Program Description

Overview

OJP is committed to advancing work that promotes civil rights and racial equity, increases access to justice, supports crime victims and individuals impacted by the justice system, strengthens community safety and protects the public from crime and evolving threats, and builds trust between law enforcement and the community.

Community- and faith-based organizations (CBOs) provide critical reentry services for people returning from incarceration to their communities. However, many CBOs face significant barriers directly accessing and managing federal grants. With this solicitation, BJA seeks to fund two intermediary organizations that will design and administer a competitive incubator initiative for community- and faith-based reentry providers. These intermediary organizations will provide subawards, oversight, and comprehensive training and technical assistance (TTA) services to help build capability, capacity, and sustainability among CBO subawardees to meet the needs of people returning home from incarceration and to apply for and manage private and public grant funding in the future.

Statutory Authority

Specific Information

The purpose of the Second Chance Act (SCA) Community-based Reentry Incubator Initiative is to build programmatic, financial, and organizational capacity in community-based organizations and faith-based institutions to provide sustainable and transitional services to people leaving incarceration that focus on community and family reintegration, building strengths-based assets, and reducing recidivism (including reducing arrests, new charges, convictions for new offenses, and reincarceration).

BJA is open to a range of models to be used by intermediary organizations serving as fiscal agents. The organization may focus on CBOs in a particular city, region, or have a more national scope. These approaches should seek to build capacities that can be sustained by local or regional partners at the end of the project. The intermediary organization is expected to competitively award subawards in collaboration with BJA and provide TTA support to the selected CBOs implementing new reentry programs or expanding existing programs. The applicant should propose a pass-through amount for the subawardees, an administrative amount to be retained by the applicant, and, if applicable, an amount to contract and manage a process evaluation. BJA expects applicants to retain 30 percent of their budget to support their work as intermediaries and to pass the other 70 percent to competitively selected subawardees. For example, if the applicant applies for the maximum amount of $4,000,000, BJA would expect the grantee to provide $2,800,000 to the subawardees.

The subawards are expected to range between $50,000 and $150,000. Applicants are encouraged to include plans and proposed criteria in their proposals for identifying and selecting the subrecipients. OJP must approve the application process, selection criteria, and selection of...
subrecipients suggested by the applicant. The process and design should recognize and serve the capacity limitations of smaller entities to apply for and administer grant funding and suggest methods to build capacity while also ensuring accountability to reach the desired program outcomes, while also proposing cost effective approaches.

Intermediary organization applicants should submit proposals that describe projects detailing their experience specific to reentry programming across different settings and their experience managing federal subawards and building capacity of CBOs to implement reentry programming.

Subawards to CBOs may include salary support, equipment, materials, training opportunities, and travel costs associated with TTA. Funds may also be used for developing curricula, assessment tools, or organizational policies and procedures, such as wellness plans, to support reentry service provider staff. In administering financial support to CBOs through subawards, intermediary organizations are responsible for ensuring that all funds are used appropriately according to the applicable accounting and financial management principles as set forth in the DOJ Grants Financial Guide. The requirements for subrecipient monitoring can be found in 31 U.S.C. § 7502 and in Title 2 C.F.R. § 200 (including, but not limited to, the sections on “Subrecipient Monitoring and Management” contained in Subpart D and audit requirements applicable to subrecipients contained in Subpart F).

BJA will award two organizations that can demonstrate capacity to make competitive subawards and provide training and technical assistance. The selected providers will take on the fiscal and administrative responsibility of these subawards to include an application process to request proposals; training and coaching subawardees in case management development and service provision designed to ensure that the transition from prison or jail to the community is safe and successful; and conducting virtual, in-person site visits to assess each subawardee’s efficacy, as well as, an independent process evaluation of the Community-based Reentry Incubator Initiative.

Goals, Objectives, and Deliverables

Goals

Strengthen communities by providing technical assistance, subawards, and administrative oversight to subawardee CBOs.

