

The [U.S. Department of Justice](#) (DOJ), [Office of Justice Programs](#) (OJP), [Bureau of Justice Assistance](#) (BJA), is seeking applicants for funding under the Second Chance Act to provide technology career training to incarcerated individuals. This program furthers the Department's mission by providing services and programs to help facilitate the successful reintegration of prisoners as they return to their communities.

Second Chance Act Technology-Based Career Training Program for Incarcerated Adults and Juveniles

FY 2016 Competitive Grant Announcement

Applications Due: April 12, 2016

Eligibility

Eligible applicants are limited to states, units of local government, territories, and federally recognized Indian tribal governments (as determined by the Secretary of the Interior). Educational institutions considered to be units of state or local government are eligible.

Note: Assessing the outcome of programs funded under the Second Chance Act is a major Department of Justice priority. Applicants should strongly consider not applying for funding if they cannot track unique identifiers for participants, gain access to recidivism data, and report recidivism data, particularly returns to incarceration during the period 1 year after release. Chief executives from applicant organizations will need to sign and submit an assurance that all participant recidivism indicator data will be collected and submitted. Inability or refusal to submit recidivism indicator data may impact the organization's ability to receive future BJA competitive grant funding.

BJA may elect to make awards for applications submitted under this solicitation in future fiscal years, dependent on, among other considerations, the merit of the applications and the availability of appropriations.

Deadline

Applicants must register with [Grants.gov](#) prior to submitting an application. All applications are due to be submitted and in receipt of a successful validation message in Grants.gov by 11:59 p.m. eastern standard time on April 12, 2016.

All applicants are encouraged to read this [Important Notice: Applying for Grants in Grants.gov](#).

For additional information, see [How to Apply](#) in Section [D. Application and Submission Information](#).

Contact Information

For technical assistance with submitting an application, contact the Grants.gov Customer Support Hotline at 800-518-4726 or 606-545-5035, or via email to support@grants.gov. The [Grants.gov](#) Support Hotline hours of operation are 24 hours a day, 7 days a week, except federal holidays.

Applicants that experience unforeseen Grants.gov technical issues beyond their control that prevent them from submitting their application by the deadline must email the BJA contact identified below **within 24 hours after the application deadline** and request approval to submit their application. Additional information on reporting technical issues is found under “Experiencing Unforeseen Grants.gov Technical Issues” in the [How to Apply](#) section.

For assistance with any other requirement of this solicitation, contact the National Criminal Justice Reference Service (NCJRS) Response Center: toll-free at 800-851-3420; via TTY at 301-240-6310 (hearing impaired only); email grants@ncjrs.gov; fax to 301-240-5830; or web chat at <https://webcontact.ncjrs.gov/ncjchat/chat.jsp>. The NCJRS Response Center hours of operation are 10:00 a.m. to 6:00 p.m. eastern time, Monday through Friday, and 10:00 a.m. to 8:00 p.m. eastern time on the solicitation close date.

Second Chance Act Technology-Based Career Training Program for Incarcerated Adults and Juveniles (CFDA 16.812)

A. Program Description

Overview

The Second Chance Act of 2007 ([Pub. L. 110-199](#)) provides a comprehensive response to the increasing number of incarcerated adults and juveniles who are released from prison, jail, and juvenile residential facilities and returning to communities. There are currently over 2.2 million individuals serving time in our federal and state prisons, and millions of people cycling through local jails every year. Ninety-five percent of all people incarcerated today will eventually be released and will return to communities. Programs funded under the Second Chance Act help ensure that the transition individuals make from prison and jail to the community is successful and promotes public safety.

Securing employment can facilitate successful reentry for people leaving correctional facilities. However, there are many barriers people with criminal records encounter as they attempt to re-enter both the community and the workforce. Improving employment outcomes for this population can contribute to recidivism reduction and increased public safety.

Section 115 of the Second Chance Act authorizes federal awards to states, units of local government, territories, and federally recognized Indian tribes to provide technology-based career training to persons confined in state prisons, local jails, tribal jails, and juvenile residential facilities. This program supports training for technology-related jobs and the continuum of reentry transition planning, including education, training, support services, and building connections to local employers that will enable participants to secure employment prerelease.

Program-Specific Information

Goals, Objectives, and Deliverables

The goal of this program is to increase the post-release employability of the incarcerated population in technology-based jobs. The objective of the program is to establish and provide career training programs for incarcerated adults and juveniles during the 6-36 month period before release from a prison, jail, or juvenile facility with connections to follow-up services after release in the community. Training components should be relevant to specific technology-related needs of in-demand jobs within the geographic area to which the individuals will be returning. Each participant should receive an individualized reentry plan that addresses post-release transition services including employment support services.

Mandatory Requirements

To receive an award under this announcement, applicants must clearly demonstrate their ability to comply with the following mandatory requirements:

- Demonstrate a partnership with a training entity (e.g., community college, job center, employer-sponsored training program) to provide technology-based job training in the identified confinement facility(ies) and provide documentation demonstrating the partnership, such as a memorandum of agreement (MOA). The formal partnership should discuss instructors, accredited programming, and/or a direct path to continuing education.

The applicant should note the requirements outlined in <http://oip.gov/financialguide/DOJ/PostawardRequirements/chapter3.8a.htm>.

- Provide technology-related job training in occupational fields (e.g., computer programming, web and mobile application development, or technological aspects of positions in fields including auto mechanics, manufacturing, health, etc.) for which there is labor demand in/around the geographic areas to which target population participants will be returning. Demonstrate the analysis conducted to determine which technology-related job training to offer.
- Identify a moderate- to high-risk target population to receive services as identified using a validated assessment tool. Applicants must identify the validated assessment tool used and the risk levels eligible for participation in the program. “Risk” is defined as the likelihood that a person will re-offend upon release from a facility. Describe how many total people the proposed program plans to serve over the length of the project period. Provide data to demonstrate that the number of individuals in the target population that the application proposes to serve is reasonable. If the applicant is requesting funds for a program that is currently operational, the applicant must state how many people the program has served (who meet the stated target population characteristics) over the past 6 months. If the applicant is proposing to implement a new program, the applicant must state how many people met the target population characteristics within the past 6 months. Those served or eligible over the past 6 months will provide the foundation for determining the total number of people the proposed program plans to serve. BJA will measure the applicant against this target number, if the applicant is selected to receive an award.
- Provide a baseline recidivism rate for the proposed target population including documentation to support the development of the rate.
- Ensure all program participants receive individualized reentry plans and case management that link them to community-based services and employment support post-release.
- Ensure the ability to collect and report data on participant post-program employment outcomes and participant recidivism indicator data, including the collection of unique identification numbers for each participant.

Priority Consideration

Priority consideration will be given to applicants who propose projects that:

- Apply evidence-based practices provided in [What Works In Job Training: A Synthesis of the Evidence](#), released by the U.S. Department of Labor. Implement a job-driven checklist that includes essential parts of job-driven training. More information about the checklist can be found in [Ready to Work: Job-Driven Training and American Opportunity](#), released by the White House, including:
 - Working with employers to determine local hiring needs and designing training programs that are responsive to those needs.
 - Offering work-based learning opportunities including on-the-job training and registered apprenticeships.
 - Making better use of data to drive accountability and inform what programs are offered and what is taught.
 - Measuring and evaluating employment and earnings outcomes.
 - Ensuring a seamless progression from one educational stepping stone to another, breaking down barriers to participation in training.

- Include reentry career planning as intensive post-release services provided by the grantee or subcontractors focusing on job placement and employment retention services. Demonstrate formal partnerships with employers in in-demand job sectors and with local Workforce Investment Boards and/or other external employment assistance programs.
- Demonstrate formal partnership with local educational institutions that may provide instructors, accredited programming, and/or a direct path to continuing education through which participants receive industry-recognized certificates that demonstrate successful completion of a training program to better prepare participants for job attainment upon release.
- Demonstrate formal partnership with employers willing to consider hiring students after they receive industry-recognized certificates and complete training program.
- Provide ongoing training to employers and potential employers on successful approaches to working with trainees/employees engaged through the program.
- Demonstrate the leveraging of private, local, state, tribal, or federal resources (cash or in-kind) to support and/or sustain the proposed project.

