Program Description

Overview

The Bureau of Justice Assistance is authorized to distribute funds to help offset the costs of an adequate response to an uncommon situation which requires law enforcement, which is or threatens to become of serious or epidemic proportions, and with respect to which state and local resources are inadequate to protect the lives and property of citizens, or to enforce the criminal law.

Statutory Authority: 34 U.S.C. 50101; Public Law 115-141, 132 Stat. 348, 420; Public Law 116-6, 133 Stat. 13, 112

Specific Information

This funding is provided to mitigate the effects of a law enforcement emergency in affected state and local jurisdictions, occurring in or after federal fiscal year 2021. The state must reimburse these jurisdictions in a manner proportionate to the incident and the areas affected.

The application should address the following criteria:

1. Problem: The nature and extent of the criminal justice or public safety emergency throughout the state or in any part of a state.
2. Cause: The situation or extraordinary circumstances, which produced such emergency.
3. Resources: The availability of state and local criminal justice resources to resolve the problem.

This award may not be used for direct administrative costs. Project activities must be related to overtime and regular salary costs directly incurred during the law enforcement response. By statute, funds may not be used for land acquisition, to supplant state/local funds, for civil justice matters (except insofar as such civil justice matters are inextricably intertwined with criminal justice matters), or for federal law enforcement personnel.

The proposal narrative should be submitted as an attachment in JustGrants. The attached document should be double-spaced, using a standard 12-point Times New Roman font; have no less than 1-inch margins; and should not exceed 20 pages. Direct administrative costs may not be deducted from this award. Project activities must be related to overtime and regular

salary costs directly related to the law enforcement response.

Please be aware that BJA must approve all costs contained in the budget prior to the award being made. All cost breakdowns must be provided and there must be well documented justification given for how the requested items relate to law enforcement and security costs.

The Budget Narrative should thoroughly and clearly describe every category of expense listed in the Budget Worksheet as they relate to law enforcement activities. OJP expects proposed budgets to be complete, cost effective, and allowable (e.g., reasonable, allocable, and necessary for project activities).

Applicants should demonstrate in their budget narratives how they will maximize cost effectiveness of grant expenditures. Budget narratives should generally describe cost effectiveness in relation to potential alternatives and the goals of the project. For example, a budget narrative should detail why planned in-person meetings are necessary or how technology and collaboration with outside organizations could be used to reduce costs without compromising quality.

The narrative should be mathematically sound and correspond with the information and figures provided in the Budget Worksheet. The narrative should explain how the applicant estimated and calculated all costs, and how they are relevant to the completion of the proposed project. The narrative may include tables for clarification purposes but need not be in a spreadsheet format. As with the Budget Worksheet, the Budget Narrative should be broken down by year.
