

BUREAU OF JUSTICE ASSISTANCE
JUSTICE ASSISTANCE GRANT PROGRAM
ACCOUNTABILITY MEASURES

The following pages outline the program accountability measures for the Bureau of Justice Assistance (BJA) Justice Assistance Grant (JAG) Program for awards from fiscal years 2015 and beyond.

Reporting requirements for fiscal year 2014 and prior JAG awards have not changed. Please continue reporting on the previous JAG measures at <https://bjapmt.ojp.gov/help/JAGDocs.html>.

There are two types of accountability measures that grantees and subgrantees are required to report on: performance data and narrative data. Performance data are collected on a quarterly basis in the performance measurement tool (PMT). Grantees and subgrantees will begin by providing data on the use of JAG funds. Grantees and subgrantees with award amounts of \$25,000 or more will then continue on to provide more detailed data on their JAG-funded programs and activities.

Grantees and subgrantees are required to select and report on all accountability measures that pertain to JAG-funded activities.

Narrative data are collected from grantees and subgrantees semiannually in January and July as well as prior to closeout. Direct grantees and state administrative agencies (SAAs) are responsible for creating a GMS Report from the PMT and uploading it into the Grants Management System (GMS) on this schedule as well. These reports created from the PMT will automatically include all subgrantee PMT data.

If you have questions about your program, please contact your State Policy Advisor (SPA) at <https://www.bja.gov/About/Contacts/ProgramsOffice.html>.

NOTE: Data entry and reporting in the PMT on these revised measures will begin on **January 1, 2017**, for grant activities that occurred during the **October 1–December 31, 2016** reporting period. Subsequent data entry will occur quarterly, with a 30-day submission period following the close of the reporting period.

Data reported by JAG grantees and subgrantees in the accountability measures do not determine JAG funding, which is calculated based on a statutory formula combining population and Uniform Crime Reporting Part I crime data. Details on the formula calculations are available in the JAG Technical Report on BJA's web site: <https://www.bja.gov/Publications/JAGTechRpt.pdf>. BJA encourages JAG grantees to make decisions on funding through a collaborative process involving all major stakeholders, including law enforcement, courts, indigent defense, prosecution, corrections and community corrections, treatment providers, crime victims, and others.

If you have any questions about the accountability measures or the PMT, please call the BJA PMT Help Desk at 1-888-252-6867, or send an e-mail to bjapmt@usdoj.gov.

ACTIVITY AREA DEFINITIONS

The revised JAG Accountability Measures tie your use of JAG funds to specific Activity Areas. Please use the following definitions for each activity area throughout the questionnaire.

Law enforcement: Includes all programs (e.g., crime prevention, intervention), activities, or spending conducted by a law enforcement organization. This includes all task force activity but does not include crime lab/forensics activity/programs.

Crime lab/forensics: Includes all programs, activity, or spending focused on the identification, collection, or processing of forensic evidence; for example, a sexual assault nurse examiner or sexual assault response team, or a sexual assault kit testing initiative or DNA backlog reduction program.

Crime prevention (NOT as part of a law enforcement agency): Includes all programs, activities, or spending for crime or juvenile delinquency prevention conducted through engaging communities, institutions (e.g., schools), or individuals. These include such programs as a rape aggression defense class, an alcohol/drug awareness class for students, or a bullying-prevention program.

Prosecution: Includes all programs, activities, or spending related to the prosecution of criminal defendants.

Public defense: Includes all programs, activities, or spending for the defense of individuals.

Courts: Includes all programs, activities, or spending for courts. This includes drug courts and other specialty courts.

Corrections: Includes all programs, activities, or spending by a residential correctional agency such as a jail or prison. This includes corrections programs focused on reentry services for inmates.

Community corrections: Includes all programs, activities, or spending by a community corrections agency. This includes community corrections programs focused on reentry.

Reentry services (NOT as part of a corrections, community corrections, or court program): Includes all programs, activities, or spending for reentry. This includes reentry programs run by private, nonprofit, or other noncorrectional government organizations.

Behavioral health (NOT as part of a corrections, community corrections, or court program): Includes all programs, activities, or spending for mental health, substance abuse, or co-occurring treatment that are run by private, nonprofit, or other noncorrectional government organizations.

Assessment and evaluation: Includes all programs, activities, or spending for the assessment or evaluation of programs, policies, practices, or technology. This also includes strategic planning activities. For example, this could be the development of a strategic plan, an evaluation of a drug treatment service, or the cost-benefit analysis of adopting body-worn cameras.

Crime victim/witness services: Includes all programs, activities, or spending focused on assisting crime victims, families, or witnesses. For example, this could be a 24-hour domestic violence hotline, an emergency shelter, or food distribution services for displaced victims.

Other: Includes all uses of JAG funding not captured in any other activity area.