Improve organizational, program, and financial management outcomes for CBOs that are working with individuals in reentry, including enhancing recidivism reduction strategies.

Elevate the voices of justice-impacted leaders to build awareness and educate policymakers on specific challenges and needs.

Objectives

An applicant should address all the objectives listed below in the Goals, Objectives, Deliverables, and Timeline web-based form.

Help subawardees develop strategies and partnerships that facilitate the implementation or enhancement of reentry programs at the local level by strengthening their operations which will ultimately improve community reintegration and recidivism outcomes for people leaving incarceration and during their reentry.
Build the administrative, operational, and organizational capacity of subawardees to serve the target population effectively, which should include the use of comprehensive case management plans that directly address criminogenic risk and needs, as identified by validated criminogenic risk assessments, and deliver or facilitate services in a manner consistent with participants’ learning styles and abilities.

Provide technical assistance to improve collaboration between CBOs and corrections, parole, probation, local reentry coalitions, other local reentry service providers, and stakeholders with a goal toward ensuring comprehensive and individualized reentry services while strengthening the ecosystem of reentry services in a given jurisdiction.

Ensure the responsible and effective administration of subawards to selected reentry service providing CBOs.

**Deliverables**

Develop technical assistance strategies and resources (model policies, how to guides, brief training videos, etc.) to assist in education about and improving CBO financial, operational, and program management, including program development and data collection and reporting.

Liaise with other OJP-funded technical assistance providers to identify and use appropriate OJP-funded resources to meet the needs of reentry-focused subawards.

Work with the BJA-funded National Reentry Resource Center to ensure all cooperative agreement-funded resources and funding opportunities are made publicly available on a dedicated web page for CBO Capacity Development.

In accordance with the cooperative agreements with BJA, the successful awardees will partner with BJA to administer subawards to CBOs for the purpose of building capacity and supporting reentry programming for people at moderate to high risk for recidivism leaving incarceration and during their reentry. To accomplish this, the successful applicants will undertake the following:

Assess the gaps in CBOs’ organizational capacity (including financial and operational components) to implement individualized and case management-driven reentry programming.

Develop, in collaboration with BJA, a solicitation or request for proposals with agreed-upon selection criteria and in accordance with state, local, and OJP regulations.

Develop and host, in collaboration with BJA, a pre-application webinar for potential applicants. This webinar will fully explain the purpose of the program, define allowable and unallowable costs, and describe the financial and programmatic reporting requirements.

Conduct a CBO selection process, in collaboration with and approval from BJA, to identify and award the subawards. This CBO selection process should ensure that each of the selected CBOs meet the following criteria:

The CBO identifies case management and at least one additional reentry strategy (e.g., employment-related services or housing assistance) it is planning to initiate or that is already operational in the jurisdiction. The CBO clearly identifies the resources needed to support the
reentry strategy and build capacity.

The CBO demonstrates capacity and willingness to work collaboratively with the TTA provider.

Once the subawards are made, the two award recipients will:

- Conduct meetings with their subawardees on a periodic basis, and memorialize the proceedings with meeting notes, transcripts, and/or recordings.

- Complete capacity needs assessments for each participating CBO and work with the CBO to prepare a capacity development plan that is tailored to its current capacity and resources. This includes building bandwidth for sustainability after the subaward, and competency to access new funding. The capacity development plan will guide the TTA provided by the two award recipients, and it will be reviewed and updated, as necessary, during the project period.

- Work with every subawardee to build capacity for ensuring participants’ criminogenic needs are met and that strength-based services and outcomes are provided and captured.

Conduct regional and/or topical meetings for the subawards on common issue areas. These meetings should include existing subject matter experts (SMEs) and material from DOJ programs and initiatives.

Provide content to the National Reentry Resource Center to post online for subawardees and other interested parties to search and access any knowledge products (e.g., reports, research briefs, webinars, or podcasts) created by the two award recipients and other relevant, existing knowledge products related to reentry service provision.