Target Population

The target population is limited to moderate- to high-risk incarcerated adults or juveniles within a 6-36 month period before release from a prison, jail, or juvenile facility. The target population for the initiative must be a specific subset of the population of individuals convicted as an adult or adjudicated as a juvenile, and incarcerated in a state, local, or tribal prison; jail or a juvenile detention/correctional facility; juvenile camp; juvenile community-based program; or a juvenile residential facility. For federally recognized Indian tribes, the individuals may be housed in a tribal, federal, state, regional, county, or local jail facility pursuant to state or tribal law.

Note: In the **Project Abstract** (mandatory attachment, see page 12), applicants must provide the target goal (number) of people to whom they expect to provide technology training and employment services under this project during the grant award period. This number will serve as the target number, and BJA will measure the applicant against this target number, if the applicant is selected to receive an award.

Evidence-Based Programs or Practices

OJP strongly emphasizes the use of data and evidence in policy making and program development in criminal justice, juvenile justice, and crime victim services. OJP is committed to:

- Improving the quantity and quality of evidence OJP generates
- Integrating evidence into program, practice, and policy decisions within OJP and the field
- Improving the translation of evidence into practice

OJP considers programs and practices to be evidence-based when their effectiveness has been demonstrated by causal evidence, generally obtained through one or more outcome evaluations. Causal evidence documents a relationship between an activity or intervention (including technology) and its intended outcome, including measuring the direction and size of a change, and the extent to which a change may be attributed to the activity or intervention. Causal evidence depends on the use of scientific methods to rule out, to the extent possible, alternative explanations for the documented change. The strength of causal evidence, based on the factors described above, will influence the degree to which OJP considers a program or practice to be evidence-based. The [OJP CrimeSolutions.gov](http://OJP.CrimeSolutions.gov) website is one

resource that applicants may use to find information about evidence-based programs in criminal justice, juvenile justice, and crime victim services.

National Reentry Resource Center, Technical Assistance, and Related Funding Opportunities

The [National Reentry Resource Center](#) (NRRC) serves as the primary source of information and guidance in reentry, advancing the use of evidence-based practices and policies and creating a network of practitioners, researchers, and policymakers invested in reducing recidivism. The NRRC is administered through a BJA cooperative agreement in collaboration with the Office of Juvenile Justice and Delinquency Prevention. The NRRC is operated in partnership with many leading nonprofit organizations and service providers.

Integrated Reentry and Employment Strategies

For a compilation of the latest research and for an understanding of how to target employment services for the reentry population, see [Integrated Reentry and Employment Strategies: Reducing Recidivism and Promoting Job Readiness](#). This White Paper was written for policymakers and practitioners engaged in the corrections and workforce development fields who recognize the need for the two systems to collaborate more closely to improve public safety and employment outcomes for people who have been incarcerated or are on probation or parole. It promotes close collaborations with reentry service providers and provides guidance on prioritizing scarce resources to more effectively reduce rates of reincarceration and joblessness. The paper also outlines principles that should drive both supervision and service decisions—decisions that can help ensure that front-line personnel's efforts are having the greatest positive effect.

B. Federal Award Information

BJA estimates that it will make up to 5 grant awards of up to \$750,000 each, for an estimated total of \$3,750,000, for a 36-month project period, beginning with an anticipated start date of October 1, 2016.

BJA may, in certain cases, provide supplemental funding in future years to awards under this solicitation. Important considerations in decisions regarding supplemental funding include, among other factors, the availability of funding, strategic priorities, assessment of the quality of the management of the award (for example, timeliness and quality of progress reports), and assessment of the progress of the work funded under the award.

All awards are subject to the availability of appropriated funds and to any modifications or additional requirements that may be imposed by law.

Allowable Uses for Award Funds

Allowable uses for award funds under a comprehensive technology-related job training application may include the following:

- Use of employability or job readiness assessments. (The types of assessments are key for determining the type of services or training an individual may need prior to job placement and are a valuable tool in assisting the individual find appropriate employment).
- Classroom occupational training.
- Training activities that lead to permanent employment in a technology-based job.

- Alignment with apprenticeship programs for technology-based jobs.
- In addition to technology-based training, basic skills training that include:
 - Adult basic education
 - English as a Second Language (ESL)
 - Job readiness training
- Job search and placement assistance in the technology field.
- Career counseling, work-based learning, and other activities as justified by the applicant (where appropriate).
- Equipment or supplies necessary for participation and completion of the training program. Equipment costs must be fully justified, and applicants should note that these funds are not intended to pay for equipment only.
- Training instructors with technology-based job/career experience.
- Recruiting, training, and supervising mentors, including peer mentors.
- Reentry planning, case management, and post-release services for a maximum 12-month period that provide support for program participants engaged in paths to technology-based careers utilizing employability and/or job readiness assessments.
- Collection, tracking, and reporting performance measures data.
- Cognitive behavioral therapy that changes criminogenic thinking as a critical element for successful reentry.
- Resources for Civil Legal Aid: Civil legal assistance can often play a critical role in addressing barriers to successful reintegration. An allowable use of Second Chance Act funds for reentry services includes referral to and payment of legal services related to the purpose of the grant, such as securing a driver's license, expunging criminal records, litigating inappropriate denials of housing or employment and violations of the Fair Credit Reporting Act, creating and/or modifying child support orders, and providing other family law services that help stabilize individuals and families. This excludes the payment of fines or penalties associated with a driver's license suspension or the payment of child support. For more information, go to www.bja.gov/Programs/SecondChanceLegalServicesGuidance.pdf

Unallowable Uses for Award Funds

In addition to the unallowable costs identified in the [2015 DOJ Grants Financial Guide](#), award funds may not be used for the following:

- Prizes/rewards/entertainment/trinkets (or any type of monetary incentive)
- Client stipends
- Gift cards
- Vehicles
- Food and beverage

For questions pertaining to budget and examples of allowable and unallowable costs, see the 2015 DOJ Grants Financial Guide at <http://ojp.gov/financialguide/DOJ/index.htm>.

Type of Award¹

BJA expects that it will make any award from this solicitation in the form of a grant.

¹ See *generally* 31 U.S.C. §§ 6301-6305 (defines and describes various forms of federal assistance relationships, including grants and cooperative agreements (a type of grant)).

Financial Management and System of Internal Controls

Award recipients and subrecipients (including any recipient or subrecipient funded in response to this solicitation that is a pass-through entity²) must, as described in the Part 200 Uniform Requirements set out at 2 C.F.R. 200.303:

- (a) Establish and maintain effective internal control over the federal award that provides reasonable assurance that the recipient (and any subrecipient) is managing the federal award in compliance with federal statutes, regulations, and the terms and conditions of the federal award. These internal controls should be in compliance with guidance in “Standards for Internal Control in the Federal Government” issued by the Comptroller General of the United States and the “Internal Control Integrated Framework”, issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO).
- (b) Comply with federal statutes, regulations, and the terms and conditions of the federal awards.
- (c) Evaluate and monitor the recipient’s (and any subrecipient’s) compliance with statutes, regulations, and the terms and conditions of federal awards.
- (d) Take prompt action when instances of noncompliance are identified including noncompliance identified in audit findings.
- (e) Take reasonable measures to safeguard protected personally identifiable information and other information the federal awarding agency or pass-through entity designates as sensitive or the recipient (or any subrecipient) considers sensitive consistent with applicable federal, state, local, and tribal laws regarding privacy and obligations of confidentiality.

In order to better understand administrative requirements and cost principles, applicants are encouraged to enroll, at no charge, in the Department of Justice Grants Financial Management Online Training available [here](#).

