables 1, 2, and 3: Task force documentation, assessment results, and Action Plan*)
4. Explicit support of the chief executive officer of the applicant unit of government or Indian tribe and how this office will remain informed and connected to the activities of the program. (*Deliverable 1: Task force documentation, assessment results, and Action Plan*)
5. Understanding of evidence-based methods and outcome measures that will be used to evaluate the impact of the program. (*Deliverables 3-5: Action Plan, process and outcome evaluations*)
1. Description of how the program or strategy could be scaled up or broadly replicated if demonstrated to be effective. (*Deliverables 4 and 5: Process and outcome evaluations*)
2. A plan to analyze the statutory, regulatory, rules-based, and practice-based hurdles to reentry. (*Deliverable 2: System assessment*)

Strategic Support and Assistance to Grantees Selected under this Solicitation

BJA will provide a training and technical assistance (TTA) coach at no cost to the grantees awarded under this solicitation to provide strategic support and assistance during the life of this grant. The TTA coach will also work with the grantees to leverage resources available through the "<https://nationalreentryresourcecenter.org/>" [National Reentry Resource Center](https://nationalreentryresourcecenter.org/) (NRRC). The NRRC serves as a clearinghouse for current information related to reentry and intersecting topics.

The Goals, Objectives, and Deliverables are directly related to the performance measures that demonstrate the results of the work completed, as discussed under Application and Submission Information.

### **Evidence-Based Programs or Practices**

OJP strongly emphasizes the use of data and evidence in policymaking and program development in criminal justice, juvenile justice, and crime victim services. For additional information and resources on evidence-based programs or practices, see the [OJP Grant Application Resource Guide](#).

## Information Regarding Potential Evaluation of Programs and Activities

OJP may conduct or support an evaluation of the programs and activities funded under this solicitation. For additional information, see the [OJP Grant Application Resource Guide](#) section entitled “Information Regarding Potential Evaluation of Programs and Activities.”

## OJP Priority Areas

The Department of Justice is committed to advancing work that promotes civil rights, increases access to justice, supports crime victims, protects the public from crime and evolving threats, and builds trust between law enforcement and the community. In FY 2021, OJP will give priority consideration in award decisions to applications that demonstrate ways in which their projects will advance one or more of these areas.

To receive priority consideration for advancing one or more of the Department’s priorities, the applicant must provide a sufficient narrative explanation as an attachment, that specifies how the project will advance the promotion of civil rights, access to justice, support to crime victims, protecting the public from crime and evolving threats, or building trust between law enforcement and the community.

In addition, OJP will give priority consideration, if applicable, to applicants that demonstrate that the individuals who are intended to benefit from the requested grant reside in high-poverty areas or persistent-poverty counties.

To receive priority consideration under the poverty priority, the applicant must provide information to demonstrate that the individuals who are intended to benefit from the requested grant reside in high-poverty areas or persistent poverty counties. For purposes of this priority consideration, the term “high-poverty area” means any census tract with a poverty rate of at least 20 percent as measured by the 2013–2017 5-year data series available from the American Community Survey of the Census Bureau (applicants may search by census tract at <https://www.census.gov/acs/www/data/data-tables-and-tools/narrative-profiles/2017/>) and the term “persistent poverty counties” means any county that has had 20 percent or more of its population living in poverty over the past 30 years, as measured by the 1990 and 2000 decennial censuses and the most recent Small Area Income and Poverty Estimates (applicants may search by county at <https://www.census.gov/data/tables/time-series/dec/census-poverty.html> and at <https://www.census.gov/programs-surveys/saie.html>).

Priority consideration is one of many factors that OJP considers in making funding decisions and is not a guarantee of an award.

## Program-specific Priority Areas

In FY 2021, and in addition to the “Priority Areas” section above, priority consideration will be given to applications as follows:

- a. Applications that propose to reduce violent recidivism among medium- and high-risk offenders through validated assessment tools. To receive priority consideration, proposals should include a description of how this group will be identified and demonstrate access to and use of relevant data.
  
- a. Applications that target offenders with histories of homelessness, substance abuse, or mental illness, including a prerelease assessment of the housing status of the offender and their behavioral health needs to inform individual release plans that coordinate mental health, substance abuse, and homelessness services systems to achieve stable and permanent housing outcomes with appropriate support service. To receive priority consideration, proposals should include a description of the target population described above and identify how participants will be assessed and supported by the proposed reentry program.
  
