The Purpose of PSN

Project Safe Neighborhoods (PSN) is designed to create and foster safer neighborhoods through a sustained reduction in violent crime.

The program's effectiveness depends upon the ongoing coordination, cooperation, and partnerships of local, state, tribal, and federal law enforcement agencies working together with the communities they serve—engaged in a unified approach led by the U.S. Attorney (USA) in all 94 districts.
Goals

• Coordination among federal, state, local, and tribal law enforcement officials for reducing violent crime while cooperatively engaging the communities they serve.

• Violence prevention and reduction strategies that are tailored to the unique needs of each federal judicial district.

• Effectively use intelligence and data to identify high crime areas and prolific violent offenders.
Objectives

- Implement one or more effective strategies to prevent, respond to, and reduce violent crime.

- Support the specific activities and resource requirements of the PSN team with the goal of implementing the district’s PSN strategy in collaboration with all relevant partners and stakeholders.
Who May Apply

Eligible applicants are:

• PSN team fiscal agents for the federal judicial districts. All fiscal agents must be certified by the relevant district United States Attorney’s Office (USAO). Eligible USAO-certified fiscal agents include states, units of local government, educational institutions, faith-based and other community organizations, private nonprofit organizations, and federally recognized Indian tribal governments (as determined by the Secretary of the Interior).

• BJA recommends that districts consider using the State Administering Agency (SAA) for DOJ funding because SAAs may better leverage state resources to assist in the implementation of the district’s PSN initiative. For a list of SAAs, visit https://ojp.gov/saa/.

NOTE: If an applicant is a fiscal agent or other entity that has not received the required certification by its local USAO, its application will not be considered for funding. All recipients and subrecipients (including any for-profit organization) must forgo any profit or management fee.
Funding Allocation

• BJA expects to make 93 awards based on the formula previously described in this solicitation. BJA expects to make awards for project periods of up to 36 months, beginning on October 1, 2021. Each federal judicial district is eligible to apply for a funding allocation, based on its violent crime rate and population.

• PSN team-fiscal agents should submit their application budget based on last year’s allocation as a placeholder until formula amounts are finalized.

• Applicants will be notified to revise submissions and budgets with the correct allocation amount, and OJP will work with PSN Teams to revise their budgets where necessary.

• Certified fiscal agents may use up to 10% of the district allocation in order to fund award administration.

• Authorizing legislation includes a requirement that 30% of PSN funding be used to support “gang task forces in regions experiencing a significant or increased presence of criminal or transnational organizations engaging in high levels of violent crime, firearms offenses, human trafficking, and drug trafficking.”
  • See Appendix B in the Solicitation for “Frequently Asked Questions Related to Required 30% Gang Set Aside Funding.”
Deliverables

- Development and implementation of a PSN strategic plan
- Periodic reports to BJA as required by the terms of the grant.
- If the grant supports the activities of a research partner, a final analysis report of the program’s implementation and outcomes for PSN grant projects must be submitted to BJA at the conclusion of the project.
NEW: Two Step Application Process

Applications will be submitted in a new two-step process, each with its own deadline:

• Step 1: Applicants submit an SF-424 and an SF-LLL at Grants.gov.
• Step 2: Applicants submit the full application, including attachments, at JusticeGrants.usdoj.gov.

Read the solicitation document carefully for further guidance.
Application Checklist

DOJ Application Submission Checklist

Submitting an application to DOJ is a two-part process. First, an applicant must complete an abbreviated application in Grants.gov. Upon validation and successful submission in Grants.gov, the applicant will receive confirmation emails from Grants.gov. Next, the application is “ingested” into DOJ’s grants management system, the Justice Grants System (JustGrants). Once JustGrants receives the abbreviated application from Grants.gov, the applicant will receive notifications to log in, onboard critical users, and complete the more detailed application. After an application is successfully submitted in JustGrants, it will move forward for application review and award consideration. The following steps and tips will assist potential applicants in completing DOJ applications.

Step 1: Before applying for a DOJ funding opportunity:
Project Safe Neighborhood Solicitation was released on May 3, 2021
Grants.gov submission date: June 22, 2021
JustGrants submission date: July 6, 2021
JustGrants

• Offers a streamlined, end-to-end process, enabling applicants and grantees to move seamlessly through the full grants management life cycle

• Gives applicants and award recipients new ways to manage their own entity information and that of users in the system
Application Submission

- Identify the forms needed to submit an application.
- Complete a web-based budget form.
- Complete an application, including certifying the information.
- Submit the application.