Budget Information

Cost Sharing or Matching Requirement

This solicitation does not require a match. However, if a successful application proposes a voluntary match amount, and OJP approves the budget, the total match amount incorporated into the approved budget becomes mandatory and subject to audit. Once incorporated into the budget, the match may not be removed.

For additional cost sharing or matching information, see the [Financial Guide](#).

Pre-Agreement Cost (also known as Pre-award Cost) Approvals

Pre-agreement costs are costs incurred by the applicant prior to the start date of the period of performance of the grant award.

² For purposes of this solicitation (or program announcement), “pass-through entity” includes any entity eligible to receive funding as a recipient or subrecipient under this solicitation (or program announcement) that, if funded, may make a subaward(s) to a subrecipient(s) to carry out part of the funded program.

OJP does not typically approve pre-agreement costs; an applicant must request and obtain prior written approval from OJP for all such costs. If approved, pre-agreement costs could be paid from grant funds consistent with a grantee's approved budget, and under applicable cost standards. However, all such costs prior to award and prior to approval of the costs are incurred at the sole risk of an applicant. Generally, no applicant should incur project costs *before* submitting an application requesting federal funding for those costs. Should there be extenuating circumstances that appear to be appropriate for OJP's consideration as pre-agreement costs, the applicant should contact the point of contact listed on the title page of this announcement for details on the requirements for submitting a written request for approval. See the section on Costs Requiring Prior Approval in the [2015 DOJ Grants Financial Guide](#), for more information.

Limitation on Use of Award Funds for Employee Compensation; Waiver

With respect to any award of more than \$250,000 made under this solicitation, recipients may not use federal funds to pay total cash compensation (salary plus cash bonuses) to any employee of the award recipient at a rate that exceeds 110% of the maximum annual salary payable to a member of the Federal Government's Senior Executive Service (SES) at an agency with a Certified SES Performance Appraisal System for that year.³ The 2016 salary table for SES employees is available on the Office of Personnel Management [website](#). Note: A recipient may compensate an employee at a greater rate, provided the amount in excess of this compensation limitation is paid with non-federal funds. (Any such additional compensation will not be considered matching funds where match requirements apply.)

The Assistant Attorney General for OJP may exercise discretion to waive, on an individual basis, the limitation on compensation rates allowable under an award. An applicant requesting a waiver should include a detailed justification in the budget narrative of the application. Unless the applicant submits a waiver request and justification with the application, the applicant should anticipate that OJP will request the applicant to adjust and resubmit the budget.

The justification should include the particular qualifications and expertise of the individual, the uniqueness of the service the individual will provide, the individual's specific knowledge of the program or project being undertaken with award funds, and a statement explaining that the individual's salary is commensurate with the regular and customary rate for an individual with his/her qualifications and expertise, and for the work to be done.

Prior Approval, Planning, and Reporting of Conference/Meeting/Training Costs

OJP strongly encourages applicants that propose to use award funds for any conference-, meeting-, or training-related activity to review carefully—before submitting an application—the OJP policy and guidance on conference approval, planning, and reporting available at <http://ojp.gov/financialguide/DOJ/PostawardRequirements/chapter3.10a.htm>. OJP policy and guidance (1) encourage minimization of conference, meeting, and training costs; (2) require prior written approval (which may affect project timelines) of most conference, meeting, and training costs for cooperative agreement recipients and of some conference, meeting, and training costs for grant recipients; and (3) set cost limits, including a general prohibition of all food and beverage costs.

³ OJP does not apply this limitation on the use of award funds to the nonprofit organizations listed at Appendix VIII to 2 C.F.R. Part 200.

Costs Associated with Language Assistance (if applicable)

If an applicant proposes a program or activity that would deliver services or benefits to individuals, the costs of taking reasonable steps to provide meaningful access to those services or benefits for individuals with limited English proficiency may be allowable. Reasonable steps to provide meaningful access to services or benefits may include interpretation or translation services where appropriate.

For additional information, see the "Civil Rights Compliance" section under "Solicitation Requirements" in the [OJP Funding Resource Center](#).

C. Eligibility Information

For additional eligibility information, see title page.

For additional information on cost sharing and matching requirement, see Section [B. Federal Award Information](#).

Limit on Number of Application Submissions

If an applicant submits multiple versions of the same application, BJA will review only the most recent system-validated version submitted. For more information on system-validated versions, see [How to Apply](#).

D. Application and Submission Information

What an Application Should Include

Applicants should anticipate that if they fail to submit an application that contains all of the specified elements, it may negatively affect the review of their application; and, should a decision be made to make an award, it may result in the inclusion of special conditions that preclude the recipient from accessing or using award funds pending satisfaction of the conditions.

Moreover, applicants should anticipate that applications that are determined to be nonresponsive to the scope of the solicitation, or that do not include the application elements that BJA has designated to be critical, will neither proceed to peer review nor receive further consideration. Under this solicitation, BJA has designated the following application elements as critical: Project Abstract, Program Narrative, Budget Detail Worksheet, and Budget Narrative. Applicants may combine the Budget Narrative and the Budget Detail Worksheet in one document. However, if an applicant submits only one budget document, it must contain **both** narrative and detail information. Please review the "Note on File Names and File Types" under [How to Apply](#) to be sure applications are submitted in permitted formats.

OJP strongly recommends that applicants use appropriately descriptive file names (e.g., "Program Narrative," "Budget Detail Worksheet and Budget Narrative," "Timelines," "Memoranda of Understanding," "Résumés") for all attachments. Also, OJP recommends that applicants include résumés in a single file.

1. Information to Complete the Application for Federal Assistance (SF-424)

The SF-424 is a required standard form used as a cover sheet for submission of pre-applications, applications, and related information. Grants.gov and the OJP Grants

Management System (GMS) take information from the applicant's profile to populate the fields on this form. When selecting "type of applicant," if the applicant is a for-profit entity, select "For-Profit Organization" or "Small Business" (as applicable). The SF-424 should include the requested amount for the full 36-month period.

- When selecting "type of applicant," if the applicant is a for-profit entity, select "For-Profit Organization" or "Small Business" (as applicable).
- Applicants should ensure that all information is correct, check spelling, and pay careful attention to the legal name, award amount, address, and the points of contact.
- Applicants should select the appropriate Point of Contact (POC) and the Authorized Representative. (Note: These two contacts should not be the same individual.)
- The Authorized Representative must have the authority to enter the state, county, municipality, or other eligible unit of local government into a legal contract with the federal government. This person is typically a county commissioner, mayor, city manager, or other similarly designated official.
- The POC will serve as the primary point of contact and will be responsible for grant management duties such as the submission of reports. Please make sure that the name, contact information, title, and solicitation is correct.

Intergovernmental Review: This funding opportunity (program) **is not** subject to [Executive Order 12372](#). (In completing the SF-424, applicants are to make the appropriate selection in response to question 19 to indicate that the "Program is not covered by E.O. 12372.")

2. Project Abstract

Applications should include a high-quality project abstract that summarizes the proposed project in 400 words or less. Project abstracts should be—

- Written for a general public audience
- Submitted as a separate attachment with "Project Abstract" as part of its file name
- Single-spaced, using a standard 12-point font (Times New Roman) with 1-inch margins

The abstract should provide an overall summary of the project and include the project's purposes, goals, and deliverables. **The abstract should include the following clearly labeled and delineated information:**

- Target population characteristics (e.g., adult or juvenile, etc.)
- Name of the validated risk assessment tool used
- Target goal for the target population (number of participants to be served)
- Technology-based jobs training type
- Geographic location
- Whether the agency/correctional facility is a state, local, or tribal entity
- Names of collaborative public and private partners and correctional facilities
- Summarization of how each of the individual mandatory requirements has been met
- If applicable, summarization of how individual priority considerations have been met
- Plan for collecting and reporting key data elements. Make sure to address the applicant's ability to track unique identifiers for participants, gain access to recidivism data, and report recidivism data, particularly returns to incarceration during the period 1 year after release

As a separate attachment, the project abstract will **not** count against the page limit for the program narrative.

