

2. Increase community capacity for mental health advocacy and wraparound services evidenced to support people with severe mental illness that are involved in the criminal justice system

3. Provide programmatic support and capacity building for criminal justice professionals — such as jails, courts, and prosecutors — and community supervision to target individuals with severe mental health needs at risk of recidivism. For law enforcement-focused projects, see the separate law enforcement-focused solicitation entitled Connect and Protect: Law Enforcement Behavioral Health Response Program.

It is strongly encouraged that potential applicants review *Behavioral Health Diversion Interventions: Moving from Individual Programs to a Systems-Wide Strategy* (<https://csgjusticecenter.org/publications/behavioral-health-diversion-interventions-moving-from-individual-programs-to-a-systems-wide-strategy/>), which was developed based on work with previous JMHCP grantees.

## **Deliverables**

Per the authorizing statute, the JMHCP grant requires a two-phase process consisting of planning and implementation activities during which grantees will develop a coordinated approach to implementing or enhancing services for individuals with MI and CMISA involved in the justice system. Applicants must submit one application that proposes detailed activities for both a planning phase and an implementation phase.

The planning phase is up to 12 months during which the recipient will have access to only \$100,000 in award funds for completion of this phase. The implementation phase will begin once the grantee has met the requirements of the planning phase, to include the recipient's completion and BJA's approval of a required "Planning and Implementation Guide," and will continue for the remaining time of the grant. Applicants must demonstrate that at least one criminal justice agency and one mental health agency will participate in the administration of the program, through established roles and responsibilities described in an attached MOU.

- Develop a coordinated and documented approach to implementing or enhancing services for individuals with MI and CMISA involved in the justice system corresponding to an activity above (1-3) or planned as a cross-system approach.
- Initiate the implementation phase once the requirements of the planning phase are complete and continue to implement for the remaining time of the grant.
- Engage in regular training and technical assistance activities with the BJA training and technical assistance partner.
- Outline plans for obtaining necessary support to sustain and continue the proposed collaboration program following the conclusion of federal support.

The Goals, Objectives, and Deliverables are directly related to the performance measures that demonstrate the results of the work completed, as discussed under the Application and Submission Information section.

## **Evidence-Based Programs or Practices**

OJP strongly emphasizes the use of data and evidence in policymaking and program development in criminal justice, juvenile justice, and crime victim services. For additional information and resources on evidence-based programs or practices, see the [OJP Grant Application Resource Guide](#).

## **Information Regarding Potential Evaluation of Programs and Activities**

OJP may conduct or support an evaluation of the programs and activities funded under this solicitation. For additional information, see the [OJP Grant Application Resource Guide](#) section entitled "Information Regarding Potential Evaluation of Programs and Activities."

## **OJP Priority Areas**

The Department of Justice is committed to advancing work that promotes civil rights, increases access to justice, supports crime victims, protects the public from crime and evolving threats, and builds trust between law enforcement and the community. In FY 2021, OJP will give priority consideration in award decisions to applications that demonstrate ways in which their projects will advance one or more of these areas.

To receive priority consideration for advancing one or more of the Department's priorities, the applicant must provide a sufficient narrative explanation as an attachment that specifies how the project will advance the promotion of civil rights, access to justice, support to crime victims, protecting the public from crime and evolving threats, or building trust between law enforcement and the community.

In addition, OJP will give priority consideration, if applicable, to applicants that demonstrate that the individuals who are intended to benefit from the requested grant reside in high-poverty areas or persistent-poverty counties.

To receive priority consideration under the poverty priority, the applicant must provide information to demonstrate that the individuals who are intended to benefit from the requested grant reside in high-poverty areas or persistent-poverty counties. For purposes of this priority consideration, the term "high-poverty area" means any census tract with a poverty

rate of at least 20 percent as measured by the 2013–2017 5-year data series available from the American Community Survey of the Census Bureau (applicants may search by census tract at <https://www.census.gov/acs/www/data/data-tables-and-tools/narrative-profiles/2017/>) and the term “persistent-poverty counties” means any county that has had 20 percent or more of its population living in poverty over the past 30 years, as measured by the 1990 and 2000 decennial censuses and the most recent Small Area Income and Poverty Estimates (applicants may search by county at <https://www.census.gov/data/tables/time-series/dec/census-poverty.html> and at <https://www.census.gov/programs-surveys/saipe.html>).

Priority consideration is one of many factors that OJP considers in making funding decisions and is not a guarantee of an award.

OJP policy priority consideration will consist of receiving additional points in the application scoring process. Receipt of priority consideration does not guarantee that an application will be funded; nor will the failure to receive priority consideration necessarily mean that an application will not be funded.

### **Program-specific Priority Areas:**

In FY 2021, and in addition to executing any OJP policy prioritization that may be applicable, priority consideration will be given to applications that:

- Promote effective strategies by law enforcement to identify and reduce the risk of harm to individuals with MI or CMISA and to public safety.
- Promote effective strategies for identification and treatment of female offenders with MI and CMISA.
- Promote effective strategies to expand the use of mental health courts and related services.
- Propose interventions that have been shown by empirical evidence to reduce recidivism.
- When appropriate, use validated assessment tools to identify and prioritize individuals with a moderate or high risk of recidivism and a need for treatment services.
- Demonstrate and ensure that funds are used for public health and public safety; demonstrate active participation of co-applicants in administering the project; document, in whole or in part, that funds used for treatment of incarcerated populations will provide transition and reentry services for such individuals.