Submit a final process evaluation report that includes: (a) a clear summary description of the reentry services supported by the subawards, (b) an assessment of their ability to identify and serve people in reentry at moderate to high risk of recidivism and/or service capacity enhancement outcomes, (c) identification of promising or effective practices, (d) lessons learned and challenges encountered, and (f) recommendations for future program capacity development. This report should emphasize an evidence-informed assessment framework that is attentive to the contextual factors at the participating CBOs.

The Goals, Objectives, and Deliverables are directly related to the performance measures that show the completed work’s results, as discussed in the "Application and Submission Information" section.

**Evidence-Based Programs or Practices**

OJP strongly encourages the use of data and evidence in policymaking and program development for criminal justice, juvenile justice, and crime victim services. For additional information and resources on evidence-based programs or practices, see the OJP Grant Application Resource Guide.

**Information Regarding Potential Evaluation of Programs and Activities**
OJP may conduct or support an evaluation of the projects and activities funded under this solicitation. For additional information and applicable documentation to be included in the application, see the OJP Grant Application Resource Guide section entitled “Information Regarding Potential Evaluation of Programs and Activities.”

**Priority Areas**

The Department of Justice is committed to advancing work that promotes civil rights and racial equity, increases access to justice, supports crime victims and individuals impacted by the justice system, strengthens community safety and protects the public from crime and evolving threats, and builds trust between law enforcement and the community.

1. **Priority Considerations Supporting Executive Order 13985, Advancing Racial Equity and Support for Underserved Communities Through the Federal Government**

   In support of this Executive Order, OJP will provide priority consideration when making award decisions to the following:

   A. Applications that propose project(s) that are designed to promote racial equity and the removal of barriers to access and opportunity for communities that have been historically underserved, marginalized, and adversely affected by inequality.

   To receive this consideration, the applicant must describe how the proposed project(s) will address potential racial inequities and contribute to greater access to services and opportunities for communities that have been historically underserved, marginalized, and adversely affected by inequality, and identify how the project design and implementation will specifically incorporate the input or participation of those communities and populations disproportionately impacted by crime, violence, and the criminal justice system overall. Examples addressing this requirement include, but are not limited to, the following: budgeted project planning and/or implementation meetings with community stakeholders representing historically underserved and marginalized communities; outreach and/or public awareness campaigns specifically tailored to historically underserved and marginalized communities to encourage participation in the proposed project(s); budgeted incorporation of members representing historically underserved and marginalized communities in program evaluation, surveys, or other means of project feedback; and partnership with organizations that primarily serve communities that have been historically underserved, marginalized, and adversely affected by inequality.

   B. Applicants that demonstrate that their capabilities and competencies for implementing their proposed project(s) are enhanced because they (or at least one proposed subrecipient that will receive at least 40% of the requested award funding, as demonstrated in the Budget Web-Based Form) identify as a culturally specific organization.

   To receive this additional priority consideration, applicants must describe how being a culturally specific organization (or funding the culturally specific subrecipient organization(s)) will enhance their ability to implement the proposed project(s) and should also specify which populations are intended or expected to be served or to have their needs addressed under the proposed project(s).

Culturally specific organizations are defined for the purposes of this solicitation as private
nonprofit or tribal organizations whose primary purpose as a whole is to provide culturally specific services to racial and ethnic groups, including, among others, Black people, Hispanic and Latino people, Native American and other Indigenous peoples of North America (including Alaska Native, Eskimo, and Aleut), Asian Americans, Native Hawaiians, and/or Pacific Islanders.

2. Additional statutory priority considerations

As articulated in the Second Chance Act, priority consideration will be given to applications that provide for an independent process evaluation.

To receive priority consideration, applicants must specify, in the proposal narrative, how they will address the priority consideration(s).