BJA requires the ability to copy and paste abstract text. **BJA strongly recommends submitting the abstract in a Word document format.**

3. Program Narrative

The program narrative must respond to the solicitation and the [Selection Criteria](#) (1-4) in the order given. The program narrative must be double-spaced, using a standard 12-point font (Times New Roman is preferred) with no less than 1-inch margins, and must not exceed 20 pages. Number pages “1 of 20,” “2 of 20,” etc.

If the program narrative fails to comply with these length-related restrictions, BJA may consider such noncompliance in peer review and in final award decisions.

The following sections should be included as part of the program narrative:

- a. Statement of the Problem
- b. Project Design and Implementation
- c. Capabilities and Competencies
- d. Impact/Outcomes, Evaluation, Sustainment, and Plan for Collecting the Data Required for this Solicitation’s Performance Measures

To demonstrate program progress and success, as well as to assist the Department with fulfilling its responsibilities under the Government Performance and Results Act of 1993 (GPRA), Public Law 103-62, and the GPRA Modernization Act of 2010, Public Law 111-352, applicants that receive funding under this solicitation must provide data to measure the results of their work done under this solicitation. Post award, recipients will be required to submit quarterly performance metrics through BJA’s online Performance Measurement Tool (PMT), located at www.bjaperformancetools.org. Applicants should review the complete list of Second Chance Act Technology Careers Training Program for Incarcerated Adults and Juveniles Program performance measures at: www.bjaperformancetools.org/help/scatechnologycareersquestionnaire.pdf.

BJA does not require applicants to submit performance measures data with their application. Performance measures are included as an alert that BJA will require successful applicants to submit specific data as part of their reporting requirements. For the application, applicants should indicate an understanding of these requirements and discuss how they will gather the required data, should they receive funding.

Note on Project Evaluations

Applicants that propose to use funds awarded through this solicitation to conduct project evaluations should be aware that certain project evaluations (such as systematic investigations designed to develop or contribute to generalizable knowledge) may constitute “research” for purposes of applicable DOJ human subjects protection regulations. However, project evaluations that are intended only to generate internal improvements to a program or service, or are conducted only to meet OJP’s performance measure data reporting requirements likely do not constitute “research.” Applicants should provide sufficient information for OJP to determine whether the particular project they propose would either intentionally or unintentionally collect and/or use information in such a way that it meets the DOJ regulatory definition of research.

Research, for the purposes of human subjects protections for OJP-funded programs, is defined as, “a systematic investigation, including research development, testing, and evaluation, designed to develop or contribute to generalizable knowledge” 28 C.F.R. § 46.102(d). For additional information on determining whether a proposed activity would constitute research, see the decision tree to assist applicants on the “Research and the Protection of Human Subjects” section of the [OJP Funding Resource Center](http://ojp.gov/funding/Explore/SolicitationRequirements/EvidenceResearchEvaluationRequirements.htm) web page (<http://ojp.gov/funding/Explore/SolicitationRequirements/EvidenceResearchEvaluationRequirements.htm>). Applicants whose proposals may involve a research or statistical component also should review the “Data Privacy and Confidentiality Requirements” section on that web page.

4. Budget Detail Worksheet and Budget Narrative

Please note that applicants should anticipate that no subaward of an award made under this solicitation may be made to a subrecipient (other than an individual) unless the potential subrecipient acquires and provides a Data Universal Numbering System (DUNS) number.

a. Budget Detail Worksheet

A sample Budget Detail Worksheet can be found at <http://ojp.gov/funding/Apply/Resources/BudgetDetailWorksheet.pdf>. Applicants that submit their budget in a different format should include the budget categories listed in the sample budget worksheet. The Budget Detail Worksheet should be broken down by year.

Applicants should utilize the following approved budget categories to label the requested expenditures:

- Personnel
- Fringe benefits
- Travel, equipment
- Supplies
- Consultants/contracts
- Other costs
- Indirect costs

Applicants must show all computations. The budget summary page must reflect the amounts in the budget categories as included in the Budget Detail Worksheet. These amounts should mirror the amounts in the Budget Narrative.

Applicants must budget funding to travel to DOJ-sponsored grant meetings. Applicants should estimate the costs of travel and accommodations for three staff to attend three meetings in Washington, D.C.

For questions pertaining to budget and examples of allowable and unallowable costs, see the 2015 DOJ Grants Financial Guide at <http://ojp.gov/financialguide/DOJ/index.htm>.

b. Budget Narrative

The Budget Narrative should thoroughly and clearly describe every category of expense listed in the Budget Detail Worksheet. OJP expects proposed budgets to be complete, cost effective, and allowable (e.g., reasonable, allocable, and necessary for project activities).

Applicants should demonstrate in their Budget Narratives how they will maximize cost effectiveness of grant expenditures. Budget Narratives should generally describe cost effectiveness in relation to potential alternatives and the goals of the project. For example, a Budget Narrative should detail why planned in-person meetings are necessary, or how technology and collaboration with outside organizations could be used to reduce costs, without compromising quality.

The narrative should be mathematically sound and correspond with the information and figures provided in the Budget Detail Worksheet. The narrative should explain how the applicant estimated and calculated all costs, and how they are relevant to the completion of the proposed project. The narrative may include tables for clarification purposes but need not be in a spreadsheet format. As with the Budget Detail Worksheet, the Budget Narrative should be broken down by year.

c. Non-Competitive Procurement Contracts In Excess of Simplified Acquisition Threshold

If an applicant proposes to make one or more non-competitive procurements of products or services, where the non-competitive procurement will exceed the simplified acquisition threshold (also known as the small purchase threshold), which is currently set at \$150,000, the application should address the considerations outlined in the [2015 DOJ Grants Financial Guide](#).

d. Pre-Agreement Cost Approvals

For information on pre-agreement costs, see Section [B. Federal Award Information](#).

5. Indirect Cost Rate Agreement (if applicable)

Indirect costs are allowed only under the following circumstances:

- (a) The applicant has a current, federally approved indirect cost rate; or
- (b) The applicant is eligible to use and elects to use the “de minimis” indirect cost rate described in the Part 200 Uniform Requirements as set out at 2 C.F.R. 200.414(f).

Attach a copy of the federally approved indirect cost rate agreement to the application. Applicants that do not have an approved rate may request one through their cognizant federal agency, which will review all documentation and approve a rate for the applicant organization, or, if the applicant’s accounting system permits, costs may be allocated in the direct cost categories. For the definition of Cognizant Federal Agency, see the “Glossary of Terms” in the [2015 DOJ Grants Financial Guide](#). For assistance with identifying your cognizant agency, please contact the Customer Service Center at 1-800-458-0786 or at ask.ocfo@usdoj.gov. If DOJ is the cognizant federal agency, applicants may obtain information needed to submit an indirect cost rate proposal at www.ojp.gov/funding/Apply/Resources/IndirectCosts.pdf.

In order to use the “de minimis” indirect rate, attach written documentation to the application that advises OJP of both the applicant’s eligibility (to use the “de minimis” rate) and its election. If the applicant elects the “de minimis” method, costs must be consistently charged as either indirect or direct costs, but may not be double charged or inconsistently charged as both. In addition, if this method is chosen then it must be used consistently for all federal awards until such time as you choose to negotiate a federally approved indirect cost rate.⁴

⁴ See 2 C.F.R. § 200.414(f).

6. Tribal Authorizing Resolution (if applicable)

Tribes, tribal organizations, or third parties proposing to provide direct services or assistance to residents on tribal lands should include in their applications a resolution, a letter, affidavit, or other documentation, as appropriate, that certifies that the applicant has the legal authority from the tribe(s) to implement the proposed project on tribal lands. In those instances when an organization or consortium of tribes applies for a grant on behalf of a tribe or multiple specific tribes, the application should include appropriate legal documentation, as described above, from all tribes that would receive services or assistance under the grant. A consortium of tribes for which existing consortium bylaws allow action without support from all tribes in the consortium (i.e., without an authorizing resolution or comparable legal documentation from each tribal governing body) may submit, instead, a copy of its consortium bylaws with the application.