- a. Applications that propose to improve reentry-related services in geographic areas with disproportionately large numbers of reentrants. To receive priority consideration, proposals should include data to demonstrate that a higher concentration of adults return from incarceration to the identified community than to others in the jurisdiction or the surrounding jurisdictions.

Applications that employ randomized controlled trial (RCT) methods to assess the effectiveness of programs

and practices. To receive priority consideration, proposals should include a strong RCT design that includes low sample attrition, sufficient sample size, and close adherence to random assignment, valid outcome measures, and statistical analyses.

To receive priority consideration under any of these program-specific priority considerations in addition to the narratives described above, applicants must also indicate on the Mandatory Chief Executive Assurance to Comply with Statutory and Program Requirements, at Appendix A, that the applicant seeks priority consideration.

Priority consideration is one of many factors that OJP considers in making funding decisions and is not a guarantee of an award.

### **Continuation Funding Intent**

BJA may, in certain cases, provide additional funding in future years to awards made under this solicitation, through continuation awards. OJP will consider, among other factors, OJP's strategic priorities, a recipient's overall management of the award, and progress of award funded work, when making continuation award decisions.

### **Availability of Funds**

This solicitation, and awards (if any are made) under this solicitation, are subject to the availability of appropriated funds and to any modifications or additional requirements that may be imposed by the agency or by law. In addition, nothing in this solicitation is intended to, and does not, create any right or benefit, substantive or procedural, enforceable at law or in equity by any party against the United States, its departments, agencies, or entities, its officers, employees, or agents, or any other person.

### **Types of Awards**

BJA expects to make awards under this solicitation as grants. See the "Administrative, National Policy, and Other Legal Requirements" section of the [OJP Grant Application Resource Guide](#) for a brief discussion of important statutes, regulations, and award conditions that apply to many (or in some cases, all) OJP grants (and cooperative agreements).

### **Financial Management and System of Internal Controls**

Award recipients and subrecipients (including recipients or subrecipients that are pass-through entities) must, as described in the Part 200 Uniform Requirements as set out at 2 C.F.R. 200.303, comply with standards for financial and program management. The "Part 200 Uniform Requirements" means the DOJ regulation at 2 C.F.R. Part 2800, which adopts (with certain modifications) the provisions of 2 C.F.R. Part 200. See [OJP Grant Application Resource Guide](#) for additional information.

### **Budget Information**

In addition to the unallowable costs identified in the DOJ Grants Financial Guide, award funds may not be used for: prizes/rewards/entertainment/trinkets or any type of monetary incentive, client stipends, gift cards, vehicles, or food and beverages

### **Cost Sharing or Matching Requirement**

Pursuant to 34 U.S.C. 10631, this solicitation requires a **50 percent match**; 50 percent of the match must be a cash match, and the remaining 50 percent of the match may be in-kind. An applicant must identify the source of the 50 percent

nonfederal portion of the total project costs and how it will use match funds. Match funds may be used only for purposes that would be allowable for the federal funds. See [OJP Grant Application Resource Guide](#) for additional information on this match requirement.

Indian tribes and tribal organizations that otherwise are eligible for an award may be able to apply certain types of funds received from the federal government (for example, certain funds received under an Indian "self-determination contract") to satisfy all or part of a required "nonfederal" match.

**Note:** The budget detail should distinguish cash from in-kind matched funds using an asterisk to show what percentage of the budget is cash. Once incorporated into the OJP-approved budget, the match becomes mandatory and subject to audit.

**Match Waiver:** Pursuant to an appropriations provision (section 213; Pub. L. No. 116-93, 133 Stat 2317, 2414), the match may be waived for fiscal hardship upon request by a grantee. To be considered for a waiver of match, a letter of request signed by the Authorized Representative must be submitted with the application defining the fiscal hardship. Fiscal hardship may be defined in terms related to reductions in overall correctional budgets, furloughing or reductions in force of correctional staff, or other similar documented actions which have resulted in severe budget reductions. A match waiver request must be submitted as a separate attachment to the application and submitted through JustGrants.

The formula for calculating the match is:

Adjusted (Total) Project Costs = Federal Award Amount divided by Federal Share Percentage

Required Recipient's Share Percentage X Adjusted Project Cost = Required Match

**A match waiver request must be submitted as a separate attachment to the application and titled as the "Match Waiver."**

### **Pre-agreement Costs (also known as Pre-award Costs)**

See the [OJP Grant Application Resource Guide](#) information on Pre-agreement Costs (also known as Pre-award Costs).

