

BUREAU OF JUSTICE ASSISTANCE
RESIDENTIAL SUBSTANCE ABUSE TREATMENT (RSAT) GRANT PROGRAM
PERFORMANCE MEASURES

The following pages outline general questions and performance measures for the Bureau of Justice Assistance (BJA) *Residential Substance Abuse Treatment (RSAT)* grant program. The performance measures for this program were established to show the impact and value of the program and indicate how grant activities meet the following objectives:

1. Provide residential treatment facilities set apart—in a completely separate facility, or a dedicated housing unit in a facility exclusively for use by RSAT program participants—from the general correctional population.
2. Focus on the substance abuse problems of the RSAT program participants.
3. Develop each RSAT program participant's cognitive, behavioral, social, vocational, and other skills to solve substance abuse and related problems.
4. Require urinalysis and/or other proven reliable forms of drug and alcohol testing for RSAT program participants, including both periodic and random testing, and for former participants while they remain in the custody of the state or local government.

The performance measures for the RSAT program are shown by grant program type (Jail-based, Prison-based, and Aftercare). The questions are structured in two formats—quantitative (numeric) measures and qualitative (narrative) measures. You will complete the quantitative measures in the BJA Performance Measurement Tool (PMT) four times per year to report on your activity during the prior 3 months, also known as a reporting period. You will be asked to complete qualitative measures twice each year. These consist of seven narrative questions that you will answer based on activities during the previous two reporting periods.

In addition, in January and July of each calendar year, you are responsible for creating the *GMS Report* from the PMT that you upload into the Grants Management System (GMS). During the nonsubmission periods, you are encouraged to create this report and keep a copy for your records.

NOTE: Data collection on these measures will take effect with grant activities that begin as of April 1–June 30, 2012. Specifically, data entry and reporting in the PMT will begin on July 1, 2012. Subsequent data entry will occur quarterly, with a 30-day submission period following the close of the reporting period.

You are required to report data for all measures as they relate to the activities funded by the BJA award plus 25 percent non-Federal match funds. The activities include training and hiring treatment personnel. The remainder of the questions are about program *participant-level measures*. For these questions, please report the number of individuals that is equal to the proportion of the Federal funds (plus matching funds) of your total annual budget for the RSAT program.

Your responses to the questions that follow must be entered in the PMT at <https://bjapmt.ojp.gov>. If you have any questions about the PMT or performance measures, please call the BJA Performance Tools Help Desk at 1-888-252-6867, or send an e-mail to bjapmt@usdoj.gov.

If you have questions about your program, please contact your State Policy Advisor (SPA) at <http://www.ojp.usdoj.gov/BJA/resource/ProgramsOffice.html>.