**To receive priority consideration under any of these areas, applicants must identify, in the application abstract, each area for which priority consideration is being sought, and describe, in the program narrative, how the applicant will address each priority.**

The “Part 200 Uniform Requirements” means the DOJ regulation at 2 C.F.R. Part 2800, which adopts (with certain modifications) the provisions of 2 C.F.R. Part 200. See [OJP Grant Application Resource Guide](#) for additional information.

Federal funds awarded under this solicitation may not cover more than 80 percent of the total costs of the project for project years 1 and 2, and 60 percent of the total costs of the project for project year 3. An applicant must identify the source of the 20 percent nonfederal portion of the total project costs for project years 1 and 2 and how it will use match funds. In addition, applicants proposing a third project year must identify the source of the 40 percent nonfederal portion of year 3 project costs and how it will use match funds. If a successful applicant’s proposed match exceeds the required match amount, and OJP approves the budget, the total match amount incorporated into the approved budget becomes mandatory and subject to audit. (“Match” funds may be used only for purposes that would be allowable for the federal funds.) Recipients may satisfy this match requirement with either cash or in-kind services

- Identify or introduce the issue to be addressed by the grant and why this project/these proposed activities are necessary (significance/value).
- Describe and demonstrate understanding of the nature and scope of the problem to be addressed, using data and research as support.
- Describe successful efforts to date to address the needs identified.
- Describe the need for assistance and resources to address the problem.

c. Capabilities and Competencies:

- Describe the capabilities and competencies of the applicant to manage the award.
- Provide a detailed description of the capacity of the partners and the key personnel to deliver the required services and perform the key tasks described under Project Design.

- Describe how the proposed management structure and staffing of the project will facilitate the delivery of the required services. The management and organizational structure described should match the staffing needs necessary to accomplish the tasks outlined in the timeline/project plan. Information regarding the personnel assigned to these tasks and whether their résumés and role descriptions are included will contribute to the assignment of points relative to this criterion.

d. Plan for Collecting the Data Required for this Solicitation's Performance Measures:

## **Application Review Information**

### **Review Criteria**

#### **a. Merit Review Criteria**

Applications that meet basic minimum requirements will be evaluated by peer reviewers. Applications will be evaluated on how the proposed project/program addresses the following criteria:

1. Statement of the Problem/Description of the Issue (15%) - evaluate the applicant’s understanding of the program/issue to be addressed.
2. Project Design and Implementation (40%) - evaluate the adequacy of the proposal, including the goals, objectives, timelines, milestones, and deliverables.
3. Capabilities and Competencies (30%) - evaluate administrative and technical capacity of the applicant to successfully accomplish the goals and objectives.
4. Plan for Collecting the Data Required for this Solicitation’s Performance Measures (5%) - evaluate the applicant’s understanding of the performance data reporting requirements and the plan for collecting the required data.
5. Budget (10%) - evaluate for completeness, cost effectiveness, and allowability (e.g., reasonable, allocable, and necessary for project activities).

#### **b. Other Review Criteria/Factors**

Other important considerations for the Bureau of Justice Assistance include geographic diversity, strategic priorities (specifically including, but not limited to, those mentioned above relating to priority areas), available funding, past performance, plan for sustaining the program after the grant has ended, and the extent to which the Budget Worksheet and Budget Narrative (web-based form) accurately explain project costs that are reasonable, necessary, and otherwise allowable under federal law and applicable federal cost principles.

### **Review Process**

Applications submitted under this solicitation that meet basic minimum requirements will be evaluated for technical merit

by a peer review panel(s) in accordance with OJP peer review policy and procedures using the stated review criteria above.

OJP screens applications to ensure they meet the basic minimum requirements prior to conducting peer review. Although specific requirements may vary, the following are common requirements applicable to all solicitations for funding under OJP programs:

- The application must be submitted by an eligible type of applicant.
- The application must request funding within programmatic funding constraints (if applicable).
- The application must be responsive to the scope of the solicitation.
- The application must include all items necessary to meet the basic minimum requirements.

Pursuant to the Part 200 Uniform Requirements, before award decisions are made, OJP also reviews information related to the degree of risk posed by the applicant. Among other things to help assess whether an applicant that has one or more prior federal awards has a satisfactory record with respect to performance, integrity, and business ethics, OJP checks whether the applicant is listed in SAM as excluded from receiving a federal award.

In addition, if OJP anticipates that an award will exceed \$250,000 in federal funds, OJP also must review and consider any information about the applicant that appears in the non-public segment of the integrity and performance system accessible through SAM (currently, the Federal Awardee Performance and Integrity Information System, FAPIIS).

**Important note on FAPIIS:** An applicant may review and comment on any information about itself that currently appears in FAPIIS and was entered by a federal awarding agency. OJP will consider any such comments by the applicant, in addition to the other information in FAPIIS, in its assessment of the risk posed by the applicant.

Absent explicit statutory authorization or written delegation of authority to the contrary, all final award decisions will be made by the Assistant Attorney General, who may take into account not only peer review ratings and BJA's recommendations, but also other factors as indicated in this section.

**Content of Application Submission:**