### **Limitation on Use of Award Funds for Employee Compensation: Waiver**

See the [OJP Grant Application Resource Guide](#) information on Limitation on Use of Award Funds for Employee Compensation; Waiver.

### **Prior Approval, Planning, and Reporting of Conference/Meeting/Training Costs**

See the [OJP Grant Application Resource Guide](#) for information on Prior Approval, Planning, and Reporting of Conference/Meeting/Training Costs.

### **Costs Associated with Language Assistance (if applicable)**

See the [OJP Grant Application Resource Guide](#) for information on Costs Associated with Language Assistance.

## **Eligibility Information**

Eligible applicants include:

- State governments
- City or township governments
- County governments
- Native American tribal governments (Federally recognized)

## **Application and Submission Information**

The following application elements **MUST** be included in the application submission for an application to meet the basic minimum requirements (BMR) to advance to peer review and receive consideration for funding:

- Proposal Abstract,
- Proposal Narrative
- Budget Worksheet and Budget Narrative (web-based form)
- Assurance to Collect and Submit Recidivism Indicator Data

See the "Application Elements and Formatting Instructions" section of the [OJP Grant Application Resource Guide](#) for information on what happens to an application that does not contain all the specified elements or that is nonresponsive to

the scope of the solicitation.

### **Information to Complete the Application for Federal Assistance (SF-424)**

The SF-424 will be submitted in Grants.gov. The SF-424 is a required standard form used as a cover sheet for submission of pre-applications, applications, and related information. See the [OJP Grant Application Resource Guide](#) for additional information on completing the SF-424.

In Section F of the SF-424, please include the name and contact information of the individual who will complete application materials in JustGrants. JustGrants will use this information (*email address*) to assign the application to this user in JustGrants.

**Intergovernmental Review:** This solicitation (“funding opportunity”) is **not** subject to [Executive Order 12372](#). (In completing the SF-424, an applicant is to answer question 19 by selecting the response that the “Program is not covered by E.O. 12372.”)

### **Standard Applicant Information (JustGrants 424 and General Agency Information)**

The Standard Applicant Information section of the JustGrants application is pre-populated with the SF-424 data submitted in Grants.gov. Applicants will need to review the Standard Applicant Information in JustGrants and make edits as needed. Within this section, applicants will need to: add zip codes for areas affected by the project; confirm their Authorized Representative; and verify the organization’s legal name and address.

### **Proposal Abstract**

A proposal abstract (no more than 400 words) summarizing the proposed project including primary activities, products and deliverables, the service area, and who will benefit from the proposed project, will be completed in the JustGrants Web-based form.

### **Proposal Narrative**

The proposal narrative should be submitted as an attachment in JustGrants. The attached document should be double-spaced, using a standard 12-point Times New Roman font; have no less than 1-inch margins; and should not exceed 15 pages. Pages should be numbered and submitted as an attachment. If the proposal narrative fails to comply with these length restrictions, BJA may negatively consider such noncompliance in peer review and in final award decisions.

The following sections must be included as part of the proposal narrative:

a. Description of the Issue

- Describe in detail how your organization meets the Mandatory Second Chance Act Requirements (Section 101).
- Describe and demonstrate understanding of the nature and scope of the problems with reentry, using data and research as support.
- Describe successful efforts to date that address the needs identified, including:
  - How risk and need assessments are currently utilized to develop individualized transition/reentry plans.
  - Data collection and analysis methodology.
- Describe the need for assistance and resources to address the problem.
  - Indicate the jurisdiction or tribe to be served and include details on the target population, the number of adult offenders to be served and returning to the community, and the number and offense type for offenders in facilities.
  - Provide a baseline recidivism rate for the proposed target population and discuss what level of reduction in recidivism you would consider to be successful. If the applicant does not have a baseline recidivism rate for a historical sample of formerly incarcerated individuals **similar to the target population**, provide a rate for **another** population. For instance, use a recidivism rate for formerly incarcerated individuals who have been released from a local prison or jail **such as a facility or a systemwide recidivism rate**. Make sure to include a description of the type of recidivism rate targeted such as arrest, conviction, revocation, and/or reincarceration. Also, provide an explanation of the population (demographics, risk level, offense type), the follow-up period length (post-release), and the dates when the recidivism rate was calculated.
  - Identify and define the specific subset of offenders, or combination of subsets, that are proposed to be the target population of the program. For example, jurisdictions may choose to specifically target offenders returning from incarceration who are: a specific demographic or set of demographics (age, gender, etc.), returning to a jurisdiction (e.g., specific community, neighborhood, or ZIP code) where a disproportionate population of offenders will be released from prisons or jails, or housed in the same facility.
- Provide detailed information on the number of offenders to be serviced through the program. Applicants are encouraged to provide services for a minimum of 150 offenders throughout the funding period, with a majority of offenders served to be under parole and probation supervision.

