447 BODY WORN CAMERAS**447.1 PURPOSE AND SCOPE**

This policy is intended to provide officers with instructions on when and how to use body-worn cameras (BWCs) so that officers may reliably record their contacts with the public in accordance with the law.

447.2 POLICY

It is the policy of this department that officers shall activate the BWC when such use is appropriate to the proper performance of his or her official duties, where the recordings are consistent with this policy and law. This policy does not govern the use of surreptitious recording devices used in undercover operations.

447.3 PROCEDURES**A. Administration**

1. BWCs allow for accurate documentation of police-public contacts, arrests, and critical incidents. They also serve to enhance the accuracy of officer reports and testimony in court.
2. Audio and video recordings also enhance this agency's ability to review probable cause for arrest, officer and suspect interaction, and evidence for investigative and prosecutorial purposes and to provide additional information for officer evaluation and training.
3. The BWC may also be useful in documenting crime and accident scenes or other events that include the confiscation and documentation of evidence or contraband.

B. When and How to Use the BWC

1. Officers shall activate the BWC to record all contacts with citizens in the performance of official duties.
2. If an officer fails to activate the BWC, fails to record the entire contact, or interrupts the recording, the officer shall document, in a Blue Team entry, why a recording was not made, was interrupted, or was terminated prior to the end of the contact. The Blue Team entry is in addition to any documentation that should be included in an incident, offense or supplemental report.
3. Any other contact that becomes adversarial after the initial contact, in a situation that would not otherwise require recording.
4. Any other circumstance where the officer believes that a recording of an incident would be appropriate.