Note: Addressing these priority areas is one of many factors that OJP considers in making funding decisions. Receiving priority consideration for one or more priority areas does not guarantee an award.

The Proposal Narrative must include the following sections:

a. Description of the Issue

Provide a thorough understanding of comprehensive reentry programming.

Describe the challenges CBOs face in planning and implementing comprehensive reentry programming, including developing partnerships with corrections, developing individualized case plans for clients, brokering services with other providers to meet clients’ holistic needs, and the need for TTA.

Describe the challenges for CBOs in partnering with jails and prisons and the agencies/departments that oversee them, including gaining access to eligible reentry program participants, data-sharing agreements for risk/needs and recidivism data and information, and access to these facilities pre-release.

Describe the challenges of using data and research to develop effective reentry programming.

Describe the challenges in leveraging tools and strategies across several areas of expertise and responsibility for comprehensively addressing community safety issues that can be a barrier to developing effective transitional plans.

Describe the challenges for CBOs in using the results of validated assessment tools to determine the risk level and identify the criminogenic and, separately, the mental health- and substance use disorder-related needs of the individuals being referred to reentry programs.

b. Project Design and Implementation

Identify strategies for designing and implementing the deliverables described in this solicitation.

Describe the proposed criteria for selecting the CBOs for subawards that respond to the goals and objectives of this solicitation.

Describe the plan to identify and meet the capacity building needs of CBOs selected for the Community-based Reentry Incubator Initiative.

Explain the competitive processes the applicant will use to identify and recruit subawardee applicants for the Community-based Reentry Incubator Initiative, including adding to the timeline when the request for proposals will be released, a marketing plan, eligibility requirements, selection criteria, regional distribution, site visits, subawardee convenings (in-person and/or virtual), and audit and compliance checks for subawardees.
Include a comprehensive timeline/project plan that identifies milestones, numerically lists deliverables, and identifies who is responsible for each activity. The timeline/project plan should clearly connect to the proposed strategy.

Demonstrate a well-thought-out plan for transferring knowledge and lessons learned to the reentry field.

Describe how the applicant will identify and assess the training and technical assistance needs of the subawardees.

Describe and provide supporting documentation and letters of support for any partnering organizations deemed necessary to build subaward financial, organizational, and programmatic capacity, including, for instance, any criminal justice agencies/associations, trade associations, educational/training institutions, and communications/social media experts.

If the applicant is seeking priority consideration for Priority 1(A), it should address in this section how the proposed project(s) will promote racial equity and the removal of barriers to access and opportunity for communities that have been historically underserved, marginalized, and adversely affected by inequality, and identify how the project design and implementation will specifically incorporate the input or participation of these communities.

c. Capabilities and Competencies

Describe the organizational structure, capabilities, and competencies of the applicant and other key partners, including how the organization is positioned to provide training and technical assistance, including the full administration of subawards to community-based organizations and faith-based institutions providing transitional services throughout the entire reentry process from pre-release to post-release in the community. Please include region-specific, gender-specific, and population-specific examples that promote the applicant’s expertise.

Discuss the plan to include a diverse team of staff, trainers, and/or SMEs who reflect a mix of experiences and perspectives to be able to effectively reach the communities and practitioners that they will serve.

Describe the organization’s expertise in designing and delivering TTA or serving as an intermediary for subawards in urban, rural, and tribal jurisdictions. A separate attachment with examples of prior work should document this expertise.

List the consultants or partners with whom the organization plans to work to deliver TTA services. For each consultant or partner, include a letter of support.

Describe the management structure and staffing of the project, identifying the oversight responsibilities for the Community-based Reentry Incubator Initiative. BJA strongly encourages applicants to hire a full-time coordinator with documented history of working with formerly incarcerated individuals and leading training and technical assistance. The management and organizational structure described should match the staff needs necessary to accomplish the deliverables outlined in this solicitation.