b. Project Design and Implementation

- Describe in detail how the proposed program addresses the Objectives, Deliverables, and Program Requirements specified.
- Use data to support the program design.
- Describe the roles and responsibilities of each partner and how they will be integrated into the applicant's proposed strategy. Include how the target population will be identified.
- Provide a description of both the pre- and post-release services to be provided for every program participant.
- Indicate the number of offenders (reentrants) who would receive services over the length of the program period if this proposal is funded. If awarded funds, grantee performance will be measured against this number.
  - If the applicant is requesting funds for a program that is currently operational, the applicant must state how many offenders the program has served (who meet the stated target population characteristics) over the past 6 months.
  - If the applicant is proposing to implement a new program, the applicant must state how many offenders met the target population characteristics within the past 6 months.

c. Capabilities and Competencies

- Describe how the proposed structure and staffing that will facilitate the deliverables of the required services and tasks are outlined in the Timeline/Program Plan. Information regarding the personnel assigned to these tasks and whether their résumés and role descriptions are included will contribute to the assignment of points relative to this criterion.

d. Plan for Collecting the Data Required for this Solicitation's Performance Measures

- Describe the manner in which the data required for this solicitation's performance measures will be collected, including the system(s) used and the person(s) responsible.
- Describe whether and how other relevant performance metrics will be documented, monitored, and evaluated.

Note: applicants are **not** required to submit performance data with the application. Rather, performance measures information is included as an alert that successful applicants will be required to submit performance data as part of the reporting requirements under an award.

OJP will require each successful applicant to submit regular performance data that demonstrate the results of the work carried out under the award. The performance data directly relate to the goals, objectives, and deliverables identified under "Goals, Objectives, and Deliverables."

Applicants can also visit OJP's performance measurement page at [www.ojp.gov/performance](http://www.ojp.gov/performance) for an overview of performance measurement activities at OJP.

Award recipients will be required to submit performance measure data in the Performance Measurement Tool (PMT) and/or JustGrants. Examples of the performance measures questionnaire can be found at: <https://bja.ojp.gov/sites/g/files/xyckuh186/files/media/document/IRI-Measures.pdf>. Further guidance on the post-award submission process will be provided, if selected for award.

**Note on Project Evaluations**

**Review Process**

Applications submitted under this solicitation that meet basic minimum requirements, will be evaluated for technical merit by a peer review panel(s) in accordance with OJP peer review policy and procedures using the stated review criteria above.

OJP screens applications to ensure they meet the basic minimum requirements prior to conducting peer review. Although specific requirements may vary, the following are common requirements applicable to all solicitations for funding under OJP programs:

- The application must be submitted by an eligible type of applicant.
- The application must request funding within programmatic funding constraints (if applicable).
- The application must be responsive to the scope of the solicitation.
- The application must include all items necessary to meet the basic minimum requirements.

Pursuant to the Part 200 Uniform Requirements, before award decisions are made, OJP also reviews information related to the degree of risk posed by the applicant. Among other things to help assess whether an applicant that has one or more prior federal awards has a satisfactory record with respect to performance, integrity, and business ethics, OJP checks whether the applicant is listed in SAM as excluded from receiving a federal award.

In addition, if OJP anticipates that an award will exceed \$250,000 in federal funds, OJP also must review and consider any information about the applicant that appears in the non-public segment of the integrity and performance system accessible through SAM (currently, the Federal Awardee Performance and Integrity Information System, FAPIIS).

**Important note on FAPIIS:** An applicant, may review and comment on any information about itself that currently appears in FAPIIS and was entered by a federal awarding agency. OJP will consider any such comments by the applicant, in addition to the other information in FAPIIS, in its assessment of the risk posed by the applicant.