Applicants unable to submit an application that includes a fully-executed (i.e., signed) copy of appropriate legal documentation, as described above, consistent with the applicable tribe's governance structure, should, at a minimum, submit an unsigned, draft version of such legal documentation as part of its application (except for cases in which, with respect to a tribal consortium applicant, consortium bylaws allow action without the support of all consortium member tribes). If selected for funding, BJA will make use of and access to funds contingent on receipt of the fully-executed legal documentation.

7. Applicant Disclosure of High Risk Status

Applicants are to disclose whether they are currently designated high risk by another federal grant making agency. This includes any status requiring additional oversight by the federal agency due to past programmatic or financial concerns. If an applicant is designated high risk by another federal grant making agency, you must email the following information to OJPComplianceReporting@usdoj.gov at the time of application submission:

- The federal agency that currently designated the applicant as high risk
- Date the applicant was designated high risk
- The high risk point of contact name, phone number, and email address, from that federal agency
- Reasons for the high risk status

OJP seeks this information to ensure appropriate federal oversight of any grant award. Disclosing this high risk information does not disqualify any organization from receiving an OJP award. However, additional grant oversight may be included, if necessary, in award documentation.

8. Additional Attachments

a. Project Timeline, Position Descriptions, Letters of Support, and Assurance

Ensure that the following documents are completed and attached:

- Project Timeline with each project goal, related objective, activity, expected completion date, responsible person, or organization;
- Position Descriptions for key positions;
- Letters of Support/Memoranda of Understanding from all key training/education

partners, signaling commitment to the project. Memorandum of Agreement with employer(s) with technology-related employment opportunities in the geographic areas to which targeted participants are likely to return, detailing the commitment to provide jobs to successful program completers; and

- Mandatory Chief Executive Assurance to Collect and Report Recidivism Indicator Data.

b. Applicant Disclosure of Pending Applications

Applicants are to disclose whether they have pending applications for federally funded grants or sub-grants (including cooperative agreements) that include requests for funding to support the same project being proposed under this solicitation and will cover the identical cost items outlined in the Budget Narrative and Budget Detail Worksheet in the application under this solicitation. The disclosure should include both direct applications for federal funding (e.g., applications to federal agencies) and indirect applications for such funding (e.g., applications to state agencies that will subaward federal funds).

OJP seeks this information to help avoid any inappropriate duplication of funding. Leveraging multiple funding sources in a complementary manner to implement comprehensive programs or projects is encouraged and is not seen as inappropriate duplication.

Applicants that have pending applications as described above are to provide the following information about pending applications submitted within the last 12 months:

- The federal or state funding agency
- The solicitation name/project name
- The point of contact information at the applicable funding agency

Federal or State Funding Agency	Solicitation Name/Project Name	Name/Phone/Email for Point of Contact at Funding Agency
DOJ/COPS	COPS Hiring Program	Jane Doe, 202/000-0000; jane.doe@usdoj.gov
HHS/ Substance Abuse & Mental Health Services Administration	Drug Free Communities Mentoring Program/ North County Youth Mentoring Program	John Doe, 202/000-0000; john.doe@hhs.gov

Applicants should include the table as a separate attachment to their application. The file should be named “Disclosure of Pending Applications.”

Applicants that do not have pending applications as described above are to include a statement to this effect in the separate attachment page (e.g., “[Applicant Name on SF-424] does not have pending applications submitted within the last 12 months for federally funded grants or subgrants (including cooperative agreements) that include requests for funding to support the same project being proposed under this solicitation and will cover the identical cost items outlined in the Budget Narrative and Budget Detail Worksheet in the application under this solicitation.”).

c. Research and Evaluation Independence and Integrity

If a proposal involves research and/or evaluation, regardless of the proposal's other merits, in order to receive funds, the applicant must demonstrate research/evaluation independence, including appropriate safeguards to ensure research/evaluation objectivity and integrity, both in this proposal and as it may relate to the applicant's other current or prior related projects. This documentation may be included as an attachment to the application which addresses BOTH i. and ii. below.

- i. For purposes of this solicitation, applicants must document research and evaluation independence and integrity by including, at a minimum, one of the following two items:
 - a. A specific assurance that the applicant has reviewed its proposal to identify any research integrity issues (including all principal investigators and subrecipients) and it has concluded that the design, conduct, or reporting of research and evaluation funded by BJA grants, cooperative agreements, or contracts will not be biased by any personal or financial conflict of interest on the part of its staff, consultants, and/or subrecipients responsible for the research and evaluation or on the part of the applicant organization;

OR

- b. A specific listing of actual or perceived conflicts of interest that the applicant has identified in relation to this proposal. These conflicts could be either personal (related to specific staff, consultants, and/or subrecipients) or organizational (related to the applicant or any subgrantee organization). Examples of potential investigator (or other personal) conflict situations may include, but are not limited to, those in which an investigator would be in a position to evaluate a spouse's work product (actual conflict), or an investigator would be in a position to evaluate the work of a former or current colleague (potential apparent conflict). With regard to potential organizational conflicts of interest, as one example, generally an organization could not be given a grant to evaluate a project if that organization had itself provided substantial prior technical assistance to that specific project or a location implementing the project (whether funded by OJP or other sources), as the organization in such an instance would appear to be evaluating the effectiveness of its own prior work. The key is whether a reasonable person understanding all of the facts would be able to have confidence that the results of any research or evaluation project are objective and reliable. Any outside personal or financial interest that casts doubt on that objectivity and reliability of an evaluation or research product is a problem and must be disclosed.
 - ii. In addition, for purposes of this solicitation applicants must address the issue of possible mitigation of research integrity concerns by including, at a minimum, one of the following two items:
 - a. If an applicant reasonably believes that no potential personal or organizational conflicts of interest exist, then the applicant should provide a brief narrative explanation of how and why it reached that conclusion. Applicants **MUST** also include an explanation of the specific processes and procedures that the

applicant will put in place to identify and eliminate (or, at the very least, mitigate) potential personal or financial conflicts of interest on the part of its staff, consultants, and/or subrecipients for this particular project, should that be necessary during the grant period. Documentation that may be helpful in this regard could include organizational codes of ethics/conduct or policies regarding organizational, personal, and financial conflicts of interest.

OR

- b. If the applicant has identified specific personal or organizational conflicts of interest in its proposal during this review, the applicant must propose a specific and robust mitigation plan to address conflicts noted above. At a minimum, the plan must include specific processes and procedures that the applicant will put in place to eliminate (or, at the very least, mitigate) potential personal or financial conflicts of interest on the part of its staff, consultants, and/or subrecipients for this particular project, should that be necessary during the grant period. Documentation that may be helpful in this regard could include organizational codes of ethics/conduct or policies regarding organizational, personal, and financial conflicts of interest. There is no guarantee that the plan, if any, will be accepted as proposed.

Considerations in assessing research and evaluation independence and integrity will include, but are not be limited to, the adequacy of the applicant's efforts to identify factors that could affect the objectivity or integrity of the proposed staff and/or the organization in carrying out the research, development, or evaluation activity; and the adequacy of the applicant's existing or proposed remedies to control any such factors.

9. Financial Management and System of Internal Controls Questionnaire

In accordance with the Part 200 Uniform Requirements as set out at 2 C.F.R. 200.205, Federal agencies must have in place a framework for evaluating the risks posed by applicants before they receive a federal award. To facilitate part of this risk evaluation, **all** applicants (other than an individual) are to download, complete, and submit this [form](#).