Discuss the applicant’s capacity to take on the financial and organizational responsibility to make and manage subawards.
Describe the approach for helping CBOs increase collaboration with corrections, community supervision, and other local reentry stakeholders and impacted communities, including individuals with direct involvement in the justice system.

If the applicant is seeking priority consideration under Priority 1(B), it should describe within this section how being a culturally specific organization (or funding a culturally specific subrecipient organization at a minimum of 40% of the project budget) will enhance its ability to implement the proposed project(s), should also specify which populations are intended or expected to be served or have their needs addressed under the proposed project(s), and should include the website address (if applicable) and formal or informal mission statement or principles of the culturally specific organization.

d. Plan for Collecting the Data Required for this Solicitation’s Performance Measures

Describe the plan to track Community-based Reentry Incubator Initiative outcomes for at least 60 months. The plan should include identification of objectives for the program’s development, implementation, and outcomes.

Describe how subawardee performance will be documented, monitored, and evaluated — identifying the impact of each strategy once implemented, as well as the data and information that will be collected and by whom.

Describe the process for assessing the subaward program’s effectiveness through the collection and reporting of the required performance data and the mandated culminating independent evaluation. Discuss how the program will be sustained after federal funding ends.

Note: An applicant is not required to submit performance data with the application. Rather, performance measure information is included as a notification that award recipients will be required to submit performance data as part of each award’s reporting requirements. Some measures are presented as examples, while others are the exact measures that every recipient will be expected to address.

OJP will require each award recipient to submit regular performance data that show the completed work’s results. The performance data directly relate to the goals, objectives, and deliverables identified in the “Goals, Objectives, and Deliverables” discussion. Applicants can visit OJP’s performance measurement page at www.ojp.gov/performance for an overview of performance measurement activities at OJP.

BJA will require award recipients to submit performance measure data in the TTA Reporting Portal and separately submit a semi-annual performance report in JustGrants. BJA will provide further guidance on the post-award submission process, if the applicant is selected for award. A list of performance measure questions for this program can be found here.

Note on Project Evaluations
An applicant that proposes to use award funds through this solicitation to conduct project evaluations must follow the guidance in the “Note on Project Evaluations” section in the OJP Grant Application Resource Guide.

How to Apply

Registration: Before submitting an application, all applicants must register with the System for Award Management (SAM). You must renew and validate your registration every 12 months. If you do not renew your SAM registration, it will expire. An expired registration can delay or prevent application submission in Grants.gov and JustGrants. Registration and renewal can take up to 10 business days to complete.

Submission: Applications must be submitted to DOJ electronically through a two-step process via Grants.gov and JustGrants.

Step 1: After registering with SAM, the applicant must submit the SF-424 and SF-LLL in Grants.gov at https://www.grants.gov/web/grants/register.html by the Grants.gov deadline. Submit the SF-424 and SF-LLL as early as possible, but no later than 48 hours before the Grants.gov deadline. If an applicant fails to submit in Grants.gov, they will be unable to apply in JustGrants.

Step 2: The applicant must then submit the full application, including attachments, in JustGrants at JustGrants.usdoj.gov by the JustGrants deadline.

Within 24 hours after receipt of confirmation emails from Grants.gov, the individual in Section 8F of the SF-424 will receive an email from DIAMD-NoReply@usdoj.gov with instructions on how to create a JustGrants account. Register the Entity Administrator and the Application Submitter with JustGrants as early as possible but no later than 48-72 hours before the JustGrants deadline. Once registered in JustGrants, the Application Submitter will receive an emailed link to complete the rest of the application in JustGrants. The Entity Administrator also will need to log into JustGrants to review and invite the applicant’s Authorized Representative(s) before an application can be submitted.
Submit the complete application package in JustGrants at least 24 – 48 hours prior to the JustGrants deadline. Some of the application components will be entered directly into JustGrants, and others will require uploading attached documents. Therefore, applicants will need to allow ample time before the JustGrants deadline to prepare each component. Applicants may save their progress in the system and revise the application as needed prior to hitting the Submit button at the end of the application in JustGrants.