Absent explicit statutory authorization or written delegation of authority to the contrary, all final award decisions will be made by the Assistant Attorney General, who may take into account not only peer review ratings and BJA recommendations, but also other factors as indicated in this section.

## Appendix A: Mandatory Chief Executive Assurance to Comply with Statutory and Program Requirements

The Second Chance Act of 2008 and the Second Chance Reauthorization Act of 2018 establish statutory requirements for IRI awards, including general conditions and priority considerations for applications thereto. BJA incorporates these as, and additionally establishes, program requirements and priority considerations to reflect the Attorney General's priorities.

Complete the table below to indicate whether the applicant organization seeks priority consideration, and provide assurance that the organization will meet all statutory and program requirements if awarded an IRI grant. **The Chief Executive of the applicant organization must sign this form for it to be valid. Applicants are ineligible to receive IRI grant funds if they do not assure compliance.**

<p><b>Priority Considerations</b> Enter "Yes" or "No" to indicate whether the applicant organization seeks the following priority considerations.</p> <ol style="list-style-type: none"><li>1. Reduce violent recidivism among medium- and high-risk offenders. _____</li><li>1. Target offenders with histories of homelessness, substance abuse, or mental illness; use a pre-release assessment and individual release plans to achieve permanent housing outcomes with support services. _____</li><li>2. Improve reentry services in geographic areas with disproportionately large number of reentrants. _____</li><li>1. Employ randomized controlled trial (RCT) methods to assess effectiveness. _____</li></ol>
<p><b>Meet Mandatory Requirements</b> Enter "Yes" to indicate assurance the applicant agency will meet the Mandatory Requirements set forth on pages 4-5, if awarded an IRI grant. _____ Enter "Yes" to indicate assurance the applicant agency will assess their reentry system and document results in the Action Plan. _____</p>
<p><b>Collect and Report Recidivism Indicator Data</b> Enter "Yes" to indicate assurance the applicant organization will collect unique identifiers and recidivism indicator performance data for each program participant, and will aggregate all such data and submit it via the BJA Performance Measurement Tool upon grant closeout. The inability or refusal to submit such data after the award is made may impact the project or the organization's ability to receive future BJA competitive grant funding. _____</p>

## Appendix B: Recidivism Metrics

Per the Second Chance Reauthorization Act of 2018, passed as part of the First Step Act, IRI grantees:

1. Must partner with a third-party evaluator to use baseline data and target population characteristics to derive a target goal for recidivism reduction during the 3-year period beginning on the date of implementation of the program. The target should be derived during the planning period, as well as recidivism data captures over the 2-year implementation and additional 1-year evaluation follow-up period. See page 5.
1. Shall measure effectiveness by such metrics as:
  - a. Increased number of staff trained to administer reentry services.
  - b. Increased proportion of individuals served by the program among those eligible to receive services.
  - c. Increased number of individuals receiving risk screening needs assessment and case planning services.
  - d. Increased number of individuals' enrollment in and completion of treatment services, including substance abuse and mental health services among those assessed as needing such services.
  - e. Increased employment and education opportunities.
  - f. Increased number of individuals enrolled in and degrees earned from educational programs, including high school, GED, vocational training, and college education.
  - g. Increased number of individuals obtaining and retaining employment.
  - h. Increased number of individuals obtaining and maintaining housing.
    - i. Increased self-reports of successful community living, including stability of living situation and positive family relationships.
    - j. Reduction in drug and alcohol use.
    - k. Increased payment of child support, if appropriate.
    - l. Reduction in violations of conditions of supervised release..
    - m  
Reduction in recidivism rates for individuals receiving reentry services after release, as compared to either baseline recidivism rates in the jurisdiction of the grantee or recidivism rates of the control or comparison group.
    - n. Reduction in crime.

BJA defines recidivism as arrest, conviction, and/or incarceration. Grantees must track all three metrics and discern whether they are the result of a new offense or technical violation. All measures should be captured from an individual's attachment to the SCA-funded activities (general system improvements or demonstration project) through the end of the evaluation follow-up period, and at intervals therein.

### Appendix C: Applicant Disclosure of Proposed Subrecipients

Complete the table below to indicate proposed subrecipients of grant funding, including the name, organizational affiliation, and city and state of the proposed subrecipient entity. Add rows or submit multiple forms, if needed.