10. Disclosure of Lobbying Activities

All applicants must complete this information. Applicants that expend any funds for lobbying activities are to provide the detailed information requested on the form Disclosure of Lobbying Activities (SF-LLL). Applicants that do not expend any funds for lobbying activities are to enter "N/A" in the text boxes for item 10 ("a. Name and Address of Lobbying Registrant" and "b. Individuals Performing Services").

How to Apply

Applicants must register in, and submit applications through Grants.gov, a primary source to find federal funding opportunities and apply for funding. Find complete instructions on how to register and submit an application at www.Grants.gov. Applicants that experience technical difficulties during this process should call the Grants.gov Customer Support Hotline at **800-518-4726** or **606-545-5035**, 24 hours a day, 7 days a week, except federal holidays. Registering with Grants.gov is a one-time process; however, **processing delays may occur, and it can take several weeks** for first-time registrants to receive confirmation and a user password. OJP encourages applicants to **register several weeks before** the application submission deadline. In addition, OJP urges applicants to submit applications 72 hours prior to the application due

date to allow time to receive validation messages or rejection notifications from Grants.gov, and to correct in a timely fashion any problems that may have caused a rejection notification.

BJA strongly encourages all prospective applicants to sign up for Grants.gov email [notifications](#) regarding this solicitation. If this solicitation is cancelled or modified, individuals who sign up with Grants.gov for updates will be automatically notified.

Note on Attachments. Grants.gov has two categories of files for attachments: mandatory and optional. OJP receives all files attached in both categories. Please ensure all required documents are attached in the mandatory category.

Note on File Names and File Types: Grants.gov only permits the use of certain specific characters in names of attachment files. Valid file names may include only the characters shown in the table below. Grants.gov is designed to reject any application that includes an attachment(s) with a file name that contains any characters not shown in the table below.

Characters	Special Characters		
Upper case (A – Z)	Parenthesis ()	Curly braces { }	Square brackets []
Lower case (a – z)	Ampersand (&)	Tilde (~)	Exclamation point (!)
Underscore (_)	Comma (,)	Semicolon (;)	Apostrophe (')
Hyphen (-)	At sign (@)	Number sign (#)	Dollar sign (\$)
Space	Percent sign (%)	Plus sign (+)	Equal sign (=)
Period (.)	When using the ampersand (&) in XML, applicants must use the “&amp;” format.		

Grants.gov is designed to forward successfully submitted applications to OJP’s Grants Management System (GMS).

GMS does not accept executable file types as application attachments. These disallowed file types include, but are not limited to, the following extensions: “.com,” “.bat,” “.exe,” “.vbs,” “.cfg,” “.dat,” “.db,” “.dbf,” “.dll,” “.ini,” “.log,” “.ora,” “.sys,” and “.zip.” GMS may reject applications with files that use these extensions. It is important to allow time to change the type of file(s) if the application is rejected.

All applicants are required to complete the following steps:

OJP may not make a federal award to an applicant organization until the applicant organization has complied with all applicable DUNS and SAM requirements. Individual applicants must comply with all Grants.gov requirements. If an applicant has not fully complied with the requirements by the time the federal awarding agency is ready to make a federal award, the federal awarding agency may determine that the applicant is not qualified to receive a federal award and use that determination as a basis for making a federal award to another applicant.

Individual applicants should search Grants.gov for a funding opportunity for which individuals are eligible to apply. Use the Funding Opportunity Number (FON) to register. Complete the registration form at <https://apply07.grants.gov/apply/IndCPRegister> to create a username and password. Individual applicants should complete all steps except 1, 2, and 4.

- 1. Acquire a Data Universal Numbering System (DUNS) number.** In general, the Office of Management and Budget (OMB) requires that all applicants (other than individuals) for federal funds include a DUNS number in their applications for a new award or a supplement

to an existing award. A DUNS number is a unique nine-digit sequence recognized as the universal standard for identifying and differentiating entities receiving federal funds. The identifier is used for tracking purposes and to validate address and point of contact information for federal assistance applicants, recipients, and subrecipients. The DUNS number will be used throughout the grant life cycle. Obtaining a DUNS number is a free, one-time activity. Call Dun and Bradstreet at 866–705–5711 to obtain a DUNS number or apply online at www.dnb.com. A DUNS number is usually received within 1-2 business days.

- 2. Acquire registration with the System for Award Management (SAM).** SAM is the repository for standard information about federal financial assistance applicants, recipients, and subrecipients. OJP requires all applicants (other than individuals) for federal financial assistance to maintain current registrations in the SAM database. Applicants must be registered in SAM to successfully register in Grants.gov. Applicants must **update or renew their SAM registration annually** to maintain an active status. SAM registration and renewal can take as long as 10 business days to complete.

Applications cannot be successfully submitted in Grants.gov until Grants.gov receives the SAM registration information. **Once the SAM registration/renewal is complete, the information transfer from SAM to Grants.gov can take up to 48 hours.** OJP recommends that the applicant register or renew registration with SAM as early as possible.

Information about SAM registration procedures can be accessed at www.sam.gov.

- 3. Acquire an Authorized Organization Representative (AOR) and a Grants.gov username and password.** Complete the AOR profile on Grants.gov and create a username and password. The applicant organization's DUNS number must be used to complete this step. For more information about the registration process for organizations, go to www.grants.gov/web/grants/register.html. Individuals registering with Grants.gov should go to <https://apply07.grants.gov/apply/IndCPRegister>.
- 4. Acquire confirmation for the AOR from the E-Business Point of Contact (E-Biz POC).** The E-Biz POC at the applicant organization must log into Grants.gov to confirm the applicant organization's AOR. The E-Biz POC will need the Marketing Partner Identification Number (MPIN) password obtained when registering with SAM to complete this step. Note that an organization can have more than one AOR.
- 5. Search for the funding opportunity on Grants.gov.** Use the following identifying information when searching for the funding opportunity on Grants.gov. The Catalog of Federal Domestic Assistance number for this solicitation is 16.812, titled "Second Chance Act Reentry Initiative", and the funding opportunity number is BJA-2016-9074.
- 6. Submit a valid application consistent with this solicitation by following the directions in Grants.gov.** Within 24–48 hours after submitting the electronic application, the applicant should receive two notifications from Grants.gov. The first will confirm the receipt of the application and the second will state whether the application has been successfully validated, or rejected due to errors, with an explanation. It is possible to first receive a message indicating that the application is received and then receive a rejection notice a few minutes or hours later. Submitting well ahead of the deadline provides time to correct the problem(s) that caused the rejection. **Important:** OJP urges applicants to submit applications **at least 72 hours prior** to the application due date to allow time to receive

validation messages or rejection notifications from Grants.gov, and to correct in a timely fashion any problems that may have caused a rejection notification.

All applications are due to be submitted and in receipt of a successful validation message in Grants.gov by 11:59 p.m. eastern time on April 12, 2016.

Click [here](#) for further details on DUNS, SAM, and Grants.gov registration steps and timeframes.

Note: Duplicate Applications

If an applicant submits multiple versions of the same application, BJA will review only the most recent system-validated version submitted. See Note on File Names and File Types under [How to Apply](#).

Experiencing Unforeseen Grants.gov Technical Issues

Applicants that experience unforeseen Grants.gov technical issues beyond their control that prevent them from submitting their application by the deadline must contact the Grants.gov [Customer Support Hotline](#) or the [SAM Help Desk](#) (Federal Service Desk) to report the technical issue and receive a tracking number. Then applicants must email the BJA contact identified in the Contact Information section on page 2 **within 24 hours after the application deadline** and request approval to submit their application. The email must describe the technical difficulties, and include a timeline of the applicant's submission efforts, the complete grant application, the applicant's DUNS number, and any Grants.gov Help Desk or SAM tracking number(s). **Note: BJA does not automatically approve requests.** After the program office reviews the submission and contacts the Grants.gov or SAM Help Desks to validate the reported technical issues, OJP will inform the applicant whether the request to submit a late application has been approved or denied. If OJP determines that the applicant failed to follow all required procedures, which resulted in an untimely application submission, OJP will deny the applicant's request to submit their application.