For additional information, see the “How to Apply” section in the OJP Grant Application Resource Guide and the DOJ Application Submission Checklist.

**Submission Dates and Time**

The **SF-424 and the SF-LLL** must be submitted in Grants.gov by June 20, 2023 8:59 PM ET

The **full application** must be submitted in JustGrants by June 27, 2023 8:59 PM ET

OJP urges applicants to submit their Grants.gov and JustGrants submissions prior to the due dates with sufficient time to correct any errors and resubmit by the submission deadlines if a rejection notification is received. To be considered timely, the **full application** must be submitted in JustGrants by the JustGrants application deadline. Failure to begin the SAM.gov, Grants.gov, or JustGrants registration process in sufficient time (i.e., waiting until the date identified in this solicitation) is not an acceptable reason for late submission.

**Experiencing Unforeseen Technical Issues Preventing Submission of an Application**

OJP will only consider requests to submit an application after the deadline when the applicant can document that a technical issue with a government system prevented application submission.

If an applicant misses a deadline due to unforeseen technical issues with SAM.gov, Grants.gov, or JustGrants, the applicant may request a waiver to submit an application after the deadline. However, the waiver request will not be considered unless it includes a tracking number generated when the applicant contacts the applicable service desks to report technical difficulties. Tracking numbers are generated automatically when an applicant emails the applicable service desks; and for this reason applicants are encouraged to email the appropriate service desk, even if they also intend to call the service desk for phone support. Experiencing wait times for phone support does not relieve the applicant of the responsibility of getting a tracking number.

An applicant experiencing technical difficulties must contact the associated service desk indicated below to report the technical issue and receive a tracking number:

- **SAM.gov** - contact the **SAM Help Desk (Federal Service Desk)**, Monday – Friday from 8 a.m. to 8 p.m. ET at 866-606-8220.
- **Grants.gov** - contact the **Grants.gov Customer Support Hotline**, 24 hours a day, 7 days a week, except on federal holidays, at 800-518-4726, 606-545-5035, or support@grants.gov.
- **JustGrants** - contact the JustGrants Service Desk at JustGrants.Support@usdoj.gov or 833-872-5175, Monday – Friday from 7 a.m. to 9 p.m. ET and Saturday, Sunday, and...
Federal holidays from 9 a.m. to 5 p.m. ET.

If an applicant has technical issues with SAM.gov or Grants.gov, the applicant must contact the OJP Response Center at grants@ncjrs.gov within 24 hours of the Grants.gov deadline to request approval to submit after the deadline.

If an applicant has technical issues with JustGrants that prevent application submission by the deadline, the applicant must contact the OJP Response Center at grants@ncjrs.gov within 24 hours of the JustGrants deadline to request approval to submit after the deadline.

Waiver requests sent to the OJP Response Center must -

- describe the technical difficulties experienced,
- include a timeline of the applicant's submission efforts (e.g., date and time the error occurred, date and time of actions taken to resolve the issue and resubmit; and date and time support representatives responded),
- include an attachment of the complete grant application and all the required documentation and materials,
- include the applicant's Unique Entity Identifier (UEI), and
- include any SAM.gov, Grants.gov, and JustGrants Service Desk tracking numbers documenting the technical issue.

OJP will review each waiver request and the required supporting documentation and notify the applicant whether the request for late submission has been approved or denied. An applicant that does not provide documentation of a technical issue or that does not submit a waiver request within the required time period will be denied.

For more details on the waiver process, OJP encourages applicants to review the “Experiencing Unforeseen Technical Issues” section in the OJP Grant Application Resource Guide.