Information on Proposed Subawards or Proposed Procurement Contracts (if any)

Whether an action—for federal grants administrative purposes—is a subaward or procurement contract is a critical distinction as significantly different rules apply to subawards and procurement contracts. If a recipient enters into an agreement that is a subaward of an OJP award, specific rules apply—many of which are set by federal statutes and DOJ regulations; others by award conditions. Additionally, this difference also affects how those entities are selected and monitored.

These rules place particular responsibilities on an OJP recipient for any subawards the OJP recipient may make. The rules determine much of what the written subaward agreement itself must require or provide. The rules also determine much of what an OJP recipient must do both before and after it makes a subaward. If a recipient enters into an agreement that is a procurement contract under an OJP award, a substantially different set of federal rules applies.

You (the applicant) must determine if your passthrough funds are considered subawards or procurement contracts. OJP has developed the following guidance documents to help clarify the differences between subawards and procurement contracts under an OJP award and outline the compliance and reporting requirements for each. This information can be accessed online at [https://ojp.gov/training/training.htm](https://ojp.gov/training/training.htm).

Checklist to Determine Subrecipient or Contractor Classification
Sole Source Justification Fact Sheet and Sole Source Review Checklist
Expediting Subaward Review

When subawards for the Districts are ready for review and approval by BJA, there are a few best practices to consider:

Two Documents are Required

- **Budget**
  - No administrative costs for subawards (generally)
  - Indirect costs
    - Federally approved IDC vs. De-minimus
    - Total direct costs vs. modified direct costs
  - Allowable expenses only
    - No food
    - No incentives/rewards

- **Subaward Summary**
  - Summary of program (who, what, when, where, why)
  - Explicit violent crime connection for all costs
  - Explain the selection committee decision for funding

PSN Basics

- Every District must have a written PSN Strategic Plan.

- The PSN Strategic Plan must include perspective from a range of individuals and disciplines. Districts may gain perspective through meetings, conversations and other engagement approaches with stakeholder representatives.

- The written strategy should identify issues and challenges and approaches for addressing those issues and challenges.

- The written PSN strategy should include community outreach, prevention, intervention, enforcement activities. It should also identify the strategy areas that could benefit from training, technical assistance, and grant funding.

THE PSN STRATEGY HELPS TO INFORM THE PSN GRANT PROJECT.
Fiscal Agent Selection

- The grant solicitation references the use of a “PSN Team.”

- The PSN Team selects a Fiscal Agent to administer the PSN Grant. *NOTE: The USAO can make recommendations on Fiscal Agents, but it cannot make the selection.*

- Non-federal/non-conflicted PSN Team Members must select the Fiscal Agent.

- The U.S. Attorney must “certify” the Fiscal Agent. [Link to certification process](#)
PSN Grant Project Documentation

- The Fiscal Agent must submit numerous documents as part of the application process. Some are project-specific and some are administrative-specific.

- It is imperative that the PSN Team provide the Fiscal Agent with information and direction so it can complete the necessary project-specific paperwork for the grant application and subaward projects.

  USAOs must not write the grant application. BUT they can provide written materials from the PSN Team to help the Fiscal Agent write the application.
Who Selects Subawards/Vendors?

USAOs and other federal employee PSN Team members are prohibited from identifying specific entities as vendors or subawardees.

- Non-federal/non-conflicted PSN Team members may select specific vendors and/or subawardees.

**OR**

- The PSN Team may create a separate Selection Committee of non-federal/non-conflicted individuals (usually 3-5 individuals) to select vendors and/or subawardees and review RFPs and/or mini-grant proposals.
Grant Funded Projects

- Subawardees and contractors should be identified in the grant application, if possible, unless a competitive process will be necessary.

- The PSN Team must ensure that those making the selection of subawards/contracts are adequately informed about required project elements before those individuals review subawards and/or identify contractors.

- The Fiscal Agent must ensure that Requests for Proposals, Statements of Work and contract language reflect the project intent as described by the PSN Team.
Grant-Funded Projects, cont.

- The USAO does not issue RFPs or write contracts, but they can provide the Fiscal Agent with written information to help with the development of those documents.

- PSN Teams could consider funding media/outreach products using PSN grant funds. Keep in mind, products created using PSN grant funds require DOJ approval before finalization and dissemination, which should be accounted for in grant project timelines.

- Measuring the impact of violent crime reduction efforts is essential. PSN Teams should consider how they will measure their impact and determine whether PSN grant funds are needed for this purpose.