The following conditions are generally insufficient to justify late submissions:

- Failure to register in SAM or Grants.gov in sufficient time. (SAM registration and renewal can take as long as 10 business days to complete. The information transfer from SAM to Grants.gov can take up to 48 hours.)
- Failure to follow Grants.gov instructions on how to register and apply as posted on its website.
- Failure to follow each instruction in the OJP solicitation.
- Technical issues with the applicant's computer or information technology environment, including firewalls.

Notifications regarding known technical problems with Grants.gov, if any, are posted at the top of the OJP funding web page at www.ojp.gov/funding/Explore/CurrentFundingOpportunities.htm.

E. Application Review Information

Selection Criteria

1. Statement of the Problem (10 percent)

- Describe the challenges in providing technology-related job training for inmates/residents returning to the community. The applicant must provide a clear and concise statement on why the applicant deems important the need to establish a technology-related job training program to train incarcerated persons for technology-based jobs and careers from prisons, jails, or juvenile facilities.
- Provide an assessment of the local demand for employees trained in the targeted technology-related job sector, in the geographic areas to which the program participants are likely to return.
- Indicate the jurisdiction or tribal community to be served including information about the correctional facility where programming is proposed to occur.
- Summarize the status and job placement outcomes of any existing job training initiatives.
- Describe the equipment, facility, security, and personnel needs required to successfully execute the proposed training program.

2. Project Design and Implementation (40 percent)

- Identify goals and objectives for program development, implementation, and outcomes.
- Describe the process or plan for identifying, referring, and assessing potential participants into the training program.
- Include a curriculum that helps participants acquire and develop skills needed to build potentially successful careers in technology-related jobs. The training curriculum must identify necessary skills and competencies, provide real-world work experience, teach transferable job skills and soft skills to help prepare for post-release reentry and employment, and provide resources to support training in technology areas.
- Incorporate the following activities: address skills and competencies demanded by the targeted technology career; support participants' advancement along a defined career pathway; and, where applicable, indicate a recognized certificate, degree, or license that indicates a level of mastery and competence in a given technology based on the type of training completed.
- Highlight, when at all possible, the incorporation of evidence-based programs or practices.
- Describe in detail how the **Mandatory Requirements** specified on pages 4-5 of this solicitation have been met.
- Describe in detail how the **Priority Considerations** specified on pages 5-6 of this solicitation have been met.
- Describe in detail how proposed activities fall within the **Allowable Uses for Award Funds** specified on pages 7-8 of this solicitation.

3. Capabilities, Competencies, and Collaboration (25 percent)

- Describe the management structure and staffing of the project, identifying the agency responsible for the project and the grant coordinator.
- Demonstrate the capability of the lead organization and collaborative partners to implement the project, including gathering and analyzing information, developing a

plan, evaluating the program, and providing resumes for key personnel.

- Describe how the project would be organized and staffed to meet each of the requirements. The management and organizational structure described should match the staff needs necessary to accomplish the tasks outlined in the implementation plan.
- Describe in detail the public and/or private partner(s) with which the applicant will work collaboratively to train and place participants in technology-related jobs, and provide post-release support services. **The applicant must demonstrate proposed partners can provide resources or expertise to the project, are willing to support moderate to high-risk individuals through the learning and job training process, and with post-release support services. Applicants should also detail any partnerships with educational organizations (such as community or technical colleges) and/or employers which will assist in the training program.**
- Include evidence of the partnership(s) by attaching memoranda of agreement or other evidence of the strength and commitment to the project.

4. Plan for Collecting the Data Required for this Solicitation's Performance Measures and Sustainability (15 percent)

- Describe the process for assessing the project's effectiveness through the collection and reporting of the required performance metrics data. (See page 13 for more information.)
- Outline what data and information will be collected and describe how evaluation and collaborative partnerships will be leveraged to build long-term support and resources for the program. Specifically, address the system for collecting unique participant identifiers, obtaining court and criminal involvement (recidivism) data, including relationships with local or state entities that have been or will be established to gain access to this data.
- Describe how performance metrics will be documented, monitored, and evaluated, and identify the impact of the strategy once implemented.
- Identify what data elements and information will be collected and a description of how evaluation and collaborative partnerships will be leveraged to build long-term support and resources for the program.
- Discuss how this effort will be integrated into the applicant's justice system plans or commitments, how the program will be financially sustained after federal funding ends, and the expected long-term results for the program.

5. Budget (10 percent)

- Complete, cost effective, and allowable (e.g., reasonable, allocable, and necessary for project activities).
- Budget Narratives should generally demonstrate how applicants will maximize cost effectiveness of grant expenditures.

- Budget Narratives should demonstrate cost effectiveness in relation to potential alternatives and the goals of the project.⁵
- Applicants must budget funding to travel to DOJ-sponsored grant meetings. Applicants should estimate the costs of travel and accommodations for three staff to attend three meetings in Washington, D.C. All expenses must be reasonable, allowable, and necessary to the project. The estimates must provide a breakdown of all costs and adhere to the federal per diem.
- Matching funds are not required; however, if costs will be shared with another entity, the applicant should indicate any cost sharing arrangements within the budget section and the SF-424. BJA will consider cost sharing when reviewing applications, and these arrangements will be considered favorably in the review process.

Review Process

OJP is committed to ensuring a fair and open process for awarding grants. BJA reviews the application to make sure that the information presented is reasonable, understandable, measurable, and achievable, as well as consistent with the solicitation.

Peer reviewers will review the applications submitted under this solicitation that meet basic minimum requirements. For purposes of assessing whether applicants have met basic minimum requirements, OJP screens applications for compliance with specified program requirements to help determine which applications should proceed to further consideration for award. Although program requirements may vary, the following are common requirements applicable to all solicitations for funding under OJP grant programs:

- Applications must be submitted by an eligible type of applicant.
- Applications must request funding within programmatic funding constraints (if applicable).
- Applications must be responsive to the scope of the solicitation.
- Applications must include all items designated as “critical elements.”
- Applicants will be checked against the System for Award Management (SAM).

For a list of critical elements, see [What an Application Should Include](#) under [Section D. Application and Submission Information](#).

BJA may use internal peer reviewers, external peer reviewers, or a combination of both, to assess applications meeting basic minimum requirements on technical merit using the solicitation’s selection criteria. An external peer reviewer is an expert in the subject matter of a given solicitation who is not a current DOJ employee. An internal reviewer is a current DOJ employee who is well-versed or has expertise in the subject matter of this solicitation. A peer review panel will evaluate, score, and rate applications that meet basic minimum requirements. Peer reviewers’ ratings and any resulting recommendations are advisory only, although their views are considered carefully. In addition to peer review ratings, considerations for award recommendations and decisions may include, but are not limited to, underserved populations, geographic diversity, strategic priorities, past performance under prior BJA and OJP awards, and available funding.

⁵ Generally speaking, a reasonable cost is a cost that, in its nature or amount, does not exceed that which would be incurred by a prudent person under the circumstances prevailing at the time the decision was made to incur the costs.

OJP reviews applications for potential discretionary awards to evaluate the risks posed by applicants before they receive an award. This review may include but is not limited to the following:

1. Financial stability and fiscal integrity
2. Quality of management systems and ability to meet the management standards prescribed in the 2015 DOJ Grants Financial Guide
3. History of performance
4. Reports and findings from audits
5. The applicant's ability to effectively implement statutory, regulatory, or other requirements imposed on award recipients
6. Proposed costs to determine if the Budget Detail Worksheet and Budget Narrative accurately explain project costs, and whether those costs are reasonable, necessary, and allowable under applicable federal cost principles and agency regulations

Absent explicit statutory authorization or written delegation of authority to the contrary, all final award decisions will be made by the Assistant Attorney General, who may consider factors including, but not limited to, peer review ratings, underserved populations, geographic diversity, strategic priorities, past performance under prior BJA and OJP awards, and available funding when making awards.