Application Review Information

Review Criteria

Merit Review Criteria

Applications that meet the basic minimum requirements will be evaluated by peer reviewers on how the proposed project/program addresses the following criteria:

1. Statement of the Problem/Description of the Issue (15%) - evaluate the applicant’s understanding of the program/issue to be addressed.

2. Project Design and Implementation (35%) - evaluate the adequacy of the proposal, including the goals, objectives, timelines, milestones, and deliverables.

3. Capabilities and Competencies (25%) - evaluate the applicant's administrative and technical capacity to successfully accomplish the goals and objectives.

4. Plan for Collecting the Data Required for this Solicitation’s Performance Measures (15%) - evaluate the applicant’s understanding of the performance data reporting requirements.
and the plan for collecting the required data.

5. Budget (10%) - evaluate for completeness, cost effectiveness, and allowability (e.g., reasonable, allocable, and necessary for project activities).

Other Review Criteria/Factors

Other important considerations for BJA include geographic diversity, strategic priorities (specifically including, but not limited to, those priority areas already mentioned, if applicable), available funding, past performance, and the extent to which the Budget Web-Based form accurately explains project costs that are reasonable, necessary, and otherwise allowable under federal law and applicable federal cost principles.

Review Process

Applications submitted under this solicitation that meet the basic minimum requirements will be evaluated for technical merit by a peer review panel(s) in accordance with OJP peer review policy and procedures using the review criteria listed above.

OJP screens applications to ensure they meet the basic minimum requirements prior to conducting the peer review. Although specific requirements may vary, the following are common requirements applicable to all OJP solicitations:

- The application must be submitted by an eligible type of applicant.
- The application must request funding within programmatic funding constraints (if applicable).
- The application must be responsive to the scope of the solicitation.
- The application must include all items necessary to meet the basic minimum requirements.

Pursuant to the Part 200 Uniform Requirements, before award decisions are made, OJP also reviews information related to the degree of risk posed by the applicant entity. Among other things to help assess whether an applicant with one or more prior federal awards has a satisfactory record of performance, integrity, and business ethics, OJP checks whether the applicant entity is listed in SAM as excluded from receiving a federal award.

In addition, if OJP anticipates that an award will exceed $250,000 in federal funds, OJP also must review and consider any information about the applicant entity that appears in the non-public segment of the integrity and performance system accessible through SAM (currently, the Federal Awardee Performance and Integrity Information System, FAPIIS).

Important Note on FAPIIS: An applicant may review and comment on any information about its organization that currently appears in FAPIIS and was entered by a federal awarding agency. OJP will consider such comments by the applicant, in addition to the other information in FAPIIS, in its assessment of the risk posed by the applicant entity.

Absent explicit statutory authorization or written delegation of authority to the contrary, all final award decisions will be made by the Assistant Attorney General, who may consider not only peer review ratings and BJA recommendations, but also other factors as indicated in this section.

Standard Solicitation Resources

OJP Grant Application Resource Guide provides guidance to assist OJP grant applicants in preparing and submitting applications for OJP funding.

DOJ Grants Financial Guide serves as the primary reference manual to assist award recipients in fulfilling their fiduciary responsibility to safeguard grant funds and to ensure funds are used for the purposes for which they were awarded. It compiles a variety of laws, rules and regulations that affect the financial and administrative management of DOJ awards. This guide serves as a starting point for all award recipients and subrecipients of DOJ grants and cooperative agreements in ensuring the effective day-to-day management of awards.

JustGrants Resources Website is an entryway into information about JustGrants and the grants management system itself. Through this portal both award recipients and applicants can access training resource and user support options, find frequently asked questions and sign-up for the JustGrants Update e-newsletter.

JustGrants Application Submission Training Page offers helpful information and resources on the application process. This training page includes e-learning videos, reference guides, checklists and other resources to help applicants complete an application.

Virtual Q&A Sessions are advertised here and provide opportunities for users to receive topic-specific training, direct technical assistance and support on JustGrants system functionality.