F. Federal Award Administration Information

Federal Award Notices

OJP sends award notification by email through GMS to the individuals listed in the application as the point of contact and the authorizing official (E-Biz POC and AOR). The email notification includes detailed instructions on how to access and view the award documents, and how to accept the award in GMS. GMS automatically issues the notifications at 9:00 p.m. eastern time on the award date (by September 30, 2016). Recipients will be required to log in; accept any outstanding assurances and certifications on the award; designate a financial point of contact; and review, sign, and accept the award. The award acceptance process involves physical signature of the award document by the authorized representative and the scanning of the fully-executed award document to OJP.

Administrative, National Policy, and other Legal Requirements

If selected for funding, in addition to implementing the funded project consistent with the agency-approved project proposal and budget, the recipient must comply with award terms and conditions, and other legal requirements, including but not limited to OMB, DOJ or other federal regulations which will be included in the award, incorporated into the award by reference, or are otherwise applicable to the award. OJP strongly encourages prospective applicants to review the information pertaining to these requirements **prior** to submitting an application. To assist applicants and recipients in accessing and reviewing this information, OJP has placed pertinent information on its [Solicitation Requirements](#) page of the [OJP Funding Resource Center](#).

Please note in particular the following two forms, which applicants must accept in GMS prior to the receipt of any award funds, as each details legal requirements with which applicants must provide specific assurances and certifications of compliance. Applicants may view these forms in the Apply section of the [OJP Funding Resource Center](#) and are strongly encouraged to review and consider them carefully prior to making an application for OJP grant funds.

- [Certifications Regarding Lobbying; Debarment, Suspension and Other Responsibility Matters; and Drug-Free Workplace Requirements](#)
- [Standard Assurances](#)

Upon grant approval, OJP electronically transmits (via GMS) the award document to the prospective award recipient. In addition to other award information, the award document contains award terms and conditions that specify national policy requirements⁶ with which recipients of federal funding must comply; uniform administrative requirements, cost principles, and audit requirements; and program-specific terms and conditions required based on applicable program (statutory) authority or requirements set forth in OJP solicitations and program announcements, and other requirements which may be attached to appropriated funding. For example, certain efforts may call for special requirements, terms, or conditions relating to intellectual property, data/information-sharing or -access, or information security; or audit requirements, expenditures and milestones, or publications and/or press releases. OJP also may place additional terms and conditions on an award based on its risk assessment of the applicant, or for other reasons it determines necessary to fulfill the goals and objectives of the program.

Prospective applicants may access and review the text of mandatory conditions OJP includes in all OJP awards, as well as the text of certain other conditions, such as administrative conditions, via [Mandatory Award Terms and Conditions](#) page of the [OJP Funding Resource Center](#).

General Information about Post-Federal Award Reporting Requirements

Recipients must submit quarterly financial reports, semi-annual progress reports, final financial and progress reports, and, if applicable, an annual audit report in accordance with the Part 200 Uniform Requirements. Future awards and fund drawdowns may be withheld if reports are delinquent.

Special Reporting requirements may be required by OJP depending on the statutory, legislative or administrative obligations of the recipient or the program.

G. Federal Awarding Agency Contact(s)

For Federal Awarding Agency Contact(s), see title page.

For contact information for Grants.gov, see title page.

H. Other Information

Provide Feedback to OJP

To assist OJP in improving its application and award processes, we encourage applicants to provide feedback on this solicitation, the application submission process, and/or the application review/peer review process. Provide feedback to OJPSolicitationFeedback@usdoj.gov.

⁶ See generally 2 C.F.R. 200.300 (provides a general description of national policy requirements typically applicable to recipients of federal awards, including the Federal Funding Accountability and Transparency Act of 2006 [FFATA]).

IMPORTANT: This email is for feedback and suggestions only. Replies are **not** sent from this mailbox. If you have specific questions on any program or technical aspect of the solicitation, **you must** directly contact the appropriate number or email listed on the front of this solicitation document. These contacts are provided to help ensure that you can directly reach an individual who can address your specific questions in a timely manner.

If you are interested in being a reviewer for other OJP grant applications, please email your résumé to ojppeerreview@lmsolas.com. The OJP Solicitation Feedback email account will not forward your résumé. **Note:** Neither you nor anyone else from your organization can be a peer reviewer in a competition in which you or your organization have submitted an application.

Application Checklist

FY 2016 Second Chance Act Technology Careers Training Program for Incarcerated Adults and Juveniles

This application checklist has been created to assist in developing an application.

What an Applicant Should Do:

Prior to Registering in Grants.gov:

- _____ Acquire a DUNS Number (see page 20)
- _____ Acquire or renew registration with SAM (see page 21)

To Register with Grants.gov:

- _____ Acquire AOR and Grants.gov username/password (see page 21)
- _____ Acquire AOR confirmation from the E-Biz POC (see page 21)

To Find Funding Opportunity:

- _____ Search for the Funding Opportunity on Grants.gov (see page 21)
- _____ Download Funding Opportunity and Application Package (see page 21)
- _____ Sign up for Grants.gov email [notifications](#) (optional) (see page 20)
- _____ Read [Important Notice: Applying for Grants in Grants.gov](#)
- _____ Read OJP policy and guidance on conference approval, planning, and reporting available at ojp.gov/financialguide/DOJ/PostawardRequirements/chapter3.10a.htm (see page 10)

After application submission, receive Grants.gov email notifications that:

- _____ (1) application has been received,
- _____ (2) application has either been successfully validated or rejected with errors (see page 21)

If no Grants.gov receipt, and validation or error notifications are received:

- _____ contact the NCJRS Response Center regarding experiencing technical difficulties (see page 22)

General Requirements:

- _____ Review the [Solicitation Requirements](#) in the OJP Funding Resource Center.

Scope Requirement:

- _____ The federal amount requested is within the allowable limit(s) of \$1,000,000.

Eligibility Requirement: Eligible applicants are limited to states, units of local government, territories, and federally recognized Indian tribes (as determined by the Secretary of the Interior).

What an Application Should Include:

- _____ Application for Federal Assistance (SF-424) (see page 11)
- _____ Project Abstract* (see page 12)
- _____ Program Narrative* (see page 13)
- _____ Budget Detail Worksheet and Budget Narrative* (see page 14)
- _____ Indirect Cost Rate Agreement (if applicable) (see page 15)
- _____ Tribal Authorizing Resolution (if applicable) (see page 16)
- _____ Applicant Disclosure of High Risk Status (see page 16)
- _____ Additional Attachments
 - _____ Project Timeline (see page 16)
 - _____ Position Descriptions (see page 16)
 - _____ Letters of Support (see page 16)
 - _____ *Mandatory Chief Executive Assurance to Collect and Report Recidivism Indicator Data (see page 17)
 - _____ Applicant Disclosure of Pending Applications (see page 17)
 - _____ Research and Evaluation Independence and Integrity (see page 18)
- _____ Financial Management and System of Internal Controls Questionnaire (see page 19)
- _____ Disclosure of Lobbying Activities (SF-LLL) (see page 19)
- _____ Employee Compensation Waiver request and justification (if applicable) (see page 10)

* NOTE: These elements are the basic minimum requirements for applications. Applications that do not include these elements shall neither proceed to peer review nor receive further consideration by BJA.

Appendix 1

Mandatory Chief Executive Assurance to Collect and Report Recidivism Indicator Data

I hereby assure that, if awarded grant funds under Second Chance Act Technology-based Career Training Program for Incarcerated Adults and Juveniles, my organization will collect unique identifiers and recidivism indicator performance data for each program participant, and will aggregate all such data and submit it via the Bureau of Justice Assistance Performance Measurement Tool as required upon grant closeout. I understand that the inability or refusal to submit such data after an award is made may impact my organization's ability to receive future Bureau of Justice Assistance competitive grant funding.
